ANNUAL REPORT ON RETENTION AND GRADUATION OF INTERCOLLEGIATE ATHLETES

This report complies with Act 267 of 1989 which requires reporting retention and graduation rates for entering freshmen who participate in Arkansas intercollegiate athletics. This information is produced from data submissions through the Arkansas Higher Education Information System for first-time, full-time, degree-seeking student athletes participating in football, basketball (men's and women's), cross country/track programs and others sports programs. Information related to initial athletic scholarship status also is included. Attachments 3-A, 3-B and 3-C provides a statewide overview of athletic retention one year after entry, followed by institutional summaries at the one-year and six-year points after entry into college.

Methodology

Enrollment patterns over a six-year period have been followed for 15 student-athlete cohorts from the public universities, beginning in 1992-93. It should be noted that students continue to be tracked as part of the cohort group regardless of whether or not (s)he participated on an athletic team after the first year. For that reason, NCAA data may vary from this report. Institutional-level data also indicate the number of students who enrolled or completed a program of study at their original institution (native students) as required by Student-Right-to-Know legislation, as well as their success at an Arkansas public or independent transfer institution. NCAA data are based on enrollments and completions at the originating institution only. Additionally, NCAA data are based only on student-athletes receiving athletic aid.

The following table identifies the Arkansas public institutions that had first-time entering student athletes to report.

ATHLETIC RETENTION RATES

Statewide Overview

The following observations are based on Attachments 3-A, 3-B, and 3-C that present statewide summary data for the student-athlete cohorts entering during 1992-93 through 2007-08 academic years.

- For all institutions by sport, native retention rates for 2007-08 were highest for tennis (82.4 percent), followed by track/cross country (82.1 percent), and swimming (81.0 percent). Football had the lowest retention rate.
- The greatest changes in first-year native retention rates over one year was in swimming, which increased by 22.7 percentage points. Men's basketball decreased by 11.1 percentage points from the previous year. Although these appear to be significant changes, it should be noted that corresponding changes in the small athletic cohort numbers greatly impact the rate percentages.

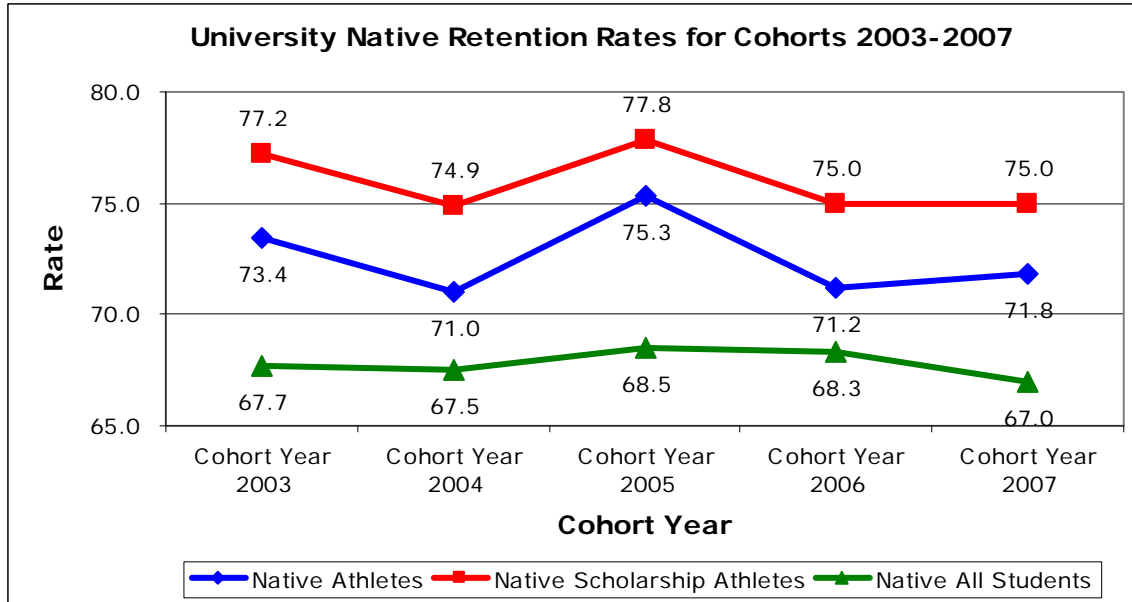

- First-year recipients of athletic aid in 2007-08 had a slightly higher native one-year retention rate (75.1 percent) than that for all native athletes (71.0 percent).

University Summary

The following observations for the athletic retention rates at Arkansas public **universities** are based on Attachment 3-B.

- The first-year native retention rate for all sports at public universities in 2007-08 is 71.8 percent, 0.6 percentage points higher than the previous year's cohort. Note that this rate slightly exceeds the statewide native retention rate for all entering students at all public universities (67.0 percent).

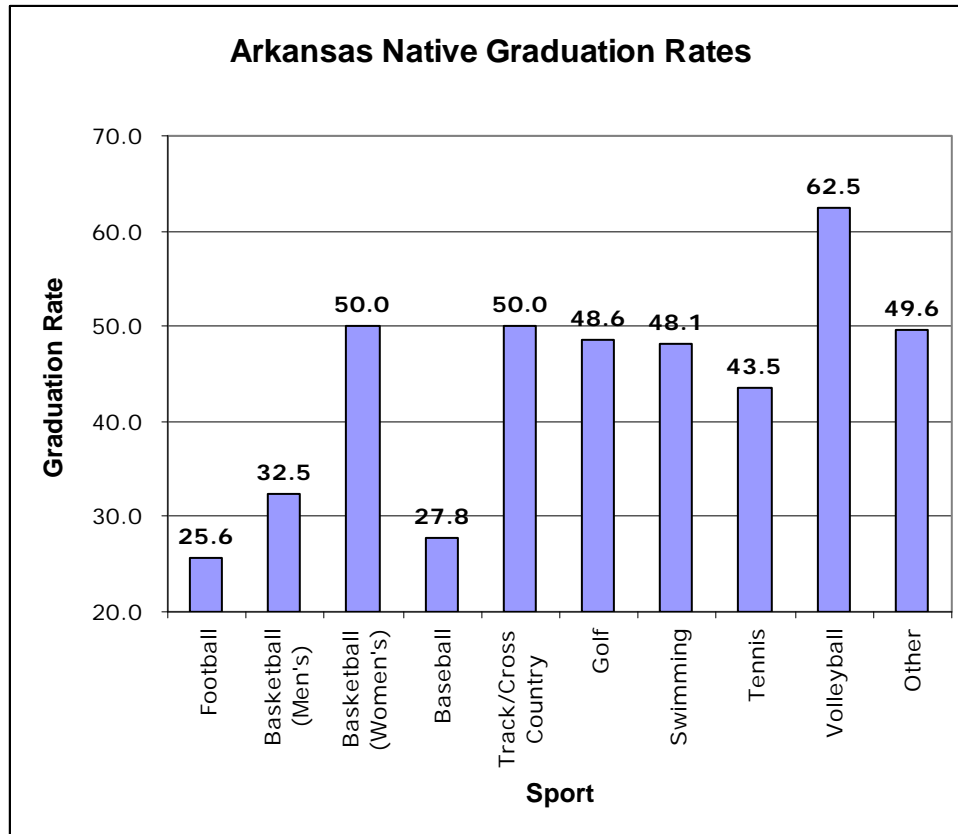

ATHLETIC GRADUATION RATES

Statewide Overview

The following observations are based on Attachments 3-A, 3-B, and 3-C that present statewide summary data for the student-athlete cohorts entering during 1992-93 through 2007-08.

- The native six-year graduation rate for athletic scholarship recipients in all sports for the 2002-2003 cohort was 40.7 percent, 1.4 percentage points lower than last year's cohort.
- The statewide native six-year graduation rate for all athletes at all institutions was 38.3 percent. This is 0.9 percentage points higher than last year's cohort.

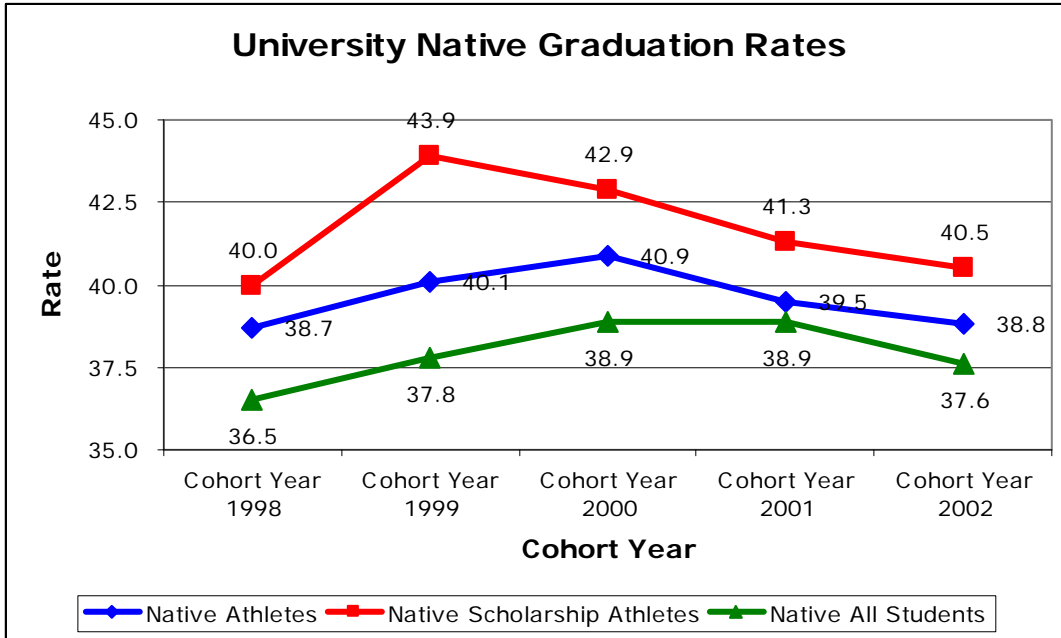

- The highest native six-year graduation rate was for athletes participating in volleyball (62.5 percent), followed by women’s basketball (50.0 percent) and track/cross country (50.0 percent).

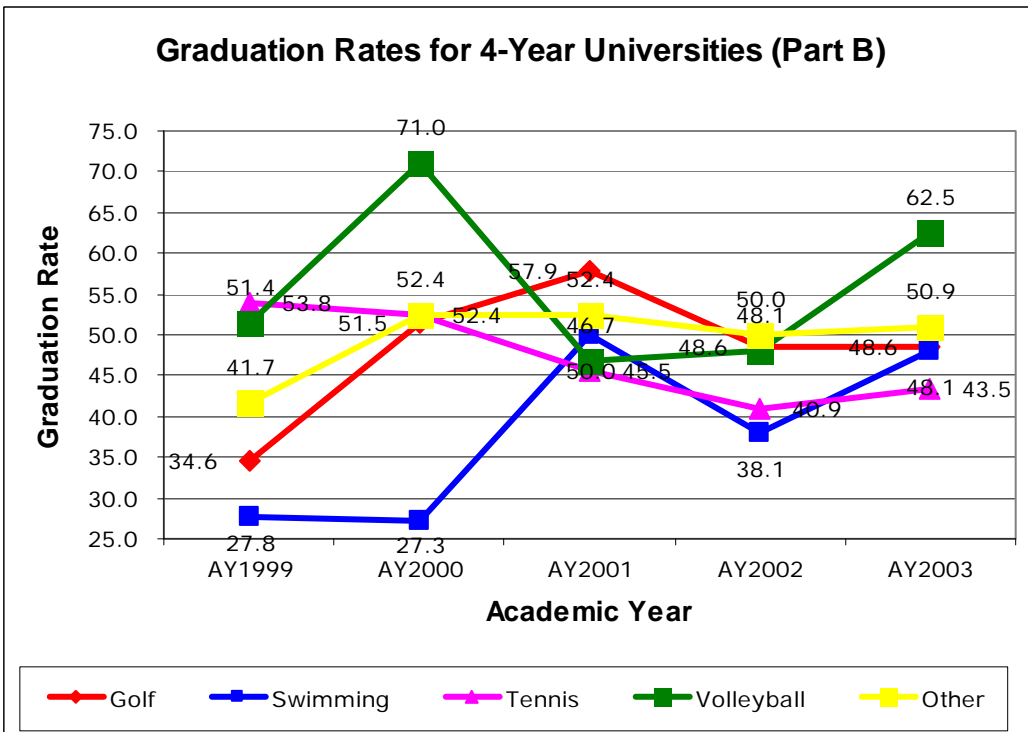

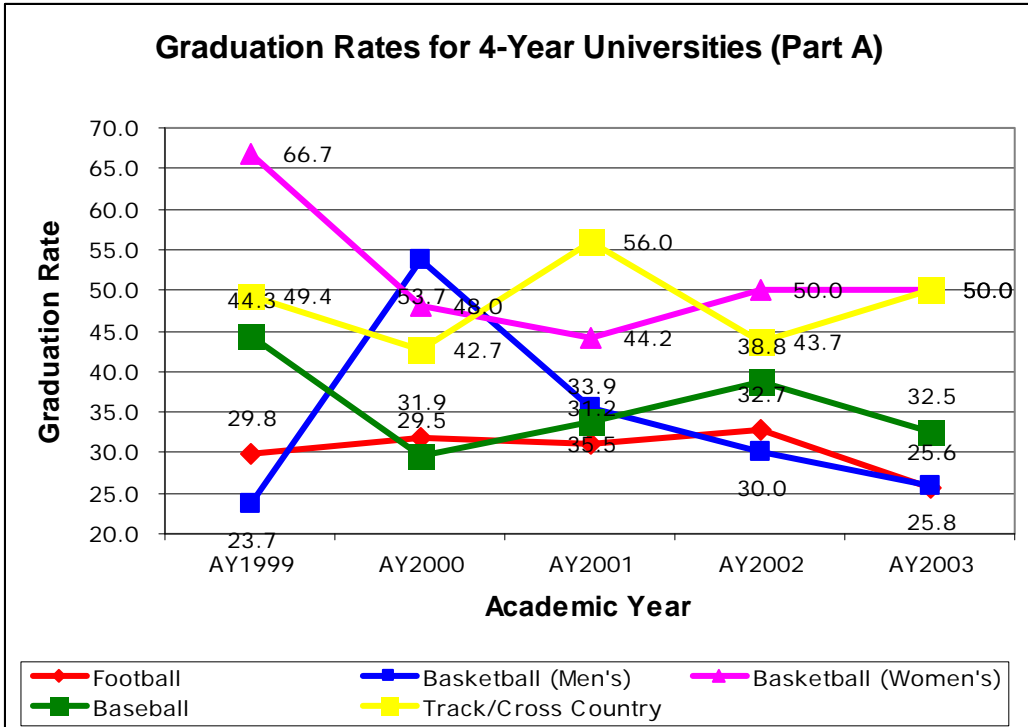

University Summary

The following observations for the athletic graduation rates at Arkansas public **universities** are based on Attachment 3-B.

- The statewide six-year university graduation rate across all sports at the native institution was 38.8 percent, a decrease of 0.7 percentage points. This compares to 40.5 percent for scholarship athletes and slightly exceeds the statewide native six-year graduation rate for all entering students at all public universities (37.6 percent).

- The 2007-2008 six-year national student athletic graduation rates reported by the National Collegiate Athletic Association for the 2000-01 cohorts of all division I schools--making no distinction for sport or demographics -- was 64 percent, while the student-athlete graduation rate for all division II schools was 55 percent.
- Native athletes participating in volleyball at public universities recorded the highest six-year graduation rate at 62.5 percent, followed by other sports at 50.9 percent.

Note: Students transferring to out-of-state institutions are not included in the transfer sections of the attached tables.

The attachments to this report include:

- Attachment 3-A – Athlete Retention and Graduation Rates by Sport for All Public Institutions
- Attachment 3-B – Athlete Retention and Graduation Rates by Sport for All Public 4-Year Universities
- Attachment 3-C – Athlete Retention and Graduation Rates by Sport for All Public 2-Year Colleges

ADHE Executive Staff recommend that the AHECB accept this report. However, because retention and graduation rates for all athletes and scholarship athletes have remained consistent over the last several years, policies and strategies affecting retention and completion of athletes may need further review to make greater improvement in these rates.

NOTE: The sports reported above are placed in this order for each institution: (1) All Sports, (2) Football, (3) Men's Basketball, (4) Women's Basketball, (5) Baseball, (6) Golf, (7) Swimming, (8) Tennis, (9) Volleyball, and (10) Any Other Sport. If a sport is not listed for the institution, then that institution does not offer that sport.

In addition, even though UAFS is a four-year university, it competes in athletics at a two-year institution level. Accordingly, UAFS retention and graduation rates are provided here.

Agenda Item 3: Athletes Retention and Graduation Rates

April 24, 2009

Presented by
**Rick Jenkins, Associate Director
Planning and Accountability**

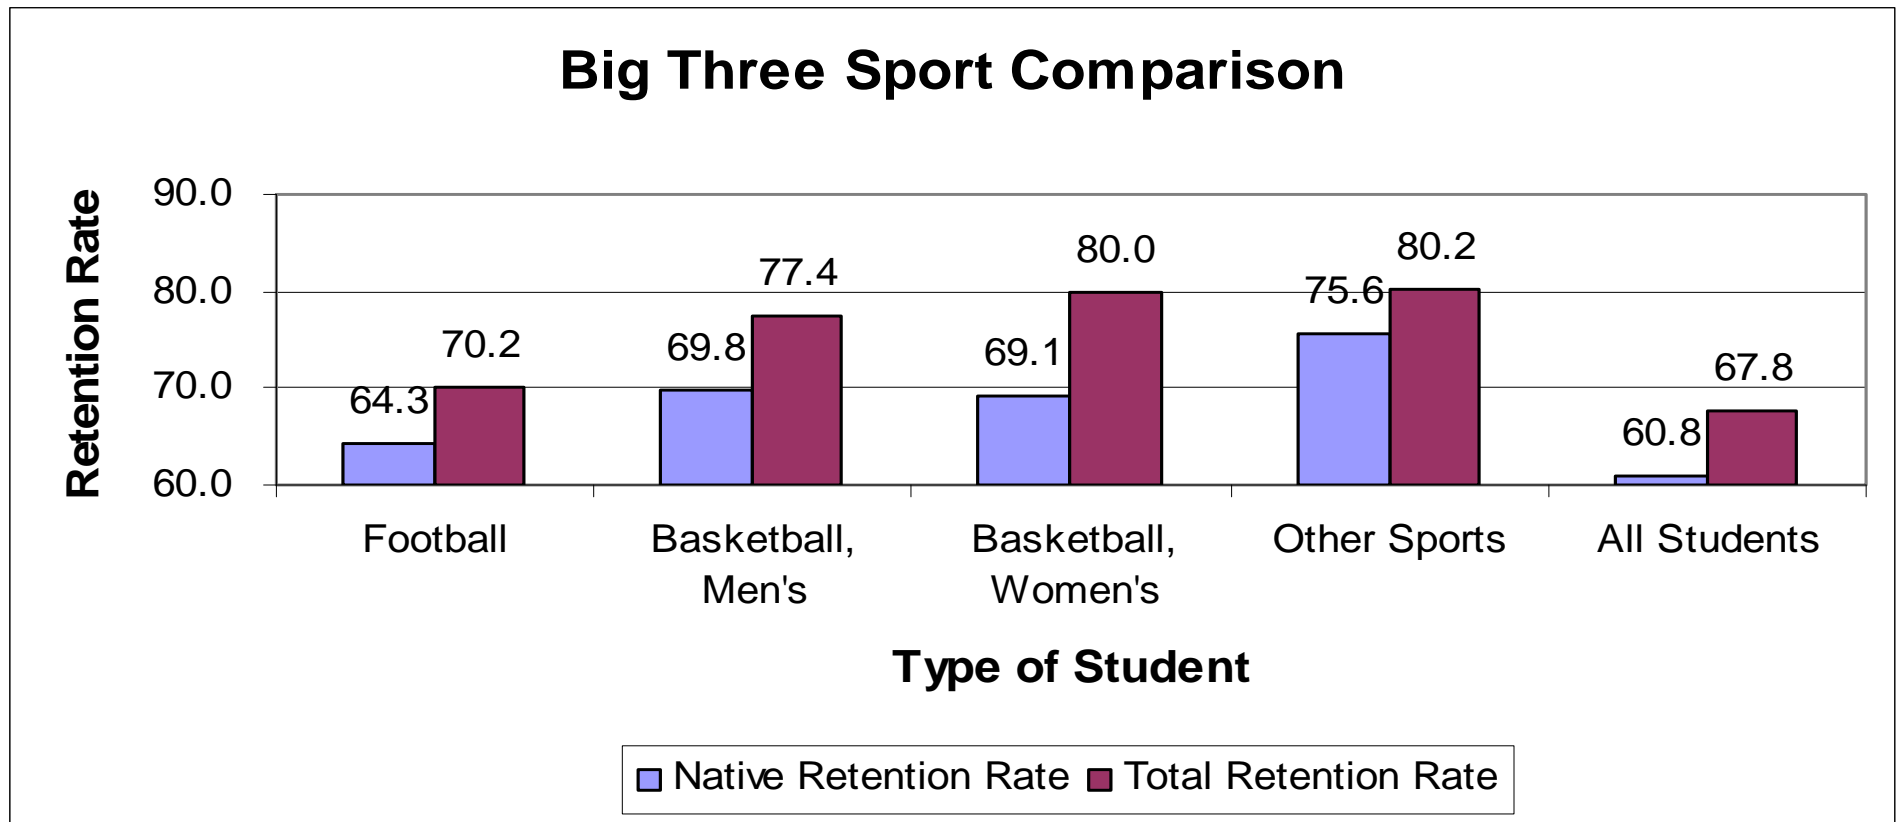

One Year Retention Rates

Athletes, especially athletes on scholarship, have higher retention rates than all Arkansas public college students.

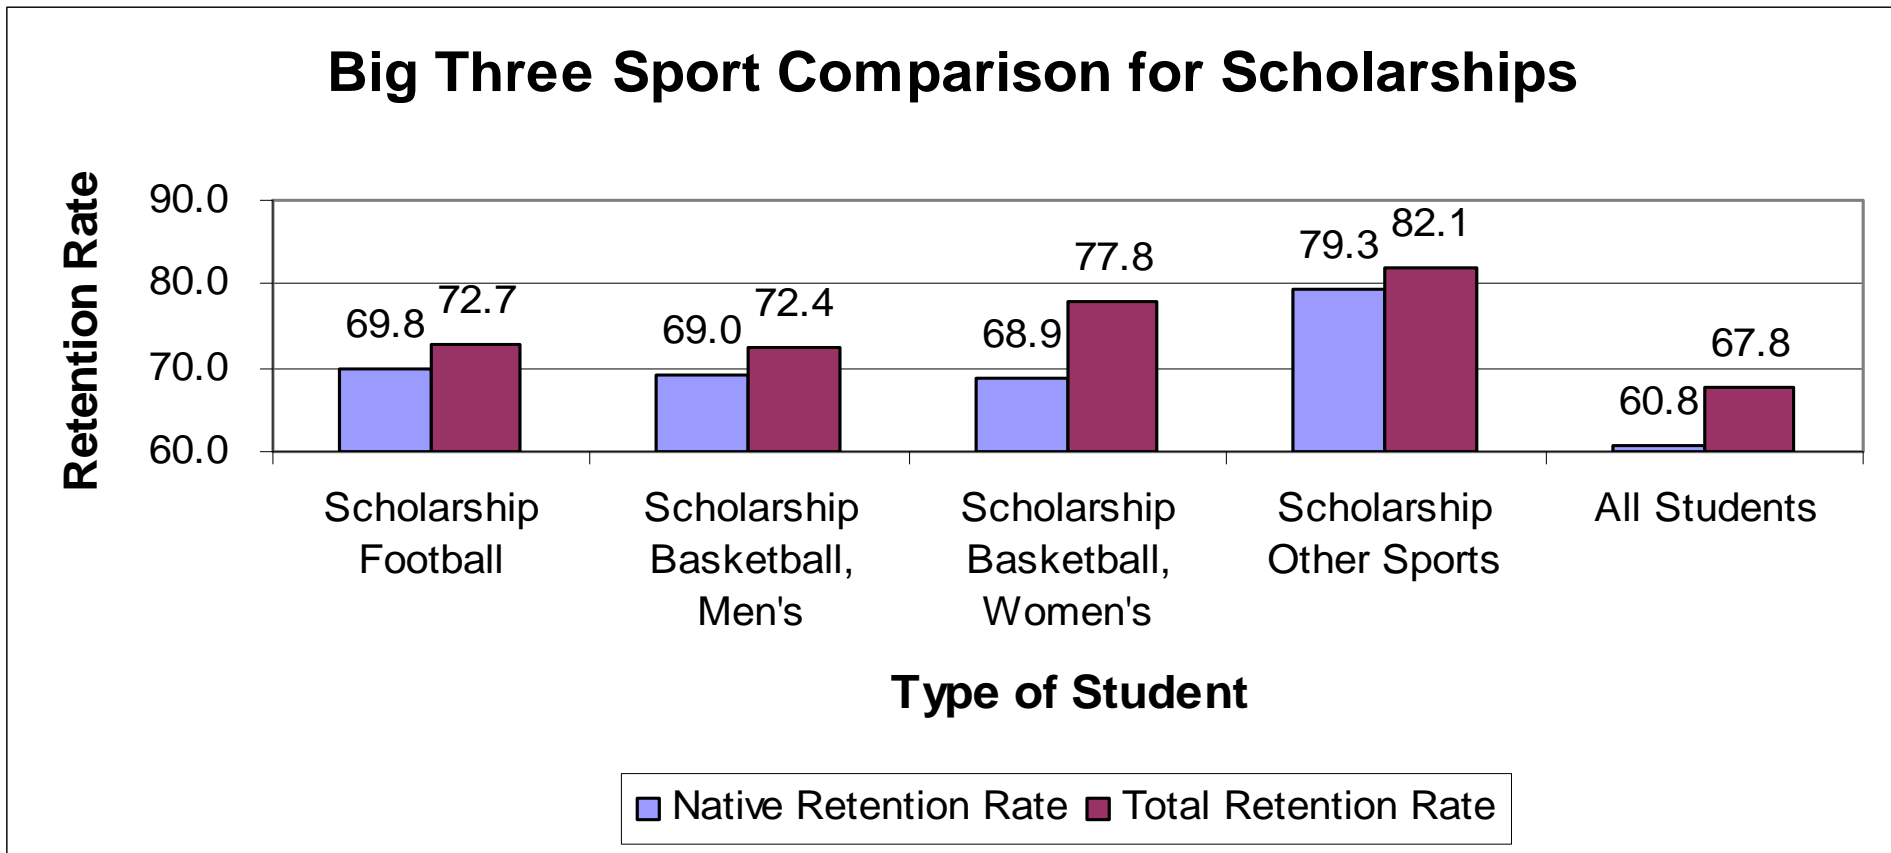

Big Three Sports v. Other Sports

The big three sports of Football, Men's Basketball, and Women's Basketball have greater retention rates than that of all students. However, all other sports (not including the big three) have the best retention rates.

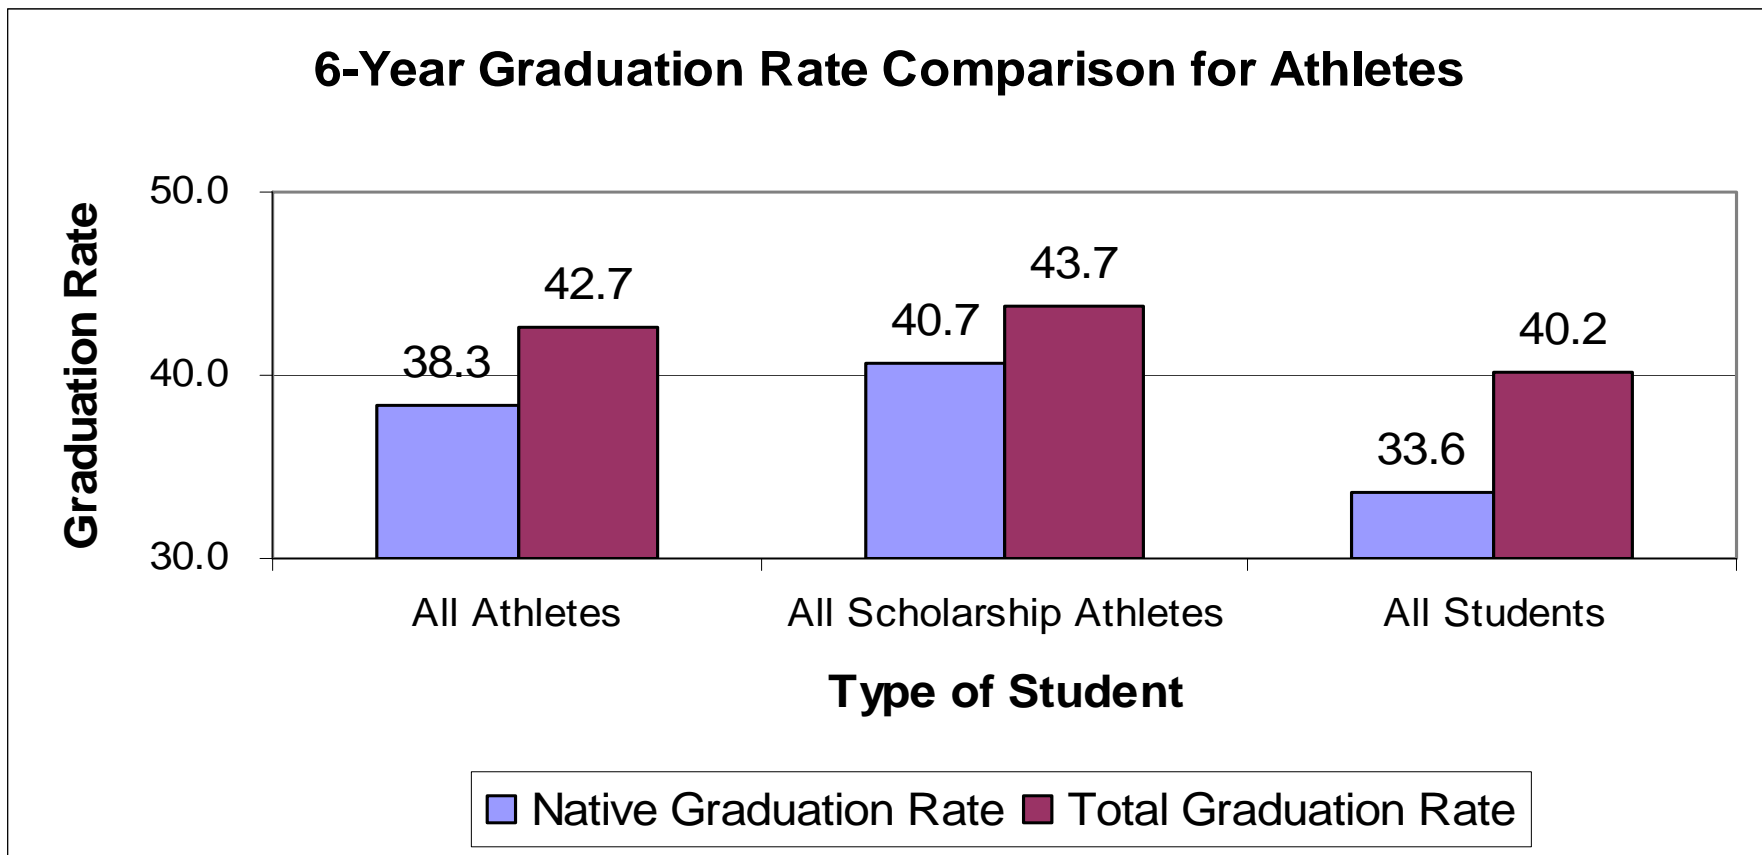

Scholarships for the Big Three Sports v. Other Sports

The big three sports of Football, Men’s Basketball, and Women’s Basketball (on scholarship) have greater retention rates than that of all students. However, all other sports (not including the big three) have the best retention rates.

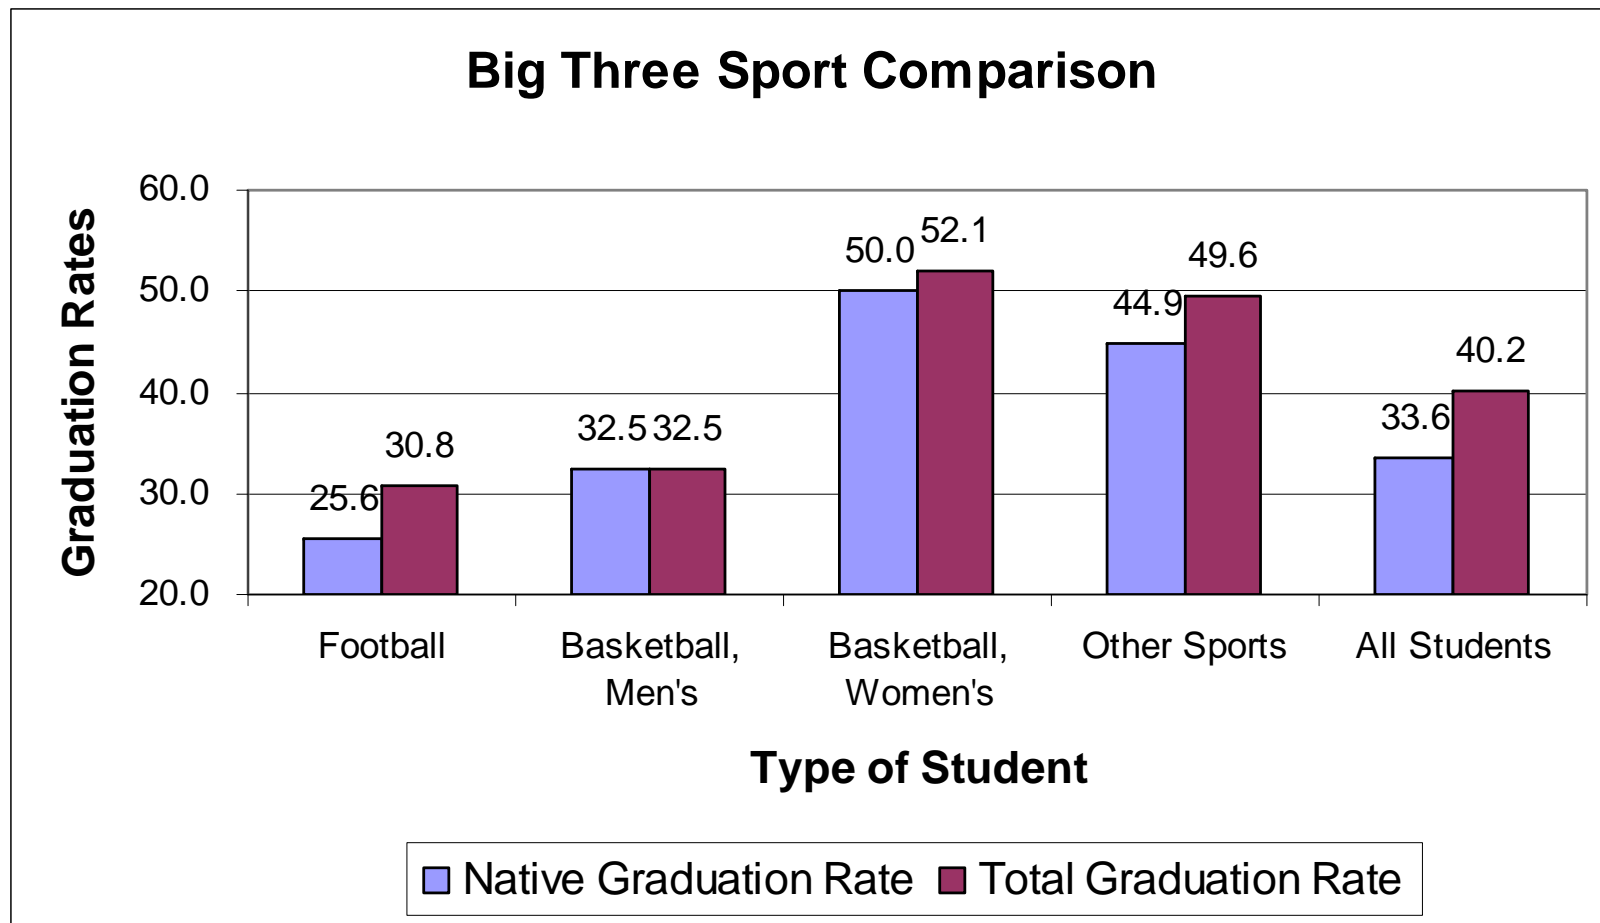

Six-Year Graduation Rates

Athletes, especially athletes on scholarship, have higher graduation rates than all Arkansas public college students.

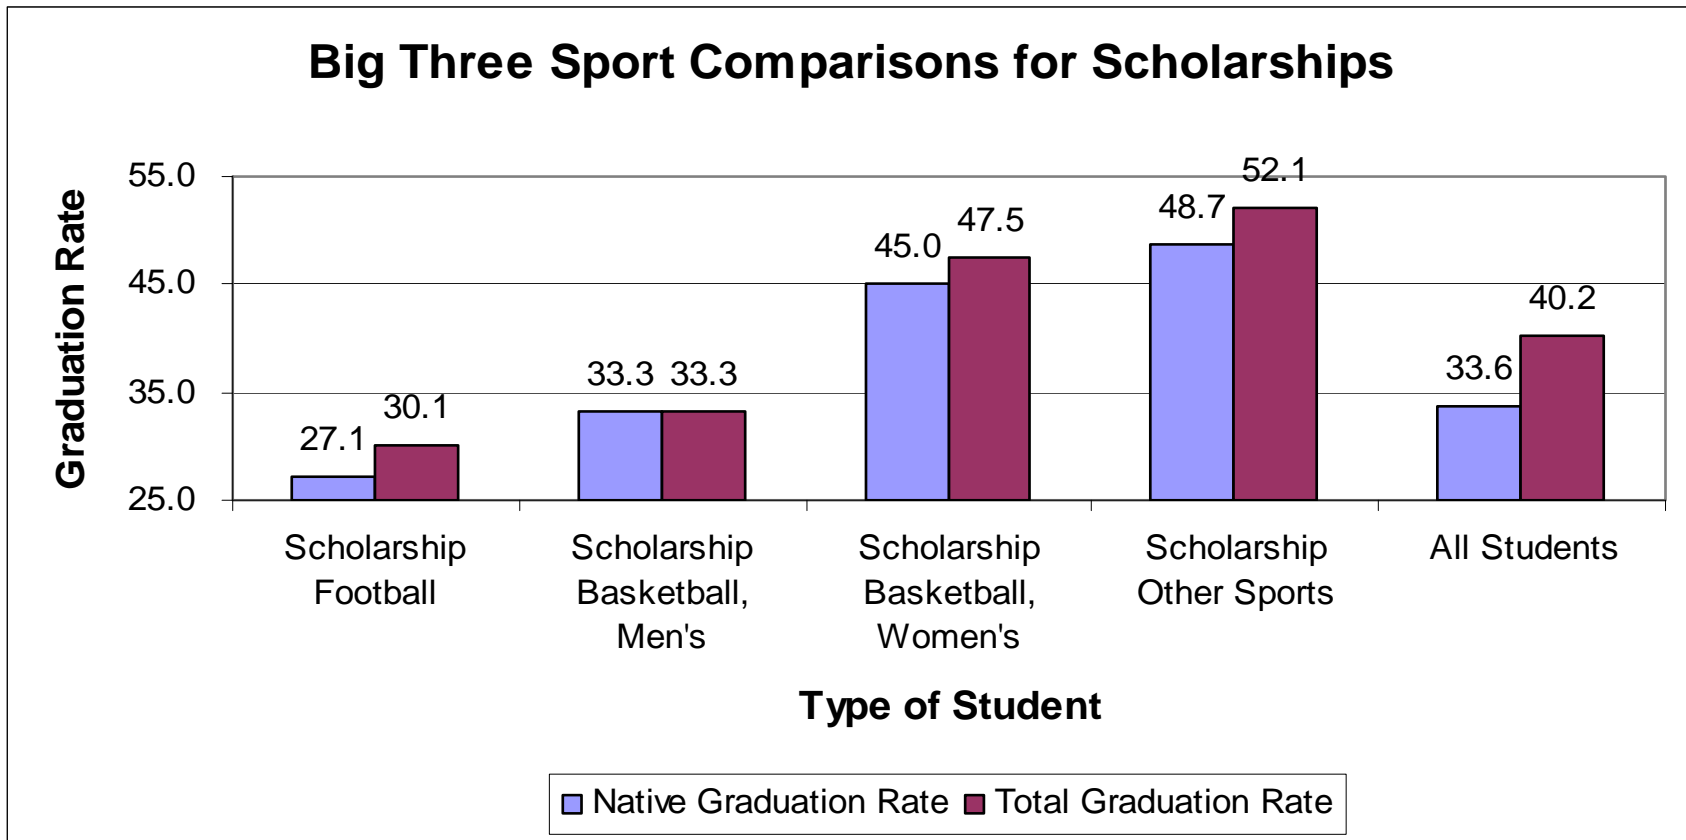

Big Three Sports v. Other Sports

Students participating in Women's Basketball have the highest 6-year graduation rate followed by Other Sports, All Students at Arkansas public colleges, Men's Basketball and Football.

Graduation Rates for Scholarship Students in the Big Three Sports v. Other Sports

Students participating in Other Sports have the highest 6-year graduation rate followed by Women’s Basketball, All Students at Arkansas public colleges, Men’s Basketball and Football.

Summary

- The athletic experience in Arkansas has a positive academic effect on athletes as, in most cases, they demonstrate higher retention and graduation rates than the overall student body.
- The sports having the poorest retention and graduation rates are Football and Men's Basketball.
- Scholarships generally improve the retention and graduation rates of college athletes.
