PERFORMANCE FUNDING OUTCOMES

Background

Act 1203 of 2011 repealed Arkansas Code § 6-61-223 and amended §6-61-224, §6-61-228, §6-61-229, and §6-61-230. The act directed the Department of Higher Education to develop an outcome-centered component of the funding formula for colleges and universities by December 31, 2011. The Department of Higher Education, in conjunction with the presidents, chancellors and key staff at the universities and colleges and the Executive Director and key staff at the Arkansas Community Colleges (ACC), developed the outcome-centered component of the funding formula that was approved by the Arkansas Higher Education Coordinating Board on December 2, 2011. The funding recommendations are now based on the need component of student enrollment and the output components of student success and other performance measures. The proportion of the funding recommendation begins with five percent based on outcomecentered measures in 2013-14, increasing by five percent each year to reach 25 percent in 2017-18. In addition, A.C.A. § 6-61-233 states that the implementation of the funding component of the outcome-centered formula shall not progress beyond the 2014-2015 school year until such time as the Department of Higher Education determines that all institutions are funded at the minimum standard of equity defined as seventy-five percent (75%) of needed state funding, as determined by the needs-based component of the funding formula models. The results for the fifth year of the performance based funding is attached to this agenda item.

Measure	Definition	Detail
Bachelor Credentials	Number of bachelor's degrees earned by students for an academic year regardless of enrollment status.	To reach the goal of doubling the number of degrees, a goal of bachelor's awarded is calculated based on the current proportional share of degrees awarded statewide. The goal is increased annually from the base year of 2009-10 by 4.73% to provide the needed increase toward the overall state goal of doubling the number of degrees. Each institution's performance annually toward its own goal is calculated as a percent of the goal met. That percentage produces a point or partial point based on 100% of goal. The point earned is capped at 1.0.
Total Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status.	To reach the goal of doubling the number of degrees, a goal of all credentials awarded is calculated based on the current proportional share of degrees awarded statewide. The goal is increased annually from the base year of 2009-10 by 4.73% to provide the needed increase toward the overall state goal of doubling the number of degrees. Each institution's performance annually toward its own goal is calculated as a percent of the goal met. That percentage produces a point or partial point based on 100% of goal. The point earned is capped at 1.0.
STEM Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in the STEM CIP Codes. The source identifying STEM CIP Codes is the 2011 version published by US Immigration and Customs Enforcement (ICE). The list may be found at the following website (www.ice.gov/sevis/stemlist.htm).	If the average number of STEM credentials earned during the two most recent academic years is greater than the average of the three previous academic years then 1 point is awarded. Otherwise, if the two year average is 98.01% to 100% of previous three year average, .8 points are awarded; 96.01% to 98% of the average is .6 points, 94.01% to 96% of the average is .4 points; 92.01% to 94% is .2 points; 92% or below will result in 0 points.
Progression: University Version (New Arkansas Measure)	This measure utilizes a cohort of credential—seeking students enrolling in 6 or more hours during a fall semester. The cohort is then tracked through the next academic year to identify how many students in the cohort earned a total 18 or more credit hours through the two academic years (including remedial/developmental courses). The Progression Rate is expressed as a percentage and changes overtime are expressed as a difference in percentage points. If a student graduates during the allotted timeframe, then that student is counted as progressed.	In each Fall Term, ADHE will create a Tracking Group for each institution by identifying the students enrolled in 6 or more hours on the 11th class day. The percentage of those students who either earned 18 hours during the subsequent two academic years or completed a degree or technical certificate at the institution in which they were enrolled for tracking will be counted as having progressed. An increase in the comparison of the most recent 2-year average to the previous 3-year average generates 1 point. Otherwise, if the two year average is 99.91% to 100% of previous three year average, .9 points are awarded; 99.81 to 99.9% of the average is .8 points, 99.71% to 99.8% of the average is .7 points; 99.61% to 99.7% is .6 points; 99.51% to 99.6% is .5 points; 99.41% to 99.5% is .4 points; 99.31% to 99.4% is .3 points; 99.21% to 99.3% is .2 points; 99.11% to 99.2% is .1 points; 99% or below will result in 0 points.
	Optional Measure	S
Measure	Definition	Detail
Course Completion	This is a Successful Course Completion Rate calculation which compares number of successful SSCH to all SSCH in all non-remedial courses. The Successful Course Completion Rate is expressed as a percentage and changes over time are expressed as a difference in percentage points.	If the average percentage of successful course completions during the two most recent academic years is greater than the average percentage of successful course completions of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.

	Optional Measures (co	ont.)
Measure	Definition	Detail
High Demand Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in the High Demand CIP Codes. The 2011 version of the High Demand CIP Codes were obtained from ADWS (Arkansas Department of Workforce Services).	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Minority Student Credentials	Number of all credentials (technical certificates and above) earned to persons identified as Asian only, Black only, Hispanic any, American Indian/Alaska Native only, Hawaiian/Pacific Islander only or Two or More Races. (Unknowns, Non-Resident Aliens, White and Other graduates are not included.)	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Non-Traditional Student Credentials	Number of all credentials (technical certificates and above) earned by a non-traditional student in an academic year. Non-traditional students are defined as age 25 or older at the time of graduation.	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Remedial Student Credentials	Number of all credentials (technical certificates and above) earned by a remedial student in an academic year. Remedial students are defined as students who were required to take at least one remedial course for completion.	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Regional Economic Needs Programs Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in programs identified by the institution and approved by the Arkansas Higher Education Coordinating Board.	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Transfer Student Credentials	Number of all credentials (technical certificates and above) earned by a student transferring from another Arkansas public institution of higher education.	If the average number of credentials earned during the two most recent academic years is greater than or equal to the average of the three previous academic years then 1 point is awarded, otherwise 0 points are awarded.
Expenditure of Federal Awards	Increase in restricted federal expenditures excluding transfers and scholarships by fiscal year.	ADHE will use the restricted expenditures, excluding scholarship expenditures, from the institutional reporting on the 17 series to calculate a 3-year average of expenditures of funds from external sources. An average of the subsequent 2 years will be calculated from the same report. An increase in the comparison of the 3-year to 2-year average generates 1 point.
Patents	The number of U.S. patents (utility, plant or design) issued or reissued to an institution within the year. Certificates of plant variety protection issued by the USDA should be included.	Each institution will identify the number of U.S. patents issued on average of a 3-year period. An average of the subsequent 2 years will be calculated. An increase in the comparison of the 3-year to 2-year average generates 1 point.
New Company Start-ups	The number of new companies started during the years that were dependent on licensing an institution's technology for their formation.	Each institution will identify the number of new companies started on average of a 3-year period. An average of the subsequent 2 years will be calculated. An increase in the comparison of the 3-year to 2-year average generates 1 point.
