

The seal of the State of Arkansas is a circular emblem. It features a central figure of a woman holding a scale and a sword, surrounded by stars and rays. Below her is a shield with various symbols, including a cotton plant and a sheaf of wheat. The outer ring of the seal contains the text "GREAT SEAL OF THE STATE OF ARKANSAS".

Arkansas Higher Education Coordinating Board

Regular Quarterly Meeting

October 29, 2010

COORDINATING BOARD
REGULAR QUARTERLY MEETING**

Arkansas State University - Jonesboro

SCHEDULE

Friday, October 29, 2010

**Academic Committee
8:30 a.m.**

**Finance Committee
9:15 a.m.**

**Convene Coordinating Board Meeting
*10:00 a.m.**

*Time approximate. Meeting will begin at end of Finance Committee meeting.

ARKANSAS HIGHER EDUCATION COORDINATING BOARD REGULAR QUARTERLY MEETING

Friday, October 29, 2010
10:00 a.m.

Arkansas State University - Jonesboro

AGENDA

I. EXECUTIVE

- *1. Approve Minutes of the July 30, 2010 Regular Meeting
- *2. Approval of 2011 Coordinating Board Meeting Schedule
- *3. Appointment of Nominating Committee
- 4. Agency Updates (Dr. Jim Purcell)
- *5. Report on Program Deletions (Mr. Rick Jenkins)

II. ACADEMIC

- *6. New Program: Southern Arkansas University – Tech Technical Certificate in Welding (Ms. Cynthia Moten)
- *7. New Program: University of Arkansas – Fort Smith Bachelor of Science in Animation Technology (Ms. Moten)
- *8. Distance Technology Program: National Park Community College Associate of Arts and Associate of Liberal Arts by Distance Technology (Ms. Moten)
- *9. New Unit: Cossatot Community College of the University of Arkansas CCCUA – College Outreach Center at Murfreesboro (Ms. Moten)
- *10. Request for Role and Scope Change University of Arkansas at Pine Bluff (Dr. Purcell)
- *11. Institutional Certification Advisory Committee Report and Resolutions (Ms. Zanette Douglas)
- 12. Letters of Notification (Ms. Moten)

*Action item

13. Letters of Intent (Ms. Moten)

III. FINANCE

- *14. Report on Intercollegiate Athletic Revenues and Expenditures for 2009-10
(Ms. Jackie Holloway)
- *15. AHECB Policy for Maintenance of New Facilities (Ms. Holloway)
- *16. Economic Feasibility of a Private Loan for Henderson State University
(Ms. Holloway)
- *17. Economic Feasibility of Bond Issue for East Arkansas Community College
(Ms. Holloway)
- *18. Economic Feasibility of Loan for Cossatot Community College of the University of
Arkansas (Ms. Holloway)

ACADEMIC COMMITTEE

Arkansas Higher Education Coordinating Board
Arkansas State University - Jonesboro
Friday, October 29, 2010
8:30 a.m.

Academic Committee

Dr. Olin Cook, Chair
Dr. Charles Allen

- *18. Economic Feasibility of Loan for Cossatot Community College of the University of Arkansas (Ms. Holloway)

*Numbers refer to main agenda.

ARKANSAS HIGHER EDUCATION COORDINATING BOARD
Regular Quarterly Meeting
July 30, 2010

Minutes of Meeting

The July 30, 2010 regular meeting of the Arkansas Higher Education Coordinating Board was held at the Cooperative Extension Service Center in Little Rock. Chairman Burns called the meeting to order at 9:33 a.m. with a quorum present.

Coordinating Board present:

Bob Burns, Chair
David Leech, Vice Chair
Sarah Argue
Dr. Joe Bennett
Jodie Carter
Dr. Olin Cook
Bob Crafton
Steve Luelf

Coordinating Board absent:

Dr. Charles Allen, Secretary
Dr. Dan Grant
Phil Ford
Kaneaster Hodges

Department staff present:

Dr. Jim Purcell, Director
Dr. Stanley Williams, Deputy Director
Dr. Karen Wheeler, Associate Director
Rick Jenkins, Associate Director for Planning and Accountability
Cynthia Moten, Associate Director for Academic Programs
Jackie Holloway, Senior Associate Director for Finance
Tara Smith, Coordinator of Financial Aid
Zanette Douglas, Coordinator of Institutional Certification
Lillian Williams, Coordinator of Academic Programs
Jeanne Jones, Coordinator of Academic Programs
Lawrence Graves, Communications Officer
Nichole Abernathy, Administrative Support

Presidents, chancellors, institutional representatives, members of the press, numerous ADHE staff, and guests were also present.

Chairman Burns introduced Dr. Milo Shult, Vice President for Agriculture for the University of Arkansas Division of Agriculture. After presenting information on the Division of Agriculture, Dr. Shult welcomed everyone to the meeting.

Chairman Burns thanked Dr. Shult and the Division of Agriculture staff for their hospitality.

Agenda Item No. 1
Approval of Minutes

Steve Luelf noted that the minutes stated that he abstained from voting on Agenda Item No. 9, when he actually voted “no.” Steve Luelf moved to approve Agenda Item No. 1, following correction. Dr. Olin Cook seconded the motion and the Board unanimously approved.

Agenda Item No. 2
Agency Updates

Complete College America (CCA)

Dr. Purcell began by giving an overview of Complete College America (CCA), a national initiative aimed at increasing college completions. CCA is working with states to set state and campus completion goals. CCA’s goal is to double the nationwide number of college graduates by 2020.

Act 182 of 2009

The lack of associate degrees and student confusion over general education program requirements were among the issues that led to Act 182, said Dr. Purcell. The Act guarantees that if a student graduates and transfers with an AA, AAT and certain AS degrees, every Arkansas public university will fully accept all 60-64 hours and cannot require any additional lower level general education courses unless required for the major. If students transfer prior to graduation, universities will review courses taken and approve them based on each course’s fit to the bachelor’s degree or the articulation agreement as is currently the case. Dr. Purcell said that the success of Act 182 of 2009 is dependent on four-year institutions providing degree plans to regional two-year colleges. This will provide clarity for transfer students and help two-year institutions offer consistent advising to ensure bachelor degree plans are followed.

Financial Aid

Dr. Purcell reported on the status of the state’s Financial Aid. ADHE has redirected existing staff, hired temporary workers and drawn on the resources of other state agencies to deal with a monumental amount of applications for financial aid. August 10 is the tentative completion date for notifying traditional, current achiever and nontraditional college students of the status of their Academic Challenge Scholarship application. Dr. Purcell said that as of today, all traditional students have been notified of their scholarship status: 10,135 have accepted, 1,654 are pending acceptance, 97 declined and 5,114 applicants have been notified that they are either ineligible or eligibility is pending due to missing application documents. So far, 36,697 current achievers/nontraditional applicants have been submitted and it is believed that applicants will be notified of their status by August 10, said Dr. Purcell.

Announcements

In closing, Dr. Purcell announced that Tara Smith, ADHE Financial Aid Coordinator, was named as one of the best and brightest "Forty under 40" in Arkansas Business.

Agenda Item No. 3
Higher Education Bond Projects

Dr. Stanley Williams reported on the Higher Education Bond projects. This report is to advise the Board of the number of things that were accomplished with the higher education bonds and the current status of the institutions' accounts. All interest accrued was to be distributed to the accounts based on the draw schedules submitted by the institutions. Any accrued interest beyond the draw schedules was transferred to the annual debt service account for the state. Therefore there will be no unallocated funds when these projects are finished.

Agenda Item No. 4
Moratorium on New Campuses

At its April 27, 2000 meeting the Higher Education Coordinating Board adopted a ten (10) year moratorium on new campuses with some caveats for certain emerging sites. That moratorium has expired but the conditions that motivated the Coordinating Board to impose that moratorium continue to exist in 2010. The major reason stated seems to have been concern about the possibility of any further dilution of funding to the existing institutions.

RESOLVED, Higher Education Coordinating Board extends the Moratorium on New Campus that was adopted by the Board on April 27, 2000 with all its provisions and exceptions until June 1, 2020.

David Leech moved to approve Agenda Item No. 4. Jodie Carter seconded the motion and the Board unanimously approved.

Agenda Items No. 5
Report on 2009 College-Going Rate

Rick Jenkins presented summary and detailed information about the 2009 College-Going Rate. The college-going rate measures the proportion of students enrolling in postsecondary education in the fall semester after finishing high school, immediately after high school, in most cases. Current data are based on the fall 2009 student cohort enrolled first-time, full-time, and on-campus that attend an Arkansas public or independent institution after completing high school or GED. Since most students enrolling in postsecondary education do so immediately after completing

high school, the college-going rate is an indicator of the total proportion that will enroll in postsecondary education. The percentage, therefore, reflects the accessibility of higher education as well as students' assessment of the value of attending college when compared to working, entering the military, traveling, or following other pursuits.

Agenda Item No. 6
State Stacking Policy

This agenda item presents amendments to the Scholarship Stacking Policy based on Arkansas Code Annotated § 6-80-105. This act prohibits a postsecondary institution from awarding state aid in a student aid package in excess of the recognized cost of attendance at the institution where the student enrolls. As stated in the law, the proposed policy defines state aid as scholarships or grants awarded to a student from public funds, including without limitation the Arkansas Academic Challenge Scholarship, the Arkansas Department of Higher Education scholarship and grant programs, state general revenues, tuition, and local tax revenue. All higher education institutions use the U.S. Department of Education methodology to determine the cost of attendance at their institution for federal programs. The proposed policy would allow ADHE to use this established method of determining cost of attendance in carrying out the duties of administering the scholarship stacking policy.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the scholarship stacking policy presented in this agenda item.

FURTHER RESOLVED, That, the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to notify all Arkansas colleges and universities of this approval.

FURTHER RESOLVED, That Arkansas higher education institutions will be required to file a report with the Arkansas Department of Higher Education on September 30 after each academic year to comply with the scholarship stacking policy.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education or his designee is authorized to make technical changes and corrections to the scholarship stacking policy when necessary.

Dr. Joe Bennett moved to approve Agenda Item No. 6. Steve Luelf seconded the motion and the Board unanimously approved.

Agenda Item No. 7
PhD in Education Leadership
Arkansas State University - Jonesboro

Arkansas State University- Jonesboro (ASUJ) currently offers the Doctor of Education (EdD) in Educational Leadership with emphasis areas in school leadership and college leadership. The ASUJ proposal is to reconfigure the EdD in Educational Leadership to create a second doctoral degree in educational leadership. The new program will be a PhD degree.

The proposed PhD in Educational Leadership is designed for students who wish to pursue school leadership, college leadership, college teaching or educational research careers. Students will complete 105 semester credit hours, a comprehensive examination, and conduct a major research project resulting in the defense of the dissertation. The degree includes a 21-semester credit hour research core and students will complete an 18-credit hour emphasis. *Seven new courses* will be added to the curriculum.

RESOLVED, that the Arkansas Higher Education Coordinating Board approves the Doctor of Philosophy in Educational Leadership (CIP 13.0401) at Arkansas State University-Jonesboro effective Fall 2010.

FURTHER RESOLVED, that the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to notify the President and Chair of the Board of Trustees of the Arkansas State University System, and the Chancellor of Arkansas State University-Jonesboro of the approval.

Dr. Olin Cook asked what the difference was in the EdD in Educational Leadership and the PhD in Educational Leadership.

Cynthia Moten explained that there is a difference in the focus of the dissertation and some of the course work the students will take; however, the curricula are basically the same. The institution has added three new courses and modified four other courses that were currently offered in the EdD program. The focus for the PhD program dissertation will be to conduct original research that leads to new knowledge, while the EdD dissertation is looking at methods related to improving current practices.

Dr. Cook asked if ASU-Jonesboro planned on continuing both programs. Ms. Moten said that at this point they do.

Jodie Carter asked why ASU-Jonesboro started the program. Ms. Moten explained that the program is a response to numerous inquiries over the years.

Agenda Item No. 8
Technical Certificate in Surgical Technology
Arkansas State University - Newport

The proposed 48-semester credit hour program in surgical technology combines classroom instruction and clinical experience to prepare students for entry-level positions as surgical technologists in the operating room and other various surgical settings. Students will gain knowledge and experience in exposure, hemostasis, closure, and other intraoperative, preoperative, and postoperative technical functions that help the surgeon carry out a safe operation with optimal results for the patient. Graduates of the surgical technology program will assist in operations under the supervision of surgeons, anesthesiologists, registered nurses, and other surgical personnel. Some of the duties are to set up the operating room with surgical instruments and equipment; assemble and check non-sterile equipment to ensure it is working properly; prepare patients for surgery and transport patients to the operating room; pass instruments and other sterile supplies to surgeons and surgeon assistants; help apply dressings; care of the operating room after surgery, and assisting in patient care during and immediately after surgery in accordance with hospital policy and appropriate laws and regulations. Twelve *new courses* will be added to the curriculum.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves Arkansas State University-Newport to offer the Technical Certificate in Surgical Technology (CIP 51.0909) effective Fall 2010.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the Arkansas State University System, and the Chancellor of Arkansas State University-Newport of the approval.

Agenda Item No. 9
Associate of Arts by Distance Technology
South Arkansas Community College

The Associate of Arts program is designed for transfer and meets the general education requirements of the bachelor's degree. The courses have been developed for online delivery in accordance with the distance education guidelines of the Higher Learning Commission of the North Central Association and the principles of good practice of the Southern Regional Education Board Electronic Campus. An online instruction policy is in place and the Director of Distance Learning is available to assist faculty in online course development and instruction techniques.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves South Arkansas Community College to offer the Associate of Arts (DC 0050) by distance technology effective Fall 2010.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and Chair of the Board of Trustees of South Arkansas Community College of the approval.

Agenda Item No. 10
Bachelor of Arts in Media Communications
University of Arkansas – Fort Smith

The Bachelor of Arts in Media Communication features an interdisciplinary approach to new media writing, convergence journalism, and digital literacy. Convergence journalism brings together computing, communications, and content. The proposed degree is designed to train communication professionals capable of meeting the needs of companies that require communication skills in traditional newspaper, online news outlets, print magazines and similar online content sites, radio stations and internet radio sites, television and internet video sites, public relations, production and promotion, and advertising. The degree emphasizes writing research, presentation, reporting, and new media skills, and combines a solid knowledge base within the fields of mass communications, speech, rhetoric, and new journalism. Media Communication students will be required to complete 124 semester credit hours and an internship. The new degree is supported by courses in the English, Rhetoric and Writing, and the Speech/Communication departments; therefore, only *two new courses* will be added to the curriculum.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the University of Arkansas – Fort Smith to offer the Bachelor of Arts in Media Communication (CIP 09.0100) effective Fall 2010.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the University of Arkansas System, and the Chancellor of the University of Arkansas-Fort Smith of the approval.

Agenda Item No. 11
Institutional Certification Advisory
Committee Resolutions

The Institutional Certification Advisory Committee (ICAC) met on June 29, 2010, for its regular quarterly meeting. ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolutions.

Program Certification

American Public University – Charles Town, West Virginia
Initial Certification – Distance Technology
Associate of Arts in Management
Bachelor of Arts in General Studies

Bachelor of Arts in Transportation and Logistics Management

Recertification – Distance Technology

Associate of Arts in General Studies
Bachelor of Business Administration
Bachelor of Arts in Criminal Justice
Bachelor of Arts in Management
Bachelor of Arts in Psychology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to American Public University, Charles Town, West Virginia, to offer the following degree programs to Arkansas residents through distance technology: Associate of Arts in Management, Bachelor of Arts in General Studies and Bachelor of Arts in Transportation and Logistics Management. The initial certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants recertification to American Public University, Charles Town, West Virginia, to offer the following degree programs to Arkansas residents through distance technology: Associate of Arts in General Studies, Bachelor of Business Administration, Bachelor of Arts in Criminal Justice, Bachelor of Arts in Management, and Bachelor of Arts in Psychology. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of American Public University, Charles Town, West Virginia, that certification and recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of American Public University, Charles Town, West Virginia, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Anthem College – Phoenix, Arizona

Initial Certification – Distance Technology

Associate of Applied Science in Accounting Technology

Associate of Applied Science in Business Management

Associate of Applied Science in Criminal Justice

Associate of Applied Science in Medical Billing and Coding

Associate of Applied Science in Paralegal

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Anthem College, Phoenix, Arizona, to offer the following degree programs to Arkansas residents through distance technology: Associate of Applied Science in Accounting Technology, Associate of Applied Science in Business Management, Associate of Applied Science in Criminal Justice, Associate of Applied Science in Medical Billing and Coding, and Associate of Applied Science in Paralegal. The initial certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of Anthem College, Phoenix, Arizona, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Anthem College, Phoenix, Arizona, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Ashford University – Clinton, Ohio

Initial Certification – Distance Technology

Master of Arts in Health Care Administration

Master of Arts in Organizational Management

Master of Arts in Public Administration

Master of Arts in Business Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Ashford University, Clinton, Ohio, to offer the following degree programs to Arkansas residents by distance technology: Master of Arts in Health Care Administration, Master of Arts

in Organizational Management, Master of Arts in Public Administration, and Master of Arts in Business Administration. The initial certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of Ashford University, Clinton, Ohio, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Ashford University, Clinton, Ohio, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Bethel University – McKenzie, Tennessee
Initial Certification – Distance Technology
Bachelor of Science in Organizational Leadership

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Bethel University, McKenzie, Tennessee, to offer the following degree program to Arkansas residents by distance technology: Bachelor of Science in Organizational Leadership. The initial certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of Bethel University, McKenzie, Tennessee, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Bethel University, McKenzie, Tennessee, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

**DeVry University – Naperville, Illinois
Initial Certification – Distance Technology**

Bachelor of Science in Game and Simulation Programming
Bachelor of Science in Multimedia Design and Development
Bachelor of Science in Justice Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to DeVry University, Naperville, Illinois, to offer the following degree programs to Arkansas residents by distance technology: Bachelor of Science in Game and Simulation Programming, Bachelor of Science in Multimedia Design and Development, and Bachelor of Science in Justice Administration. The initial certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of DeVry University, Naperville, Illinois, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of DeVry University, Naperville, Illinois, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

**ITT-Technical Institute – Little Rock Campus
Recertification**

Associate of Applied Science in Criminal Justice
Associate of Applied Science in Visual Communications
Bachelor of Science in Electronics and Communications Engineering Technology
Bachelor of Science in Information Systems Security
Bachelor of Science in Digital Entertainment and Game Design

Decertification

Associate of Applied Science in Computer Networking Technology
Bachelor of Science in Technical Project Management
Bachelor of Science in Data Communications Systems Technology
Bachelor of Science in Software Engineering Technology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to ITT-Technical Institute, Little Rock campus, to offer the following degree programs to Arkansas residents: Associate of Applied Science in Criminal Justice, Associate of Applied Science in Visual Communications, Bachelor of Science in Electronics and Communications Engineering Technology, Bachelor of Science in Information Systems Security, and Bachelor of Science in Digital Entertainment and Game Design. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program decertification to ITT-Technical Institute, Little Rock campus, for the following degree programs: Associate of Applied Science in Computer Networking Technology, Bachelor of Science in Technical Project Management, Bachelor of Science in Data Communications Systems Technology, and the Bachelor of Science in Software Engineering Technology. The decertification will be effective July 30, 2010.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of ITT-Technical Institute, Little Rock campus, that recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of ITT-Technical Institute, Little Rock campus, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Kaplan University – Davenport, Iowa
Initial Certification – Distance Technology
Bachelor of Science in Health Care Administration
Bachelor of Science in Political Science
Bachelor of Science in Professional Studies

Bachelor of Science in Public Health
Master of Science in Psychology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Kaplan University, Davenport, Iowa, to offer the following degree programs to Arkansas residents through distance technology: Bachelor of Science in Health Care Administration, Bachelor of Science in Political Science, Bachelor of Science in Professional Studies, Bachelor of Science in Public Health, and Master of Science in Psychology. The certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Kaplan University, Davenport, Iowa, that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Kaplan University, Davenport, Iowa, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Montana State University-Northern – Havre, Montana
Initial Certification – Distance Technology

Bachelor of Science in Diesel Technology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Montana State University-Northern, Havre, Montana, to offer the following degree program to Arkansas residents by distance technology: Bachelor of Science in Diesel Technology. The certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Montana State University-Northern, Havre, Montana, that the initial certification of the degree program requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of

the institution; or (3) changes in the method of operation of the institution's program in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Montana State University-Northern, Havre, Montana, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Nova Southeastern University – Fort Lauderdale, Florida
Recertification – Distance Technology
Master of Business Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to Nova Southeastern University, Fort Lauderdale, Florida, to offer the following degree program to Arkansas residents by distance technology: Master of Business Administration. The certification is for a period of five years and expires on April 30, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration Nova Southeastern University, Fort Lauderdale, Florida, that the recertification of the degree program requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Nova Southeastern University, Fort Lauderdale, Florida, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

**Saint Joseph's College of Maine – Standish, Maine
Recertification – Distance Technology**

Bachelor of Science in Nursing (RN to BSN)
Bachelor of Science in Radiologic Science Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to Saint Joseph's College of Maine, Standish, Maine, to offer the following degree programs to Arkansas residents by distance technology: Bachelor of Science in Nursing (RN to BSN) and Bachelor of Science in Radiologic Science Administration. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Saint Joseph's College of Maine, Standish, Maine, that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Saint Joseph's College of Maine, Standish, Maine, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

**University of Phoenix – Phoenix, Arizona
Recertification – Distance Technology, Little Rock and Rogers Campuses**
Bachelor of Science in Criminal Justice Administration

Recertification – Distance Technology

Doctor of Business Administration
Doctor of Management in Organizational Leadership
Doctor of Health Administration
Post – Baccalaureate School Nurse Certificate

Initial Certification – Distance Technology

Doctor of Philosophy in Nursing

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to the University of Phoenix, Phoenix, Arizona, to offer the following degree program to Arkansas residents by distance technology and on the Little Rock and Rogers campuses: Bachelor of Science in Criminal Justice Administration. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to the University of Phoenix, Phoenix, Arizona, to offer the following degree programs to Arkansas residents through distance technology: Doctor of Business Administration, Doctor of Management in Organizational Leadership, Doctor of Health Administration and Post – Baccalaureate School Nurse Certificate. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to the University of Phoenix, Phoenix, Arizona, to offer the following degree program to Arkansas residents through distance technology: Doctor of Philosophy in Nursing. The certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of University of Phoenix, Phoenix, Arizona, that the recertification and initial certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of University of Phoenix, Phoenix, Arizona, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Webster University – St. Louis, Missouri

Initial Certification – Distance Technology

Master of Arts in Business and Organizational Security Management

Master of Arts in Media Communications

Master of Science in Environmental Management

Master of Science in Finance

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Webster University, St. Louis, Missouri, to offer the following degree programs to Arkansas residents through distance technology: Master of Arts in Business and Organizational Security Management, Master of Arts in Media Communications, Master of Science in Environmental Management, and Master of Science in Finance. The certification is for a period of two years and expires on July 30, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Webster University, St. Louis, Missouri that the initial certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Webster University, St. Louis, Missouri, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Master of Arts in Human Resources Management

Master of Arts in International Business

Master of Arts in Management and Leadership

Master of Arts in Marketing

Master of Arts in Media Communications

Master of Science in Environmental Management

Master of Science in Finance

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to Webster University, Little Rock Campus, to offer the following degree programs to Arkansas residents: Master of Business Administration, Master of Health Administration, Master of Arts in Business and Organizational Security Management, Master of Arts in Human Resources Management, Master of Arts in International Business, Master of Arts in

Management and Leadership, Master of Arts in Marketing, Master of Arts in Media Communications, Master of Science in Environmental Management, and Master of Science in Finance. The certification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Webster University, Little Rock Campus, that the recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Webster University, Little Rock Campus, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Webster University – St. Louis, Missouri
Recertification – Little Rock Air Force Base Campus

Master of Business Administration
Master of Arts in Human Resource Development
Master of Public Administration
Master of Arts in Information Technology Management

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to Webster University, Little Rock Air Force Base Campus, to offer the following degree programs to Arkansas residents: Master of Business Administration, Master of Arts in Human Resource Development, Master of Public Administration, and Master of Arts in Information Technology Management. The recertification is for a period of five years and expires on July 30, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Webster University, Little Rock Air Force Base Campus, that the recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or

incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Webster University, Little Rock Air Force Base Campus, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Dr. Cook commented on the recent news articles regarding institutions promising students jobs after graduation and not following through with their promises. He asked if there were any safeguards in place to ensure this doesn't happen in Arkansas.

Zanette Douglas explained that the U.S. Department of Education is currently working on this problem.

David Leech asked if institutions are charged an online course fee.

Ms. Douglas explained that ADHE staff reviews the curriculum for every out-of-state institution before it can offer courses in Arkansas. She also noted that more and more technology has become available to ensure that the person taking the courses is actually the person enrolled in the course.

Jodie Carter moved to recommend Agenda Items No. 7-11 to the full Board for consideration. Bob Crafton seconded and the Committee unanimously approved.

Agenda Item No. 12 Report on Annual Review of Faculty Performance

Arkansas Code Annotated §6-63-104 and Arkansas Higher Education Coordinating Board (AHECB) policy 5.5 require that each college and university conduct an annual performance review of faculty members. Pursuant to this statute, Arkansas Department of Higher Education (ADHE) staff is required to monitor the faculty evaluation processes adopted at public institutions, and make a report to the Coordinating Board and Legislative Council each year. Each institution must have on file with ADHE a plan detailing the procedures for faculty evaluation at each institution. Significant amendments to these plans are to be submitted for Board approval.

Steve Luelf asked if ADHE has any data regarding how many people were terminated as a result of this evaluation.

Ms. Moten explained that the institutions do not submit this information to ADHE. This evaluation is to ensure that the institutions follow a procedure.

Agenda Item No. 13 Report on Distance Technology Programs

AHECB Policy 5.11 requires ADHE staff to report to the Coordinating Board on the status of distance technology programs offered by Arkansas institutions. In preparation for this report, Arkansas public colleges and universities were asked to complete a survey identifying the types of technology used for distance education, the courses and programs offered via distance technology, and distance technology-related policies. A summary of the survey results is included at the end of this report. ADHE staff also reviewed enrollment and graduation data for distance courses. (Data for the University of Arkansas for Medical Sciences is not included in this report.)

When ADHE reported on the status of distance education in Arkansas in 2004, 24,221 (15 percent) of the 160,819 students at Arkansas colleges and universities were enrolled in the 1,917 distance education courses offered by Arkansas institutions. Since 2004, the number of distance education courses has grown to more than 3,500 individual courses and 117 certificate and degree programs offered via distance technology by Arkansas institutions.

The number of courses and programs available to Arkansas students, and the enrollment in those courses and programs has increased significantly since 2004. Six years ago, 15 percent of students enrolled in Arkansas's public colleges and universities were enrolled in distance technology courses. For Fall 2009, 27 percent of the 140,403 students enrolled at Arkansas colleges and universities were enrolled in at least one distance technology course. Institutions must continue to increase distance technology course/program offerings and focus on what can be done by technology to meet the needs of students while striving to increase the education level of Arkansans to meet the workforce needs of the state.

Jodie Carter asked if the public institutions have online courses as well. Ms. Jeanne Jones explained that they do and it is a growing need. Mr. Carter asked if Arkansas is competing against out-of-state institutions for online students. Ms. Jones said they are and that Arkansas is catching up with the competition.

Agenda Items No. 14 and 15
Letters of Notification and Letters of Intent

The Department of Higher Education received notice from 20 institutions on programs not requiring Board action. Notification was received on 6 programs possibly requiring Board action. During this period, the Institutional Certification Advisory Committee received notice of requests from 16 out-of-state institutions to offer degree programs to Arkansas residents. The program notice list appears in the Letters of Notification on pages 14-1 through 14-19 and in the Letters of Intent on pages 15-1 through 15-5 of the agenda book.

Agenda Item No. 16
Operating Recommendations
for 2011-13 Biennium

At its April 25, 2008 meeting, the Arkansas Higher Education Coordinating Board approved the funding models for the two-year colleges, universities, and the technical centers (former technical institutes merged with universities). These models had been developed in conjunction with presidents and chancellors after meetings and revisions. The funding models were used to develop the comparative needs of Arkansas institutions of higher education in terms of the average funding levels of schools in the SREB region.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the recommendations for state funding of the educational and general operations of Arkansas public institutions of higher education in the 2011-13 biennium as included in Tables 1A, 1B, 1C, 1D and 1E.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to prepare appropriate documents for transmission to the Governor and the General Assembly of the 2011-13 operating recommendations of the Arkansas Higher Education Coordinating Board.

FURTHER RESOLVED, That should any errors of a technical nature be found in these recommendations, the Director of the Arkansas Department of Higher Education is authorized to make appropriate corrections consistent with the policy established by the Board's action on these recommendations.

Steve Luelf stated that there seems to be a substantial variation in funding for the two-year colleges. Dr. Williams said that at one time there was a variation with the universities. However, they voted to consider their percent of need.

Steve Luelf commented that institutions that lose enrollment don't lose money. However, institutions that grow enrollment don't get the same share. Since

approving this won't change anything, shouldn't we just object, asked Mr. Luelf. If you look at the students, and one institution is funded \$2,000/student while another is receiving \$6,500/student, how do we justify that?

Dr. Williams said that the Coordinating Board only has the authority to distribute the funds by the formula determined by the legislature because these are in law. We have to operate within the constraints that exist.

By approving this, aren't we giving our stamp of approval, questioned Mr. Luelf. Dr. Williams said we are required by law to do this. We have to have our recommendations to the Governor and legislators by October 10, 2010.

Mr. Luelf asked what would happen if we funded every institution the same per FTE across the board. Dr. Williams explained that there would be large variations because the two-year formula has some very large economies of scale. And it is true that the larger the institution, the lower the percentage of administrative costs.

Dr. Joe Bennett asked if 95% are fixed funds that the Coordinating Board doesn't have any control over. Dr. Williams explained that 96% of the money out there is already distributed. We are only talking about 4% of the money.

Dr. Cook asked if it is the Board's responsibility to look into this and recommend something with more equity to the legislators during the next legislative session. Or would it be just a waste of our time? Dr. Williams explained that it can be done; however, the Board only has authority to do what is stated in law. Dr. Cook questioned whether the law could be changed. Dr. Williams said even if the law is changed, the changes won't go into effect until 2013.

Maybe we should present something to the legislature even if we get shot down, said Mr. Luelf. Dr. Williams agreed that we need to work through the legislature and within the law to get this changed.

Dr. Ed Coulter commented that this issue has been going on for over 12 years and some legislators are starting to seriously ask why. The question is going to be asked, why does this keep getting worse? You are our leaders and should be making a recommendation on how to correct this. There was a recommendation by the presidents and chancellors to seek 75% base funding. We say that things are in the law, but we ignore other things that are in the law. We seem to be selective about what we are addressing that's in the law.

The formula approach to funding has gotten a bad knock here, said Dr. Joel Anderson. To say that this is a worthless, meaningless exercise is really off target. This process began in the 1960s, where across the country legislators were trying to deal with a growing number of colleges and universities that were also becoming a lot more important and demanded a lot more money. This put the legislators in a very precarious place because every institution came and made their case for funding. A nationwide movement to say we need a more fair and equitable approach to funding the institutions of higher education brought about the formula

approach. While there are variations from state to state, Arkansas's is using practices found in other states and it works. It may seem to be unfair to some, but over time, institutions tend to catch up.

Dr. Williams concluded by saying that he believes in the formula process – the formulas protect the institutions.

Dr. Bob Brown agreed with Dr. Anderson on principal, but stated that the formula does appear to work for some institutions better than others.

Dr. Joe Bennett moved to recommend Agenda Item No. 16 to the full Board for consideration. David Leech seconded and the Committee approved. Steve Luelf voted no.

Agenda Item No. 17 Distribution of Mineral Lease Funds

According to the provisions of A.C.A. §6-61-801 through §6-61-808, there is established the Arkansas Research Development Program for providing Arkansas Research Development Program Grants to publicly-supported universities in Arkansas by the Department of Higher Education. Act 1229 of 2007 provides that after the sum of \$13,200,000 has been deposited into the Higher Education Building Maintenance Fund, the next \$10,000,000, or as much as is collected, is to be transferred to the Higher Education Research Development Fund to be used as provided by law.

RESOLVED, That after review by the Legislative Council, the Director of the Arkansas Department of Higher Education is authorized to distribute the Higher Education Research Development Fund for ARE-ON's annual operating and maintenance costs.

FURTHER RESOLVED, That \$1 million be allocated in Fiscal 2011 to the University of Arkansas, Fayetteville for expenses associated with the connection of all public universities to ARE-ON.

David Leech moved to recommend Agenda Item No. 17 to the full Board for consideration. Bob Crafton seconded and the Committee unanimously approved.

Agenda Item No. 18 Personal Services Recommendations for Non-Classified Personnel

A.C.A. §6-61-209 requires the Arkansas Higher Education Coordinating Board to present a consolidated budget request from the state-supported colleges and universities to the General Assembly and the Governor prior to each regular session of the General Assembly. As part of this process, the quantity of positions, titles, and line-item maximum salaries for all non-classified administrative,

academic, and auxiliary positions at each Arkansas public institution of higher education have been reviewed, and changes are recommended.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the recommended number of positions, titles, and maximum salaries for non-classified positions in academic, administrative, and auxiliary positions for the 2011-13 biennium as recommended by staff.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to make technical corrections consistent with Coordinating Board action.

FURTHER RESOLVED, That the Coordinating Board requests the Director to transmit the Personal Services recommendations to the Governor and the General Assembly for consideration for the 2011-13 biennium.

Steve Luelf questioned why all of the salary recommendations are all the same (table 18D). Ms. Holloway explained that this is merely the institutions line-item maximum, the actual salaries vary.

Agenda Item No. 19
Recommendations for State Funding of Capital Projects:
2011-13 Biennium

From a total of \$238 million appropriated, the 2009 87th legislative session provided allocations totaling \$144 million for distribution from the General Improvement Fund (GIF) for various capital projects at institutions of higher education. To date, 14 percent or \$21 million, of the allocation has been released to institutions from the GIF for higher education projects. For the 2007-09 biennium, almost \$59 million was distributed for capital projects, significantly more than the 2005-07 biennium when \$16.5 million was distributed for capital projects.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the staff recommendations for state funding of capital projects totaling \$134.2 million as identified in the accompanying agenda materials.

FURTHER RESOLVED, That the Director is authorized to transmit to the Governor and the General Assembly the Board's recommendation for state funding.

FURTHER RESOLVED, That the Director is authorized to make such technical adjustments to these recommendations as may be required.

David Leech questioned why there is no “B” funding. Is it because we know that we can’t even fund all of the “A” projects? Ms. Jackie Holloway said that is correct. David Leech commented that the amount of critical maintenance needed is on the rise. The University of Arkansas at Pine Bluff requested \$12 million and we are recommending \$2 million. For every building we approve, funds should be put back for future maintenance.

Ms. Holloway stated that in October 2008, the Coordinating Board recommended that all bond feasibilities for new facilities contain a plan for maintaining that facility. ADHE recommended \$2.50 per square foot be set aside annually for all new Educational and General buildings and \$1.25 per square foot for Auxiliary buildings.

Dr. Joe Bennett questioned the likelihood of the legislature agreeing to this recommendation. Ms. Holloway said that last year approximately 20% of the recommendation was funded.

Mr. Luelf asked how ADHE staff determined how to disburse the money.

Two (2) percent was recommended for deferred maintenance, said Ms. Holloway. Equipment amounts were added based on weighted FTE as follows: 1.0 undergraduate; 2.5-graduate; and 4.0-doctoral. Each institution is allocated an amount based on enrollment size and degree level. These amounts were further adjusted to achieve equity among institutions of the same size and level.

Agenda Item No. 20 Certification of Intercollegiate Athletic Budgets for 2010-11

A.C.A. §6-62-805 (Act 366 of 1991) requires each state-supported institution of higher education to annually certify by June 15 to the Arkansas Higher Education Coordinating Board that its intercollegiate athletic program will generate sufficient revenues to meet expenditures or that any athletic deficit will be met by separate institutional board-sanctioned student athletic fees.

RESOLVED, That the Arkansas Higher Education Coordinating Board accepts the Certification of Intercollegiate Athletic Revenues and Expenditures Budgeted for 2010-11 as prepared in accordance with Arkansas Higher Education Coordinating Board uniform accounting standards and definitions for athletic reporting.

David Leech asked what the E&G transfer maximum was for the 2011 academic year. Ms. Holloway said that it was \$1,142,715, a 1.6% increase from the year before.

Agenda Item No. 21
Economic Feasibility of Bond Issue
for Mid-South Community College

Mid-South Community College requests approval of the economic feasibility of plans to issue bonds totaling approximately \$5.18 million with a term of up to thirty (30) years at an estimated annual interest rate of 5.0 percent. Proceeds from the bond issue will be used for educational and general purposes. The Mid-South Community College Board of Trustees approved this financing at its meeting on June 7, 2010.

The educational and general issue will be approximately \$5.18 million with an estimated annual debt service of \$300,000. Proceeds will be used for the construction of a Bio-Diesel Technology Building and surrounding infrastructure. Coordinating Board policy regarding debt service provides that local tax revenue may be obligated so long as the annual tax proceeds equal no less than 120 percent of the total annual debt service.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Mid-South Community College to issue bonds for approximately \$5.18 million with a term of up to 30 years at an estimated annual interest rate of 5.0 percent for the construction of a Bio-Diesel Technology Building and surrounding infrastructure.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of the Trustees of Mid-South Community College of the Coordinating Board's resolution.

Steve Luelf asked how ADHE would enforce the requirement that institutions put back \$2.50 per square foot annually for ongoing maintenance issues since there is no mention of it in the resolution, nor any mention of any sanctions.

Dr. Purcell said that future resolutions would contain that information.

Agenda Item No. 22
Economic Feasibility of Bond Issue
for the University of Central Arkansas

University of Central Arkansas requests approval of the economic feasibility of plans to issue bonds not to exceed \$42 million with a maximum term of up to thirty (30) years at an estimated annual interest rate not to exceed 5.25 percent. This action will approve the refunding of \$19,615,000 million in existing debt of which \$15,575,000 is E&G and \$4,040,000 is Auxiliary. In addition to the refunding, an amount of up to \$22 million will be issued for Auxiliary purposes. The proceeds from this portion of the issue will be used for the demolition of Minton Hall, the

construction of a residence hall to replace Minton Hall, and the renovation of existing residence halls. The University of Central Arkansas Board of Trustees approved this action at its meeting held on June 1, 2010.

The E&G issue will be approximately \$15,575,000 with estimated maximum annual debt service of approximately \$1,161,026. Proceeds from the issue will be used to refund certain existing bonds and fund a pro-rata share of the cost of the total issuance. Coordinating Board policy regarding debt service provides that a maximum of 25 percent of net tuition and fee revenue may be pledged to educational and general debt service.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for University of Central Arkansas to issue bonds not to exceed \$42 million with a maximum term of up to thirty (30) years at an estimated annual interest rate not to exceed 5.25 percent. This action will approve the refunding of \$19,615,000 million in existing debt of which \$15,575,000 is E&G and \$4,040,000 is Auxiliary. In addition to the refunding, an amount up to \$22 million will be issued for Auxiliary purposes. The proceeds from this portion of the issue will be used for the demolition of Minton Hall, the construction of a residence hall to replace Minton Hall, and the renovation of existing residence halls.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of University of Central Arkansas of the Coordinating Board's resolution.

Steve Luelf questioned why the maintenance fee is only \$1.25 per square foot instead of \$2.50. Dr. Williams explained that while auxiliary facilities are income producing and don't depend on the state for funding, E&G facilities do not produce any income and do depend on the state for funding.

Agenda Item No. 23
Economic Feasibility of Bond Issue
for Northwest Arkansas Community College

Northwest Arkansas Community College requests approval of the economic feasibility of plans to issue bonds totaling approximately \$15.0 million with a term of up to twenty-five (25) years with an estimated annual interest rate not to exceed 6.6 percent. Proceeds from the bond issue will be used for educational and general purposes. The Northwest Arkansas Community College Board of Trustees approved this financing at its meeting on June 14, 2010.

The educational and general issue will be approximately \$15.0 million with an estimated average annual debt service payment of \$2,444,080. Proceeds will be used for the construction of a Health Professions Building. Coordinating Board

policy regarding debt service provides that local tax revenue may be obligated so long as the annual tax proceeds equal no less than 120 percent of the total annual debt service.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Northwest Arkansas Community College to issue bonds for approximately \$15.0 million with a term of up to twenty-five (25) years with an estimated annual interest rate not to exceed 6.6 percent for the construction of a Health Professions Building.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of the Trustees of Northwest Arkansas Community College of the Coordinating Board's resolution.

Steve Luelf complimented NWACC for using a 25 year term versus a 30 year term.

Agenda Item No. 24
Economic Feasibility of Loan for
University of Arkansas Community College at Morrilton

University of Arkansas Community College at Morrilton requests approval of a loan up to \$800,000 with a term of ten (10) years at an annual interest rate not to exceed 0.38 percent. Proceeds will be used for ADA and safety issues as well as infrastructure improvements. The University of Arkansas Board of Trustees approved the college's loan application on April 16, 2010.

Coordinating Board policy regarding debt service provides that a maximum of 25 percent of net tuition and fee revenue may be pledged to educational and general debt service.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the loan from the College Savings Bond Revolving Loan Fund to The University of Arkansas Community College at Morrilton up to \$800,000 with a term of ten (10) years at an annual interest rate not to exceed 0.38 percent for ADA and safety issues as well as infrastructure improvements.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of the University of Arkansas and the Chancellor of University of Arkansas Community College at Morrilton of the Coordinating Board's resolution.

David Leech questioned how the .38% annual interest rate can be locked in for 10 years. Jackie Holloway explained that the interest rate is set on the third Thursday prior to the Board meeting.

Dr. Joe Bennett asked if the University of Arkansas System would be responsible for the loan if UACCM was unable to repay it. Ms. Holloway said yes.

David Leech moved to recommend Agenda Items No. 18 - 24 to the full Board for consideration. Bob Crafton seconded and the Committee approved.

Report of the Committees

Dr. Olin Cook presented the report of the Academic Committee and moved approval of Agenda Items 7-11. Jodie Carter seconded the motion and the Board unanimously approved.

Steve Luelf presented the report of the Finance Committee and moved approval of Agenda Items 16-24. David Leech seconded the motion and the Board unanimously approved.

Chairman Burns opened the floor for public comments.

Chairman Burns announced that the next Coordinating Board meeting would be held at Arkansas State University – Jonesboro on October 29, 2010.

With no further comments, the meeting adjourned at 11:10 a.m.

Nichole Abernathy

APPROVED:

Dr. Charles Allen, Secretary

**HIGHER EDUCATION COORDINATING BOARD
2011 MEETING SCHEDULE**

The Arkansas Higher Education Coordinating Board meets quarterly to act upon Board initiatives and to respond to campus proposals. The proposed 2011 schedule for these regular quarterly meetings follows:

February 4, 2011	Cooperative Extension Service Center Little Rock
April 15, 2011	Arkansas State University – Mountain Home
July 29, 2011	Phillips Community College of the U of A Stuttgart Campus
October 28, 2011	University of Arkansas Community College at Batesville

The following resolution is suggested:

RESOLVED, That the Arkansas Higher Education Coordinating Board agrees to the following dates for regular quarterly meetings during 2011: February 4, April 15, July 29, and October 28.

FURTHER RESOLVED, That the Board expresses its appreciation and accepts the invitations to meet in February at the Cooperative Extension Service Center in Little Rock, in April at Arkansas State University – Mountain Home, in July at Phillips Community College of the U of A, and in October at the University of Arkansas Community College at Batesville.

Agenda Item No. 3
Higher Education Coordinating Board
October 29, 2010

**APPOINTMENT OF NOMINATING COMMITTEE
FOR 2011-12 BOARD OFFICERS**

Chairman Bob Burns will appoint members of the Arkansas Higher Education Coordinating Board nominating committee at the October 29, 2010 meeting. The nominating committee will recommend Board officers for 2011-12 at the February 4, 2011 meeting.

Agenda Item No. 4
Higher Education Coordinating Board
October 29, 2010

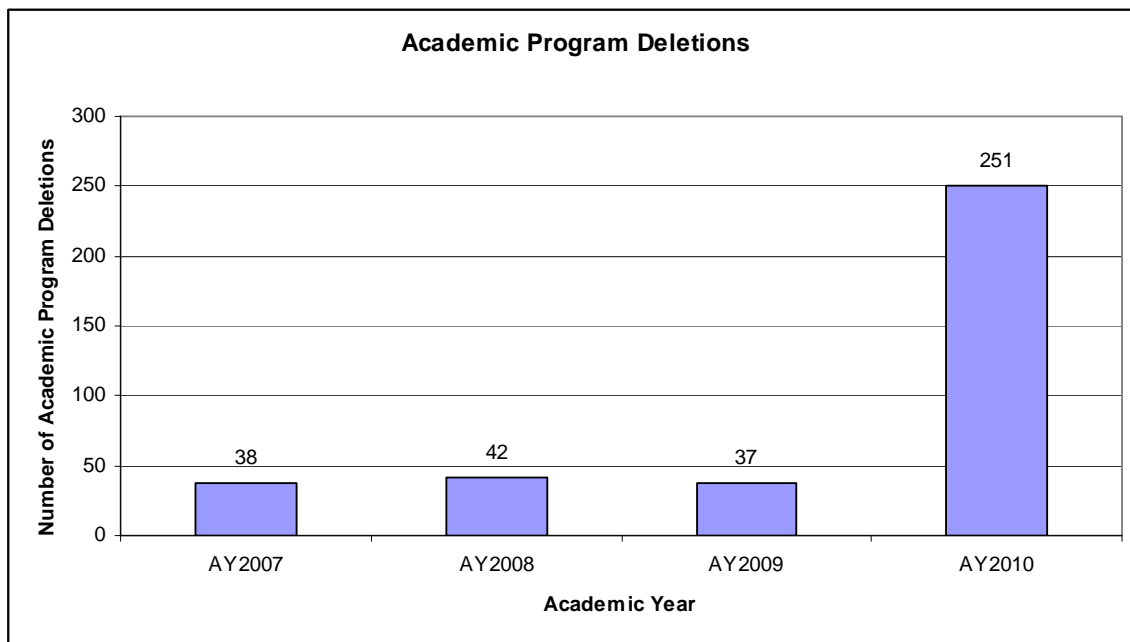

AGENCY UPDATES

Arkansas Department of Higher Education agency updates will be presented by Dr. Jim Purcell. This agenda item will include updates on new employees, legislation, and current events.

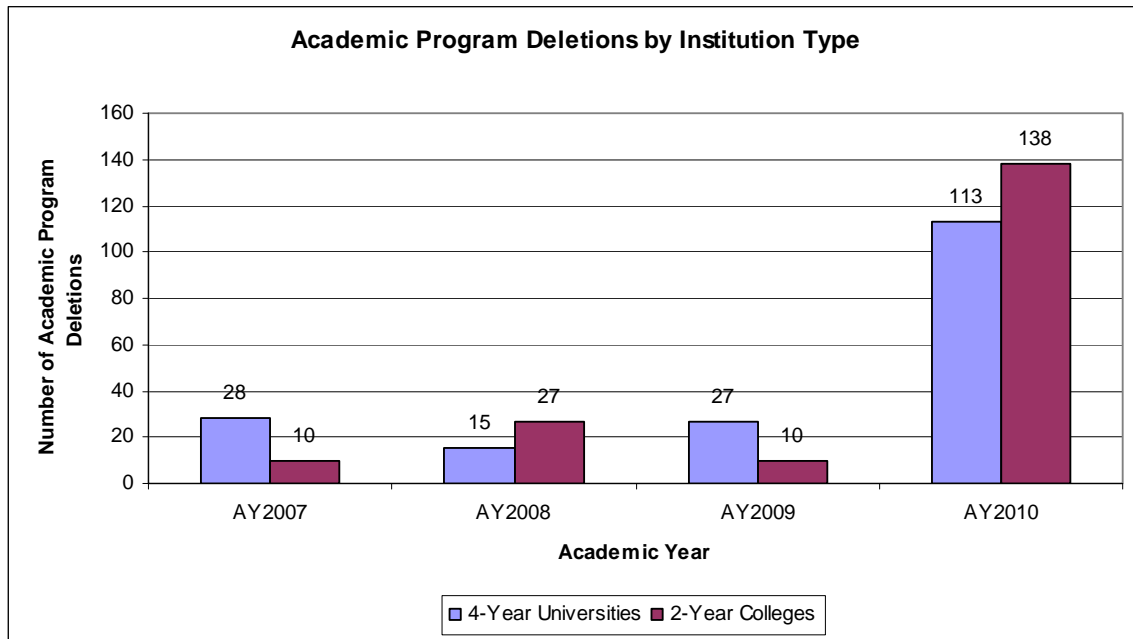

REPORT ON PROGRAM DELETIONS Academic Year 2009-2010

This report provides summary and detailed information about program deletions during Academic Year 2010 (2009-10).

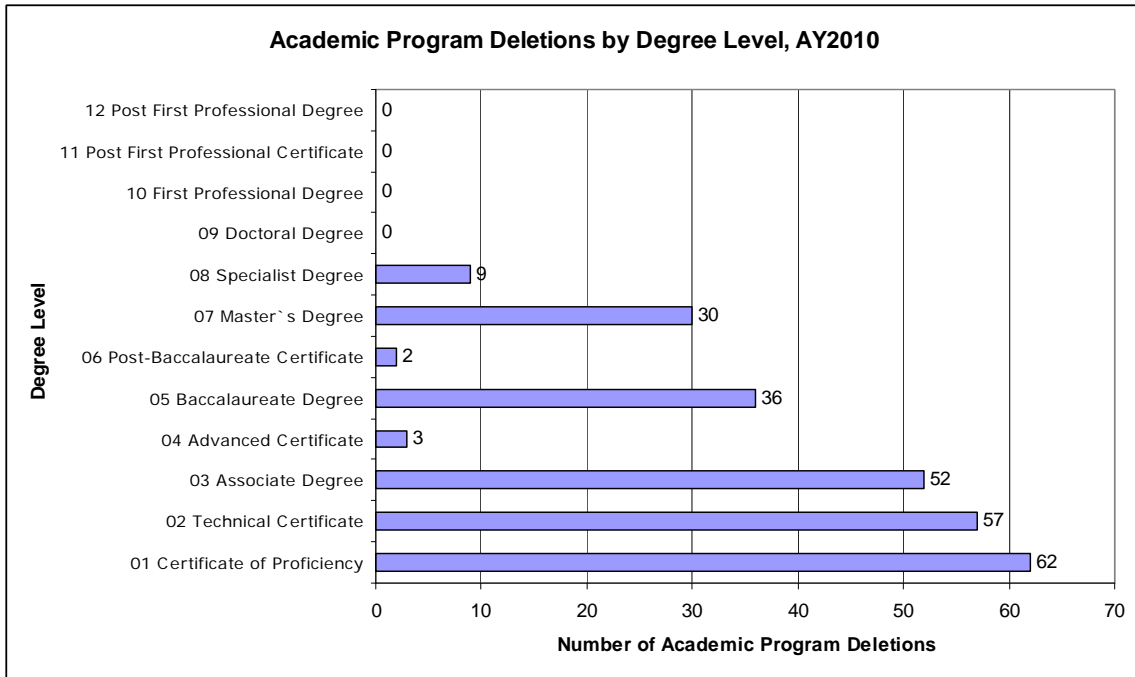

Attachment 5-1 summarizes the number of program deletions for the academic year by level of program and by level of institution for the last four academic years. Two hundred and fifty-one (251) programs were deleted in 2009-10 as compared to 37 deletions in AY2009, 42 deletions in AY2008, and 38 deletions in AY2007.

The following graph illustrates that academic program deletions occur at both the 4-year universities and the 2-year colleges.

The vast majority of academic program deletions occur at the undergraduate level. For AY2010, almost eighty-four percent (83.7%) of program deletions occur at the undergraduate level whereas approximately sixteen percent (16.3%) occur at the graduate level.

- Attachment 5-1: Summary of Academic Program Deletions at Arkansas Public Institutions Academic Years 2007-2010
- Attachment 5-2: Academic Programs Deleted or Phased Out Arkansas Public Colleges and Universities for Academic Year 2010 (2009-2010)
- Attachment 5-3: Academic Programs Deleted or Phased Out Arkansas Public Colleges and Universities for Academic Year 2009 (2008-2009)
- Attachment 5-4: Academic Programs Deleted or Phased Out Arkansas Public Colleges and Universities for Academic Year 2008 (2007-2008)
- Attachment 5-5: Academic Programs Deleted or Phased Out Arkansas Public Colleges and Universities for Academic Year 2007 (2006-2007)

Summary of Academic Program Deletions at Arkansas Public Institutions Academic Years 2007 - 2010

Four-Year Institutions	Number of Programs Deleted AY 2006-07	Number of Programs Deleted AY 2007-08	Number of Programs Deleted AY 2008-09	Number of Programs Deleted AY 2009-10
01 Certificate of Proficiency	0	3	4	11

TECHNICAL CERTIFICATE IN WELDING SOUTHERN ARKANSAS UNIVERSITY-TECH

Program Description

The Technical Certificate (TC) in Welding is designed to provide intensive training for students in the areas of shielded metal arc welding (SMAW-stick), gas tungsten arc welding (GTAW-tig) and gas metal arc welding (GMAW-mig) processes. The curriculum follows the National Center for Construction Education Research model that will lead to welding certifications and employment. Students must demonstrate a basic knowledge of welding during the pre-admission process. Many students seeking admission will be nominated by a high school welding teacher or college instructor, or have competed in the Arkansas Skills USA Welding competition. The proposed 30-semester credit hour program will include nine months of instructional activity, four days per week (Monday through Thursday), for a minimum of 24 clock hours per week. The welding program will be housed at the Magnolia Business and Industry Training Center. The training center has been leased by SAU-Tech and SAU-Magnolia for economic development activity. The proposed TC in welding will be referred to as the SAU-Tech Welding Academy. *Six new courses* will be added to the curriculum.

Program Need

The proposed program has been developed in response to area business and industry requests for welders. The program is designed to prepare graduates to pass welding certifications and work as welders. Several employers in Columbia County indicated a need for employees with these skills. Big Boy Toys, Interior Story Architectural and Ornamental Iron Works, Reliance Well Service, The Service Center of Magnolia, and Spencer-Harris of Arkansas are a few employers who responded positively that they have jobs for graduates with welding skills, and salaries will range from \$10 to \$17 per hour.

The Arkansas Department of Workforce Services (DWS) lists welders on the demand occupations list with a projected need through 2014 for over 5,000 welders statewide and over 400 in southwest Arkansas.

Program Costs

Administrative, instructional and operational funds required for program implementation will be provided with a \$136,000 Governor's Economic Initiative grant. A welding instructor has been hired to fill a vacant instructor position. Student lab fees will be used to replace and upgrade equipment and purchase welding supplies needed by students.

Program Duplication

Technical certificates in welding are offered at most two-year colleges in Arkansas, including South Arkansas Community College, the University of Arkansas Community College at Hope, and the University of Arkansas at Monticello College of Technology Campuses at Crossett and McGehee.

Desegregation

In Fall 2009, African American student enrollment at SAU-Tech was 35.5 percent and other minority enrollment was 3.5 percent.

Program Productivity

In 2008-09, 6 of 13 (46 percent) technical certificates at SAU-Tech met Coordinating Board degree productivity guidelines. SAU-Tech has notified ADHE that 15 students are expected to enroll in the program annually with 10 students expected to graduate annually beginning in 2014, which will meet new Coordinating Board program viability standards.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves Southern Arkansas University-Tech to offer the Technical Certificate in Welding (CIP 48.0508) effective Fall 2011.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of Southern Arkansas University, and the Chancellor of Southern Arkansas University-Tech of the approval.

**BACHELOR OF SCIENCE IN ANIMATION TECHNOLOGY
UNIVERSITY OF ARKANSAS - FORT SMITH**

Program Description

The Bachelor of Science in Animation Technology will be a two-year completion degree for Computer Aided Drafting and Design (CADD). The bachelor's degree will enable students to gain skills necessary to be employed in the field of applied animation in a wide variety of computer graphics related jobs in education, entertainment, engineering, business, and geographical spatial application (3D Cartography). An example of applied animation technology in education is the technology used to produce computer-based training courses (CBT) and digital reference books. CBT lets the user go through a series of presentations about a particular topic and uses animation in various information formats. Students will be required to complete 124 semester credit hours and a senior capstone project. *Eighteen new courses* will be added to the curriculum.

Program Need

According to the U.S. Bureau of Labor Statistics animation technology is a growing industry because of the heavy reliance on internet delivery. UAFS conducted a survey of current students and recent CADD graduates and found 80 students with a strong desire in acquiring a bachelor's degree in animation technology.

Graduates with a bachelor's in animation technology can work in positions focused on web design and development, animation, and gaming. Mapping and 3D cartography knowledge gained from the proposed program will enable graduates to obtain jobs in national parks and in medical research. Arkansans employed as animators, graphic/web designers, and archival managers in parks earn salaries that range from \$30-60,000 annually.

Program Costs

Administrative, instructional and operational funds required for program implementation are available in the current budget. Current CADD faculty will teach courses and two new faculty members will be hired in Years 2 and 3. The new faculty will hold doctoral degrees with a focus in animation. Equipment and software utilized in the CADD program is sufficient to support the proposed program.

Program Duplication

A bachelor's degree in animation technology is not offered in Arkansas.

Desegregation

In Fall 2009, African American student enrollment at UAFS was 4.3 percent and other minority enrollment was 18.4 percent.

Program Productivity

In 2008-09, 15 of 28 (53 percent) bachelor's degrees at UAFS met Coordinating Board degree productivity guidelines. UA Fort Smith has notified ADHE that 30 students are expected to enroll in the program annually with 6 students expected to graduate annually beginning in 2016, which will meet new Coordinating Board program viability standards.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the University of Arkansas-Fort Smith to offer the Bachelor of Science in Animation Technology (CIP 10.0304) effective Spring 2011.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the University of Arkansas System, and the Chancellor of the University of Arkansas-Fort Smith of the approval.

**ASSOCIATE OF ARTS AND ASSOCIATE OF LIBERAL STUDIES
OFFERED BY DISTANCE TECHNOLOGY
NATIONAL PARK COMMUNITY COLLEGE**

Program Description

The Associate of Arts (AA) is designed for transfer and meets the general education requirements of the bachelor's degree. Act 182 of 2009 designated the AA degree as a statewide transfer degree. The Associate of Liberal Studies (ALS) is designed to allow students to customize a degree program to meet their career and educational needs. Many of the courses included in the ALS degree may transfer to the bachelor's degree.

The AA and ALS courses have been developed at National Park Community College (NPCC) for online delivery in accordance with the Distance Education Guidelines of the Higher Learning Commission of the North Central Association and the Principles of Good Practice of the Southern Regional Education Board Electronic Campus. Fifty (50) percent of the courses required for the AA and the ALS are available online.

An online instruction policy is in place and the Director of Online Learning is available to assist faculty in online course development and instruction techniques. Online courses at NPCC are offered via the Angel platform. Instructors and students use the NPCC e-mail system, text messaging, live chat, discussion boards, and social networks to communicate about courses and course activities. NPCC currently offers 55 courses online with 1,180 students enrolled in one or more NPCC online courses during Spring 2010.

NPCC has implemented distance technology policies consistent with the policies in place for traditional courses and programs in terms of student services, course prerequisites, adding/dropping courses, transfer, FERPA, course evaluation, financial aid, student records, course syllabi, and grading. The Director of Online Learning works with NPCC faculty and staff in the development and implementation of distance courses/programs and distance-related policies, and the purchase of new technology equipment.

Faculty who have not previously taught online courses at NPCC are trained and mentored by faculty with experience in online course delivery and the Director of Online Learning. Distance courses are developed by the faculty and the Director of Online Learning, and approved by the Executive Vice President. Faculty-to-student and student-to-student communication occurs via e-mail, online chat rooms, telephone, and face-to-face interaction. Faculty are required to respond to student e-mails within 48 hours, and are required to schedule office hours on-campus and online to accommodate online students. Students enrolled in distance technology courses complete a course evaluation at the end of each semester which provides the institution

with information about student satisfaction with course delivery. The survey results are used by faculty to make necessary course modifications.

Need for the Program

Offering the AA and ALS degrees by distance technology will allow NPCC to better serve the students in the institution's service area which includes Garland, Saline, Montgomery, Hot Springs, Clark, Yell, and Perry counties. A student survey conducted during Spring 2010 revealed that 76 percent of NPCC students who enrolled in online courses did so because work, family responsibilities, health issues, and distance to and from campus made it difficult to attend on-campus courses.

ADHE Staff Review

ADHE staff conducted a site visit to review distance technology operations at NPCC on August 31, 2010, in accordance with Coordinating Board Policy 5.11 (Criteria and Procedures for Establishing New Certificate and Degree Programs).

Program Costs

No additional costs are anticipated for these programs since faculty salaries and expenses related to course delivery via distance technology are part of the current academic division budgets.

Program Duplication

The Associate of Arts is offered via distance technology by Arkansas State University-Beebe, Arkansas State University Mountain Home, Arkansas State University-Newport, Cossatot Community College of the University of Arkansas, NorthWest Arkansas Community College, Ouachita Technical College, Pulaski Technical College, South Arkansas Community College, Southern Arkansas University-Tech, and the University of Arkansas - Fort Smith

Desegregation

In Fall 2009, 9.1 percent of the students enrolled at NPCC were African American and other minority student enrollment was 7.5 percent.

Program Productivity

In 2009-10, 14 of 19 (74 percent) associate degrees offered at NPCC met Coordinating Board degree productivity guidelines. During this period, NPCC awarded 74 AA and 75 ALS degrees which meet new Coordinating Board program viability standards.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves National Park Community College to offer the Associate of Arts (DC 0050) and the Associate of Liberal Studies (DC 0910) by distance technology effective Fall 2010.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and Chair of the Board of Trustees of National Park Community College of the approval.

Program Requirements

Associate of Arts (by distance technology)

**MURFREESBORO OFF-CAMPUS SITE
COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS**

The administration and Board of Trustees of the University of Arkansas System request Coordinating Board approval to recognize an off-campus site for Cossatot Community College of the University of Arkansas (CCCUA) to be called CCCUA-Murfreesboro College Outreach Center, and to offer general education and academic support courses at this location.

Justification for Off-Campus Site

In response to requests from local communities, CCCUA has offered courses in Ashdown and Nashville for over 10 years. The Board approved the CCCUA off-campus site in Nashville in 1995 and the site in Ashdown in 2000. Currently, over 125 students from Murfreesboro are enrolled in programs at the Nashville site. The Nashville facility is near capacity due to a steady growth in student enrollment. Space limitations at the Nashville site have required CCCUA administrators to schedule courses during times when student demand is low which results in students not having access to needed courses due to class cancellations.

CCCUA is requesting approval of a site in Murfreesboro for additional classroom space to be closer to 15 percent of the institution's total student population and to keep facility costs to a minimum. Current CCCUA students and high school students from Pike County have indicated that they would enroll in college courses offered both in Nashville and Murfreesboro as needed to complete their program requirements. Enrollment at both locations would be possible because Murfreesboro is only 20 minutes from the Nashville site.

Murfreesboro community leaders are supportive of the proposed off-campus site and believe that the convenience of college course offerings will increase the area college-going rate and will expand economic development opportunities. While there may be a need to offer over 50 percent of an associate degree in Murfreesboro, there is no intention to offer an entire associate degree program at the location. The actual number of courses offered will be determined by student interest, classroom space requirements, and the availability of adjunct faculty. Each semester 50-150 students are expected to enroll in 4-5 courses at the Murfreesboro site. No full-time faculty or administrative staff will be assigned to the proposed Murfreesboro site.

Costs

CCCUA will purchase a commercial property on the main highway in downtown Murfreesboro (301 West Main Street) and will renovate the unoccupied portion of the building (6500 square feet) for classroom and faculty office space. Facility costs, including building renovation costs, will be \$300,000. Local bank financing has been arranged and the loan feasibility is outlined in Agenda Item No. 18. Funds for adjunct faculty and facility operation will be covered by student tuition and fees, state general revenue, and building rental income.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the establishment of the CCCUA Murfreesboro College Outreach Center, and the offering of selected general education and academic support courses at this location, effective Fall 2010.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and the Chair of the Board of Trustees of the University of Arkansas System, and the Chancellor of Cossatot Community College of the University of Arkansas of the approval.

ROLE AND SCOPE CHANGE UNIVERSITY OF ARKANSAS AT PINE BLUFF

Role and Scope Review Process

AHECB Policy 5.20.1a outlines the process and procedures institutions must follow in order to request a change in the program types and/or program levels approved by the AHECB, and the process to be followed during the review and consideration of that request. According to adopted policy, the process for AHECB consideration and action is as follows:

- a. After the role and scope review has been completed, ADHE staff will present the recommended role and scope statement to the AHECB for information only at its next regularly scheduled quarterly meeting.
- b. AHECB members will vote on the recommended role and scope statement at the following regularly scheduled meeting.
- c. If the role and scope change is approved, the proposed program that required the role and scope change will be reviewed and presented to the AHECB in keeping with program proposal guidelines.

In keeping with AHECB Policy 5.20.1a, if the AHECB approves the change of UAPB's role and scope at the February 2011 meeting, a review of the PhD in Aquaculture/Fisheries program will follow. The actual Ph.D. program proposal review will include an external review of the program, an ADHE recommendation and an AHECB vote.

Request for Role and Scope Change

In April, 2010, a review team visited the University of Arkansas at Pine Bluff (UAPB) campus to evaluate the institution's request for a change in role and scope from an institution offering degrees up to a master's degree to one that also offers doctoral degrees. The report is favorable to UAPB's request.

Soon after the team's visit in April, the Arkansas Department of Higher Education (ADHE) became aware of certain issues involving the nursing and dietetics programs at UAPB. ADHE now believes that further review of the institution by consultants with experience in institutional effectiveness and academic program management may be beneficial to the Arkansas Higher Education Coordinating Board (AHECB) in order to determine whether these issues are systemic.

In light of these issues and the recommendations contained in the review team's report, ADHE will be supportive of a change in role and scope for UAPB if UAPB agrees to the following actions:

1. Allow an extensive review of institutional effectiveness of the institution by a second out-of-state review team before the January AHECB meeting, and agree to work with ADHE to implement appropriate recommendations from the review team as part of a comprehensive institutional effectiveness plan.
2. Report to ADHE all accreditation probations, notices, warning, and related sanctions regarding any programs at UAPB upon receipt;
3. Appoint a Graduate Dean with experience in doctoral level programs; and
4. Work with ADHE to implement appropriate suggestions contained in the reviews for transitioning to a doctoral granting institution.

ADHE Executive Staff Recommendation

Resolved, ADHE Executive Staff recommend approving UAPB's request for a change in role and scope.

**INSTITUTIONAL CERTIFICATION ADVISORY COMMITTEE
RESOLUTIONS**

The Institutional Certification Advisory Committee (ICAC) met on September 28, 2010, for its regular quarterly meeting. ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolutions:

Reappointment of Institutional Certification Advisory Committee Member

Arkansas Code Annotated §6-61-302 empowers the Arkansas Higher Education Coordinating Board to appoint individuals to the Institutional Certification Advisory Committee. The law designates several institutional categories that must have representation on the committee. Each member is appointed to a term of nine years with the term of one member expiring annually.

Mr. Kent Schroeder, Executive Director of the Arkansas Residential Assisted Living Association, has been recommended to fill one of the two positions designated for a chief administrator of a proprietary institution.

RESOLVED, That pursuant to ACA §6-61-302, the Arkansas Higher Education Coordinating Board reappoints Mr. Kent Schroeder as a member of the Institutional Certification Advisory Committee. This term expires December 31, 2019.

FURTHER RESOLVED, That the Coordinating Board expresses appreciation to Mr. Kent Schroeder for his willingness to serve as a member of the Institutional Certification Advisory Committee, and instructs the Director of the Arkansas Department of Higher Education to communicate this appreciation to Mr. Schroeder.

Program Certifications

American Public University – Charles Town, West Virginia

Initial Certification – Distance Technology

Bachelor of Arts in Emergency and Disaster Management

Bachelor of Arts in Homeland Security

Bachelor of Arts in Intelligence Studies

Bachelor of Science in Sports and Health Sciences

Master of Arts in Homeland Security

Master of Business Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to American Public University, Charles Town, West Virginia, to offer the following degree programs to Arkansas residents through distance technology: Bachelor of Arts in Emergency and Disaster Management, Bachelor of Arts in Homeland Security, Bachelor of Arts in Intelligence

Studies, Bachelor of Science in Sports and Health Sciences, Master of Arts in Homeland Security, and the Master of Business Administration. The initial certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of American Public University, Charles Town, West Virginia, that certification and recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of American Public University, Charles Town, West Virginia, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Bryan College – Springfield, Missouri

Initial Certification – Distance Technology and Campus in Rogers, Arkansas

Associate of Applied Science in Medical Administrative Specialist
Associate of Applied Science in Criminal Justice

Initial Certification – Distance Technology

Associate of Applied Science in Business Administration and Management
Associate of Applied Science in Computer Information Systems – Networking
Associate of Applied Science in Medical Assistant

Recertification – Rogers Campus

Associate of Applied Science in Business Administration and Management
Associate of Applied Science in Computer Information Systems – Networking
Associate of Applied Science in Medical Assistant
Associate of Applied Science in Exercise Specialist

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Bryan College, Springfield, Missouri, to offer the following degree programs to Arkansas residents by distance technology and at the campus in Rogers, Arkansas: Associate of Applied Science in Medical Administrative Specialist and the Associate of Applied Science in Criminal

Justice. The initial certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Bryan College, Springfield, Missouri, to offer the following degree programs to Arkansas residents by distance technology: Associate of Applied Science in Business Administration and Management, Associate of Applied Science in Computer Information Systems – Networking, and the Associate of Applied Science in Medical Assistant. The initial certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants recertification to Bryan College, Springfield, Missouri, to offer the following degree programs to Arkansas residents at the campus in Rogers, Arkansas: Associate of Applied Science in Business Administration and Management, Associate of Applied Science in Computer Information Systems – Networking, Associate of Applied Science in Medical Assistant, and the Associate of Applied Science in Exercise Specialist. The recertification is for a period of five years and expires on October 29, 2015.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of Bryan College, Springfield, Missouri, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Bryan College, Springfield, Missouri, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

DeVry University – Naperville, Illinois

Initial Certification – Distance Technology

Bachelor of Science in Biomedical Engineering Technology

Bachelor of Science in Computer Engineering Technology

Bachelor Science in Electronic Engineering Technology

Bachelor of Science in Liberal Studies

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to DeVry University, Naperville, Illinois, to offer the following degree programs to Arkansas residents by distance technology: Bachelor of Science in Biomedical Engineering Technology, Bachelor of Science in Computer Engineering Technology, Bachelor Science in Electronic Engineering Technology, and the Bachelor of Science in Liberal Studies. The initial certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of DeVry University, Naperville, Illinois, that certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of DeVry University, Naperville, Illinois,, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

**Ecclesia College – Springdale, Arkansas
Recertification**

Associate of General Studies
Bachelor of Science in Sport Management
Bachelor of Science in Business Administration

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants program recertification to Ecclesia College, Springdale, Arkansas, to offer the following degree programs to Arkansas residents: Associate of General Studies, Bachelor of Science in Sport Management, and the Bachelor of Science in Business Administration. The recertification is for a period of five years and expires on October 29, 2015.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Department of Higher Education to notify the administration of Ecclesia College, Springdale, Arkansas, that recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the

charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Ecclesia College, Springdale, Arkansas, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Franklin University – Columbus, Ohio
Initial Certification – Distance Technology
Bachelor of Science in Business Economics
Bachelor of Science in Financial Planning
Bachelor of Science in Interactive Media Design

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Franklin University, Columbus, Ohio, to offer the following degree programs to Arkansas residents through distance technology: Bachelor of Science in Business Economics, Bachelor of Science in Financial Planning, and the Bachelor of Science in Interactive Media Design. The certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Franklin University, Columbus, Ohio, that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Franklin University, Columbus, Ohio, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Kaplan University – Davenport, Iowa
Initial Certification – Distance Technology

Master of Science in Legal Studies
Master of Health Care Administration
Master of Public Health

Recertification - Distance Technology

Associate of Applied Science in Business Administration
Master of Business Administration
Master of Science in Management

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Kaplan University, Davenport, Iowa, to offer the following degree programs to Arkansas residents by distance technology: Master of Science in Legal Studies, Master of Health Care Administration, and the Master of Public Health. The certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants recertification to Kaplan University, Davenport, Iowa, to offer the following degree programs to Arkansas residents by distance technology: Associate of Applied Science in Business Administration, Master of Business Administration, and the Master of Science in Management. The recertification is for a period of five years and expires on October 29, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Kaplan University, Davenport, Iowa, that the initial certification and recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Kaplan University, Davenport, Iowa, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such

certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

University of Phoenix – Phoenix, Arizona

Initial Certification – Distance Technology, and Little Rock and Rogers campuses

Bachelor of Science in Accounting

Accounting Graduate Certificate

Marketing Graduate Certificate

Human Resource Management Certificate

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to the University of Phoenix, Phoenix, Arizona, to offer the following degree programs to Arkansas residents through distance technology and at the Little Rock and Rogers campuses: Bachelor of Science in Accounting, Accounting Graduate Certificate, Marketing Graduate Certificate, and the Human Resource Management Certificate. The certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of the University of Phoenix, Phoenix, Arizona, that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of the University of Phoenix, Phoenix, Arizona, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Walden University – Minneapolis, Minnesota

Initial Certification – Distance Technology

Bachelor of Science in Accounting

Bachelor of Science in Health Studies

Bachelor of Science in Information Technology

Master of Science in Forensic Psychology

Master of Science in Health Informatics

Doctor of Philosophy in Psychology

Recertification – Distance Technology

Master of Science in Software Engineering
Master of Science in Systems Engineering
Doctor of Philosophy in Public Policy and Administration
Doctor of Philosophy in Management

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to Walden University, Minneapolis, Minnesota, to offer the following degree programs to Arkansas residents through distance technology: Bachelor of Science in Accounting, Bachelor of Science in Health Studies, Bachelor of Science in Information Technology, Master of Science in Forensic Psychology, Master of Science in Health Informatics, and the Doctor of Philosophy in Psychology. The certification is for a period of two years and expires on October 29, 2012.

FURTHER RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants recertification to Walden University, Minneapolis, Minnesota to offer the following degree programs to Arkansas residents through distance technology: Master of Science in Software Engineering, Master of Science in Systems Engineering, Doctor of Philosophy in Public Policy and Administration, and the Doctor of Philosophy in Management. The recertification is for a period of five years and expires on October 29, 2015.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Walden University, Minneapolis, Minnesota, that the initial certification and recertification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Walden University, Minneapolis, Minnesota, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

INSTITUTIONAL CERTIFICATION ADVISORY COMMITTEE REPORT

The Institutional Certification Advisory Committee (ICAC) met on September 28, 2010, for its regular quarterly meeting.

ICAC members present at the meeting or via conference call were: Ms. Connie Nelson, Dr. Allen Meadors, Mr. Kent Schroeder, Mr. Dan Jordan, Mr. Ron Kelton, Mr. Ken Hoppe, and Ms. Deborah Germany. Dr. Jerol Swaim, Dr. Wayne Hatcher, and Ms. Brenda Germann were unable to attend.

Institutional representatives present at the meeting or via conference call were: Ms. Missy Thompson, American Public University; Ms. April Durnell, Bryan College; Ms. Tera Baker, DeVry University; Mr. J.E. Watkins, Ms. Donna Brown and Mr. Oren Paris III, Ecclesia College; Ms. Jan Lyddon and Ms. Evelyn Levina, Franklin University; Ms. Holly Roth, Kaplan University; Mr. Phillip Quintana, Mr. Randy McCormick and Mr. Steve Jones, University of Phoenix.

ADHE members present: Ms. Zanette Douglas and Ms. Alana Boles.

Students from the University of Arkansas at Little Rock's doctoral program in higher education present: Ms. Amanda Davis, Ms. Kimberly Morton, Ms. Debi Head, and Ms. Sheena Brooks. UALR Professor, Dr. Greg Barrett, also was present.

Ms. Zanette Douglas, ICAC Coordinator, called the meeting to order at 2:00 p.m. Ms. Douglas introduced and welcomed ICAC members, guests, and institutional representatives.

Program Summaries

American Public University, Charles Town, West Virginia

Initial Certification- Distance Technology

Bachelor of Arts in Emergency Disaster Management

Bachelor of Arts in Homeland Security

Bachelor of Arts in Intelligence Studies

Bachelor of Arts in Sports and Health Sciences

Master of Arts in Homeland Security

Master of Business Administration

Initial Program Summaries

The **Bachelor of Arts in Emergency and Disaster Management** degree program prepares students for careers in emergency management and public safety. The components of the program are: all-hazards approach, emergency and disaster management phases, risk assessment, prevention and management, counter-terrorism, consequence management, mitigation, and recovery. The program is accredited by the Foundation of Higher Education for Disaster and Emergency Management and Homeland Security.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in emergency management, emergency and disaster management, industrial technology with an emphasis in safety, and international affairs. The faculty have credentials in antiterrorism, forensics, explosives ordinance disposal, pre-disaster mitigation, planning, response to natural disasters, rapid deployment, and fire services at local, tribal, and state levels, as well as at the national level. Many faculty members are board-certified emergency managers through the International Association of Emergency Managers.

Enrollment

Expected enrollment is 16 Arkansas students.
There are 1,291 students currently enrolled nationwide.

Curriculum

Bachelor of Arts in Emergency and Disaster Management
122 semester credit hours

General Education Requirements – 35 semester credit hours

English

ENGL101 - Proficiency in Writing
ENGL102 - Effectiveness in Writing or
ENGL200 - Composition and Literature

Mathematics

Select one course:

MATH110 - College Algebra or
MATH111 - College Trigonometry or
MATH125 - Math for Liberal Arts or
MATH225 - Calculus

Science

Select two courses with the required one-hour lab

ITCC100 – Introductory Digital Literacy
SCIN100 - Introduction to Biology
SCIN101 - Introduction to Biology Lab
SCIN102 - Introduction to Chemistry
SCIN103 - Introduction to Chemistry Lab
SCIN104 - Introduction to Human Anatomy and Physiology
SCIN105 - Introduction to Human Anatomy and Physiology Lab
SCIN106 - Introduction to Physics
SCIN107 - Introduction to Physics Lab
SCIN108 - Introduction to Astronomy
SCIN109 - Introduction to Astronomy Lab
SCIN110 - Introduction to Forestry
SCIN111 - Introduction to Forestry Lab

SCIN112 - Introduction to Oceanography
SCIN113 - Introduction to Oceanography Lab
SCIN116 - Introduction to Physical Geology
SCIN117 - Introduction to Physical Geology Lab
SCIN118 - Introduction to Human Ecology
SCIN119 - Introduction to Human Ecology Lab
SCIN190 - Introduction to Environmental Science
SCIN191 - Introduction to Environmental Science Lab

Humanities

Select one course

ARAB100 - Arabic I
ARAB101 - Arabic II
ARTH200 - Art Appreciation
COMM200 - Public Speaking
FREN100 - French I
FREN101 - French II
GERM100 - German I
GERM101 - German II
HRMT101 - Human Relations Communications
MUSI200 - Music Appreciation
PHIL101 - Introduction to Philosophy
PHIL200 - Introduction to Ethics
RELS201 - Introduction to World Religions
RUSS100 - Russian I
RUSS101 - Russian II
SPAN100 - Spanish I
SPAN101 - Spanish II

Literature

Select one course

LITR201 - World Literature through the Renaissance
LITR202 - World Literature since the Renaissance
LITR210 - English Literature: Beowulf to 18th Century
LITR211 - English Literature: 18th Century to Present
LITR220 - American Literature before the Civil War
LITR221 - American Literature from the Civil War to Present

Social Sciences

Select one course

HIST101 - American History to 1877 or
HIST102 - American History since 1877 or
POLS210 - American Government I

Select two courses

HIST111 - World Civilization before 1650
HIST112 - World Civilization since 1650

HIST121 - Western Civilization before the Thirty Years War
HIST122 - Western Civilization since the Thirty Years War
HIST221 - African-American History before 1877
HIST222 - African-American History since 1877
HIST223 - History of the American Indian
ANTH100 - Introduction to Anthropology
CHFD220 - Human Sexuality
ECON101 - Microeconomics
ECON102 - Macroeconomics
GEOG101 - Introduction to Geography
PSYC101 - Introduction to Psychology
SOC111 - Introduction to Sociology
SOC1220 - American Popular Culture

Political Science

Select one course

IRLS210 - International Relations I

POLS210 - American Government I

Institutional Requirements – 3 semester credit hours

COLL100 - Foundations of Online Learning

Degree Requirements – 45 semester credit hours

COLL300 - Research, Analysis, and Writing

EDMG220 - Emergency Planning

EDMG230 - Emergency and Disaster Incident Command

EDMG320 - Natural Disaster Management

EDMG340 - Consequence Management

HLSS301 - Homeland Security Organization

PBHE413 - Special Operations in Emergency Medical Services

POLS410 - Public Policy

PSYC431 - Psychology of Disaster

SCIN114 - Introduction to Meteorology

SCIN115 - Meteorology Lab

EDMG498 - Senior Seminar in Emergency and Disaster Management

Select four courses

EDMG240 - Chemistry of Hazardous Materials

EDMG259 - Hazard Mitigation and Preparedness

EDMG420 - Risk Communications

HLSS211 - Emergency Response to Terrorism

HLSS212 - Chemical, Biological, and Radiological Hazards

HLSS213 - Weapons of Mass Destruction Incident Command

HLSS215 - Regulatory Issues in Weapons of Mass Destruction

HLSS230 - Chemistry of Explosives

HLSS231 - History of Explosive Ordinance Disposal

HLSS232 - Electronics, Electricity, and Explosives

HLSS233 - Explosive Incident Assessment: Methods, Practices, Protocols
HLSS234 - Organization for Explosive Ordnance Disposal
HLSS311 - Border and Coastal Security
HLSS312 - Port Security
PBHE426 - Quarantine
TLMT381 - Hazardous Materials Management

Electives- 39 semester credit hours

Students may choose any courses that have not been used to fulfill core or major requirements. Sixteen hours must be upper-level credit.

The **Bachelor of Arts in Homeland Security** degree program provides curriculum in a number of areas across the national security and emergency management spectrum. Components of the program are: all-hazards approach, emergency and disaster management, risk prevention and management, counter-terrorism, consequence management and consequence mitigation.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in military operation, strategic intelligence, public policy and administration in homeland security and coordination, national security and strategic studies.

Enrollment

Expected enrollment is 8 Arkansas students.
There are 885 students currently enrolled nationwide.

Curriculum

Bachelor of Arts in Homeland Security
121 semester credit hours

General Education Requirements – 35 semester credit hours

Listed on pages 10-12

Institutional Requirements – 3 semester credit hours

Listed on page 12

Degree Requirements – 30 semester credit hours

COLL300 - Research, Analysis and Writing
EDMG220 - Emergency Planning
EDMG340 - Consequence Management
HLSS101 - Homeland Defense
HLSS211 - Emergency Response to Terrorism
HLSS212 - Chemical, Biological and Radiological Hazards
HLSS213 - Weapons of Mass Destruction Incident Command
HLSS301 - Homeland Security Organization
HLSS320 - Intelligence and Homeland Security

HLSS498 - Senior Seminar in Homeland Security

Select four courses

EDMG240 - Chemistry of Hazardous Materials
 EDMG420 - Risk Communications
 FSMT321 - Community Fire Mitigation and Protection
 FSMT405 - Fire Safety and Risk Reduction
 HLSS104 - Chemical and Biological Defense
 HLSS153 - The International Terrorist
 HLSS201 - Islamic Fundamentalism
 HLSS215 - Regulatory Issues in Weapons of Mass Destruction
 HLSS225 - Intermediate Terrorism
 HLSS311 - Border and Coastal Security
 HLSS312 - Port Security
 INTL440 - Cyber Warfare
 INTL443 - Foreign Intelligence Organizations
 INTL434 - Threat Analysis
 ISSC362 - IT Security: Attack and Defense
 ITMG381 - Cyber Law and Privacy in a Digital Age
 PBHE426 - Quarantine
 POLS410 - Public Policy
 PSYC431 - Psychology of Disaster
 SCMT370 - Principles and Theory of Security Issues
 TLMT381 - Hazardous Materials Management

Electives - 42 semester hours

Students select courses that have not been used to fulfill core or major requirements. Twenty-five hours must be upper-level.

The **Bachelor of Arts in Intelligence Studies** degree program provides instruction in multidisciplinary fields and is designed for students who are currently employed or wish to pursue positions as military, civilian, or corporate intelligence specialists. The program's core courses contain curriculum in the evolution, structures, functions, capabilities, and activities of the U.S. national intelligence community and in knowledge and analytical skills required by professionals in the intelligence community. Students may also pursue concentrated study in several functional areas or intelligence sub-fields.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in military operational art and science, public policy and national security, security policy studies, administration of justice, unconventional warfare, strategic intelligence, and business and organizational security management.

Enrollment

Expected enrollment is 27 Arkansas students.

There are 4,857 students currently enrolled nationwide.

Curriculum

Bachelor of Arts in Intelligence Studies
121 semester credit hours

General Education Requirements – 35 semester credit hours

Listed on pages 11-12

Institutional Requirements – 3 semester credit hours

Listed on page 12

Degree Requirements – 27 semester credit hours

INTL300 - Research Methods in Intelligence Studies
INTL301 - The U.S. Intelligence Community
INTL302 - History of U.S. Intelligence
INTL303 - Introduction to Intelligence
INTL304 - Intelligence Collection
INTL305 - Law and Ethics in Intelligence
INTL401 - Critical Analysis
INTL402 - Intelligence Analysis
INTL498 - Senior Seminar in Intelligence Studies

Electives – 33 semester credit hours

Students select any courses that have not been used to fulfill core or major requirements.

Focus Areas – 24 semester credit hours

Students may choose a general focus area or select from a focus in criminal intelligence, intelligence analysis, intelligence collection, intelligence operations or terrorism studies. Students must take four of their major courses from the focus area and four courses from the general focus area.

General Focus Area

Select eight courses

HLSS320 - Intelligence and Homeland Security
INTL408 - Counterintelligence Operations
INTL409 - Counterintelligence Analysis
INTL410 - Counterintelligence
INTL411 - International Criminal Organizations
INTL412 - Espionage/Counterespionage
INTL413 - Denial and Deception
INTL414 - Intelligence and Assassination
INTL415 - Covert Action
INTL416 - Spycraft
INTL420 - Geographic Intelligence
INTL421 - Signals Intelligence and Security

INTL422 - Open Source Collection
INTL423 - Human Intelligence
INTL424 - Interrogation
INTL425 - Imagery Intelligence
INTL430 - Intelligence Data Analysis
INTL431 - Criminal Intelligence Analysis
INTL432 - Geographic Information Systems I
INTL433 - Geographic Information Systems II
INTL434 - Threat Analysis
INTL440 - Cyber Warfare
INTL441 - Joint Forces Intelligence Planning
INTL442 - Tactical Intelligence
INTL443 - Foreign Intelligence Organizations
INTL444 - Contemporary Intelligence Studies
INTL445 - Introduction to the War on Drugs
INTL450 - Terrorism and Counterterrorism
INTL451 - Terrorism and U.S. National Security
INTL453 - Illicit Finance
INTL454 - Forecasting Terrorism
INTL460 - China Country Analysis

- INTL453 - Illicit Finance
- INTL454 - Forecasting Terrorism
- PSYC360 - Psychology of Terrorism

The **Bachelor of Science in Sports and Health Sciences** degree program is a study of human, physical, psychological, and related issues concerning sports, recreation, health, and wellness. Students study a core of issues central to this field and also have the opportunity to concentrate in specific areas of sports and health interest, including athletic performance, coaching, sports management, and pre-sports medicine.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in sport management, instructional sport leadership, exercise science, fitness management, and physical education.

Enrollment

Expected enrollment is 23 Arkansas students.
There are 3,165 students currently enrolled nationwide.

Curriculum

Electives – 3-6 semester credit graduate hours

The **Master of Business Administration** degree program provides application of business theory and practice of business marketing, management, finance, law, information systems, and strategy and advanced business. The MBA allows students to concentrate in areas of entrepreneurship, global business management, information technology management, accounting, finance, nonprofit management, and national security resource allocation.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in business administration management, finance, organizational leadership, economics, human resource, and management studies.

Enrollment

Expected enrollment is 17 Arkansas students.
There are 1,679 students currently enrolled nationwide.

Curriculum

Master of Business Administration
36-39 semester credit hours

Program Admission Requirements – 9 semester credit hours

Students must have a Bachelor of Business Administration degree from a program with Association of Collegiate Business Schools and Programs accreditation or the student must take the following three courses before beginning the MBA program. These three courses will count toward elective requirements.

BUSN601 - Global Management Perspective
BUSN602 - Managerial Analysis
BUSN603 - Quantitative Analysis

Degree Requirements – 18- 21 semester credit hours

BUSN620 - Strategic Management
BUSN623 - Legal and Ethical Issues in Management
BUSN625 - Applied Decision Making
ECON600 - Managerial Economics
FINC600 - Corporate Finance
MKTG600 - Marketing Management

BUSN698 - Comprehensive Examination OR
BUSN699 - Business Administration Practicum and Integration
This course will satisfy three semester hours of an elective requirement.

Electives – up to 9 semester credit hours

Students select from other graduate courses not taken to meet core or concentration requirements.

Concentrations – 9 semester credit hours

General program

Select three courses

ACCT600 - Intermediate Accounting I
ACCT601 - Intermediate Accounting II
ACCT605 - Cost Accounting
ACCT610 - Advanced Accounting

ADHE Staff Recommendation

The Arkansas Department of Higher Education (ADHE) staff has determined that degree programs offered through distance technology by American Public University meet the criteria for initial certification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a two-year certification expiring October 29, 2012, for the following programs offered through distance technology:

Bachelor of Arts in Emergency Disaster Management
 Bachelor of Arts in Homeland Security
 Bachelor of Arts in Intelligence Studies
 Bachelor of Arts in Sports and Health Sciences
 Master of Arts in Homeland Security
 Master of Business Administration

Motion to accept ADHE staff's recommendation of a two-year initial certification of these programs was made by Mr. Ken Hoppe with a second by Mr. Kent Schroeder. The motion passed.

**Bryan College, Springfield, Missouri
 Recertification – Rogers Campus**

Associate of Applied Science in Business Administration and Management
 Associate of Applied Science in Computer Information Systems – Networking
 Associate of Applied Science in Medical Assistant
 Associate of Applied Science in Exercise Specialist

Initial Certification – Distance Technology and Rogers Campus

Associate of Applied Science in Criminal Justice
 Associate of Applied Science in Medical Administrative Specialist

Initial Certification – Distance Technology

Associate of Applied Science in Business Administration and Management
 Associate of Applied Science in Computer Information Systems - Networking
 Associate of Applied Science in Medical Assistant

Accreditation and Licensure

Bryan College is accredited by the Accrediting Council for Independent Colleges and Schools (ACICS) for onsite and online courses and degrees. It is approved to offer certificate and associate of applied science degree programs in Missouri by the Missouri Department of Higher Education and in Kansas by the Kansas State Board of Regents. The Arkansas Higher Education Coordinating Board granted initial certification of associate of applied science degrees for the campus in Rogers,

Arkansas, in October 2006 with recertification in October 2008. This is the first request for initial certification of programs through distance technology from Bryan College.

Degree Requirements

The curriculum for the associate of applied science (AAS) degree meets the Arkansas general education requirements of 22.5 quarter credit hours (15 semester credit hours) and the requirement of 36 quarter credit hours (24 semester credit hours) in the technical area. The total hours required for completion of the AAS degree program are 108 quarter credit hours (72 semester credit hours).

Program Delivery

Bryan College uses a quarter credit hour system. Courses are offered in 10-week sessions. Arkansas students will enroll in three courses each 10-week session--two on-campus courses and one online course.

Distance Technology Instruction

Technical Support

Online courses are delivered via Comcourse. Students have 24-hour access to online courses and technical support.

Faculty Hiring and Development

Master hiring requirements have been established to act as a guide to ensure that the same standards are followed at all the Bryan College campuses as well as online. The requirements meet Arkansas faculty hiring requirements.

All new instructors are required to attend a 15-hour orientation period prior to the first day of instruction. This orientation process is considered part of the hiring process.

A Faculty Development Plan for each faculty is created and implemented the first of each academic year. The Plan identifies in-services, professional growth, continuing education, membership, and participation in professional organizations and any other related growth opportunities. The plan includes both professional and teaching related materials. Every June, the plans are reviewed with the faculty. All faculty members teaching an online delivery course are required to attend an institutional training and attend in-service updates every three months covering topics applicable to online teaching.

Assessment

Ongoing evaluations of student outcomes are monitored and any grades falling below satisfactory academic progress are addressed. The Director of Online Education counsels the student and follows the institutional academic probation process. Student evaluation forms are completed three times a year, and the instructor's evaluation forms are completed at the end of each course. Classroom observation reports conducted periodically throughout the year, student transcripts, minutes of meetings, and the final Institutional Effectiveness Report are completed at the end of each year to verify the evaluation process and provide improvement information that can be addressed.

Library

Bryan College provides materials to serve as supplemental information for each of its programs. In addition, ProQuest, an online research center, offers access to more than 3,820 titles, published since 1971. It features a mix of scholarly journals, trade publications, magazines, and newspapers. The materials contain a core list of publications and supplemental subject-specific modules covering art, business, children, education, general interest, health, humanities, law, military, multicultural, psychology, sciences, social sciences, and women's interest. All of these resources can be accessed by all students enrolled at Bryan College.

The library has a professional staff member to supervise and manage the library and instructional resources. The librarian assists faculty with the integration of library resources into all phases of the institution, curricula, and educational offerings and assists students in their use of library materials and electronic resources.

The Associate of Applied Science in Business Administration and Management, Associate of Applied Science in Computer Information Systems – Networking, and Associate of Applied Science in Medical Assistant programs were first certified in 2006 and are being submitted for recertification for the Rogers, Arkansas, campus and for initial certification through distance technology. Associate of Applied Science degrees in Criminal Justice and in Medical Administrative Specialist are being submitted for initial certification through distance technology.

Recertification – Rogers, Arkansas Campus

Certification: October 30, 2008

Enrollment: 4

Graduates: 2

Initial Certification Summaries, Distance Technology, Rogers Campus

The **Associate of Applied Science in Criminal Justice** degree program prepares students for entry-level employment or advancement in law enforcement, corrections, probations, immigration security services, and comparable types of employment. The

curriculum provides a broad understanding of the criminal justice system in the United States and a fundamental knowledge of the social and behavioral sciences.

Faculty

A review of the faculty credential requirements indicates the faculty members teaching courses in this degree program will be hired with a minimum of a master's degree in criminal justice or similar field or at least a master's degree with 18 graduate semester-credit hours in criminal justice or a closely-related field.

Enrollment

Expected enrollment is 50 Arkansas students.

There are no students currently enrolled in the program as it will begin following certification.

Curriculum

Associate of Applied Science in Criminal Justice
94.5 quarter credit hours (63 semester credit hours)

AAS General Education – 22.5 quarter credit hours (15 semester credit hours)

English

GEN 120 Composition I

GEN 180 Technical Writing

Mathematics

GEN200 College Algebra

Computer Applications/Fundamentals

CA 110 Introduction to Computer Applications

Social Sciences

GEN 130 Introduction to American Politics for AAS in Criminal Justice or

GEN140 Psychology for AAS in Medical Administrative Specialist

Other Institutional Requirements – 22.5 quarter credit hours (15 semester credit hours)

CA100 Introduction to Software Management

CA120 Strategies for Success

GEN101 Introduction to Algebra

GEN115 Foreign Language

GEN140 Psychology or

GEN 130 Introduction to American Politics

Degree Requirements – 49.5 quarter credit hours (33 semester credit hours)

CJ100 Legal Ethics

CJ110 Criminal Law

CJ115 Criminal Procedures

CJ120 Criminal Justice Administration

CJ200 Criminal Investigation

CJ205 Introduction to Law Enforcement
 CJ210 Criminology
 CJ215 Introduction to Security
 CJ220 Introduction to Corrections
 CJ225 Case Report Writing
 CJ400 Criminal Justice Externship

The **Associate of Applied Science in Medical Administrative Specialist** degree program offers a foundation of knowledge and skills of a medical office professional in management. Students learn to use decision-making skills required for medical office management and includes the use of technology to develop communication skills, familiarization with health care providers, medical office bookkeeping & accounting, and reimbursement methods.

Faculty

A review of the faculty credential requirements indicates the faculty members teaching courses in this degree program will be hired with a minimum of a master's degree in the medical field or at least a master's degree with 18 graduate semester-credit hours in a medical or a closely-related field.

Enrollment

Expected enrollment is 30 Arkansas students.

There are no Arkansas students currently enrolled at the Rogers campus or online as the program will begin following certification.

There are five students currently enrolled in the program nationwide.

Curriculum

ADHE Staff Recommendation

The ADHE staff has determined that Bryan College, Springfield, Missouri, offering programs at the Rogers, Arkansas Campus meet the criteria for recertification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a five-year certification expiring October 29, 2015, for the following programs:

Associate of Applied Science in Business Administration and Management
Associate of Applied Science in Computer Information Systems - Networking
Associate of Applied Science in Medical Assistant
Associate of Applied Science in Exercise Specialist

Motion to accept ADHE staff's recommendation of a five-year recertification for these programs was made by Dr. Allen Meadors with a second by Ms. Connie Nelson. The motion passed.

The Arkansas Department of Higher Education (ADHE) staff has determined that Bryan College, Springfield, Missouri, offering programs through distance technology and at the Rogers, Arkansas Campus meet the criteria for initial certification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a two-year certification expiring October 29, 2012, for the following programs:

Associate of Applied Science in Criminal Justice
Associate of Applied Science in Medical Administrative Specialist

Motion to accept ADHE staff's recommendation of a two-year initial certification for these programs was made by Ms. Deborah Germany with a second by Ms. Connie Nelson. The motion passed.

The Arkansas Department of Higher Education (ADHE) staff has determined that Bryan College, Springfield, Missouri, offering programs through distance technology meet the criteria for initial program certification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a two-year certification expiring October 29, 2012, for the following programs offered through distance technology:

Associate of Applied Science in Business Administration and Management
Associate of Applied Science in Computer Information Systems - Networking
Associate of Applied Science in Medical Assistant

Motion to accept ADHE staff's recommendation of a two-year initial certification for these programs was made by Mr. Ken Hoppe with a second by Mr. Dan Jordan. The motion passed.

DeVry University, Naperville, Illinois

Initial Certification – Distance Technology

Bachelor of Science in Biomedical Engineering Technology
 Bachelor of Science in Computer Engineering Technology
 Bachelor of Science in Electronics Engineering Technology
 Bachelor of Science in Liberal Studies

Initial Program Summary

The **Bachelor of Biomedical Engineering Technology** degree program prepares graduates to enter the work force as technical professionals with competencies in designing and implementing hardware and software solutions to biological or medical problems in bioengineering processes and tools. The curriculum focuses on physiological bioinstrumentation and informatics. The degree provides a foundation in biological sciences as well as core competencies required of electronics engineering technologists.

Faculty

A review of the current faculty credentials indicates the faculty members teaching courses in this degree program have master's and doctoral degrees in electrical engineering, engineering management, and computer science.

Enrollment

Expected enrollment is 5 Arkansas students.

There are no students enrolled as the program will begin in November, 2010.

This degree is being proposed in AL, AZ, CA, CO, FL, GA, IL, IN, KS, KY, MI, MD, MN, MO, MS, NC, NJ, NV, NY, OH, OK, OR, PA, TN, TX, VA, WA, WI, and WV.

The **Bachelor of Science in Computer Engineering Technology** degree program is an applications-oriented approach to designing and implementing: software; interfaces linking computers to other physical systems; and computer systems or digital subsystems. Students learn to design software systems; create code and protocols; test and evaluate hardware and software products and processes; and diagnose and solve problems.

Faculty

A review of the current faculty credentials indicates the faculty members teaching courses in this program have master's degrees in computer science, engineering management, electrical engineering, and engineering.

Enrollment

Expected enrollment is four Arkansas students.

There 385 students enrolled nationwide.

This degree is currently offered in AL, AR, AZ, CA, CO, FL, GA, IL, IN, KS, KY, MI, MD, MN, MO, MS, NC, NJ, NV, NY, OH, OK, OR, PA, TN, TX, VA, WA, WI, and WV.

The **Bachelor of Science in Liberal Studies** degree program is designed for students to develop a set of applied skills around a chosen concentration area. Focused concentrations are composed of a multidisciplinary courses of study in applied technologies, business, communications, humanities, mathematics, science, and the social sciences.

Faculty

A review of the current faculty credentials indicates the faculty members teaching courses in this program have master's degrees in business administration, computer education, earth science, economics, English, journalism, management, political science, psychology, and Juris Doctorates.

Enrollment

Expected enrollment is five Arkansas students.

There are no students enrolled as the program will begin Spring, 2011.

This degree is proposed be offered in AZ, CA, CO, FL, IL, IN, KS, KY, MI, MN, MO, NC, OK, OR, TX, VA, WA, WI, and WV.

ADHE Staff Recommendation

The Arkansas Department of Higher Education (ADHE) staff has determined that DeVry University, Naperville, Illinois, offering programs through distance technology meets the criteria for initial program certification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a two-year certification expiring October 29, 2012, for the following program:

Bachelor of Science in Biomedical Engineering Technology
Bachelor of Science in Computer Engineering Technology
Bachelor of Science in Electronic Engineering Technology
Bachelor of Science in Liberal Studies

Motion to accept ADHE staff's recommendation of a two-year initial certification was made by Mr. Kent Schroeder with a second by Dr. Allen Meadors. The motion passed.

**Ecclesia College, Springdale, Arkansas
Recertification**

Associate of General Studies
Certification: October 2008
Enrollment: 5 Arkansas students

Graduates: 2 Arkansas graduates

Bachelor of Science in Business Administration
Certification: October 2008

ADHE Staff Recommendation

The Arkansas Department of Higher Education (ADHE) staff has determined that Ecclesia College offering programs at the Springdale, Arkansas, campus meets the criteria for program recertification defined by Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a five-year recertification under Arkansas Code §6-61-301, which will expire October 29, 2015, for the following programs:

Associate of General Studies
Bachelor of Science in Business Administration
Bachelor of Science in Sport Management

Motion to accept ADHE staff's recommendation of a five-year recertification for these programs was made by Ms. Connie Nelson with a second by Ms. Deborah Germany. The motion passed with one abstention.

Franklin University, Columbus, Ohio
Community College Alliance
Initial Certification – Distance Technology
Bachelor of Science in Business Economics
Bachelor of Science in Financial Planning
Bachelor of Science in Interactive Media Design

Initial Program Summaries

The **Bachelor of Science in Business Economics** degree completion focuses on the systematic study of the production, conservation, and allocation of resources in conditions of scarcity, together with organizational frameworks related to these processes. The major was developed to prepare students for careers as financial or business analysts, grant writers, actuaries, insurance analysts, and investor relations representatives. The coursework provides career tracks for business and community leaders, public policy researchers, and consultants and includes a capstone course. The courses are developed in both six and twelve week formats.

Faculty

A review of current faculty credentials indicates that the majority of the program faculty members teaching courses in this program have master's and doctoral degrees in economics, industrial organization and international business, and finance.

Enrollment

Expected Arkansas enrollment is 2 students.

Currently, there are 15 students enrolled in the program.

The program is currently offered in Illinois, Indiana, and Ohio

Curriculum

Bachelor of Science in Business Economics Degree Completion Program

124 semester credit hours

Transferred Associate Degree hours – 60 semester credit hours

Degree completion hours required at Franklin – 64 semester credit hours

General Education

Franklin University students are part of the Community College Alliance (CCA) program and are able to meet the 15 semester credit hours of Arkansas general education requirements at the associate level at their CCA partner colleges. In addition, students must either transfer in or complete 20 additional semester credit hours of general education requirements for a bachelor's degree at Franklin:

Mathematics

MATH160 College Algebra OR

MATH180 Applied Calculus OR

MATH210 Finite Mathematics OR

MATH215 Statistical Concepts

Science

Science112 Introduction to Human Biology and Science

Science 114 Earth Science

Science 131 Environmental Science

Fine Arts/Humanities

HUMN211 Introduction to Ethical Analysis and Reasoning

HUMN210 Introduction to Logic and Thinking Skills

Social Sciences

Students must transfer in either a U.S. History course or Government course which may be taken at the two-year institution.

SOCL110 Introduction to Sociology

PSYC110 General Psychology

Business Core Required Bridge Courses – 20 semester credit hours of the course requirements that may not be met from the associate degree program

Once the associate level work is completed, students complete 20 semester credit hours of pre-requisite coursework, indicated as bridge courses, at the community

colleges. Once the bridge courses are completed, students then complete the online courses required for the bachelor's degree.

The **Bachelor of Science in Financial Planning** degree completion program provides strategies for assisting individuals or small business owners in managing their financial affairs to meet life or business goals and objectives. Students are provided curriculum that includes a variety of financial planning activities, financial analyses criteria, and

optimal strategies in which to create a comprehensive financial plan. The area of financial planning consists of six major components: (1) principles of financial planning (2) investment and wealth management (3) insurance planning and risk management and income tax planning (5) retirement planning and employee benefits, and (6) estate planning. The major is designed to prepare students for careers in personal financial planning, investment and wealth management, income tax planning, risk and insurance management, employee benefits, retirement planning, and estate planning.

The program is registered with the Certified Financial Planner (CFP®) Board of Standards, Inc. Students may become eligible to sit for the national examination for the CFP® designation.

Faculty

A review of current faculty credentials indicates that the majority of the faculty members teaching courses in this program have master's and doctoral degrees in business administration, economics, management, finance, economics, and law and tax.

Enrollment

Expected Arkansas enrollment is two students.

Currently, there are 17 students enrolled in the program.

The program is currently offered in Illinois, Indiana, and Ohio

Initial Program Summaries

The **Master of Science in Legal Studies** degree program is designed in two parts. The first is a foundational approach that provides students with a fundamental understanding of the legal process, dispute resolution, use of the law library and legal writing, ethical decision making, and jurisprudence and legal history. The second part is an intensive study of courses that utilizes a problem-based inquiry model of learning. Students use real-world social, economic, political, and institutional problems to examine the interface of the law and legal principles with the issues presented.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in labor and employment, environmental law, political science, and Juris Doctorates.

Enrollment

Expected student enrollment in Arkansas is five students per term. There are 452 students nationwide enrolled in this program.

Curriculum

Master of Science in Legal Studies

State and Local Government

LS 605: Organization and Function of State Government

LS 606: Legislative Process

LS 607: Gubernatorial and Administrative Process

The **Master of Science in Health Care Administration** degree program provides concepts, values, research methods, and applications to assist students in the development of a leadership career in healthcare administration within local, state and federal government or in private industry. The core curriculum includes: healthcare administration; organizational development; leadership; healthcare finance and economics, law, and statistics; human resources; healthcare operations and quality assessment; health policy, ethics, and marketing; health information management; and community health assessment. Students are taught to apply principles of healthcare administration to develop administrative, ethical, and professional skills. Students complete an externship at an approved site during the Master's Capstone in Healthcare Administration course.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in health administration, health education, health and nutrition, health sciences, medical science, nursing administration, and public health.

Enrollment

Expected student enrollment in Arkansas is five students per term.
There are 64 students nationwide enrolled in this program.

HA 565: Health Information Management and Assessment
HA 570: Health Care Ethics
HA 575: Health Care Marketing
HA 599: Master's Capstone in Health Care Administration

The **Master of Public Health** degree program's curriculum is designed to provide students with content knowledge and skills in the areas of public health. Students learn concepts, values, research methods, and applications in applying principles of public health to the education of individuals and community, and develop administrative, ethical, and professional skills that may enable them to assume leadership positions in the field of public health. Core curriculum topics include public health policy and management; epidemiology and biostatistics; health education and health care administration; behavioral sciences; and occupational and environmental health. Students can choose a specialization in public health program development, health education, and epidemiology.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in community health, public health, environmental health, health science, and medical science.

Enrollment

Expected student enrollment in Arkansas is five students per term.
There are 97 students nationwide enrolled in this program.

Curriculum

Master of Public Health
60 quarter credit hours (40 semester credit hours)

Degree Requirements – 44 quarter credit hours (29 semester credit hours)

HA 510: Organizational Development for Health Care
HA 520: Health Care Finance and Economics
HA 565: Health Information Management and Assessment

ADHE Staff Recommendation

The Arkansas Department of Higher Education (ADHE) staff has determined that Kaplan University, Davenport, Iowa, offering programs meets the criteria for program recertification defined by Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a five-year recertification under Arkansas Code §6-61-301, which will expire October 29, 2015, for the following programs:

Associate of Applied Science in Business Administration
Master of Science in Business Administration
Master of Science in Management

Motion to accept ADHE staff's recommendation of a five-year recertification was made by Ms. Connie Nelson with a second by Mr. Kent Schroeder. The motion passed.

The Arkansas Department of Higher Education (ADHE) staff has determined that Kaplan University, Davenport, Iowa, offering programs through distance technology meets the criteria for initial certification as defined by the Rules and Regulations of the

Institutional Certification Advisory Committee. ADHE staff recommends a two-year certification expiring October 29, 2012, for the following programs:

Master of Science in Legal Studies
 Master of Health Care Administration
 Master of Public Health

Motion to accept ADHE staff's recommendation of a two-year initial certification of these programs was made by Mr. Ken Hoppe with a second by Ms. Deborah Germany. The motion passed.

University of Phoenix – Phoenix, Arizona
Initial Certification – Distance Technology, Little Rock and Rogers Campuses
 Bachelor of Science in Accounting
 Accounting Graduate Certificate
 Marketing Graduate Certificate
 Human Resource Management Certificate

Initial Program Summaries

The **Bachelor of Science in Accounting** degree program is designed to provide knowledge and skills necessary for an accounting career. The curriculum includes accounting course work at the introductory and intermediate levels and the areas of auditing and taxation. Ethics and international issues are emphasized throughout the curriculum, along with core competencies in technology, which are embedded in all courses, and communication. Economics, statistics, business law, corporate finance, and marketing provide the general business overview and context necessary for accounting studies.

Faculty

A review of faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in business administration and accounting.

Enrollment

Projected enrollment is five students.
 There are 478 students enrolled nationwide.

Alabama, Arizona, Georgia, Missouri, and Wisconsin offer the program by distance technology. Arizona, Georgia, and Wisconsin offer the program on site.

Curriculum

Self-Designed

Students in the Self-Designed concentration may take any four courses from the Information Technology concentrations listed above.

The **Master of Science in Health Informatics** degree program is designed students to gain an in-depth understanding of new and existing digital technology and health information management systems within the context of the U.S. healthcare system. The curriculum prepares students for the development, implementation, evaluation and management of information technology solutions to improve patient health and the healthcare delivery process. Students also learn about the utilization of health information technology for decision support, knowledge management, strategic planning, and outcomes assessment and management to optimize cost efficiencies in the healthcare system. The curriculum includes information technologies for improving healthcare delivery and cost efficiencies and analysis of data to identify early patterns of diseases, illness, and injury and review prevention and treatment options.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have master's and doctoral degrees in health informatics, health sciences, public health, and policy analysis and management.

Enrollment

Expected enrollment is five Arkansas students.

There are 64 students currently enrolled nationwide.

This degree is currently offered in all states.

The **Doctor of Philosophy in Psychology** degree program is designed to prepare scholar-practitioners to facilitate positive change in individuals, groups, organizations, and local, national, and global communities. The program prepares learners to integrate psychological theory, research, established methods of scientific inquiry, and evidence-based practices that incorporate cultural and individual diversity. The curriculum provides a training model of an integrated, developmental, and sequential plan of study that includes web-based and face-to-face coursework; residencies that provide opportunities for knowledge and skill acquisition, ethical practice, and professional socialization; field training; and demonstration of research competency. The program includes online courses focused on real-world solutions, face-to-face residencies, and faculty mentoring to support students through their dissertation.

Faculty

A review of the current faculty credentials indicates that the faculty members teaching courses in this program have doctoral degrees in psychology.

Enrollment

Expected enrollment is five Arkansas students.
 There are 3,015 students currently enrolled nationwide.
 This degree is currently offered in all states.

ADHE Staff Recommendation

The Arkansas Department of Higher Education (ADHE) staff has determined that Walden University, Minneapolis, Minnesota, offering the following programs through distance technology meets the criteria for initial program certification as defined by the Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a two-year initial certification under Arkansas Code §6-61-301, which will expire October 29, 2012, for the following programs:

Bachelor of Science in Accounting
 Bachelor of Science in Health Studies
 Bachelor of Science in Information Technology
 Master of Science in Forensic Psychology
 Master of Science in Health Informatics
 Doctor of Philosophy in Psychology

Motion to accept ADHE staff's recommendation of a two-year initial certification was made by Mr. Dan Jordan with a second by Mr. Kent Schoeder. The motion passed.

The Arkansas Department of Higher Education (ADHE) staff has determined that Walden University, Minneapolis, Minnesota, offering programs by distance technology meet the criteria for recertification defined by Rules and Regulations of the Institutional Certification Advisory Committee. ADHE staff recommends a five-year recertification under Arkansas Code §6-61-301, which will expire October 29, 2015, for the following programs:

Master of Science in Software Engineering
 Master of Science in Systems Engineering
 Doctor of Philosophy in Public Policy and Administration
 Doctor of Philosophy in Management (Degree name change from Doctor of Philosophy in Applied Management and Decision Making)

Motion to accept ADHE staff's recommendation of a five-year recertification was made by Ms. Deborah Germany with a second by Ms. Connie Nelson. The motion passed.

LETTERS OF NOTIFICATION

The Director of the Arkansas Department of Higher Education (ADHE) has approved the following program requests since the July 2010 AHECB meeting. According to AHECB policy 5.11, program actions approved by the ADHE Director must be included on the AHECB meeting agenda prior to initiation and may require further review by the Coordinating Board.

Program – Deletion

Arkansas State University-Newport

Technical Certificate in Paramedic (DC 2510; Fall 2010)

Associate of Applied Science in Paramedic (DC 3510; Fall 2010)

Cossatot Community College of the University of Arkansas (January 2011)

Certificate of Proficiency in Cisco Certified Network Associate (DC 4425)

Associate of Applied Science in Environmental and Safety Technology (DC 0475)

Program – Inactive

East Arkansas Community College (January 2011)

Certificate of Proficiency in Geographic Information Systems (DC 1464)

Technical Certificate in Geographic Information Systems (DC 1466)

Associate of Applied Science in Computer Information Systems (DC 0320)

Associate of Applied Science in Drafting and Design (DC 0430)

Associate of Applied Science in Electronics (DC 0460)

Associate of Applied Science in Environmental Health and Safety (DC 0475)

Associate of Applied Science in Applied Engineering (DC 4487)

University of Arkansas at Little Rock (Fall 2010)

Bachelor of Business Administration in Advertising and Public Relations (DC 1910)

Program – Reactivation

Pulaski Technical College (Fall 2010)

Advanced Certificate in Computer Information Systems (DC 1240; 24 credit hours)

Program – Name Change

Cossatot Community College of the University of Arkansas (Spring 2011)

Technical Certificate in Radio/TV Production (DC 2091) changed to **Technical Certificate in Radio Broadcasting/TV Production**

University of Central Arkansas (Spring 2011)

Master of Science in Education in Advanced Studies in Teaching and Learning (DC 6750; 30 credit hours) changed to **Master of Science in Education in Advanced Studies in Teacher Leadership**

Program - Licensure/Endorsement

Arkansas State University – Jonesboro (Fall 2010)

Algebra I Endorsement (16-17 credit hours; also offered at ASUB and ASUMH)

Program Requirements

MATH 1023 College Algebra or
MATH 1054 Pre-calculus Mathematics
MATH 2204 Calculus I or
MATH 2194 Survey of Calculus
STAT 3233 Applied Statistics I
MATH 3003 Geometry for Middle School Teachers
MATH 3333 Math for School Teachers III

Program - Licensure/Endorsement - Curriculum Revision

University of Arkansas at Little Rock (Fall 2010)

Master of Science in Education in Special Education Early Childhood Instructional Specialist option (DC 5870; 33 credit hours)

Deleted Courses

ECED 7343 Families, Early Development and Disabilities
AUSP 7393 Infant/Toddler Communication
SPED 7141 ECSE Clinical Experience I
SPED 7142 ECSE Clinical Experience II
SPED 7144 Collaboration in the Field
SPED 7206 Families and Individuals with Disabilities
SPED 7292 Field Experience I
SPED 7295 Field Experience II
SPED 7296 Field Experience III
SPED 7154 Physical and Health Management

New Curriculum

SPED7301 Foundations of Special Education
SPED7302 Technology in Special Education
SPED7305 Managing in the Learning Environment
SPED 7351 Assessment in Special Education
SPED 7390 Assessment in SPED Practicum
EDFN 7303 Introduction to Educational Research
SPED 7309 Seminar in Special Education
SPED7343 Disability Law (*Formerly ECED 7343 Families, Early Development & Disabilities*)

Instructional Specialist P-4

SPED 5312 Medical Problems
SPED 7342 ECSE Assessment/Intervention II

Mid-South Community College (January 2011)

Certificate in Proficiency in General Aviation Maintenance Technology

(CIP 47.0607; 18 credit hours)

Program Requirements

- AMTG 1003 Aviation Math and Basic Physics
- AMTG 1004 Basic Aviation Electricity

- AMTG 1033 Aviation Tools, Materials, and Processes
- AMTG 1054 Aircraft Familiarization
- AMTG 1074 Aviation Regulations, Documentation and Drawing

NorthWest Arkansas Community College (Fall 2010)

Technical Certificate in Architectural Design (CIP 15.1301; 24 credit hours)

Program Requirements

- DRFT 1234 Engineering Graphics I
- DRFT 2114 AutoCAD I
- DRFT 2154 AutoCAD II
- DRFT 2233 3-D Building Modeling and Documentation (REVIT)
- DRFT 2253 Architectural Design
- DRFT 2353 Residential Design and Construction
- DRFT 2363 Commercial Design and Construction

Technical Certificate in Civil/Landscape Design (CIP 15.1301; 24 credit hours)

Program Requirements

- DRFT 1234 Engineering Graphics I
- DRFT 2114 AutoCAD I
- DRFT 2154 AutoCAD II
- DRFT 2163 Landscape and Design
- DRFT 2263 Civil Engineering Fundamentals
- DRFT 2403 Site Planning and Land Development
- DRFT 2423 Garden and Plant Design

Technical Certificate in Mechanical Design (CIP 15.1301; 25 credit hours)

Program Requirements

- DRFT 1234 Engineering Graphics I
- DRFT 1244 Engineering Graphics II
- DRFT 2114 AutoCAD I
- DRFT 2154 AutoCAD II
- DRFT 2533 Parametric Modeling (Inventor)
- DRFT 2123 Advanced Engineering Graphics
- DRFT 2343 Design and Production Technology

Ozarka College (Spring 2011)

Certificate of Proficiency in Banking and Finance (CIP 52.0803; 18 credit hours)

Program Requirements

- BANK 1013 Principles of Banking
- BANK 2013 Law and Banking
- MGMT 2603 Financial Planning
- CIS 1333 Microcomputer Applications
- CIS 2353 Electronic Spreadsheets
- IST 2713 Computer Ethics and Security

Rich Mountain Community College (Spring 2011)

Certificate of Proficiency in Aviation Management (CIP 47.0609; 10 credit hours)

Program Requirements

AVI	202	Managerial Communication
AVI	212	Fiscal Aspects of Aviation Management
AVI	222	Legal Aspects of Aviation Management
AVI	232	Aviation Industry Regulations
AVI	242	Aviation Work Center Management

Southern Arkansas University-Tech (Fall 2010)

Certificate of Proficiency in Defense/Aerospace Technology (CIP 15.0801; 9 credit hours)

Program Requirements

DA	1003	Introduction to Defense/ Aerospace Manufacturing
DA	1013	Defense/Aerospace Manufacturing I
DA	1023	Defense/Aerospace Manufacturing II

Certificate of Proficiency in Aerospace Technology (CIP 15.0801; 9-12 credit hours)

Program Requirements

AM	1013	Survey of Aviation
AM	1003	Fundamentals of Math and Physics
AM	1503	Aircraft Standards I and/or
AM	1703	Basic Electricity

Program – Option

NorthWest Arkansas Community College (Fall 2010)

Option in Architectural Design (18-21 hours) in Associate of Applied Science in Computer-Aided Drafting and Design (DC 0425)

Program Requirements

DRFT	2233	3-D Building Modeling and Documentation (REVIT)
DRFT	2253	Architectural Design
DRFT	2353	Residential Design and Construction
DRFT	2363	Commercial Design and Construction
6 -9 hours from the following		
DRFT	2283	Advanced REVIT
DRFT	2533	Parametric Modeling (Inventor)
DRFT	2293	Modeling and Presentation
DRFT	2493	Building Systems
DRFT	2263	Civil Engineering Fundamentals
CISM	1223	Photoshop
ART	1313	Design I
CISM	2123	Web Page Design

Option in Civil/Landscape Design (18-21 hours)

Program Requirements

DRFT	2263	Civil Engineering Fundamentals
DRFT	2403	Site Planning and Land Development
DRFT	2163	Landscape and Design
DRFT	2423	Garden and Plant Design

6 -9 hours from the following

- GEOS 2943 Introduction to Geographic Information Science (GIS)
- DRFT 2293 Modeling and Presentation
- DRFT 2233 3-D Building Modeling and Documentation (REVIT)
- HORT 2004 Principles of Horticulture
- BOTY 2404 Survey of the Plant Kingdom
- HORT 2303 Introduction to Turfgrass Management

Option in Mechanical Design (18-21 hours)

Program Requirements

- DRFT 2533 Parametric Modeling (Inventor)
- DRFT 2523 Introduction to Geometric and Tolerancing
- DRFT 2123 Advanced Engineering Graphics
- DRFT 2343 Design and Production Technology

6 -9 hours from the following

- DRFT 2543 Advanced Parametric Modeling
- DRFT 2293 Modeling and Presentation
- CISM 2123 Web Page Design
- GNEG 1103 Introduction to Engineering
- CISM 1223 Photoshop
- BLAW 2013 Legal Environment of Business I
- OSHA 2533 Safety and Health Risk Management

Program - Reconfiguration – Option

Southeast Arkansas College (Spring 2011)

Associate of Applied Science in Nursing (DC 0715; 75 credit hours) reconfigured to include

RN Generic Option

Program Requirements

- Pre-requisites
- CNA Certification
- General Education Courses
- RN Course Requirements
- RN Generic Option - 16 credit hours
- NURS 1602 Core Nursing Concepts I
- NURS 1612 Core Nursing Skills Concepts I
- NURS 1622 Core Nursing Concepts II
- NURS 1632 Core Nursing Skills Concepts II
- NURS 2116 Nursing Process I
- NURS 2122 Nursing Practicum I

Program – Reconfiguration – Degree

Arkansas State University – Jonesboro (January 2011)

Master of Science in Biology (DC 6120) with Biotechnology emphasis reconfigured to create

Professional Science Masters in Biotechnology (CIP 26.0101; 36 credit hours)

Program Requirements

- BIO 6141 Introduction to Biotechnology
- BIO 6033 Bio-safety and Ethics in Research
- BIO 6144 Laboratory in Bio Techniques I

BIO 6154 Laboratory in Bio Techniques II
 MBS 6243 Molecular Genetics and Genomics
 BIO 6133 Bioinformatics and Applications
 MBS 6001 Fundamentals of Entrepreneurship for Scientists
 MGMT 6433 Entrepreneurship
 BIO 6006 Internship in Biotechnology
 Directed Electives: 6 hours from the following
 MBS 6213 Advanced Cell Biology
 BIO 5013 Population Genetics
 BIO 5103 Virology
 BIO 5113/5111 Immunology and Lab
 BIO 5123 Cell Signaling
 BIO 5133/5131 Cell Biology and Lab
 BIO 5143 Pharmacology
 BIO 6023 Genetic Engineering
 BIO 6233 Specialized Engineering
 BIO 5213/5211 Human Genetics and Lab
 BIO 6543 Cell and Molecular Neurobiology
 BIO 6702 Endocrinology
 BIO 5611 Radiation Safety
 BIO 5104 Microbiology
 BIO 5001/5003 Lab Techniques in Microscopy and Lab
 STAT 5463 Probability and Statistics II
 STAT 6623 Statistical Methods with SAS Programming
 STAT 6643 Multivariate Analysis
 MGMT 6443 Management Development Strategies
 MGMT 6453 Seminar in Contemporary Management Issues
 MGMT 6793 Business Ethics and Social Responsibility
 MKTG 6223 Strategic Marketing
 TECH 5823 Quality Assurance

University of Central Arkansas (January 2011)

Bachelor of Arts in French (DC 1450) and Bachelor of Arts in Spanish (DC 1800) reconfigured to create **Bachelor of Arts in World Languages and Cultures** (CIP 16.0101; 124 credit hours) with focus areas in French and Spanish

Program Requirements

WRTG/HONC I 1310 Introduction to College Writing or HONC 1310 Honors Core I
 WRTG/HONC II 1320 Academic Writing & Research or HONC 1320 Honors Core II
 HED/KPED 1320 Concepts of Lifetime Health & Fitness
 SPCH 1300 Basic Oral Communication

Initial Certification – Distance Technology
Bachelor of Science in Nursing (RN – BSN)

Pending Review by Arkansas State Board of Examiners in Counseling

Walden University, Minneapolis, Minnesota
Initial Certification – Distance Technology
Doctor of Philosophy in Counselor Education and Supervision

REPORT OF 2009-2010 INTERCOLLEGIATE ATHLETIC REVENUES AND EXPENDITURES

Act 245 of 1989 (A.C.A. §6-62-106) directed the Coordinating Board to develop and establish uniform accounting standards and procedures for reporting revenues and expenditures. Based on these standard definitions and formats, the Coordinating Board is to collect the financial data and provide a uniform report of each institution's athletic revenues and expenditures for the previous fiscal year to the Legislative Joint Auditing Committee and the public by November of each year.

Athletic revenues and expenditures for 2009-10 for each institution have been collected according to uniform standards and compiled in a summary report that follows this agenda item. An explanation of the reporting format follows:

1. The athletic report details revenues and expenditures for each institution.
2. Athletic revenues will match athletic expenditures unless there is an ending fund balance.
3. Act 366 of 1991 (A.C.A. § 6-62-804) prohibits athletic deficits. A designated athletic fee must be charged to the students by the institution if athletic-generated revenues (i.e., ticket sales, media/tournament/bowl, concessions/program sales, and game guarantees), foundations/clubs and other private gifts, other athletic income, auxiliary profits, and the allowable educational and general transfer do not cover the total expenditures for athletics.
4. In accordance with the uniform reporting and auditing of intercollegiate athletic expenditures of state-supported institutions of higher education, maintenance of facilities expenditures related to all intercollegiate teams and spirit groups, excluding bands, shall be reported as actual costs of operating such athletic facilities or a proration of actual costs based on athletic usage (A.C.A. § 6-62-807).

The 2009-10 total amount of athletic expenditures reported by state-supported universities is \$116,503,513 and two-year colleges is \$289,834. The statewide total is \$116,793,347, an increase of \$11,707,747 (11%) from \$105,085,600 in 2008-09. The University of Arkansas - Fayetteville accounted for 70.0 percent of the increase.

A comparison of 2009-10 actual expenditures to 2009-10 budgeted revenues certified to the Coordinating Board in July 2009 is also illustrated at the bottom of

the summary chart. Certified budgeted revenues for 2009-10 totaled \$103,815,001 for all institutions. Total actual expenditures for 2009-10 for all institutions exceeded this budgeted amount by 12.5 percent. Actual expenditures varied from the Board of Trustees-certified budgeted revenue by a range of 29 percent over the budgeted amount to 7 percent under the budgeted amount.

The following resolution is presented for the Board's consideration:

RESOLVED, That the Arkansas Higher Education Coordinating Board accepts the Report of 2009-10 Intercollegiate Athletic Revenues and Expenditures as prepared in accordance with Arkansas Higher Education Coordinating Board uniform accounting standards and definitions for athletic reporting.

FURTHER RESOLVED, That the Coordinating Board authorizes the Director to transmit the Report of 2009-10 Intercollegiate Athletic Revenues and Expenditures to the Legislative Joint Auditing Committee according to the provisions of Act 245 of 1989.

Summary of Intercollegiate Athletic Revenues and Expenditures, 2009-10

**REVISION TO BOARD POLICY REGARDING
ECONOMIC FEASIBILITY OF BOND ISSUES**

The following revisions are recommended to the current board policy regarding Economic Feasibility of Bond Issues, Section VI.B.5 adopted October 14, 2008.

AHECB POLICY FOR MAINTENANCE OF NEW FACILITIES

This policy is proposed to ensure that in the future all newly constructed or purchased facilities will have a source of funding for maintenance of the new facility. Institutions seeking approval of a loan or a bond issue for the construction or purchase of a new facility must provide for the maintenance of that facility by transferring annually to plant funds an amount as recommended by the Association of Physical Plant Administrators of Universities and Colleges (APPA). This is currently \$2.50 per gross square foot for an educational and general facility or \$1.25 per gross square foot for an auxiliary facility. A lower rate per gross square foot for a specific building/facility can be approved with appropriate justification.

It is the expectation that the institution will provide for the long term maintenance of the facility for which the funds were accrued. Funds may be utilized for facility renovation and upkeep including upgrade or replacement of equipment and furnishings of the designated building. These funds will be transferred to the plant fund annually and shall begin in the fiscal year following the completion and occupancy of the facility and will continue as long as the building is in use. The funds can also be used for critical and deferred maintenance of the institution.

These transfers shall be reported as mandatory transfers on 17-2 form and all other applicable forms. A Supplemental 17-2 form will be created to list specifically each transfer associated with the designated buildings. Buildings approved from October 2008 prior to October 2010 will report funds transferred based upon their plan identified in their bond or loan feasibility request. Buildings approved October 2010 forward will report based upon the AHECB policy adopted October 29, 2010.

The first report will be presented at the October 2011 AHECB meeting.

RESOLVED, That the Arkansas Higher Education Coordinating Board revises the Economic Feasibility of Bond Issues policies as outlined above, effective October 29, 2010.

**ARKANSAS HIGHER EDUCATION COORDINATING BOARD
REGULATIONS REGARDING ISSUANCE OF BONDS BY
INSTITUTIONS OF HIGHER EDUCATION**

I. Compliance with State Law

The structure and sales of bonds issued by state institutions of higher education shall be in conformance with all relevant provisions of state and federal law, and may contain such terms as specified by the local board in its authorizing resolution which are in compliance with state and federal law and Coordinating Board policy. Should any provision of State Board policy be found to be in conflict with state or federal law, the provisions of the law will supersede Coordinating Board policy, but other provisions contained herein shall not be affected.

II. Interest Rates

The maximum rate of interest shall be set by Arkansas law for four-year institutions and their branches, and for community and technical colleges (i.e., 5 percent per annum above the Federal Reserve Discount Rate on ninety-day commercial paper in effect in the Federal Reserve Bank in the Federal Reserve District in which Arkansas is located); the maximum interest rate established by law for the University of Arkansas law schools at Fayetteville and Little Rock is 10 percent.

III. Professional Support

In consideration of the complexities of issuing bonds, institutions of higher education are encouraged to obtain the professional advice necessary to insure that the issuance of bonds is based on the most favorable terms for the institution and in compliance with applicable state and federal laws and Coordinating Board policy.

IV. Bonds Generally

- A. The bonds shall be authorized by resolution of the institutional board of trustees, and the bonds shall be secured solely by the revenues pledged thereto, and shall not be considered a debt of the State of Arkansas.
- B. The maximum term of obligation of a series of bonds may not exceed thirty (30) years.

V. Bond Sales

- A. Bonds may be sold either on sealed or negotiated bid, whichever is considered likely to yield the most favorable terms for the institution.

- B. Notification of bonds to be sold at public sale shall be given wide distribution, including advertisement in an Arkansas newspaper that has a general statewide circulation, plus advertisements in any other publication necessary to reach the appropriate market. Notice of the sale must be published at least once a week for three consecutive weeks, with the first publication at least twenty (20) days prior to the date of sale. In addition, it is recommended that a copy of the Preliminary Official Statement (POS) be sent to the The Bond Buyer (or its successor). Paid advertisement in The Bond Buyer is not required.
- C. If the bonds are sold at public sale, the sale of the bonds shall be awarded to the bidder whose bid results in the lowest net interest cost, taking into account any premium or discount contained in such bid.

VI. Review by the Arkansas Higher Education Coordinating Board

- A. Prior to the official marketing process, the Arkansas Higher Education Coordinating Board shall review the economic feasibility of the project(s) to be financed, in whole or in part, by the issuance of bonds by public institutions of higher education, and report to the institutions its advice within thirty days of the board meeting at which the feasibility is reviewed.
- B. Requests for Coordinating Board review must be accompanied by a copy of the local board's resolution authorizing the bond issue and the projects to be funded; a description of the project(s), including the current (for renovation projects) and projected use of buildings, land acquisition, etc.; and a summary description of debt specifying the following:
1. The total amount, term of obligation, and estimated maximum interest rate of the bond issue
 2. The estimated annual debt service for the new issues
 3. The source of revenue for debt service and the estimated annual revenue from that source
 4. Existing annual debt service by revenue source
 5. **A plan for maintaining the new facility such as:**
 - **Establishment of an endowment fund for building maintenance**
 - **A portion of the annual operating budget to be set aside**
 - **Other methods**
 6. Any other information deemed necessary for complete and informed review by the Coordinating Board.

- C. When considering its advice on the economic feasibility of projects, the Coordinating Board shall consider the following guidelines in determining prudent debt service limits:
1. Educational and general projects may be financed by obligating a maximum of 25 percent of **net** student tuition and fee revenue (**gross tuition and fees less unrestricted educational and general scholarship expenditures**) for total debt service, or institutions may obligate dedicated building use fees so long as annual building use fee revenue is no less than 120 percent of annual debt service; in addition, higher education institutions may obligate local tax or special millage so long as the annual tax proceeds equal no less than 120 percent of the total annual debt service.
 2. Auxiliary projects may be financed by auxiliary revenues, dedicated building use fees, or local tax or millage so long as annual revenue from these sources is no less than 120 percent of total annual debt service.

General revenue may not be pledged in support of debt for any project.

Approved: Agenda Item No. 19
January 14, 1972

Approved: Agenda Item No. 7
July 23, 1993

Amended: Agenda Item No. 4
April 25, 2003

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

On April 25, 2003, the Higher Education Coordinating Board approved the following resolution (Agenda Item No. 4): aforementioned policies as outlined above, effective April 25, 2003.

**ECONOMIC FEASIBILITY OF LOAN
HENDERSON STATE UNIVERSITY**

Henderson State University requests approval of the economic feasibility of obtaining a loan from private lenders for an amount not to exceed \$2,750,000 with a term of up to 30 years at an annual interest rate not to exceed 7.0 percent. Proceeds from the loan will be combined with \$2,500,000 from a private source for the purpose of constructing a new dining facility on campus. The Henderson State University Board of Trustees approved the college's loan application on September 9, 2010.

The debt service on the loan will be supported by net auxiliary revenue. Coordinating Board policy regarding debt service for auxiliary projects provides that annual net auxiliary revenues should be no less than 120 percent of the total annual auxiliary debt service.

Relevant data follows:

Budgeted 2010-11 Net Auxiliary Revenue.....	\$ 2,109,192
Maximum Allowable Debt Service (\$2,109,192/120%)....	1,757,660
Existing Annual Auxiliary Debt Service.....	1,226,424
Estimated Debt Service	220,000
Amount Remaining for Additional Debt Service.....	\$ 311,236

The above data demonstrates that Henderson State University has sufficient revenue to support an auxiliary bond issue of approximately \$2,750,000 with a term up to thirty (30) years at an estimated annual interest rate not to exceed 7.0% percent.

In accordance with board policy, Henderson State University will provide for the maintenance of the facility by transferring annually to plant funds based on the APPA recommendation. The current APPA recommendation is \$1.25 per gross square foot for Auxiliary facilities. Based on 20,000 gross square feet, \$25,000 will be transferred annually.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the loan from private lenders to Henderson State University up to \$2,750,000 with a term up to 30 years at an annual interest rate not to exceed 7.0 percent to construct a dining facility on campus.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of the Trustees of Henderson State University of the Coordinating Board's resolution.

**ECONOMIC FEASIBILITY OF BOND ISSUE
EAST ARKANSAS COMMUNITY COLLEGE**

East Arkansas Community College requests approval of the economic feasibility of plans to issue bonds totaling approximately \$3.5 million with a term of up to thirty (30) years at an estimated annual interest rate not to exceed 4.85 percent. Proceeds from the bond issue will be used for educational and general purposes. The East Arkansas Community College Board of Trustees approved this financing at its meeting on August 12, 2010.

The educational and general issue will be approximately \$3.5 million with an estimated annual debt service of \$215,000. Proceeds will be used to retire existing debt, purchase facilities to house the Transportation Grant Programs, and construct an Allied Health facility. Coordinating Board policy regarding debt service provides that local tax revenue may be obligated so long as the annual tax proceeds equal no less than 120 percent of the total annual debt service.

Relevant data follows:

Estimated 2009-10 Local Tax Revenue.....	\$ 262,000
Maximum Debt Service (\$262,000/120%).....	218,333
Existing Annual E&G Debt Service.....	166,350
Existing E&G Debt Service refunded.....	(166,350)
Estimated Debt Service for Proposed Bond Issue.....	215,000
Amount Remaining for Additional Debt Service.....	3,333

The above data demonstrate that East Arkansas Community College has sufficient revenue to support an additional educational and general bond issue of approximately \$3.5 million with a term of up to 30 years at an estimated annual interest rate not to exceed 4.85 percent.

In accordance with board policy, the East Arkansas Community College will provide for the maintenance of the facility by transferring annually to plant funds based on the APPA recommendation. The current APPA recommendation is \$2.50 per gross square foot for E&G facilities. Based on an estimated total of 31,000 gross square feet, \$77,500 will be transferred annually.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for East Arkansas Community College to issue bonds for approximately \$3.5 million

with a term of up to 30 years at an estimated annual interest rate not to exceed 4.85 percent to retire existing debt, purchase facilities to house the Transportation Grant Programs, and construct an Allied Health facility.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of the Trustees of East Arkansas Community College of the Coordinating Board's resolution.

**ECONOMIC FEASIBILITY OF LOAN
COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS**

Cossatot Community College of the University of Arkansas requests approval to secure a loan from private lenders in the amount of \$300,000 with a term of 20 years at an annual interest rate not to exceed 5.25 percent. Proceeds will be used to purchase and renovate a building in order to offer classes at Murfreesboro. The University of Arkansas Board of Trustees approved the college's loan application on May 21, 2010.

The E&G issue will be approximately \$300,000 with annual debt service of approximately \$24,158. The debt service on the loan will be supported by tuition and fee revenue. Coordinating Board policy regarding debt service provides that a maximum of 25 percent of net tuition and fee revenue may be pledged to educational and general debt service.

Relevant data follows:

Educational and General

Budgeted 2009-10 Net Tuition and Fee Revenue.....	\$ 2,120,691
Maximum Allowable Debt Service (\$ 2,120,691 x 25%)...	\$ 530,173
Existing Debt Service.....	\$ 460,224
Estimated Debt Service for Proposed Issue.....	\$ 24,158
Tuition & Fee Revenue Remaining for Additional Debt Service.....	\$ 45,791

The above data demonstrates that the Cossatot Community College of the University of Arkansas has sufficient tuition and fee revenue to support a loan of \$300,000 with a term of twenty years at an annual interest rate not to exceed 5.25 percent.

In accordance with board policy, the Cossatot Community College of the University of Arkansas will provide for the maintenance of the facility by transferring annually to plant funds based on the APPA recommendation. The current APPA recommendation is \$2.50 per gross square foot for E&G facilities. Based on 13,000 gross square feet, \$32,500 will be transferred annually.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the loan from private lenders to Cossatot Community College of the University of Arkansas up to \$300,000 with a term of 20 years at an annual interest rate not to exceed 5.25

percent to purchase and renovate a building in order to offer classes at Murfreesboro.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of the University of Arkansas and the Chancellor of Cossatot Community College of the University of Arkansas of the Coordinating Board's resolution.
