**PERSONAL SERVICES RECOMMENDATIONS FOR  
NON-CLASSIFIED PERSONNEL  
2025-27 BIENNIUM**

A.C.A. §6-61-209 requires the Arkansas Higher Education Coordinating Board to present a consolidated budget request from the state-supported colleges and universities to the General Assembly and the Governor prior to each regular session of the General Assembly. As part of this process, the quantity of positions, titles, grades, and line-item maximum salaries for all administrative, academic, and auxiliary positions at each Arkansas public institution of higher education have been reviewed, and changes are recommended.

These recommendations, to be effective July 1, 2025, recognize the varying structures and sizes of institutions, while maintaining reasonable consistency among similar positions at institutions. The primary objective of the ADHE staff was to maintain relative uniformity in titles and line-item maximums for similar positions in comparable institutions, while recognizing the varying missions and structures of institutions, priorities of the new biennium, and FTE enrollment growth.

While additional positions and titles were recommended when institutions demonstrated a compelling need, ADHE staff attempted to keep the net growth at a minimum due to concerns over budget shortfalls and the expansion of state services. Salary recommendations for new positions were based on salaries for similar positions previously established at comparable Arkansas institutions. In addition to this review, this recommendation presents additional positional pool recommendations to allow institutions greater flexibility within job roles for promotion and reduce the number of overall positions needed to accommodate these promotional paths.

Institutions of higher education, apart from UAMS, have 27,058 positions currently authorized. For the 2025-27 Biennium, institutions have requested a net new request of 52 positions. ADHE staff recommends the net increase of 52 positions, for a total recommendation of 27,111 positions (a 0.2 percent increase). UAMS currently has 11,974 authorized positions and submitted a request that does not change this total. ADHE staff recommends the current level of 11,974 positions.

Institutions' state funding is not based on the number of approved positions. Additional positions do not generate a need for new funding. If institutional growth necessitates additional positions during the year, positions may be requested from the appropriate pool.

## Transaction Codes

Institutions have indicated requests for changes in currently authorized positions by entering transaction codes in the far-left column of the personal services listings included in the following pages. These transaction codes are:

- A**      **additional position** of a title currently in the institution's appropriation act.
- D**      **deletion** of one or more positions in a line.
- C**      **positions obtained from Central Pool**, position(s) approved as additional or new authorized position(s) added in between fiscal personal services requests (PSR)
- M**      **move position** from one place in the institution's appropriation to another.
- N**      **new position** of a title not currently in the institution's appropriation act.
- P**      **provisional positions** are currently authorized by local boards and reviewed by the Legislative Council under the authority of A.C.A. 6-63-305. These positions are funded by unexpected revenue sources such as federal grants, private gifts, or grants. Requests to change these to regularly authorized positions mean that future funding is from general revenue.
- Q**      **transfer** position from one institution to another institution within that system
- S**      **surrender pool**, position(s) approved as additional or new authorized position(s) added/deleted (surrendered) in between fiscal personal services requests (PSR)
- T**      **title change** of a non-classified position from its current title to a new title not currently listed in the institution's appropriation act; the maximum salary changes only by increasing it according to the State Chief Fiscal Officer's guidelines.
- U**      request for a line item salary decrease
- X**      request for a line item salary amount, which exceeds the State Chief Fiscal Officer's guidelines.

TRANSFER PROVISIONS. The state- supported institution of higher education in this act may transfer appropriations between the various line items within each appropriation contained in this appropriation act. Such transfers shall be made only after the approval of the Division of Higher Education and the Chief Fiscal Officer of the State, and the approval of the Legislative Council or Joint Budget Committee.

The General Assembly has determined that the institution in this act could be operated more efficiently if some flexibility is given to that institution and that flexibility is being accomplished by providing authority to transfer between items of appropriation made by this act. Since the General Assembly has granted the institution broad powers under the transfer of appropriations, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council or Joint Budget Committee in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, ~~2024~~ 2025 through June 30, ~~2025~~ 2026.

TRANSFER PROVISIONS. The state-supported institution of higher education in this act may transfer appropriations between the various line items within each appropriation contained in this appropriation act. Such transfers shall be made only after the approval of the Division of Higher Education and the Chief Fiscal Officer of the State, and the approval of the Legislative Council or Joint Budget Committee.

The General Assembly has determined that the institution in this act could be operated more efficiently if some flexibility is given to that institution and that flexibility is being accomplished by providing authority to transfer between items of appropriation made by this act. Since the General Assembly has granted the institution broad powers under the transfer of appropriations, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council or Joint Budget Committee in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, ~~2024~~ 2025 through June 30, ~~2025~~ 2026.
