### Cossatot Community College of the University of Arkansas Executive Budget Summary For the Fiscal Year ending June 30, 2024

### **Mission Statement:**

UA Cossatot embraces diversity and is committed to improving the lives of those in our region by providing quality education, outstanding service, and relevant industry training.

### **Budget Assumptions and Philosophy:**

UA Cossatot prepared the FY24 budget based upon the following assumptions:

- Increases in Tuition and Mandatory Fee Rates and various program fees
- ◆ 2% and/or adjustments in salaries are budgeted an overall average of 3% was achieved
- ✤ Increase in Healthcare Premiums
- ✤ A new position for a Student Activities Coordinator
- New Medical Lab Technician program with some start up costs paid for with grant funds
- Changes to Auxiliary with addition of more Housing and new Soccer program

### **Estimated Revenues:**

UA Cossatot is estimating gross Tuition and Fees to be \$4,284,483 for FY24. This includes a budgeted overall increase in Tuition and Fee revenue of \$23,168. UA Cossatot is conservatively projecting a flat student enrollment in FY24 but will gain revenues through increased tuition and fees. State Appropriations are budgeted at \$5,133,762. This is a small decrease in state appropriations from last fiscal year of \$25,526. Local Sales Tax is budgeted at \$1,814,000. This is a budgeted increase of \$122,000. Sales tax collections have been higher the past few years and we hope the trend continues. Other budgeted sources of revenue include Sales/Services of educational departments of \$90,000, Other Operating Revenues of \$94,064, and Investment Income of \$102,836. The total projected gross revenue budget for Unrestricted E&G is \$11,519,145 for FY24. This is an overall increase in budgeted revenues of \$196,542 from FY23.

Auxiliary revenues include Housing, Book Rental Program, Sports, and Café Revenues, which will bring in approximately \$528,700 for FY24.

Restricted revenues are budgeted at approximately \$3,501,435 for Federal grants and contracts. State and local grants are estimated at \$2,259,722 for FY24. Non-governmental grants and contracts are projected at \$208,467. Another \$2,495,000 is budgeted for Federal student aid grants. In addition, \$395,000 is budgeted for state student aid and \$120,000 for Other Non-Operating Grants. These are all estimates based on previous years' experience with grants and other restricted programs and the anticipation of some new grants. The college has been awarded several new grants throughout this past year and anticipates more opportunities that may increase these revenue amounts during the year. If some of the grants do not come through, budget

adjustments may be made in the future. The college is also anticipating \$190,000 in Gift Revenues for donations and fundraising through the Foundation that will support Athletic programs and is therefore part of the transfers to Auxiliary.

### **Budget Allocations:**

UA Cossatot is budgeting E&G expenditures for Compensation & Benefits at \$8,165,374. This increase over last year is due to raises and a couple of new positions. Raises are either 2% or and adjustment to address inequities in salaries and labor market demands that we began working on last year and will continue to do so as budget allows. Supplies & Services are budgeted at \$3,011,762 for FY24. The college has also budgeted \$60,000 for institutional scholarships.

Auxiliary expenditures for Compensation & Benefits are budgeted at \$100,693 for Housing, Café, Sports, and the Book Rental Program. Another \$637,028 is budgeted for Supplies & Services for these activities. This increase over last year is due to the additional Housing for this coming year and a new Soccer program. The college will transfer approximately \$19,021 to cover these auxiliary activities for the year from unrestricted and another \$190,000 from Foundation Gift Revenues from the Restricted Fund.

Restricted expenditures are budgeted at \$2,405,578 for Compensation & Benefits for various grants and contracts. In addition, \$2,500,000 is budgeted for Supplies & Services for these same grants and contracts. These amounts are based on current grant costs, as well as projections for future grants.

Scholarship Allowances are budgeted to be approximately \$1,965,000, while the Scholarship Expenditures back to students will be approximately \$1,045,000. Decreases in these scholarships are due to utilizing the additional student federal funds from SSARP funds in FY23.

Depreciation for the year is budgeted at \$945,436. Debt payments as transfers are budgeted at \$175,000 in principal payments and another \$87,988 will be the interest on the debt.

Overall, the college will have no change in net position in Unrestricted E&G, Auxiliary, and Restricted Funds, but will budget an increase of \$293,610 in Plant and overall. We feel we have been very conservative with our estimates and projections for FY24, and UA Cossatot should remain in good financial condition for the year.

### **Resource Development:**

UA Cossatot continues to seek opportunities through grants and other funding that will enhance the college and complement our mission, goals, and objectives. Currently, the college has approximately \$12 million in grants and other restricted programs. This is a vast increase this past year due to our aggressive grant writing initiative. Several of these are multi-year Federal grants and will be funded through the 2027 year. We have focused many of these grants on enhancing and building new program curriculum to offer improved degrees and pathways for students to obtain jobs. We will continue this trend in the future.
