

The seal of the State of Arkansas is a circular emblem. It features a central shield with a landscape scene, including a river, a sun, and a plow. Above the shield is a figure holding a torch and a scroll. The shield is flanked by two eagles. The entire emblem is encircled by the words "GREAT SEAL OF THE STATE OF ARKANSAS".

*10:00 a.m.**

*Time approximate. Meeting will begin at the end of the Academic Committee meeting.

ARKANSAS HIGHER EDUCATION COORDINATING BOARD REGULAR QUARTERLY MEETING

**Friday, July 25, 2014
10:00 a.m.**

Arkansas Department of Higher Education

AGENDA

I. EXECUTIVE

- *1. Approve Minutes of the March 21, 2014 Special Meeting, April 25, 2014 Regular Meeting, May 12, 2014 Special Meeting and June 12, 2014 Special Meeting
- *2. Report of Nominating Committee (AHECB Chairman)
- 3. Agency Updates (Director Shane Broadway)
- 4. Report on 2013 Fall College-Going Rate (Mr. Rick Jenkins)
- *5. Policy Clarification: Concurrent Enrollment-AHECB 5.16 (Ms. Cynthia Moten)

II. FINANCE

- *6. Operating Recommendations for 2015 – 17 Biennium (Ms. Tara Smith)
- *7. Personal Services Recommendations for Non-Classified Personnel (Ms. Smith)
- *8. Recommendations for State Funding of Capital Projects: 2015 – 17 Biennium (Ms. Smith)
- *9. Performance Based Funding (Outcomes-Centered) Measures (Ms. Smith)
- *10. Certification of Intercollegiate Athletic Budgets for 2014 – 15 (Mr. Jake Eddington)
- *11. Economic Feasibility of Bond Issue for Arkansas Tech University – Ozark (Ms. Chandra Robinson)
- *12. Economic Feasibility of Bond Issue for Northwest Arkansas Community College (Ms. Robinson)

III. ACADEMIC

- *13. New Program: Arkansas State University–Mountain Home
Technical Certificate in Hospitality Management (Ms. Lillian Williams)
- *14. New Program: Arkansas State University – Jonesboro
Doctor of Occupational Therapy and Associate of Applied Science in Occupational
Therapy Assistant (Ms. Williams)
- *15. Letters of Notification (Ms. Williams)
- 16. Letters of Intent (Ms. Moten)
- *17. New Off Campus Center: College of the Ouachitas
Off Campus Instruction Center in Sheridan, Arkansas (Ms. Moten)
- *18. Role and Scope Change-Initial Doctoral Degree: Arkansas Tech University
Doctor of Education in School Leadership (Ms. Moten)
- 19. Role and Scope Change Request: Initial Master's Degree: University of Arkansas
–Fort Smith, Master of Science in Healthcare Administration by Distance
Technology – For Information and Discussion Only (Ms. Moten)
- *20. Institutional Certification Advisory Committee: Resolutions
(Ms. Alana Boles)

FINANCE COMMITTEE

ARKANSAS HIGHER EDUCATION COORDINATING BOARD
Special Meeting via Conference Call
March 21, 2014

Minutes of Meeting

The Arkansas Higher Education Coordinating Board held a special meeting via conference call on Friday, March 21, 2014. The purpose of the meeting was to consider the economic feasibility of bond issue for Henderson State University. The meeting convened at 9:00 a.m. with a quorum present.

Coordinating Board present:

Kaneaster Hodges, Chair
Bob Crafton, Vice Chair
Dr. Charles Allen
Dr. Joe Bennett
Dr. Olin Cook
Horace Hardwick
Sherrel Johnson
Ben Pickard
Greg Revels

Coordinating Board absent:

Sarah Argue, Secretary
Florine Milligan
Mary Anne Salmon

Department staff present:

Shane Broadway, Director
Harold Criswell, Deputy Director
Chandra Robinson, Program Coordinator for Institutional Finance
Brandi Hinkle, Communications Coordinator
Nichole Abernathy, Executive Assistant

Presidents, chancellors, other institutional representatives, and guests were also present.

Chairman Hodges thanked the Coordinating Board members and guests for participating on the call.

Agenda Item No. 1
Economic Feasibility of Bond Issue
Henderson State University

Henderson State University requests approval of the economic feasibility of plans to issue bonds totaling approximately \$33.0 million with a term of up to thirty (30) years at an estimated annual interest rate not to exceed 6.35 percent. Proceeds from the bond issue will be used for auxiliary purposes. The Henderson State University Board of Trustees approved this financing at its meeting held on November 21, 2013.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Henderson State University to issue bonds not to exceed \$33.0 million in two terms of thirty (30) years at an estimated annual interest rate not to exceed 6.35 percent to purchase and update Whispering Oaks, a privately owned 288 bed apartment complex located on campus, construct a 300 bed residence hall and to construct a 240 bed apartment-style complex.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of Henderson State University of the Coordinating Board's resolution.

Chairman Hodges commented on the 6.35 percent interest rate with a term up to 30 years. He stated that's a long time.

Dr. Glen Jones, President of Henderson State University (HSU) said that he was pretty sure the interest rate would not come in close to 6.35 percent. However, when he was figuring this several months ago, he wanted to guard against interest rate risks. Because the dollar amount is so high, he wanted to make certain they would be able to cash flow this in their worst case scenario. Dr. Jones said he believes the interest rate is going to come in at 4.5 percent with a term closer to 25 years.

Dr. Charles Allen moved to recommend Agenda Item No. 1 to the Full Board for consideration. Horace Hardwick seconded, and the Committee unanimously approved.

Report of the Committee

Bob Crafton presented the report of the Finance Committee and moved approval of Agenda Item 1. Dr. Charles Allen seconded the motion and the Board unanimously approved.

Nichole Abernathy conducted a final roll call, reaffirming the quorum.

Chairman Hodges thanked everyone for participating in the meeting and announced that the next meeting would be April 25, 2014, at the Department of Higher Education in Little Rock.

With no further comments, the meeting adjourned at 9:08 a.m.

APPROVED:

Nichole Abernathy

Sarah Argue, Secretary

**ARKANSAS HIGHER EDUCATION COORDINATING BOARD
Regular Quarterly Meeting
April 25, 2014**

Minutes of Meeting

The April 25, 2014, regular meeting of the Arkansas Higher Education Coordinating Board (AHECB) was held at the Arkansas Department of Higher Education (ADHE) in Little Rock, Arkansas. Chairman Hodges called the meeting to order at 8:30 a.m. with a quorum present.

Coordinating Board present:

Kaneaster Hodges, Chair
Bob Crafton, Vice Chair
Sarah Argue, Secretary
Dr. Charles Allen
Dr. Olin Cook
Horace Hardwick
Sherrel Johnson
Florine Milligan
Greg Revels
Mary Anne Salmon

Coordinating Board absent:

Dr. Joe Bennett
Ben Pickard

Department staff present:

Shane Broadway, Director
Harold Criswell, Deputy Director
Cynthia Moten, Associate Director for Academic Programs
Rick Jenkins, Associate Director for Planning and Accountability
Tara Smith, Senior Associate Director for Finance
Janet Lawrence, General Counsel
Jeanne Jones, Program Specialist for Academic Affairs
Alana Boles, Program Specialist for Academic Affairs
Chandra Robinson, Program Coordinator for Institutional Finance
Callan Callaway, Program Coordinator for Institutional Finance
Jake Eddington, Program Specialist for Institutional Finance
Micah Gilbert, Network Support Specialist
Nichole Abernathy, Executive Assistant

Presidents, chancellors, institutional representatives, members of the press, and guests were also present.

Chairman Hodges introduced Director Shane Broadway, for a welcome. Director Broadway welcomed everyone and thanked them for coming to the AHECB meeting on such a beautiful day.

Chairman Hodges thanked Broadway for his welcome. He then introduced Emily Jordan-Cox, policy advisor for higher education in the Governor's Office. Hodges

commented that many years ago, Emily's father was not only a minister in Newport but a dear friend of his.

Agenda Item No. 1
Approval of Minutes

Mary Anne Salmon moved to approve Agenda Item No. 1. Dr. Charles Allen seconded the motion and the Board unanimously approved.

Agenda Item No. 2
Agency Updates

Director Broadway began by following up to the performance funding measures conversation from the finance committee meeting. He said the year the University of Central Arkansas (UCA) did the audit, they awarded 1,862 associate degrees. In a normal academic year, they award 20 to 25 associate degrees.

Next Broadway introduced Representative Karen Hopper from Mountain Home. He also thanked Representative Vines and Senator Samples for taking time out of their busy schedules to come talk to the board and guests.

Broadway introduced new ADHE employees Angela Lasiter and Stanley Spates, both in the finance and administration department. He then announced that Jake Eddington moved from the financial aid department to the institutional finance department. Jami Fisher with the finance and administration department resigned and June Morgan with financial aid retired.

Broadway then introduced Mark Lane, ADHE program specialist for the Career Pathways Initiative (CPI). The Coordinating Board and crowd gave Lane a standing round of applause upon hearing that he was getting ready to deploy with the Arkansas National Guard to Kuwait for a year-long tour.

Broadway announced that Dr. Bob Brown would be retiring in June after 21 years of service to Arkansas Tech University (ATU). He then introduced Brown's lovely wife Jill. Dr. Sally Carder will also be retiring in June from National Park Community College and Dr. Jack Lassiter has announced that he will be retiring in December from the University of Arkansas at Monticello. Dr. Robin Bowen has been selected as the new president of ATU. She will begin in July.

Dr. Donald Bobbitt presented a video and briefly explained the University of Arkansas eVersity. The eVersity, will cater to adult students who are unable to otherwise access a traditional college education, said Bobbitt. It also falls along the Governor's plans to increase the number of college graduates in the state.

Dr. Michael Moore, the UA System's vice president for academic affairs, said the eVersity's core principals will include providing high quality classes, affordable tuition and programs relevant to today's workforce needs.

As of Monday, April 21, more than 120 people have accepted the Governor's Distinguished Scholarship, said Broadway. More than 530 students qualified and 193 were on the waiting list, but were offered the award on April 18.

As of April 24, at least 7,500 students have accepted the Academic Challenge Scholarship. Over 17,400 applications were received, 9,600 were awarded and 7,300 still have their eligibility pending.

The "Credit When It's Due" initiative, is a partnership between the Arkansas Association of Two-Year Colleges (AATYC), Arkansas Department of Higher Education (ADHE) and the Arkansas Research Center (ARC), to award associate degrees to students who have earned the required credentials after transferring to a four-year university. The project is funded by the Kresge Foundation. Credit When It's Due, also known as reverse transfer, is aimed to increase associate degrees awarded to transfer students when they complete the requirement's for the two-year degree while pursuing a bachelor's degree. Arkansas is one of twelve states participating in this project, said Broadway.

Agenda Items No. 3 - 6
Annual Report on Credentials Awarded,
Annual Report on Student Retention and Graduation,
Annual Report on Retention and Graduation of Intercollegiate Athletes,
and Annual Report on Productivity of Recently Approved Programs

Rick Jenkins presented summary and detailed information about credentials awarded, student retention and graduation, retention and graduation of intercollegiate athletes and the productivity of recently approved programs.

Figures shown to the board indicated a 26.8 percent increase in credentials awarded from AY2009 to AY2013, up from 30,491 to 38,656 during the current 5-year period. Credentials range from certificates of proficiency to doctoral degrees and students may obtain more than one credential over the course of an educational career.

Graduation rates at Arkansas's 11 four-year universities have remained in the 38 - 40.8 percent range for the most recent 5 years, with females having the highest graduation rates. Graduation rates at Arkansas's 22 two-year colleges have increased from 17.9 to 19.3 percent for the most recent 5 years, with males having the highest graduation rates.

In Academic Year 2013, 3,109 students participated in athletics at twelve Arkansas institutions. In AY2009 there were 2,790 students participating in athletics. Data shows that graduation rates for athletes at four-year universities are from 0.1 to 4.5 percentage points higher than all students.

The graduation rates for student athletes at two-year colleges have experienced great fluctuation over the five years reviewed. This situation is tempered by the fact that there are few student athletes attending two-year colleges.

Mary Anne Salmon asked if out-of-state on-line institutions were tracked. Rick Jenkins said yes, their retention rates. However he is uncertain about the graduation rates, but would check.

Agenda Item No. 7
Policy Amendment (AHECB 5.20)
Role and Scope Change Process

ACA § 6-61-207 requires the Arkansas Higher Education Coordinating Board (AHECB) to establish appropriate institutional role and scope designations in consultation with college and university personnel, and to periodically review those designations. At its July 2008 meeting, the Coordinating Board approved revisions of the role and scope designations of all the institutions (AHECB Policy 5.20). The law also gives the AHECB the authority to change role and scope designations at any time.

The purpose of this policy amendment is to streamline the review process for role and scope change requests from Arkansas colleges and universities. Such requests are made in response to a need identified by the institution that cannot be appropriately addressed under the institution's existing role and scope designation.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Role and Scope Change Process, as amended in this agenda item, effective immediately.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to notify the presidents, chancellors, academic affairs officers, and institutional board chairs of this action.

Dr. Olin Cook moved to approve Agenda Item No. 7. Sherrel Johnson seconded the motion and the Board unanimously approved.

Public Hearing

Agenda Item No. 8
Arkansas Academic Challenge Scholarship
Rules and Regulations

The Arkansas Academic Challenge Scholarship Program has been expanded to provide opportunities for higher education to previously underserved Arkansans (traditional students and nontraditional students) due to the additional funding

made possible by the Arkansas Scholarship Lottery. The goal of this scholarship is to provide meaningful financial help to those qualifying. The scholarship will be available to all Arkansans regardless of race, gender, family income or course of study as long as the applicant meets the eligibility requirements. Academic Challenge currently serves approximately 35,000 students. The program works to promote academic rigor and excellence. The scholarship program is based on merit, one that reflects a commitment to academic achievement and degree attainment.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the rules and regulations presented in this agenda item for the Arkansas Academic Challenge Scholarship Program, to be administered jointly by the Arkansas Department of Higher Education and approved Arkansas Institutions of Higher Education.

FURTHER RESOLVED, That by the adoption of the rules and regulations presented in this agenda item, the Director of the Arkansas Department of Higher Education or his designee is authorized to promulgate these rules and regulations and to implement them for the 2014-2015 academic year.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education or his designee is authorized to make technical changes and corrections when necessary in the program rules for the Arkansas Academic Challenge Scholarship Program.

Greg Revels moved to approve Agenda Item No. 8. Horace Hardwick seconded the motion and the Board unanimously approved.

Agenda Item No. 9
Funding Formulas for the
2015-17 Biennium

The funding formula presented by the Arkansas Department of Higher Education (ADHE) in conformity with A.C.A. § 6-61-224 was developed in collaboration with the state's college and university presidents and chancellors. Each biennium the ADHE staff, in collaboration with the presidents and chancellors of the institutions, review and revise the funding models for the determination of the Arkansas Higher Education Coordinating Board (AHECB) appropriation recommendations for the institutions of higher education.

This agenda item presents the needs-based formula elements for approval. At the July meeting of the AHECB, an agenda item will be presented that will detail the total amount generated by the needs-based and outcome-centered components formula for the universities, two-year colleges, technical institutes and the justification amounts for the non-formula entities.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the funding policies described in this agenda item to be used by the institutions and Department in preparing appropriation requests for the 2015-17 biennium.

Greg Revels asked if the fringe benefits at the university level were figured into the formula. Ms. Smith said they will be added to the faculty salary amount. ADHE staff will add 8 percent to faculty salaries to account for fringe benefits.

Bob Crafton read a section of the agenda item "A.C.A. § 6-61-233 states that the implementation of the funding component of the outcome-centered formula shall not progress beyond the 2014-2015 school year until such time as the Department of Higher Education determines that all institutions are funded at the minimum standard of equity defined as seventy-five percent (75%) of needed state funding, as determined by the needs-based component of the funding formula models" then asked Ms. Smith to comment. Ms. Smith said that currently about half of the two- and four-year institutions meet the 75 percent funding level.

Greg Revels moved to recommend Agenda Item No. 9 to the full Board for consideration. Sherrel Johnson seconded and the Committee approved.

Agenda Item No. 10 Performance Funding Outcomes

Act 1203 of 2011 repealed Arkansas Code § 6-61-223 and amended §6-61-224, §6-61-228, §6-61-229, and §6-61-230. The act directed the Department of Higher Education to develop an outcome-centered component of the funding formula for colleges and universities by December 31, 2011. The Department of Higher Education, in conjunction with the presidents, chancellors and key staff at the universities and colleges and the Executive Director and key staff at the Arkansas Association of Two-Year Colleges, developed the outcome-centered component of the funding formula that was approved by the Arkansas Higher Education Coordinating Board on December 2, 2011. The funding recommendations are now based on the need component of student enrollment and the output components of student success and other performance measures. The proportion of the funding recommendation begins with five percent based on outcome-centered measures in 2013-14, increasing by five percent each year to reach 25 percent in 2017-18. In addition, A.C.A. § 6-61-233 states that the implementation of the funding component of the outcome-centered formula shall not progress beyond the 2014-2015 school year until such time as the Department of Higher Education determines that all institutions are funded at the minimum standard of equity defined as seventy-five percent (75%) of needed state funding, as determined by the needs-based component of the funding formula models.

RESOLVED, That the Arkansas Higher Education Coordinating Board accepts the report of the Performance Funding Outcomes Results as

prepared in accordance with the Arkansas Higher Education Coordinating Board performance measures.

Director Broadway reminded presidents and chancellors that when the funding formula was developed, it was determined that because there were a number of things in the formula that could change on a regular basis, it would have to be evaluated annually. As ADHE staff began looking at the score sheets, UCA and SAUT stood out because of their low scores. ADHE began investigating to determine what led to them falling below the minimum score level. It appears that some of our own initiatives, although aimed for good, may be causing this problem, said Broadway. In 2011, UCA did a degree audit and determined how many former students had met the qualifications for an associate degree. They found that a number of students met the criteria, however, had never applied for the award. UCA then awarded a number of associate degrees that year. This caused the institution's data to spike in one year. Broadway mentioned that PTC did the same thing as well, which will cause their numbers to spike next year. Unfortunately, the very thing we are trying to encourage, is hurting the institutions, said Broadway.

Greg Revels asked if last year's spike increased UCA or SAUT's funding. Because the funding formula is not fully funded, it did not, said Broadway.

Sherrel Johnson moved to recommend the approval of the review of Agenda Item No. 10 to the full Board. Kaneaster Hodges seconded and the Committee approved.

Agenda Item No. 11 Distribution of Mineral Lease Funds

According to the provisions of A.C.A. §6-61-801 through §6-61-808, there is established the Arkansas Research Development Program for providing Arkansas Research Development Program Grants to publicly-supported universities in Arkansas by the Department of Higher Education. Act 104 of 2014 provides that after the sum of \$13,200,000 has been deposited into the Higher Education Building Maintenance Fund, any additional deposits are to be transferred to the Research Development Fund to be used as provided by law.

RESOLVED, That after review by the Legislative Council, the Director of the Arkansas Department of Higher Education is authorized to distribute up to \$750,000 from the Higher Education Research Development Fund to the University of Arkansas, Fayetteville for continuing personal services and operating expenses related to ARE-ON.

Bob Crafton asked Callan Callaway to explain where the mineral leases came from. Mr. Callaway said they came from government properties all throughout the state.

Mary Anne Malone asked why funds were being distributed to the University of Arkansas, Fayetteville. Broadway explained that because ARE-ON is housed at UAF, administrative fees have to be paid.

Sarah Argue commented that the institution is requesting more funds than there are available in the account. In case another deposit is made, the institution wanted to go ahead and make a request for the additional amount of funds needed, said Callaway.

Sarah Argue said that ARE-ON is remarkable in the advancements that it is making throughout the state. However, we are being very limited in our vision by not including K-12.

Broadway said unfortunately the law limits how far ARE-ON can be extended.

Dr. Charles Allen moved to recommend the approval Agenda Item No. 11 to the full Board. Kaneaster Hodges seconded and the Committee approved.

Agenda Item No. 12
Economic Feasibility of Loan Issue
College of the Ouachitas

College of the Ouachitas (CotO) requests approval of the economic feasibility of plans to secure a loan from the College Savings Bond Revolving Loan Fund in the amount of \$1,000,000 with a term of fifteen (15) years with an annual interest rate not to exceed 0.24 percent. Proceeds from the loan will be used for educational & general (E&G) purposes for the purchase and renovation of a building for workforce training. The College of the Ouachitas Board of Trustees approved this loan financing at its meeting on February 6, 2014.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the loan from the College Savings Bond Revolving Loan Fund to College of the Ouachitas (CotO) for \$1,000,000 with a term of fifteen (15) years at an interest rate not to exceed 0.24 percent for the purchase and renovation of a building for workforce training.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of College of the Ouachitas of the Coordinating Board's resolution.

Chairman Hodges commented on the loan's low interest rate of 0.24 and asked if it was a floating rate. Chandra Robinson said that the fixed rate is low, and it is determined by the Treasury bond rate.

Chairman Hodges asked who was giving the Colleges of the Ouachitas (CotO) a loan at a low rate of 0.24. Ms. Robinson explained that the loan would be coming from the College Savings Bond Revolving Loan Fund, which goes through the Arkansas Development Finance Authority (ADFA).

Bob Crafton asked if the College Savings Bond Revolving Loan Fund had a cap.

Ms. Robinson said it does. Each institution that has had a loan from the fund, paid it back either monthly, quarterly or annually until the amount had built back up. Then another institution could borrow the funds. Currently, there are three institutions on the waiting list ready to borrow funds, said Ms. Robinson.

Chairman Hodges moved to recommend Agenda Item No. 12 to the full Board for consideration. Sherrel Johnson seconded and the Committee approved.

Agenda Item No. 13
Economic Feasibility of Bond Issue
Southern Arkansas University

Southern Arkansas University requests approval of the economic feasibility of plans to issue bonds of approximately \$10 million with a term of up to twenty (20) years at an annual interest rate not to exceed 5.0 percent. Proceeds from the bond issue will be used for auxiliary housing purposes. The Southern Arkansas University Board of Trustees approved this financing at its meeting on February 11, 2014.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Southern Arkansas University to issue bonds in an amount not to exceed \$10 million with a term of twenty (20) years at an estimated interest rate of 5.0 percent to purchase the University Village apartments on the campus of Southern Arkansas University in Magnolia, Arkansas.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of Southern Arkansas University of the Coordinating Board's resolution.

Bob Crafton asked if these are existing apartments that are privately owned. Ms. Robinson said they are.

Chairman Hodges asked what the appraisal of the apartments was. He then asked if the appraisal had any relationship to what SAU was paying for the apartments.

Chandra Robinson explained that ADHE staff didn't have that information, but they would provide it to the Board as soon as possible.

Chairman Hodges asked if this agenda was rushed together, or could it wait until someone could provide the appraised value of the apartments.

Trey Berry, SAU Provost and Vice President for Finance said that this bond issue would save the institution a lot of money. It would allow SAU to take over the property and have about a million dollars in savings. Mr. Berry said he does not know about the appraisal of the property, however, he does know that it would allow them to have substantial operational savings and interest savings for the university. Right now they are having indirect fees, this will allow them to have direct fees. This is not an extension, it is just a continuation and refinancing.

Bob Crafton announced that the Board would delay voting on the SAU bond feasibility until they received additional information about the appraisal.

Agenda Item No. 14
Economic Feasibility of Bond Issue
University of Central Arkansas

The University of Central Arkansas requests approval of the economic feasibility of plans to issue bonds of approximately \$13.5 million with a term of up to thirty (30) years at an annual interest rate not to exceed 5.75 percent. Proceeds from the bond issue will be used for educational & general (E&G) purposes. The University of Central Arkansas Board of Trustees approved this financing at its meeting on February 21, 2014.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for the University of Central Arkansas to issue bonds in an amount not to exceed \$13.5 million with a term of thirty (30) years at an estimated interest rate of 5.75 percent to fund the design and construction of the Lewis Science Addition including the replacement of the Lewis Science Center roof.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of the University of Central Arkansas of the Coordinating Board's resolution.

Chairman Hodges moved to recommend Agenda Item No. 14 to the full Board for consideration. Florine Milligan seconded and the Committee approved.

Agenda Item No. 15
Associate of Science in Aviation-Professional Pilot
Ozarka College

The Associate of Science in Aviation-Professional Pilot program will prepare students in the north central Arkansas region (Izard, Baxter, Fulton, Independence, Stone and Sharp counties) to fly single engine planes and to qualify for a single-engine pilot license. The program includes aviation specific instruction related to design, performance, flight systems, controls, flight crew operations, radio communications, navigation procedures, navigation systems, airway safety regulations, airway traffic regulations, and governmental rules and regulations. This degree also will serve as the foundation for advanced flight certification offerings, and provide the aviation student the opportunity for a seamless transfer to the Bachelor of Science in Aviation program at Henderson State University. Ozarka students planning to transfer to Henderson must maintain at least a C average in all courses required for the associate degree in aviation.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Associate of Science in Aviation-Professional Pilot (CIP 49.0102, DC 3090, 61 semester credit hours, 57% distance coursework), offered by Ozarka College effective Fall 2015; contingent on Ozarka College obtaining and maintaining Part 141 training certification from the Federal Aviation Administration (FAA). Failure to obtain and maintain FAA certification will result in the removal of the degree from the AHECB Approved Degree Programs Inventory.

FURTHER RESOLVED, That the Coordinating Board recognizes that the associate degree in aviation is guaranteed for transfer to Henderson State University; and instructs the Director of the Arkansas Department of Higher Education (ADHE) to notify the administration of Ozarka College and Henderson State University that the aviation program admission requirements, aviation associate degree plan, and the aviation bachelor's degree completion plan must be published in the institutional program materials at both institutions for advising and transfer purposes.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of Ozarka College and the President and Chair of the Board of Trustees of Henderson State University of the approval.

There were no questions.

Agenda Item No. 16
Bachelor of Science in Education in Special Education, K-12
University of Arkansas, Fayetteville

The Bachelor of Science in Education in Special Education, K-12 will enable students to major in special education at the undergraduate level and to be eligible for Arkansas licensure as a K-12 special education teacher upon graduation. Currently, the special education teaching license is added to an elementary or a secondary education license and is not a stand-alone license. Program standards recently adopted by the Arkansas State Board of Education have changed the Special Education license to a stand-alone, initial licensure area, as well as continuing the add-on license for teachers with licensure in other fields.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Bachelor of Science in Education in Special Education, K-12 (CIP 13.1001, DC 3210, 120 semester credit hours), offered by the University of Arkansas, Fayetteville, effective Fall 2014; contingent on the University of Arkansas, Fayetteville, maintaining Arkansas State Board of Education (ASBE) program standards for educator licensure. Failure to maintain ASBE program approval will result in the removal of the degree from the AHECB Approved Degree Programs Inventory.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the University of Arkansas System, and the Chancellor of the University of Arkansas, Fayetteville, of the approval.

There were no questions.

Agenda Item No. 17
Cosmetology Technical Certificate
University of Arkansas Community College at Batesville

The cosmetology program is designed to train students for careers as a cosmetologist by providing theoretical and practical instruction to qualify for licensure by the Arkansas Department of Health, Cosmetology Section. The students will become knowledgeable in hygiene, sanitation, physiotherapy, cosmericity, physiology and histology anatomy, neurology, mycology, osteology, hairdressing, manicuring, aesthetics, salesmanship, shop management, and shop deportment. One full-time faculty member will be employed as the Cosmetology School Supervisor/Instructor and one part-time instructor will be employed to assist in times when the Supervisor/Instructor is unavailable. The program curriculum is designed in accordance with Arkansas licensure requirements for cosmetology programs and the certificate program has been granted pre-approval status with the Arkansas Department of Health, Cosmetology Section.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Cosmetology Technical Certificate (CIP 12.0401, DC 4420, 42 semester credit hours) at University of Arkansas Community College at Batesville, effective January 2015; contingent on the University of Arkansas Community College at Batesville obtaining and maintaining program approval by the Arkansas Department of Health, Cosmetology Section. Failure to obtain and maintain program approval by the Arkansas Department of Health, Cosmetology Section will result in the removal of the Cosmetology Technical Certificate from the AHECB Approved Degree Programs Inventory

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of University of Arkansas System, and the Chancellor of the University of Arkansas Community College at Batesville of the approval; and that all cosmetology program materials must state clearly that cosmetology students will not be trained in or perform physiotherapy as its relates to the practice of physical therapy.

There were no questions.

Agenda Item No. 18
Technical Certificate in Industrial Technology
Cossatot Community College of the University of Arkansas

Cossatot Community College of the University of Arkansas had been aware of the need for the Technical Certificate in Industrial Technology for several years but was unable to absorb the start-up cost of a program of this complexity. Program implementation funds in the amount of \$450,000 have been provided by a community college and career training grant (Trade Adjustment Assistance Community College and Career Training) (TAACCT) awarded by the United States Department of Labor. An additional \$150,000 from the Arkansas General Improvement Fund and donations of equipment from Domtar Industries will be used for program operation.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Technical Certificate in Industrial Technology (CIP 47.0303, DC 36-41 semester credit hours) at Cossatot Community College of the University of Arkansas effective Fall 2014.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the University of Arkansas System, and the Chancellor of Cossatot Community College of the University of Arkansas of the approval.

There were no questions.

Agenda Item No. 19
Institutional Certification Advisory Committee

Initial Program Certification-Distance Technology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial certification to the institutions listed on pages 2-7 to offer the specified degree programs to Arkansas residents for a period of three years through December 31, 2017.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of said institutions that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of said institutions that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Institutional Planning and Development – Authorization to Offer Associate Degrees

Baptist Health Schools Little Rock, Arkansas

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board (AHECB) grants certification for institutional planning and development to offer an initial associate degree in nursing and an associate degree in occupational therapy assistant to Baptist Health Schools Little Rock on site in Little Rock, Arkansas. This certification for institutional planning and development is for a period of three years through December 31, 2017; which requires Baptist Health Schools Little Rock to submit an application for initial program certification no later than July 1, 2017, and to obtain initial program certification from the AHECB prior to enrolling students in any associate degree programs.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Baptist Health Schools Little Rock, Arkansas, that the certification for institutional planning and development to offer associate degree programs to Arkansas residents requires the institution to notify the Arkansas Department of Higher Education

whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; (3) changes in the method of operation of the institution's programs in Arkansas; (4) change in home state authorization; or (5) a change in institutional accreditation status.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Baptist Health Schools Little Rock, Arkansas, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Baptist Health Schools Little Rock, Arkansas

New Institution-Arkansas Campus

Institutional Planning and Development – Campus Location in Arkansas

Vista College, Richardson, Texas

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board (AHECB) grants certification to Vista College in Richardson, Texas, for institutional planning and development to establish a campus location at 3400 Rogers Avenue in Fort Smith, Arkansas, to offer specified associate degree programs to Arkansas residents contingent on the approval of a campus location in Arkansas by the Commission of the Council on Occupational Education. The certification for institutional planning and development is for a period of three years through December 31, 2017; which requires Vista College to submit an application for initial program certification no later than July 1, 2017, and to obtain initial program certification from the AHECB prior to enrolling students in any program, including the associate degree programs listed below.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of Vista College, Richardson, Texas, that the certification for institutional planning and development to establish a campus in Arkansas and to offer degree programs to Arkansas residents requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; (3) change in the method of operation of the institution's programs in Arkansas; (4) change in home state authorization; or (5) a change in institutional accreditation status.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of Vista College that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Vista College, Richardson, Texas

Florine Milligan moved to recommend Agenda Items No. 15 - 19 to the full Board for consideration. Mary Anne Salmon seconded and the Committee approved.

Agenda Items No. 20 & 21
Letters of Notification and Letters of Intent

The Department of Higher Education received notice from 11 Arkansas institutions on new programs not requiring Board action unless further review is requested by the Board. During this period, the Institutional Certification Advisory Committee received notice of requests from 102 out-of-state institutions to offer degree programs to Arkansas residents, from one out-of-state institution to offer medical and health science degrees on the campus of Arkansas State University-Jonesboro, and from one non-profit organization to establish a medical school in Fort Chaffee, Arkansas. The program notice list appears in the Letters of Notification on pages 20-1 through 20-63 and in the Letters of Intent on pages 21-1 through 21-27 of the agenda book.

Lillian Williams noted that in the Letters of Notification, due to changes in the state standards for elementary and middle-level educator licensure programs, the Associate of Arts in Teaching (AAT), was placed on hold.

Dr. Olin Cook moved to recommend that the revisions be added to policy 5.11. Sarah Argue seconded and the Committee approved.

Sarah Argue questioned whether state funds would be used in the development of the University of Arkansas at Fort Smith medical facility. Cynthia Moten said no state funds would be used.

Agenda Item No. 22
Henderson State University – Hot Springs Degree Center
Henderson State University

The administration and Board of Trustees of Henderson State University (HSU) request Arkansas Higher Education Coordinating Board recognition of an off-campus site to be called Henderson State University-Hot Springs, and Coordinating Board approval to offer courses leading to bachelor's degree completion, master's degrees, and educational specialist degrees. HSU and National Park Community College have a written agreement regarding non-duplication of course offerings; therefore, freshman and sophomore-level courses offered by National Park Community College will not be offered in Hot Springs by HSU unless the courses are specified in a written agreement between the two institutions.

RESOLVED, That the Arkansas Higher Education Coordinating Board (AHECB) approves the establishment of the Henderson State University-Downtown Hot Springs Education Center, the offering of selected courses leading to bachelor's degree completion along with the offering of master's and specialist degrees at this location effective immediately; contingent on off-campus center accreditation or recognition by the Higher Learning Commission.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education (ADHE) to inform the President and the Chair of the Board of Trustees of Henderson State University, and the President and Chair of the Board of Trustees of National Park Community College of the approval.

FURTHER RESOLVED, That the Coordinating Board instructs the ADHE Director to notify the administrations of Henderson State University and National Park Community College that an annual written agreement must be maintained that outlines the collaboration between the institutions that will prevent the duplication of course offerings, and that this agreement is subject to AHECB review should a dispute arise between the institutions on the course offerings at HSU-Hot Springs.

Dr. Maralyn Sommer, Interim Provost and Vice President of Academic Affairs at Henderson State University (HSU), said National Park Community College (NPCC) and HSU have had a great working relationship for years. Both institutions believe that by having a location downtown, we will be able to increase their enrollment numbers substantially, said Sommer. HSU currently serves about 95 students on NPCC's campus.

Dr. Sally Carder, President of National Park Community College (NPCC), said she has worked with three different presidents from HSU over the past ten years and they have a great partnership. While working together, they have offered many different courses, but not a complete degree. This will provide us the opportunity to

offer complete bachelor's degrees in Hot Springs for our constituents that work and have families and cannot drive to HSU in Arkadelphia.

Senator Bill Samples of Garland County said that this is not only important to students, but the parents that pay for the student's education. The Chamber of Commerce has surveyed the available jobs that are unfilled and determined the educational requirements that are needed for those jobs. This campus center will help students meet the educational requirements needed to fill those available job positions, said Samples.

Representative John Vines of Garland County said developing something like this has been at the forefront of Hot Springs economic development efforts. Every economic development study done has talked about the void left by not having a four-year institution's presence in Garland County. I believe we have the best two-year institution in the state, said Vines. This will just be a tremendous boost to us as well.

Chairman Hodges moved to recommend Agenda Item No. 22 to the full Board for consideration. Florine Milligan seconded and the Committee approved.

Agenda Item No. 23
Arkansas State University – Queretaro, Mexico
Arkansas State University - Jonesboro

The administration and Board of Trustees of the Arkansas State University System request Coordinating Board approval for Arkansas State University-Jonesboro to establish a branch campus in Queretaro, Mexico, to be called Arkansas State University-Queretaro, and approval to offer undergraduate and graduate degrees.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the establishment of the Arkansas State University-Queretaro, Mexico Campus, and the offering of selected bachelor's, master's, and other germane degrees at this location effective immediately; contingent on branch campus accreditation or recognition by the Higher Learning Commission, and the recognition or approval required by the appropriate Mexican government agency.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and the Chair of the Board of Trustees of the Arkansas State University System, and the Chancellor of Arkansas State University-Jonesboro of the approval.

FURTHER RESOLVED, That the Coordinating Board instructs the ADHE Director to notify the administration of Arkansas State University-Jonesboro that a written agreement must be maintained with the Association for the Advancement of Mexican Education that

outlines the responsibilities of each party, and acknowledges that the State of Arkansas is held harmless, at all times, from any claims related to Arkansas State University-Jonesboro operations in Queretaro, Mexico.

After showing an informational video about the future campus, Dr. Charles Welch, president of the Arkansas State University System, provided background information on the new branch campus in Queretaro, Mexico. Because of some connections, Mexico originally approached Texas Tech University. Texas then appointed a point person on the project, Dr. Tim Hudson, former Executive Vice President of the Texas Tech System who is now the Chancellor of ASU-Jonesboro. The Mexican officials said they wanted to remain with Hudson.

Dr. Olin Cook asked if all of the instruction would be in English. Dr. Welch said yes, it would.

Sherrel Johnson asked if this was the first American institution in Mexico. Dr. Welch said, yes.

Florine Milligan moved to recommend Agenda Item No. 23 to the full Board for consideration. Dr. Olin Cook seconded and the Committee approved.

Agenda Item No. 24 Doctor of Education in Executive School Leadership Arkansas Tech University

Arkansas Higher Education Coordinating Board (AHECB) Policy 5.20 outlines the process institutions must follow in order to request a change in the degree level approved by the AHECB, and the process to be followed during the review and consideration of that request.

If the AHECB approves the change in role and scope for Arkansas Tech University at the July 2014 meeting, an ADHE recommendation on the EdD in Executive School Leadership program will follow.

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the role and scope change for Arkansas Tech University to include the Doctor of Education in Executive School Leadership; contingent on Coordinating Board approval of the doctoral degree program and Higher Learning Commission accreditation or recognition of doctoral degrees at ATU.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of Arkansas Tech University of the conditions of the role and scope approval.

Dr. Bob Brown, President of Arkansas Tech University (ATU), displayed the April 9 edition of the Business Insider. He said inside it listed the most under rated colleges in every state. In Arkansas, it lists ATU, he said. In going through this proposal process, we believe we have addressed every problem everyone has had. I have been around longer than any other president or chancellor, and I will tell you that this has been thoroughly looked at, said Brown. Although today you are only looking at this proposal and not taking action on it, we feel we are completely ready for it. Mary Anne Salmon remarked that this is a very good idea.

Report of the Committees

Bob Crafton presented the report of the Finance Committee and moved approval of Agenda Items 9 – 12 & 14 (Agenda Item No. 13 was deferred). Greg Revels seconded the motion and the Board approved.

Sarah Argue presented the report of the Academic Committee and moved approval of Agenda Items 15 – 20 and 22 & 23. Dr. Charles Allen seconded the motion and the Board unanimously approved.

Chairman Hodges announced that the next Coordinating Board meeting would be hosted by the Department of Higher Education on July 25, 2014.

Director Broadway announced that because of term limits, this would probably be Chairman Kaneaster Hodges last Coordinating Board meeting. His term expires on May 1, 2014. Bob Crafton then presented him a plaque on behalf of the Coordinating Board and thanked him for his service to higher education.

Greg Revels stated that although he only served with Chairman Hodges a short time, he appreciated his wisdom and enjoyed serving with him.

After a brief speech, Chairman Hodges said he enjoyed serving on the Coordinating Board over the past 12 years.

With no further comments, the meeting adjourned at 12:20 p.m.

Nichole Abernathy

APPROVED:

Sarah Argue, Secretary

ARKANSAS HIGHER EDUCATION COORDINATING BOARD
Special Meeting via Conference Call
May 12, 2014

Minutes of Meeting

The Arkansas Higher Education Coordinating Board held a special meeting via conference call on Monday, May 12, 2014. The purpose of the meeting was to consider the economic feasibility of bond issue for Southern Arkansas University. The meeting convened at 3:00 p.m. with a quorum present.

Coordinating Board present:

Kaneaster Hodges, Chair
Bob Crafton, Vice Chair
Dr. Charles Allen
Horace Hardwick
Sherrel Johnson
Ben Pickard
Greg Revels
Mary Anne Salmon

Coordinating Board absent:

Sarah Argue, Secretary
Dr. Joe Bennett
Florine Milligan
Dr. Olin Cook

Department staff present:

Shane Broadway, Director
Harold Criswell, Deputy Director
Tara Smith, Senior Associate Director for Institutional Finance
Chandra Robinson, Program Coordinator for Institutional Finance
Callan Callaway, Program Coordinator for Institutional Finance
Jake Eddington, Program Specialist for Institutional Finance
Brandi Hinkle, Communications Coordinator
Nichole Abernathy, Executive Assistant

Presidents, chancellors, other institutional representatives, and guests were also present.

Chairman Hodges thanked the Coordinating Board members and guests for participating on the call.

Agenda Item No. 1
Economic Feasibility of Bond Issue
Southern Arkansas University

Southern Arkansas University requests approval of the economic feasibility of plans to issue bonds of approximately \$10 million with a term of up to twenty (20) years at an annual interest rate not to exceed 5.0 percent. Proceeds from the bond issue will be used for auxiliary housing purposes. The Southern Arkansas University Board of Trustees approved this financing at its meeting on February 11, 2014.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Southern Arkansas University to issue bonds in an amount not to exceed \$10 million with a term of twenty (20) years at an estimated interest rate of 5.0 percent to purchase the University Village apartments on the campus of Southern Arkansas University in Magnolia, Arkansas.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of Southern Arkansas University of the Coordinating Board's resolution.

Bob Crafton asked whether the replacement value was provided. Chandra Robinson said the replacement value and a letter of appraisal was provided.

Chairman Hodges commented that his previous questions and concerns have been satisfied.

Horace Hardwick moved to recommend Agenda Item No. 1 to the Full Board for consideration. Greg Revels seconded, and the Committee unanimously approved.

Report of the Committee

Bob Crafton presented the report of the Finance Committee and moved approval of Agenda Item 1. Dr. Charles Allen seconded the motion and the Board unanimously approved.

Nichole Abernathy conducted a final roll call, reaffirming the quorum.

Chairman Hodges thanked everyone for participating in the meeting and announced that the next meeting would be July 25, 2014, at the Department of Higher Education in Little Rock.

Dr. David Rankin, President of Southern Arkansas University thanked the AHECB for taking the time to approve their agenda item.

With no further comments, the meeting adjourned at 3:10 p.m.

Nichole Abernathy

APPROVED:

Sarah Argue, Secretary

ARKANSAS HIGHER EDUCATION COORDINATING BOARD
Special Meeting via Conference Call
June 12, 2014

Minutes of Meeting

The Arkansas Higher Education Coordinating Board held a special meeting via conference call on Thursday, June 12, 2014. The purpose of the meeting was to consider the economic feasibilities of bond issues for the University of Arkansas, Fayetteville and the University of Arkansas at Fort Smith. The dissolution of the State Board of Higher Education Foundation bank account was also on the agenda. The meeting convened at 10:00 a.m. with all Coordinating Board members present.

Coordinating Board present:

Kaneaster Hodges, Chair
Bob Crafton, Vice Chair
Sarah Argue, Secretary
Dr. Charles Allen
Dr. Joe Bennett
Dr. Olin Cook
Horace Hardwick
Sherrel Johnson
Florine Milligan
Ben Pickard
Greg Revels
Mary Anne Salmon

Coordinating Board absent:

Department staff present:

Shane Broadway, Director
Harold Criswell, Deputy Director
Chandra Robinson, Program Coordinator for Institutional Finance
Callan Callaway, Program Coordinator for Institutional Finance
Jake Eddington, Program Specialist for Institutional Finance
Nichole Abernathy, Executive Assistant

Presidents, chancellors, other institutional representatives, and guests were also present.

Chairman Hodges thanked the Coordinating Board members and guests for participating on the call.

Agenda Item No. 1
Economic Feasibility of Bond Issues
University of Arkansas, Fayetteville

The University of Arkansas, Fayetteville requests approval of the economic feasibility of plans to issue bonds not to exceed \$33.5 million in two series with

terms of thirty (30) years for both issues at an estimated annual interest rate not to exceed 5.0 percent for the educational and general (E&G) issue and 6.0 percent for the auxiliary issue.

The E&G issue will not exceed \$27.0 million with an annual debt service of approximately \$1.58 million and a term of thirty (30) years at an estimated annual interest rate not to exceed 5.0 percent. The annual debt service on the bond issue will be supported by several sources of revenue.

The Auxiliary issue will be approximately \$6.5 million with an annual debt service of \$348,622 million and a term of thirty (30) years at an estimated annual interest rate not to exceed 6.0 percent. The annual debt service is to be paid from revenues none of which derives from State appropriation or any student tuition or fees.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for the University of Arkansas, Fayetteville to issue bonds not to exceed \$33.5 million in two series both with a maximum of thirty (30) years at an estimated annual interest rate not to exceed 5.0 percent for the E&G issue and 6.0 percent for the Auxiliary issue. Proceeds from the bond issue will be used for various E&G and Auxiliary projects.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of the University of Arkansas and the Chancellor of the University of Arkansas, Fayetteville of the Coordinating Board's resolution.

Bob Crafton asked why the two series had the difference in interest fees, one 5.0 percent and the other 6.0 percent.

Don Pederson, vice chancellor for finance and administration at UAF, explained that tactical bonds are always at a higher rate because the purchaser of the bonds must pay taxes on the bond's interest earned, so, they earn less interest.

Greg Revels moved to recommend Agenda Item No. 1 to the Full Board for consideration. Dr. Charles Allen seconded, and the Committee unanimously approved.

Nichole Abernathy conducted a roll call to confirm that the vote was unanimous.

Agenda Item No. 2
Economic Feasibility of Bond Issue
University of Arkansas at Fort Smith

The University of Arkansas at Fort Smith requests approval of the economic feasibility of plans to issue bonds of approximately \$11 million with a term of

twenty-five (25) years at an annual interest rate not to exceed 5.0 percent. Proceeds from the bond issue will be used for educational & general (E&G) purposes. The Board of Trustees of the University of Arkansas approved this financing at its meeting on May 21, 2014.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for the University of Arkansas at Fort Smith to issue bonds in an amount not to exceed \$11 million with a term of twenty-five (25) years at an estimated interest rate of 5.0 percent to fund the acquisition, construction, equipping and furnishing of a student recreation and wellness center, and acquiring, constructing, improving, renovating, equipping and/or furnishing other capital improvements and infrastructure and acquiring various equipment and/or real property for the University of Arkansas at Fort Smith.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of the University of Arkansas and the Chancellor of the University of Arkansas at Fort Smith of the Coordinating Board's resolution.

There were no questions.

Dr. Allen moved to recommend Agenda Item No. 2 to the Full Board for consideration. Sherrel Johnson seconded, and the Committee unanimously approved.

Nichole Abernathy conducted a roll call to confirm that the vote was unanimous.

Agenda Item No. 3
Dissolution of the State Board of
Higher Education Foundation Bank Account

The State Board of Higher Education Foundation was established on May 2, 1992. The Board for the Foundation includes three annually elected members: a president, a vice president and a secretary/treasurer. The Foundation was established in order to accept private funds for specific projects for the benefit of higher education in Arkansas.

The funds remaining in the foundation bank account will be used for the final furnishings for the offices of the Arkansas Department of Higher Education (ADHE). No private funds will be accepted going forward to replenish this bank account and it will be closed henceforth.

RESOLVED, That the Arkansas Higher Education Coordinating Board use the funds for final furnishings for the offices of the ADHE.

FURTHER RESOLVED, That the Arkansas Higher Education Coordinating Board approves the dissolution of the State Board of Higher Education Foundation Bank Account.

Director Shane Broadway explained that because ADHE is having trouble providing the articles of incorporation for the SBHE Foundation to the bank, we have been unable to access the account or change the signatures on the account. Therefore, we are requesting that the account be dissolved. The funds will be used to hang institutional photos in ADHE and to purchase final furnishings for the offices.

Sherrel Johnson asked how much was in the account. Director Broadway said \$6088.00.

Bob Crafton noted that the account is drawing about 22 cents interest a month.

Kaneaster Hodges asked if the original source of the funds was private donations. We are not allocating state funds for a private purpose said Hodges.

Director Broadway said correct, the source was private funds.

Kaneaster Hodges asked how the funds would be handled by ADHE.

Director Broadway said once ADHE received the funds, they would be deposited, accounted for and audited. Broadway explained that the Department of Finance and Administration (DFA) has a policy in place for moving private funds to a state account and ADHE would adhere to their process.

Bob Crafton asked if the Foundation Committee would be dissolved at this time as well. Director Broadway said no, that would be a separate issue that would have to be discussed at a later date.

Dr. Charles Allen asked if the Foundation account was originally setup to help pay for the ADE commissioner. Director Broadway said it was.

During the discussions, Greg Revels stated that he was able to find where the SBHE Foundation filed for their articles of incorporation on the Secretary of State's website and it said it was in good standing.

Based on the new information, Chairman Hodges recommended that Agenda Item No. 3 be delayed until further information could be provided. Dr. Charles Allen seconded, and the Committee unanimously approved.

Nichole Abernathy conducted a roll call to confirm that the vote was unanimous.

Report of the Committee

Bob Crafton presented the report of the Finance Committee and moved approval of Agenda Items 1 – 2. Dr. Charles Allen seconded the motion and the Board unanimously approved.

Nichole Abernathy conducted a final roll call, reaffirming the quorum.

Chairman Hodges thanked everyone for participating in the meeting and announced that the next meeting would be July 25, 2014, at the Department of Higher Education in Little Rock.

With no further comments, the meeting adjourned at 11:03 p.m.

Agenda Item No. 2
Higher Education Coordinating Board
July 25, 2014

REPORT OF NOMINATING COMMITTEE

The Nominating Committee (Chair Dr. Joe Bennett, Mary Anne Salmon and Horace Hardwick) will make a recommendation on the Coordinating Board Vice-Chairman for 2014-15, and the Board will act upon the recommendation.

AGENCY UPDATES

Arkansas Department of Higher Education agency updates will be presented by Director Shane Broadway. This agenda item will include updates on new employees, legislation, current events and institutional faculty performance reviews.

Report on the College-Going Rate of Public School Graduates

Attachment 3-A	College-Going Rate by Institution
Attachment 3-B	College-Going Rate History
Attachment 3-C	NCES (National Center for Education Statistics) Table 234
Attachment 3-D	College-Going Rate by Race/Ethnicity and Gender
Attachment 3-E	College-Going Rate by County
Attachment 3-F	College-Going Rate by High School District
Attachment 3-G	Recently Graduated Public High School Students: Where They Attend College

The college-going rate measures the proportion of students enrolling in postsecondary education in the fall semester after finishing high school, in most cases, immediately after high school. Since most students enrolling in postsecondary education do so immediately after completing high school, the college-going rate is an indicator of the total proportion that will or did enroll in postsecondary education. The percentage, therefore, reflects the accessibility of higher education as well as students' assessment of the value of attending college when compared to working, entering the military, traveling, or following other pursuits.

New Methodology: This report reflects a new methodology. The new methodology began with the 2010 Fall College-Going Rate report so this is the fourth year the methodology has been used. This new methodology focuses on students that (1) graduated from an Arkansas public school district in Academic Year 2011-2012, (2) are first-time entering students in the 2012 Fall term, and (3) are Arkansas residents. This new methodology more closely follows that used by the National Center for Education Statistics (NCES). However, there are three differences:

- (a) NCES filters by the age range of 16-24 – ADHE ignores age but focuses on high school graduates from the previous year as most all high school graduates are between the ages of 16 and 24;
- (b) NCES includes GED students as their report is based on a survey. ADHE does not have data on annual graduating classes of GED students, therefore, GED students are excluded; and
- (c) Since the NCES report is a survey, it may include private high schools and home school students. ADHE has no data on annual graduating classes of private high schools or home school students. ADHE obtains data on graduating classes of Arkansas public high schools (from the Arkansas

Department of Education). **Therefore, the new methodology is a College-Going Rate calculation for Arkansas public high school graduates only.**

Old Methodology: The old methodology consisted of a Fall student cohort of (1) first-time, (2) full-time, and (3) on-campus students that attend an Arkansas public or independent institution after completing high school or GED.

The college-going rate for all Arkansas **public and independent institutions** for the 2013 Fall term was **54.3 percent**. This represents an increase of 1.4 percentage points from the previous fall term. Note that over the 5-year period reviewed, the CGR has been increasing each year.

NOTE: Data for the Private/Independent institutions were not available until the 2010 Fall semester.

The share of CGR students at 4-Year Universities has decreased from 33.0 percent to 32.8 percent (a decrease of 0.2 percentage points). The share of CGR students at 2-Year Colleges has increased from 18.2 percent to 18.5 percent (an increase of 0.3 percentage points). The share of CGR students at Private/Independent Institutions has increased from 1.7 percent to 3.0 percent (an increase of 1.3 percentage points).

The majority of CGR students attend 4-Year Universities.

Gender: As shown below, females go to college at higher rates than males.

Race/Ethnicity: As shown below, Whites, Hispanics, and Asians have the highest college-going rates.

NOTE: This report does not take into account students that go to college out-of-state, out-of-country, or to institutions that do not participate in the AHEIS/SISDB reporting system.

UAMS shows 0 students above as they do not accept first-time entering freshmen due to the lack of a general education curriculum.

ADHE Executive Staff recommend that the AHECB accept this report.

College Going Rate by Institution

Arkansas Public High School Graduates (in 2013)
Enrolling as First-time Students in Fall Term Only Academic Year 2013-2014

NOTES:

1. College Going Rate for Any School Graduates - this is the percentage of any school enrollees compared to the public school graduates (apples-to-oranges).
2. College Going Rate for Public School Graduates - this is the percentage of public school enrollees compared to the public school graduates (apples-to-apples).
3. Counts of less than 10 are not shown due to FERPA.

ARKANSAS COLLEGE-GOING RATE HISTORY 2005 Fall Term - 2013 Fall Term

FALL TERM	Number of FIRST-TIME ENTERING STUDENTS	Number of PUBLIC HIGH SCHOOL GRADUATES	ARKANSAS COLLEGE-GOING RATE	NATIONAL COLLEGE-GOING RATE
2005	12,359	27,180	45.5%	68.6%
2006	12,431	26,838	46.3%	66.0%

---Not available.

+Not applicable.

\1\Individuals ages 16 to 24 who graduated from high school or completed a GED during the preceding 12 months.

\2\Enrollment in college as of October of each year for individuals ages 16 to 24 who completed high school during the preceding 12 months.

\3\Beginning in 2010, standard errors were computed using replicate weights, which produced more precise values than the methodology used in prior years.

NOTE: Data are based on sample surveys of the civilian population. High school completion data in this table differ from figures appearing in other tables

because of varying survey procedures and coverage. High school completers include GED recipients. Detail may not sum to totals because of rounding.

SOURCE: American College Testing Program, unpublished tabulations, derived from statistics collected by the Census Bureau, 1960 through 1969. U.S. Department of Commerce, Census Bureau, Current Population Survey (CPS), October, 1970 through 2012. (This table was prepared May 2013.)

College Going Rate by Race/Ethnicity and Gender Arkansas Public High School Graduates (Since 2013) Enrolling as First-time Students in Fall Term Only Academic Year 2013-2014				
No.	Race/Ethnicity	AY2013 HS Graduates	College Going Rate	
			First-Time Students	Percent
1	Asians	473	248	52.4%
2	Blacks	6,224	2,809	45.1%
3	Hispanics	2,029	1,085	53.5%
4	American Indians/ Alaskan Natives	310	110	35.5%
5	Whites	20,313	11,073	54.5%
6	Hawaiian and Pacific Islanders	87	18	20.7%
7	Two or More Races	278	553	198.9%
8	Non-Resident Alien		37	N/A
9	Unknown		174	N/A
10	Males	14,731	7,102	48.2%
11	Females	14,983	9,002	60.1%
12	Total	29,714	16,103	54.2%

NOTES:

1. First-Time Students are students that enrolled in college for the first-time (they have never before attended college), earned a high school diploma from an Arkansas high school, and are Arkansas residents.
2. ADE (Arkansas Department of Education) data does not include Non-Resident Alien or Unknown races/ethnicities.
3. Undercounts on the Total above may be due to students enrolling in multiple institutions.
4. Two or more races discrepancy above is due to differences between data systems of ADE and ADHE.
5. Counts of less than 10 are not shown due to FERPA.

CLARIFICATION OF CONCURRENT ENROLLMENT POLICY EFFECTIVE AUGUST 2014

Arkansas law allows for the enrollment of high school students in college-level courses under certain conditions. Concurrent enrollment allows students to obtain credit toward a high school diploma at the same time they earn college credit.

The concurrent enrollment policy was first approved by the Arkansas Higher Education Coordinating Board (AHECB) in October 1998 with the latest revision in July 2013. Proposed clarification language is in *[italics]*, and deleted language is ~~struck through~~.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the clarification statements for concurrent enrollment policy implementation effective August 2014.

FURTHER RESOLVED, That the Arkansas Higher Education Coordinating Board the policy amendment on concurrent enrollment effective Fall 2013. The concurrent enrollment policy outlines the guidelines for concurrent program participation; however, Arkansas state-supported colleges and universities are not required to participate in a concurrent enrollment program; and a high school/school district may choose to partner with more than one Arkansas college/university for concurrent courses.

FURTHER RESOLVED, That any Arkansas state-supported college or university that chooses to participate in a concurrent enrollment program with a public school district, private high school, or home-school student shall implement and administer the concurrent program in accordance with the policies of the Arkansas Higher Education Coordinating Board and the rules of the Arkansas State Board of Education. *[An out-of-state college or university that chooses to participate in a concurrent enrollment program with a public school district, private high school, or home-school student must be authorized to offered college courses to Arkansans under Arkansas Code §6-61-301 and AHECB Policy 5.2-ICAC Rules; and shall implement and administer the concurrent program in accordance with the policies of the Arkansas Higher Education Coordinating Board and the rules of the Arkansas State Board of Education.]*

FURTHER RESOLVED, That any college or university that chooses to participate in a concurrent enrollment program must be accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP) or must

be authorized by Arkansas Higher Education Coordinating Board no later than August 1, 2015. A college/university not offering concurrent courses currently must have AHECB initial authorization for the institutional concurrent enrollment program prior to the offering of concurrent courses.

FURTHER RESOLVED, That Arkansas state-supported colleges and universities will not participate with Arkansas Early College High School (AECHS) in the delivery of blended AP/concurrent courses for college credit.

FURTHER RESOLVED, That Arkansas state-supported colleges and universities will not participate with AECHS in the offering of single courses for multiple higher education institutions.

FURTHER RESOLVED, That ADHE staff will review, in cooperation with the Arkansas Department of Education, the blended AP/concurrent course offerings throughout the state to determine if these courses are in keeping with the concurrent enrollment policy as outlined in this agenda item.

FURTHER RESOLVED, That the Coordinating Board instructs the ADHE staff to submit an annual report on concurrent course enrollment to the Board which will include institutional data on concurrent course offerings and locations, and could include ADHE Executive Staff Recommendations for policy amendments on the administration, continuance, and funding of the concurrent enrollment program. *[The report also could include proposed clarification statements for concurrent policy implementation.]*

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to provide a copy of the amended policy to presidents and chancellors, academic affairs officers, students affairs officers, and institutional research officers at Arkansas state-supported colleges and universities.

CONCURRENT ENROLLMENT POLICY
Effective Fall 2013

[Clarification Statements Effective August 2014]

- I. Concurrent Enrollment** is the enrollment of a high school student in a college course taught on a high school campus (or in selected cases on the college campus *[or by distance/digital technology]*) for high school credit and college-level credit. (Arkansas Code §6-18-223)

Dual enrollment is the enrollment of a high school student in postsecondary education for college-level credit exclusively. (Arkansas Code §6-60-202)

II. Concurrent Course Credit – Institutional Requirements

For concurrent course enrollments to be counted for FTE/higher education funding purposes, the following conditions must be met:

1. Program Accreditation/Authorization - If an institution of higher education offers a concurrent credit course(s) on a high school campus taught by a high school teacher, the institution must be accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP); **or** the college/university must be approved by the Arkansas Higher Education Coordinating Board to offer courses, including courses offered via distance technology, for concurrent credit.
2. Concurrent Credit Courses - Concurrent credit courses must be freshman-level and/or sophomore-level college/university courses that are approved through the established process of an institution and included in the institutional catalog. The general education courses offered for concurrent credit must be listed in the Arkansas Course Transfer System (ACTS). A list of the career and technical education (CTE) courses offered for concurrent credit must be attached to the signed Memorandum of Understanding (MOU) between the high school/school district and the college/university.

The course offered for concurrent credit must meet the same standards as college courses taught on the college/university campus. Students can earn college credit and/or one unit of high school credit for successful completion of each general education concurrent course and each blended AP/concurrent course that is a minimum of 3 semester credit hours. Students can earn college credit and/or up to one unit of high school credit for successful completion of each CTE course that is a minimum of 3 semester credit hours.

The college/university administration must exercise direct oversight of all aspects of the concurrent course, including participation in the faculty selection, orientation, and evaluation processes.

The instructor teaching the college course for concurrent credit must:

- 1) use the approved college/university course syllabus,
- 2) use the same textbook or a textbook with aligned content and course learning outcomes as approved by the college/university,
- 3) adopt the same learning outcomes and assignments as those developed for the course offered on the college/university campus with limited exceptions approved by the college/university, and
- 4) use the same course grading standards as those on the college/university campus. If departmental exams are used in college/university campus courses, then those course exams must be used at the high school site.

Note: It is understood that one high school may have a concurrent agreement with more than one college/university; however, there should not be unnecessary duplication of college course offerings.

If there is not agreement among multiple institutions offering college courses at one high school/school district, the college/university seeking clarification on the implementation of the concurrent enrollment policy must contact the ADHE Director in writing and follow AHECB Policy 5.17: Off-Campus Instruction Policy-Criteria for Conflict Resolution.

3. **AP/Concurrent [or IB/Concurrent] Blended Courses (College/University Participation Optional)** - Advanced Placement (AP) courses are high school courses in which students are required to take the AP Exam and make the requisite score in order to receive college credit from an Arkansas institution of higher education. *[The International Baccalaureate (IB) Diploma Programme is a comprehensive two-year curriculum and assessment system that requires students to study six subjects and core components across all disciplines with assessment of student work both by external examiners as well as the students' own teachers to ensure that a common standard is applied equally to the work of all students internationally. Students also may elect to enroll in individual IB courses and receive a minimum course score for college/university recognition.]* (Student enrollments in AP [or IB] courses cannot be reported through the Arkansas Higher Education Student Information System.)

The merging of AP [or IB] courses and general education college courses is allowed under certain circumstances, and these merged courses will be referenced as blended AP/ [or IB] concurrent courses.

- Colleges and universities that offer blended AP [or blended IB] concurrent courses must ensure that these blended courses meet all the requirements of concurrent courses as set forth in this concurrent enrollment policy.
- The AP course guidelines specified by the College Board in its published course description must be incorporated into the blended AP/concurrent course syllabus, *[and the core IB programme requirements must be*

incorporated into the blended IB/concurrent course syllabus].

- The *blended AP/concurrent* course syllabus must be submitted by the *high school* teacher for approval by the College Board AP Course Audit; *and the school district must have on file the written documentation of the College Board approval of the blended AP/concurrent course syllabus. A copy of the blended AP/concurrent course syllabus currently approved by the College Board must be submitted for college/university approval during the concurrent instructor/course approval process. [A copy of the blended IB/concurrent course syllabus also must be on file at the school district.]*
- **All students enrolled in blended AP concurrent courses are required to take the AP exam;** and the high school must have written documentation on file of the students who took the AP exam with this AP exam data provided to the college/university upon request. *[There also must be written documentation on file of the students who took the IB assessment with this assessment data provided to the college/university upon request.]*
- Students can earn at least three semester credit hours of college credit and one unit of high school credit for successful completion of one blended AP/*[or blended IB]* concurrent course only if the student registers for concurrent course credit at the beginning of the term. (A minimum score on the AP exam *[or IB assessment]* is not required for the student to earn college credit for the blended AP/*[or blended IB]* concurrent course.) All other students enrolled in the blended AP/*[or blended IB]* concurrent course can earn only one unit of high school credit for the course.
- *Students enrolled in these blended AP [or blended IB] concurrent courses* must meet all college/university requirements included in this concurrent enrollment policy.
- Any high school that cannot furnish data on AP *[or blended IB]* test takers (during an ADE/ADHE concurrent enrollment program audit) will not be approved for the continued offering of blended AP *[or blended IB]* concurrent courses.

4. Concurrent Course Ownership

Institutions of higher education must demonstrate “ownership” of any course offered for concurrent credit for which students are reported for funding purposes. Ownership of courses means that the college/university will:

- Provide the instructors with appropriate training and orientation in course curriculum, assessment criteria, course philosophy, and administrative requirements after approval of the instructors to teach the college/university courses.

- Ensure that instructors receive continuing collegial interaction with college faculty through professional development, required seminars, and site visits. These interactions will address topics such as course content, course delivery, student learning assessment, in-class evaluation, and professional development in the field of study.
- Ensure that students have the opportunity to utilize institutional resources including the college/university library and academic advising on the college/university campus.

Simply awarding college credit to students who are enrolled in concurrent courses offered by a sponsoring college/university does not meet the principle of “course ownership” as described above.

5. Teaching Credentials

Faculty teaching general education concurrent courses must have a master’s degree with *[that includes]* a minimum of 18 graduate college credit hours in the subject area being taught. College or university faculty who travel to the high school or secondary center to teach concurrent courses (and/or faculty and staff that have direct, *[official]* contact with the high school student) must have a criminal background check and complete the child maltreatment training course as required of public school teachers.

The teacher of the blended AP/concurrent course(s) must have completed AP training in the subject area(s), must have a master’s degree with a minimum of 18 graduate college credit hours in the subject area being taught, must be approved to teach the concurrent course(s) by the college/university, and must provide the college/university with documentation of successful completion of AP training. *[The teacher of the blended IB/concurrent course(s) must have a master’s degree that includes a minimum of 18 graduate college credit hours in the subject area being taught, and must be approved to teach the concurrent course(s) by the college/university. The high school must provide the college/university with documentation that teacher of the blended IB/concurrent courses(s) has been approved/assigned by the high school to teach the IB course(s).]*

The instructor of record must be the individual that teaches the concurrent course(s); and for general education concurrent courses and blended AP *[or blended IB]* concurrent courses these individuals must have a master’s degree that includes a minimum of 18 graduate college credit hours in the subject areas being taught.

For the purpose of teaching a concurrent course under this policy, an individual under contract with the school district as a teacher will not be considered an adjunct faculty member of the college/university.

III. Concurrent Course Enrollment

Concurrent College Admission

High school students enrolled in general education concurrent courses will be those who have successfully completed the eighth grade and are admitted to the college/university as non-award seeking students.

Each college/university must specify the concurrent admission requirements for high school students.

Concurrent Course Registration

Because discrete classes that totally separate concurrent credit students from non-concurrent credit students may be prohibitive to operate in some cases, those classes with a mixed population must have at least a majority of the students enrolled for concurrent credit; and all high school students enrolled in the concurrent course must meet the same requirements for completion of the course whether or not the student is registered for college credit. The concurrent course withdrawal process and procedures must be implemented in accordance with established college/university guidelines.

Concurrent/Dual Course Placement/Statewide Minimum Exam Scores

High school students must have scored 19 or better on the ACT Reading sub-test or have a score on the EXPLORE, PLAN or PSAT assessments (see Table 1) that are projected to produce a 19 or better on the ACT Reading sub-test, or comparable score on the SAT, ASSET or COMPASS, to enroll in any general education (ACTS) course.

Enrollment in English Composition and mathematics courses also require a 19 or better on the respective ACT sub-test or a score on the EXPLORE, PLAN or PSAT assessments (see Table 1) that are projected to produce a 19 or better on the respective ACT sub-tests or comparable score on the SAT, COMPASS or ASSET.

The designated exam scores are statewide minimum scores. **Any college/university campus may elect to set higher minimum scores for general education concurrent courses, and may choose to require the COMPASS or ASSET score in addition to EXPLORE, PLAN or PSAT scores.**

Table 1
EXPLORE and PLAN Scores that Project an ACT Score of 19

ACT sub-test	ACT/COMPASS/ASSET	EXPLORE	PLAN
Reading	19/83/43	14	15
Math	19/41/39	15	17
English	19/80/45	14	16

PSAT Scores that Project the Statewide Minimum SAT Scores

<i>SAT sub-test</i>	<i>SAT</i>	<i>PSAT</i>	<i>[ESL Proficiency Level]</i>
<i>Reading</i>	<i>470</i>	<i>47</i>	
<i>Math</i>	<i>460</i>	<i>46</i>	
<i>English/Writing</i>	<i>450</i>	<i>45</i>	

IV. Concurrent Course Enrollment - Data Reporting (via Student Information System)

Only students who are enrolled in concurrent courses for college credit can be counted for FTE purposes by the college/university.

Students enrolled in blended AP *[or blended IB]* concurrent courses can be counted for FTE purposes.

Students enrolled in career and technical education courses for concurrent credit at a secondary center can be counted for FTE purposes.

High school students enrolled in remedial/developmental courses for concurrent credit cannot be counted for FTE and higher education funding purposes.

(Note: More details on data reporting for concurrent enrollment will be included in ADHE guidelines on institutional data submissions.)

V. Concurrent Course Enrollment - Payment of Tuition and Fees

The college/university will establish tuition and fee rates for concurrent students.

Colleges and universities cannot claim student semester credit hours or funding if tuition is not received by the institution in any form.

The high school student shall be responsible for all costs of college/university courses taken for concurrent credit, unless the costs for these courses are paid by the public school district, a college/university scholarship, a grant, or a private foundation. **If the costs for a college/university course(s) are paid by the public school district, a college/university scholarship, a grant, or a private foundation; a signed agreement must exist between the public school district, the external entity or foundation, and the Arkansas state-supported college/university.**

If the college/university sets tuition and fees at a lower rate than the regular full tuition rate on campus, the difference between the regular rate and the charged rate must be reported as an academic scholarship for all purposes and must be reported as such to ADHE.

For formula recommendation purposes, ADHE will include the regular full tuition and fees for all concurrent courses (except remedial/developmental education concurrent courses) in the funding recommendation.

Pursuant to Arkansas Code §6-53-501, the intent of this concurrent policy is that the college courses described above shall include but not be limited to articulated courses designed for instruction of secondary students qualifying for state aid from the public school fund. Nothing in this policy shall preclude money flowing to the secondary centers under Arkansas Code §6-51-305.

High school students enrolled in college/university remedial/developmental education courses for concurrent credit cannot be counted for FTE/higher education funding purposes.

(Note: More details on funding for concurrent enrollment will be included in AHECB institutional finance policy.)

VI. Concurrent Course Enrollment - Career and Technical Education Courses

Students enrolled in Career and Technical Education (CTE) courses that are included in the MOU agreement between the school district and college/university can be awarded college credit and/or up to one unit of high school credit for successful completion of each CTE course that is a minimum of 3 semester credit hours, as delineated in the MOU agreement.

VII. Concurrent Course Enrollment – Remedial/Developmental Education Courses (College/University Participation Optional)

A high school senior who possesses at least an ACT sub-test score of 17 in English, reading or mathematics (or comparable exam score) may enroll in the requisite remedial/ developmental education courses in English, reading, and mathematics at an Arkansas state-supported college/university.

A high school senior enrolled in remedial/developmental education courses in English, reading and/or mathematics must be notified verbally and in writing by the high school principal or designee that successful completion of remedial/ developmental education courses at one college/university does not guarantee college-level course placement at another Arkansas college/university, unless there is a written/signed college course placement agreement with the other Arkansas college/university.

A remedial/developmental education course cannot be used to meet the high school or college/university core subject area/unit requirements in English and mathematics. A three-semester credit hour remedial/developmental education course shall be the equivalent of one-half unit of credit for a high school career focus elective.

A list of the colleges/universities with a signed college course placement agreement must be:

- 1) attached to the signed Memorandum of Understanding (MOU) between the school district and college/university,
- 2) included in the Concurrent Enrollment Student Guide/Information Sheet, and
- 3) posted on the college/university website.

Nothing in this concurrent policy, shall require a college/university or school district to offer remedial/developmental education courses in English, reading and mathematics for concurrent credit.

VIII. Partnership Agreement/Memorandum of Understanding (MOU)

A written and signed Memorandum of Understanding (MOU) must exist to reflect the various expectations, obligations, and responsibilities of all parties.

The MOU must be reviewed annually, and the college/university must provide to the high school a list of all college courses that may be offered for concurrent credit during the school year. The unit of high school credit that will be awarded for each college course must be noted for each concurrent course along with the high school course replacement/substitution. The high school/school district or the college/university can modify or terminate the written, signed concurrent agreement during the annual review period.

High school students who desire to enroll in a college or university first must be recommended by their high school principal or designee.

High school students enrolled in college courses for concurrent credit purposes must be 1) informed that the student is responsible for all costs associated with enrollment in the concurrent course, unless the courses are paid by another approved public or private entity; and 2) advised about the potential limitations concerning the transfer of college course credit.

If remedial/developmental education courses in English, reading or mathematics are offered for concurrent credit to high school seniors, a list of the colleges/universities with a signed college course placement agreement must be attached to the MOU, published in the student guide/information sheet, and posted on the college/university website.

The college/university must provide the school district with a student guide or information sheet for concurrent enrollment that the high school must distribute to students and parents that outlines the college/university and school district requirements for student participation. The high school will assure that the student and parent acknowledge that the student will participate in the concurrent program in accordance with the stated college/university and school district participation requirements.

Concurrent program requirements and guidelines required for course instruction must be provided by the college/university to the school district and concurrent instructors.

IX. State Authorization for Concurrent Enrollment Program

A college/university must be accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP) or be authorized by the Arkansas Higher

Education Coordinating Board (AHECB) to participate in the Concurrent Enrollment Program (CEP).

I. College/University offering Concurrent Courses on College/University Campus Only
A college/university only offering concurrent courses on the college/university campus (and does not offer or plan to offer concurrent courses on the high school campus) **has satisfied the requirements for initial authorization for Concurrent Enrollment Program participation.**

The college/university must submit to ADHE no later than June 1, 2014, a copy of the written, signed MOU agreement between the college/university and high school/school district as verification of the on-campus college/university concurrent enrollment program. The MOU must outline in detail the concurrent enrollment arrangements between the two parties. A copy of the current written, signed MOU agreement must be submitted to ADHE by June 1 of each subsequent year for continued authorization.

Any college/university currently not offering concurrent courses on a high school campus must follow the concurrent program approval process outlined in Item III below; and the college/university must have AHECB authorization for its institutional (high school) concurrent enrollment program prior to the offering of concurrent courses on a high school campus.

II. College/University with NACEP Accreditation
Initial Authorization for Concurrent Enrollment Program

All colleges/universities with NACEP accreditation must provide written documentation to ADHE of NACEP accreditation status upon approval of this concurrent policy.

1) A college/university currently accredited by NACEP has satisfied the requirements for initial authorization for Concurrent Enrollment Program participation, and must maintain NACEP accreditation for continued CEP participation; or

2) **A college/university currently accredited by NACEP has satisfied the requirements for initial authorization for Concurrent Enrollment Program participation and may request AHECB authorization to satisfy the requirements for continued CEP participation when current NACEP accreditation expires. The college/university must submit the written notification to ADHE no later than June 1, 2014, or June 1 of a subsequent year, requesting AHECB authorization for continued CEP participation.**

III. College/University without NACEP Accreditation (and offering Concurrent Courses on High School Campus)

Initial Authorization for Concurrent Enrollment Program

To receive initial authorization through the state review process, developed in cooperation with the colleges and universities, and implemented by the Arkansas

Department of Higher Education (ADHE); a college/university must demonstrate that the college/university concurrent program meets or exceeds all requirements outlined in the AHECB Concurrent Enrollment Program (CEP) policy.

AHECB approval will be granted to the college/university to offer concurrent credit courses for a period not to exceed seven (7) years once the college/university has submitted a CEP proposal that has been reviewed and recommended for approval by a 3-member review team selected from a panel of reviewers agreed upon by the Concurrent Review Committee (CRC) and ADHE.

The initial proposal for offering concurrent credit must specify how the college/university concurrent enrollment program satisfies each component of the CEP policy by providing evidence of the following:

1. Faculty

Each college/university must have a policy for selecting faculty to teach concurrent courses that meets AHECB guidelines. Each concurrent instructor for general education courses at a minimum must hold a master's degree and have 18 graduate-level hours in the subject to be taught.

Each college/university must have an official transcript on file for each instructor approved for concurrent courses which clearly indicates that the concurrent faculty member has the required academic credentials.

Each college/university must have a description of the orientation process for new concurrent faculty and a sample of information that is provided to concurrent faculty during orientation.

Each college/university must have a description of the plan to assure concurrent faculty receive appropriate professional development.

2. Courses

Each college/university must present a current list of proposed concurrent courses by course name, number (i.e. ENGL 1013), the associated Arkansas Course Transfer System (ACTS) course number, and indicate any pre-requisite courses.

3. Syllabi and Textbooks

Each college/university must have a policy regarding final approval of concurrent syllabi and textbooks.

4. Students

Each college/university must verify that students have met admission criteria for the college/university and that the process conforms to AHECB guidelines.

Each college/university must provide an explanation of how grades are awarded and recorded with the college/university Registrar.

5. Student Guide for Concurrent Enrollment

Each college/university must have a student guide for concurrent enrollment available to students and parents that outlines the college/university and school district participation requirements; and includes information regarding syllabi, academic standing, grading, links to ACTS, academic dishonesty, transcripts, current contact information for the concurrent enrollment liaison at the college/university, drop/withdrawal from class, academic due process guidelines, use of the college/university library, and student evaluation of instruction procedures.

6. Faculty Guide for Concurrent Enrollment

Each college/university must have a faculty guide for concurrent enrollment detailing the syllabus requirements, FERPA requirements, academic dishonesty policy, grading system, access to input grades, grade changes, student academic due process, student evaluation of instruction, policy for students with disabilities, sexual harassment policy, contact information for the college/university concurrent liaison, and child maltreatment and reporting policy, non-compliance policy, and process of faculty evaluation by the academic unit head from the college/university.

7. Assessment

By academic discipline, a description of the process for assuring concurrent course content satisfies the requirements of the college/university academic unit. Examples may include common examinations, approval of concurrent tests by the college/university, common grading criteria, etc.

8. Evaluation

Each college/university will analyze its student success, persistence, and retention data to determine to what extent concurrent credit courses are leading to student success.

9. Memorandum of Understanding

The college/university must have on file a current written, signed Memorandum of Understanding with each high school with whom the college/university offers or desires to offer concurrent enrollment.

The Memorandum of Understanding must include the following:

- 1. The names and addresses of the college/university and the participating school district/high school;*
- 2. Academic calendar with dates the college/university and the high school must comply;*
- 3. Guidelines and requirements for approval of instructors;*
- 4. Guidelines for approval and assessment of courses;*
- 5. Guidelines and requirements for admission and eligibility of students;*
- 6. Requirements for syllabi;*
- 7. Non-compliance statement;*
- 8. Length of time covered by the MOU and procedures for termination of MOU;*

9. *Description of the concurrent course billing process.*

All evidence indicating how the college/university plans to offer a concurrent enrollment program must be submitted to ADHE by June 1, 2014, (or by June 1 of a subsequent year if concurrent courses will be offered for the first time during the next academic year) for an evaluation by a review team selected from among those designated by the Arkansas Department of Higher Education to serve on the Concurrent Review Committee. The Committee members will be selected by ADHE and will serve for a three-year period.

The CRC evaluation report will be forwarded to the Arkansas Department of Higher Education for consideration of a recommendation for AHECB approval of the institutional concurrent enrollment program.

AHECB Continued Authorization

A college/university with AHECB initial authorization for the Concurrent Enrollment Program can offer courses for concurrent enrollment for a period of up to seven (7) years unless the AHECB requires a follow-up review within the 7-year timeframe and/or the NACEP accreditation has expired.

A college/university that wishes to continue to offer courses for concurrent enrollment must request AHECB reauthorization or must maintain NACEP accreditation.

The request for AHECB CEP reauthorization must include documentation of the following:

1. A current Memorandum of Understanding with each high school with whom the college/university desires to offer concurrent enrollment.
2. A current list of concurrent courses offered by course name, number (i.e. ENGL 1013), the ACTS course number, and any pre-requisites courses.
3. By academic discipline, a description of the process for assuring that concurrent course content satisfies the requirements of the college/university academic unit.
4. A current list of concurrent instructors offering courses for concurrent credit including a statement that each instructor meets the minimum requirements for instruction as required by AHECB and the academic department offering the concurrent credit.
5. An explanation of how grades are awarded and recorded with the college/university Registrar.
6. An analysis of student success, persistence, and retention data to determine to what extent concurrent credit courses are leading to student success for the three years prior to the reauthorization request year.

The information for continued authorization must be submitted to ADHE by June 1 before the expiration date of AHECB CEP initial authorization; and reviewed by a 3-member team selected by ADHE from among those designated to serve on the Concurrent Review Committee. Based on the CRC review, ADHE will make a recommendation to AHECB for continued authorization or a recommendation

for discontinuation of the institutional concurrent enrollment program.

A college/university with NACEP accreditation must submit written documentation to ADHE of its current accreditation status within 30 days of NACEP notification of reaccreditation to maintain AHECB CEP continued authorization.

Adopted: Agenda Item No. 19 - October 23, 1998

Revised: Agenda Item No. 38- July 23, 1999; Agenda Item No. 12-April 27, 2007;

Agenda Item No. 2-June 28, 2011

Amendment - Agenda Item No. 5-July 26, 2013

Proposed Clarification – Agenda Item No. 5-July 25, 2014

**RECOMMENDATIONS FOR EDUCATIONAL AND GENERAL OPERATIONS
STATE-SUPPORTED INSTITUTIONS OF HIGHER EDUCATION
2015-17 BIENNIUM**

Background

A.C.A. §6-61-224 establishes the process and key components for formula development for funding public institutions of higher education. That language reads as follows:

“(a) The Arkansas Department of Higher Education, in collaboration with the state college and university presidents and chancellors, shall develop funding formulas consisting of a needs-based component and an outcome-centered component which will, in principle, seek to provide fair and equitable state support to all postsecondary students across the state, regardless of the state institution attended, while at the same time recognizing: (1) The different needs for lower level, upper level, and graduate level instruction at the various institutions; (2) The requirements for specialized equipment, labs and smaller class sizes in some disciplines; and (3) Unique missions, such as agricultural extension services, research, medical sciences, workforce development, and public service; and (4) Growth, economies of scale, and other appropriate factors.

At its April 25, 2014 meeting, the Arkansas Higher Education Coordinating Board approved the funding models for the two-year colleges, universities, and the technical centers (former technical institutes merged with universities). These models had been developed in conjunction with presidents and chancellors after meetings and revisions. The funding models were used to develop the comparative needs of Arkansas institutions of higher education in terms of the average funding levels of schools in the SREB region.

The staff reviewed the justification requests submitted by the non-formula group and prepared preliminary funding recommendations based upon those requests. After making preliminary recommendations, the staff conducted budget meetings with all non-formula entities which had concerns with the recommendations. After the conclusion of all budget meetings, final recommendations were made in light of the appeals heard during the budget meetings.

The difference between the funding model determined needs of the entities compared to the Fiscal 2015 appropriations was \$317.2 million. The funding gap (the difference between the formula determined need and the current fiscal year appropriation) is part of a phenomenon that occurs when there is an extended

economic downturn which is invariably accompanied by enrollment increases, declining state support and tuition increases (to replace a part of the lost state support). It should be emphasized that the funding needs of the institutions are the funds needed to bring Arkansas higher education to the **average** funding level of the SREB region. The funding gap took a number of years to reach its current level and may never be completely erased.

Operating Funding Recommendations for the 2015-17 Biennium

The operating needs are based upon the tuition policies established by the Arkansas Higher Education Coordinating Board's approval of Agenda Item 14 on April 27, 2012 and the funding formulas approved by the AHECB in April 2014.

Each funding formula was developed to provide an equitable basis for the distribution of **any funding available**.

The funding models have been updated with calendar year 2013 student semester credit hours (SSCH). The input data for the funding models were the SSCH by level and discipline as reported in the Student Information System for calendar year 2013 and the new educational and general square footage as reported in the Facilities Audit Program (FAP) 2014. The updated formula driven models represent a total need for funding of higher education institutions of \$936,437,272 and non-formula entities of \$231,765,192 in 2015-16.

Since it is not anticipated that the models will be fully funded in the near future, funding recommendations for 2015-16 are: For the **four-year institutions**, a 3.0% increase for all institutions based on the Higher Education Price Index (HEPI) which totals \$10.9 million and further recommending that those institutions below 75% of the model be brought to that level which is an additional \$78.4 million for a total four-year recommendation of \$89.3 million in new funds.

For the **two-year institutions**, a 3.0% increase for all institutions based on the Higher Education Price Index (HEPI) which totals \$3.8 million and further recommending that those institutions below 75% of the model be brought to that level which is an additional \$14.95 million for a total two-year recommendation of \$18.8 million in new funds.

For the **technical centers** the recommendation is for a 3.0% increase based on the HEPI index which is \$158,184 and further recommending that those institutions below 75% of the model be brought to that level which is an additional \$3.0 million for a total technical center recommendation of \$3.2 million in new funds.

For the **non-formula entities** the recommendation is for a 3.0% increase based on the HEPI index and a recommendation of full funding which combined would require an additional \$32.6 million, of which \$13.7 million would be for the University of Arkansas for Medical Sciences (UAMS).

The allocation of funds generated by the increases in RSA funding between colleges, universities, non-formula entities and technical institutes is based upon each group's share of the need for new funds.

The individual institutional recommendations for all four types of institutions (Colleges, Universities, Technical Centers, and Non-Formula Entities) were determined in the following manner: The general revenue funds were distributed based upon the need for new funds as determined by the three funding formulas and the ADHE staff determined need of the non-formula entities. The non-formula needs were based up the justifications submitted by the institutions. **The total recommendation for 2015-16 for Colleges, Universities, Non-Formula Entities and Technical Centers is \$143.8 million in new revenue.**

It should be noted that it is unlikely that these recommendations will keep pace with the combination of inflation and enrollment increases for most institutions. However, given the economic uncertainty and declining state revenues, there is an even greater uncertainty than usual that even these modest recommendations will be funded.

The principles for determining operating needs address continued levels of base funding for institutions, equity, small college adjustment, and economies of scale. Specific aspects of the operating recommendations for all institutions follow:

1. All of the general revenue increases recommended were distributed on the bases of the funding formula or staff determined need for new funding.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the recommendations for state funding of the educational and general operations of Arkansas public institutions of higher education in the 2015-17 biennium as included in Tables 1A, 1B, 1C, 1D and 1E.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to prepare appropriate documents for transmission to the Governor and the General Assembly of the 2015-17 operating recommendations of the Arkansas Higher Education Coordinating Board.

FURTHER RESOLVED, That should any errors of a technical nature be found in these recommendations, the Director of the Arkansas Department of Higher Education is authorized to make appropriate corrections consistent with the policy established by the Board's action on these recommendations.

Table A. Summary of Operating Needs & Recommendations for the 2015-17 Biennium

Institution Type	Fiscal Year 2014-15 Base						FY2015-16				FY2016-17

**PERSONAL SERVICES RECOMMENDATIONS FOR
NON-CLASSIFIED PERSONNEL
2015-17 BIENNIUM**

A.C.A. §6-61-209 requires the Arkansas Higher Education Coordinating Board to present a consolidated budget request from the state-supported colleges and universities to the General Assembly and the Governor prior to each regular session of the General Assembly. As part of this process, the quantity of positions, titles, and line-item maximum salaries for all non-classified administrative, academic, and auxiliary positions at each Arkansas public institution of higher education have been reviewed, and changes are recommended.

These recommendations, to be effective July 1, 2015, recognize the varying structures and sizes of institutions, while maintaining reasonable consistency among similar positions at institutions. The primary objective of the ADHE staff was to maintain relative uniformity in titles and line-item maximums for similar positions in comparable institutions, while recognizing the varying missions and structures of institutions, priorities of the new biennium, and FTE enrollment growth.

While additional positions and titles were recommended when institutions demonstrated a compelling need, ADHE staff attempted to keep the net growth at a minimum due to concerns over budget shortfalls and the expansion of state services. Salary recommendations for new positions were based on salaries for similar positions previously established at comparable Arkansas institutions.

Institutions of higher education, apart from UAMS, have 19,251 non-classified positions currently authorized. For the 2015-17 biennium, institutions requested an increase of 1,216 non-classified positions and the deletion of 435 non-classified positions, for a net new request of 781 positions. ADHE staff recommends a net increase of 739 non-classified positions, for a total recommendation of 19,990 positions (a 3.8 percent increase). UAMS currently has 8,801 authorized non-classified positions and had no net new position request. ADHE staff recommends their request for a total of 8,801 non-classified positions.

Institutions' state funding is not based on the number of approved positions. Additional positions do not generate a need for new funding. If institutional growth necessitates additional positions during the year, positions may be requested from the appropriate pool.

Summaries of authorized, requested, and recommended positions for two-year and four-year institutions are shown in Table 7-A and Table 7-B. Recommended maximum salaries for selected key administrative and academic positions are shown in Table 7-C and Table 7-D.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution.

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the recommended number of positions, titles, and maximum salaries for non-classified positions in academic, administrative, and auxiliary positions for the 2015-17 biennium as recommended by staff.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to make technical corrections consistent with Coordinating Board action.

FURTHER RESOLVED, That the Coordinating Board requests the Director to transmit the Personal Services recommendations to the Governor and the General Assembly for consideration for the 2015-17 biennium.

RECOMMENDATIONS FOR STATE FUNDING OF CAPITAL PROJECTS 2015-17 BIENNIUM

Background

From a total of over \$500 million appropriated, the Governor and the 89th General Assembly have provided to date allocations totaling \$65.5 million for distribution from the General Improvement Fund (GIF) for various capital projects at institutions of higher education. For the 2009-11 biennium, almost \$35 million was distributed for capital projects. For the 2007-09 biennium, almost \$59 million was distributed, and \$16.5 million was distributed for capital projects in the 2005-07 biennium.

Capital Priorities

Capital priorities for General Improvement Fund projects in 2015-17 remain the same as those established in past biennia by the Arkansas Higher Education Coordinating Board (AHECB). Those priorities are as follows:

- Technology infrastructure improvements including: installations or upgrades of local area networks (LANS), campus infrastructure to support increased bandwidth, and instructional technology equipment for classrooms and laboratories, as well as distance learning delivery systems.
- Critical maintenance projects where critical needs are defined as those which must be addressed before the end of 2013 and which, if neglected, could result in substantial damage to the structural integrity of the building, or are related to the imminent failure of building systems such as HVAC, electrical and plumbing. In addition, critical maintenance projects include those associated with ADA compliance and/or safety needs.
- Improvements in research, instructional and clinical equipment as well as library holdings and technology.
- Renovation of existing facilities to address changing program needs.
- New construction of facilities when renovation of an existing building to meet the need is either not cost effective or is not an option, e.g., new space to address enrollment growth.

In light of these priorities, institutions have responded with capital needs for the 2015-17 biennium. ADHE staff have evaluated the requests and have recommended capital projects that meet the strategic needs of higher education through 2017.

Capital 2015-17 Recommendations

Arkansas higher education now has a current replacement value for its educational and general (E&G) space of approximately \$5.4 billion. When this information is coupled with the fact that statewide, approximately 47 percent of the useful life of campus facilities has been expended, it is not surprising that the capital request for higher education is significant.

Construction, Renovation and Technology Infrastructure Projects

Institutions requested \$946 million in capital construction/renovation and technology infrastructure projects. Recommendations were made on the basis of the following criteria and institutions' demonstrating a compelling need for the projects.

- Institutional need for additional E&G square footage
- Condition of facilities (facilities condition index factor, critical maintenance needs)
- Age of facilities
- Debt service (capacity and utilization)
- Enrollment
- SREB category of the institution

Of the \$151.08 million recommended, \$73 million (48.3 percent) is for four-year institutions; \$57.67 million (38.2 percent) for two-year institutions; \$17.44 million (11.5 percent) for non-formula entities; and \$2.97 million (2 percent) for technical institutes.

Four-year institutions represent 53.3 percent of total higher education facilities assets, while the two-year institutions and non-formula entities have 24.2 percent and 21.8 percent of the total assets, respectively. Technical institutes represent approximately 0.7 percent of the total assets. A narrative description of each recommended construction/renovation and technology infrastructure project follows in Table 8-B.

Deferred Maintenance

Educational and General Maintenance needs for all institutions total over \$2.5 billion. The four-year institutions have a maintenance need of \$1.5 billion (60.6 percent); the two-year maintenance need is \$416 million (16.2 percent); and the non-formula and technical institute maintenance needs are \$580 million (22.5 percent) and \$18 million (0.7 percent), respectively.

Recommendations are based on two percent of the institution's total maintenance need. The total deferred maintenance need and recommendation for each institution can be found on Table 8-A.

Staff recommends approximately \$51.3 million for deferred maintenance needs.

Equipment and Library

Staff recommends approximately \$23.2 million for equipment and library needs. This recommendation is based on \$150/weighted FTE for the four-year, two-year and technical institutions.

Summary

The capital recommendation is significant given the projected revenues to support the projects; however, these recommendations reflect the continuing need to maintain the state's investment in higher education facilities and keep pace with the technological advances that are necessary for cutting edge academic programs. Project categories and recommendations are summarized as follows:

<u>Project Category</u>	<u>Recommendations</u>
Renovation, Construction and Technology Infrastructure	\$151,080,162
Deferred Maintenance	51,310,000
Equipment and Library	23,230,827
GRAND TOTAL	\$225,620,989

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the staff recommendations for state funding of capital projects totaling \$225.6 million as identified in the accompanying agenda materials.

FURTHER RESOLVED, That the Director is authorized to transmit to the Governor and the General Assembly the Board's recommendation for state funding.

FURTHER RESOLVED, That the Director is authorized to make such technical adjustments to these recommendations as may be required.

Table 8-B
Narrative Descriptions of Capital Projects for the 2015-17 Biennium*

UNIVERSITIES:**Arkansas State University**

Wilson Hall Renovation. Arkansas State University proposes renovation of Wilson Hall to address architectural renovation of existing Wilson Hall classroom and office spaces repurposing for new academic programs. Current academic programs will be relocated to Humanities and Social Sciences building in summer 2015.

Recommendation: \$3,000,000 (Category A)

College of Fine Arts Studio Addition/Annex Removal. Arkansas State University proposes new construction that will provide a new Studio Arts addition to the College of Fine Arts center as a replacement and removal of the Fine Arts Annex. The Fine Arts Annex does not meet current programmatic needs and the building has accessibility (ADA) and other infrastructure deficiencies.

Recommendation: \$3,000,000 (Category A)

International Student Center Replacement/Removal. Arkansas State University proposes complete architectural and infrastructure renovation of the International Student Center building for classroom and office space. Original building was constructed in 1954, with last significant renovation in 1984. Age of building systems warrants a complete renovation to achieve academic programmatic purpose.

Recommendation: \$2,000,000 (Category A)

Arkansas Tech University

Academic Classroom Facility. Arkansas Tech University requests construction of an Academic Classroom Facility that will include classrooms, labs, and faculty offices. The square footage of the building is estimated at approximately 60,000 square feet. The last freestanding classroom facility constructed at Arkansas Tech University was completed in 2009. This was the first freestanding classroom facility constructed since 1988. The need for classroom and faculty office space has grown faster than funding has kept pace. While this new classroom building has relieved some of ATU's space requirements, the 24-year period of time between funding for classroom buildings has still left Arkansas Tech University with a huge lag in being able to meet the facility needs of the students and faculty. The facility requested is expected to house the Emergency Management Program and the School of Behavioral Sciences. The two programs are currently housed in older facilities that are not designed to serve

the total needs of these programs. The new building is a critical need for Arkansas Tech University.

Recommendation: \$3,000,000 (Category A)

Educational and General Buildings. Arkansas Tech University requests \$4,916,193 for renovation and critical maintenance of approximately 253,000 square feet of educational and general space. This includes updates to lab and classroom spaces, the repair of outdated HVAC systems and other repairs to assure continued functionality of the McEver Science, Hull, Williamson, Crabaugh and Corley buildings and Dean Hall. This is the third request for this project.

Recommendation: \$2,000,000 (Category A)

Henderson State University

Phase I Campus Renovations. Henderson State University has requested funds to be utilized to remodel Art Annex, Art Studio, Russell Fine Arts, Evans Hall, Education Center, McBrien Hall, and various other Education & General buildings This request has been previously requested.

Recommendation: \$3,000,000 (Category A)

School of Business Building/Mooney Hall. Henderson State University Proposes new construction and renovation that will provide a new School of Business building and renovation of Mooney Hall, the current location of the School of Business. The new building will house the School of Business and the Small Business Development Center. The second and third floors of Mooney Hall, which presently house the School of Business will be renovated for use by various Student Affairs offices. This is the sixth request for this project.

Recommendation: \$2,000,000 (Category A)

Henderson State University LANS. Henderson State University is making this request to ensure that its local area network can support the new bandwidth increases made available by the ARE-ON state fiber network, HSU will need to upgrade the campus network infrastructure. The current fiber plant on campus consists of the older multi-mode fiber that does not have the capability of supporting the higher bandwidths available on current LAN's. HSU will need to install new single mode fiber across campus to take advantage of these higher bandwidths. Each building on campus has a fiber switch connection and that fiber switch connection will need to be replaced by a fiber switch that can support the newer single-mode fiber and its higher bandwidth. Many of the older buildings on campus have network wiring that cannot support the 1GB bandwidth that is now common on campus networks. This request has been made previously for this project.

Recommendation: \$1,800,000 (Category A)

Hot Springs Education Center. Henderson State University is making this request to furnish and equip its Hot Springs Education Center.

Recommendation: \$200,000 (Category A)

Southern Arkansas University-Magnolia

Engineer Instructional Lab. Southern Arkansas University is making this request for construction of mechanical and electrical hands-on labs necessary for newly approved engineer program scheduled to start in August of 2015. The facility will also provide a classroom, state of the art engineer systems simulators and a CAD based computer lab.

Recommendation: \$2,333,950 (Category A)

Technology Upgrades. Southern Arkansas University is making this request for the following improvements – 1) Campus Wireless Infrastructure Upgrade: This project involves the upgrading and expansion of the wireless infrastructure in student housing facilities to provide more bandwidth, coverage, and reliable connectivity for residents. 2) Campus Network Copper Wiring Upgrades: This project involves the upgrading of old network wiring plus new wiring for buildings that either are not fully wired now or have never been wired. This includes wiring of all the existing student housing facilities which currently rely entirely on wireless connectivity to provide students' access to the campus network. The wireless coverage has been problematic with weak or non-existent coverage in some areas. 3) Campus Network Backbone Fiber Optics Upgrades: In addition to upgrading some network electronics, this project includes the installation of new fiber optic cabling to all buildings to establish a ring topology for the campus backbone connections. 4) Voice over Internet Protocol: This project will transition the entire campus community to Voice over IP (VoIP) from the current PBX telephone system. This migration has begun where opportunities are fundable, but the mixture of VoIP and PBX phones has caused some problems that will not exist once the entire campus has been converted. 5) Establishment of a Network Access Control (NAC) System for the Campus Network: This is needed to provide complete compliance with the Communications Assistance for Law Enforcement Act of 1994 (CALEA) and to allow for control of device activities on the campus network. The establishment of a NAC will result in better utilization of network resources, thus better performance can be achieved for everyone. A NAC would require authentication to access the network thus restricting access to valid students, faculty, and staff. Additionally when a system connects, it can be checked for valid anti-virus software and current Windows updates which will reduce the network volatilities/risks at any given time. This is the second request for this project.

Recommendation: \$2,666,050 (Category A)

Agricultural Instructional Lab Facilities. Southern Arkansas University is making this request to construct the following – 1) Poultry Operations Lab: The

intent of this project is to provide a teaching and research facility large enough to simulate large scale broiler house operations. Scope includes: one each 50'x150' teaching facility; one each 50'x150' research facility; and one each 50'x70' feed house and operations building. 2) Swine Operations Lab: The intent of this project is to provide a teaching facility large enough to simulate large scale swine production operations. Scope includes: one each 35'x80' teaching facility and one each 30'x60' farrowing house. (Note: Additional funding will be needed to extend existing waste utilities to the nearest ADEQ approved sewage system). 3) Ruminant Teaching Facility: The intent of this project is to provide a teaching facility large enough to simulate large scale goat and sheep ruminant operations. Scope includes: one each 40'x60' teaching facility.

Recommendation: \$1,405,500 (Category A)

STEM Training Center. Southern Arkansas University is making this request that includes renovations of the Childs Hall first floor and necessary ADA upgrades. Although constructed in 1945, this facility is structurally sound and can be economically renovated to accommodate the University's need for a dedicated Science, Technology, Engineering and Mathematics (STEM) program. The upgrades will require extensive structural, mechanical and electrical modifications necessary to meet building code, ADA and programming requirements. The facility will provide classrooms, "hands on" engineer labs, computer labs and faculty offices.

Recommendation: \$594,500 (Category A)

University of Arkansas-Fayetteville

Kimpel Hall. Kimpel Hall houses the departments of Communications, Drama, English, Foreign Languages, and Journalism. It is the most populated classroom building on campus, with 29,000 scheduled credit hours per semester. After over 40 years of heavy use, the building's systems, finishes, furnishings, and technology are in great need of refurbishment. In response, the University began to renovate the building in 2009 as funds became available. To date, two auditoria, the drama workroom, a black box theater, and 29 classrooms have been renovated using facility renewal and stewardship funds. An additional three classrooms will be renovated in the summer of 2014. Funding this request would allow the university to complete the total renovation of the classroom block, including asbestos abatement and modernization of the remainder of the building interior (corridors, washrooms, and some offices). The exterior building envelope will also be renovated, including repointing (repairing the weathered joints in the brick) and replacing the single pane windows with insulated units. The roof was replaced 3-4 years ago, so it is not included in the estimates for this work. The project will be fully commissioned and constructed to the equivalent of LEED Silver or Green Globes Two Globes. This is the second request for this project.

Recommendation: \$9,000,000 (Category A)

University of Arkansas at Fort Smith

Education Building. The proposed building will put the College of Education and its programs in one building. The College of Education with approximately 1200 students is the largest baccalaureate degree producing college at UAFS. Due to its continued growth, the college has classes in three different buildings comprising approximately 50,000 square feet of usage by the college. Currently, the college is housed in two of those buildings, one of which was constructed in 1956. At this time, facility constraints impair further growth of the College of Education programs. A new building of approximately 55,000-60,000 square feet of space would allow the College of Education to grow and maintain the integrity of its programs and place all of its programs in one building. The new building would contain state-of-the-art educational technology, sufficient classroom and office space to house all faculty and staff, and sufficient conference rooms for meetings and functions that are essential to the operation of the college. This is the third request for this project.

Recommendation: \$3,500,000 (Category A)

Math-Science Building Renovation. The College of Science, Technology, Engineering & Mathematics (STEM) and the College of Education are collocated in the Math-Science Building. Both are growing programs and constrained by facility limitations imposed by shared space. Plans call for the College of Education to relocate to a new building, which allows STEM to expand into the vacated space and fully occupy the MS Building. Vacated space must, however, be reconfigured. Requested funding will support the planning, design, renovation and reconfiguration costs needed to repurpose vacated space to house new and growing baccalaureate programs in STEM disciplines. The renovated building will contain additional and modernized labs more appropriate than those presently available to upper-division coursework required of baccalaureate majors in the STEM disciplines. HVAC, electrical and plumbing systems will be updated and incorporated as needed. Lab improvements will include drain systems for emergency showers and more robust ventilation. Plans also call for installation of a planetarium as a teaching tool for existing programs in physical sciences, engineering, and math. This is the third request for this project.

Recommendation: \$3,000,000 (Category A)

University of Arkansas at Little Rock

Technology Infrastructure Improvements. UALR's technical infrastructure supports the campus network, access to both Internet I and Internet II, campus information systems, e-mail, on-line course delivery, streaming video for web-enhanced and web delivered courses, Voice Over Internet Protocol, and a variety of technical needs on the campus. The security needs of the campus have become increasingly more important with the proliferation of viruses and increased hacking incidents. The increase in web-based courses has increased

bandwidth needs. These funds will be used to purchase and maintain campus technical infrastructure including but not limited to campus network hardware for deployment of IPV6, data security, building network wiring, campus wireless cloud, business continuity and disaster recovery planning, streaming video server to support distance education initiatives, contactless campus card system, fire suppression system in the data center, and administrative system hardware. This is the second request for this project. This is the second request for this project.

Recommendation: \$3,000,000 (Category A)

Building Infrastructure / Critical Maintenance. This request relates to the imminent failure of critical building systems and infrastructure. HVAC systems, elevator systems, and building envelopes in a number of buildings on campus have reached the end of their useful life. Reliable operations in these facilities require replacement of these critical building components. The full list of critical infrastructure needs is available in the 2013-2015 FAP report. This request has been made previously.

Recommendation: \$3,000,000 (Category A)

Innovation Center. This request is to construct a 30,000 square foot facility that will house a number of new and existing innovation-based programs and activities, including the multi-disciplinary web/mobile design and development program, the Microsoft Innovation Center, the technology transfer office (UALR TechLaunch), and an FDA-approved clean manufacturing room for rapid prototype development of biotech devices and technologies. The facility will house laboratories, co-working spaces, offices, and classroom space necessary to support the design, development, testing and launching of UALR innovations.

Recommendation: \$2,000,000 (Category A)

University of Arkansas at Monticello

Construction of Math and Science Center. The University of Arkansas at Monticello (UAM) proposes to construct a New Math and Science Center to meet the needs of the campus. A New Math and Science Center is crucial for recruiting students majoring in math or science. The School of Mathematical and Natural Sciences has had much success in recent years in having a high percentage of UAM student applicants accepted to pharmacy school, medical school, dental school, and graduate programs. However, for future growth in these areas, the University needs state-of-the-art facilities that provide opportunities for learning in these highly competitive fields.

Recommendation: \$4,000,000 (Category A)

Renovation of Music Building. The University of Arkansas at Monticello plans to renovate the Music Building. The renovation of the Music Building will include the addition of insulation, floor coverings and alterations necessary for

compliance with the Americans with Disabilities Act. Renovations to increase energy efficiency would also be included in the project. This is the fifth request for this project.

Recommendation: \$1,000,000 (Category A)

Renovation of Fine Arts Center. The University of Arkansas at Monticello (UAM) plans to renovate the Fine Arts Center. The renovation of the Fine Arts Center will include the addition of insulation, floor coverings, seating, and acoustical upgrades. The renovation of the Fine Arts Center is crucial for recruiting students to attend UAM. Many events are held each year in the Fine Arts Center for prospective students and their families. Additionally, this facility is used for band and choir concerts, community events, and meetings for faculty and staff. It is the only facility on campus that can accommodate seating close to 500 people. Other renovations to the Fine Arts Center would include alterations necessary for compliance with the Americans with Disabilities Act and renovations to increase energy efficiency.

Recommendation: \$1,000,000 (Category A)

University of Arkansas at Pine Bluff

Campus Renovations and Repair. The University of Arkansas at Pine Bluff requests for campus wide renovations and repairs including renovation of classroom and lab space that no longer meets academic programming needs, renovation of service support space to align functionality with current needs, repair and/or replacement of building envelopes, repair and/or replacement of environmental control systems and subterranean drainage and foundation repairs. This is a repeat request due to continuing maintenance/renovation needs on campus.

Recommendation: \$4,000,000 (Category A)

Nanotechnology/Biotechnology Center: The University of Arkansas at Pine Bluff requests for new construction of a state of the art 45,000 square foot Center for Nanotechnology and Biotechnology. The structure will be needed to support nanotechnology and biotechnology research. The facility will be 3-4 stories and will contain classrooms, teaching labs, research labs, and an auditorium. The building is target to have LEED Silver Status.

Recommendation: \$1,000,000 (Category A)

Life Sciences Facility. The University of Arkansas at Pine Bluff requests for new construction for expansion for the teaching and research capabilities of the College of Agriculture, Aquaculture and Human Sciences. Researchers housed in the facility represent the disciplines of microbiology, biochemistry, food safety and nutrition. The new Life Sciences facility will encourage collaboration, offer state-of-the-art technology and provide the tools needed for the next generation

greatest minds to excel. The 40,000-square-foot facility will have both classroom and laboratory space and is targeted to achieve LEED silver status.

Recommendation: \$1,000,000 (Category A)

University of Central Arkansas

Lewis Science Center Replacement. Lewis Science Center currently houses the Departments of Biology and Physics & Astronomy, the Dean's office for the College of Natural Sciences and Mathematics, the facilities for teacher education in the sciences and outreach capabilities including a planetarium. This facility is aging and numerous challenges including inadequate and outdated lab facilities, roof leaks, insufficient wiring, and a dysfunctional HVAC system have led to the conclusion that a replacement is required. There is currently in the design phase a three story addition containing 50,000 square feet to house the highly technical labs for Physics and Biology. The renovated facility will house the programs noted above along with the UCA Institute for STEM Professional Development and Education Research (UCA STEM Institute). Teaching, research and service in the sciences will be integrated into the design allowing UCA to be positioned to capture opportunities that arise in the rapidly changing landscape for higher education. This is the third request for this project.

Recommendation: \$3,250,000 (Category A)

Fiber Replacement. The University of Central Arkansas requests for funding for fiber replacement. Single mode fiber does not have modal dispersion, modal noise, and other effects that come with multi-mode transmission. Single mode fiber can carry signals at much higher speeds than multi-mode fiber. Single mode fiber offers greater transmission speeds due to the increased band width capacity and minimized external interference. They are standard choice for high data rates or long distance spans. This is the third request for this project.

Recommendation: \$1,750,000 (Category A)

Nursing/Comm. Science & Disorders. The University of Central Arkansas requests for new construction and renovation that includes an addition to the existing nursing building and renovation to the existing facility to house the Department of Nursing and the Department of Communication Sciences and Disorders. Both departments' current facilities are outdated and lack room for needed faculty offices, research, simulation laboratories and clinical space. The faculty and services for the Communication Sciences and Disorders are scattered among three different facilities.

Recommendation: \$3,000,000 (Category A)

TECHNICAL INSTITUTES:**Arkansas Tech University – Ozark**

Instructional Technology. Arkansas Tech University – Ozark Campus requests funding to improve instructional technology in the laboratory setting. This technology project will support the nursing and welding programs of study providing safe instructional environments. Students utilizing simulated technology will be provided with industry recognized scenarios required to meet industry expectations.

Recommendation: \$177,713 (Category A)

Technology Building Re-roof. Arkansas Tech University – Ozark request to replace the roof of the Technology and Academic Support Building. The re-roof project covers 64% of the building square footage. The other square footage will not need to be re-roofed for at least four years.

Recommendation: \$787,549 (Category A)

University of Arkansas at Monticello – Crossett

Workforce/Collegiate Center. The University of Arkansas at Monticello-Crossett requests new construction of a 14,000 square foot Workforce/Collegiate Center. This facility would provide much needed space for the following: the Arkansas Workforce Training Center of Ashley County, workforce development training and conferences, the Adult Education Program, and collegiate courses. This project has a long history of requests. This is the sixth request for this project.

Recommendation: \$1,000,000 (Category A)

University of Arkansas at Monticello – McGehee

General Education Building. The University of Arkansas at Monticello-McGehee requests new construction of a 26,000 square foot General Education building. UAM's College of Technology-McGehee was formerly Great Rivers Technical Institute prior to merging with UAM in 2003. For some time prior to the merger and continuing afterward, the College of Technology-McGehee has offered college credit courses on its campus. Demand for these courses as well as continued heavy utilization of existing facilities has highlighted the need for additional capacity. The construction of a new facility would allow for expansion of these programs in the colleges service area. This is the sixth request for this project.

Recommendation: \$1,000,000 (Category A)

NON-FORMULA ENTITIES:**Southern Arkansas University Tech – Fire Academy**

Dormitory (Camden Site). The Fire Academies purpose is to house approximately 100 people on campus. This facility will include sleeping quarters, shower, and bathroom facilities, cafeteria and dining area, living quarters and study area. This is the fourth request for this project.

Recommendation: \$1,000,000 (Category A)

Confined Space / Rescue Tech Simulators. The Fire Academy proposes to build props to enhance rescue techniques involved in advanced rescue environments. This will aid in meeting standards set by NFPA and aid in meeting testing methods recommended by IFSAC and Pro-Board accrediting bodies as well as meeting mandates set forth by Arkansas Department of Emergency Management Committee for Search and Rescue. This will include a trench rescue prop. Firefighters will be trained on techniques of shoring and stabilizing ground areas during collapse situation, as well as technical rope and heavy machinery. This is the fourth request for this project.

Recommendation: \$500,000 (Category A)

University of Arkansas – Division of Agriculture

Agricultural Experiment Station Headquarters. The original headquarters for the Agricultural Experiment Station was built in 1888. In its inception it oversaw “three acres in orchard, three acres in cultivation, forty acres untilled, a pair of antediluvian mules, and a tumble-down shed.” It was later razed in 1972, but the AAES had by that time grown deep roots. Today, the AAES comprises five research and extension centers and six research stations around the state as well as research conducted on four of the State’s campuses. After an odyssey of over four decades, the AAES needs a permanent administrative home and a place where Arkansas agriculture can be showcased and celebrated. The proposed 55,000 square foot, two story AAES State Office complex will become the centerpiece of the AAES, will provide an administrative home for the AAES, will anchor the Arkansas Agricultural Research and Extension Center, will house the renowned Watershed Research and Education Center, and will showcase the significant role of agriculture as the principal economic engine in Arkansas.

Recommendation: \$2,500,000 (Category A)

Coleman Creek Bank Stabilization. The University of Arkansas Division of Agriculture – Cooperative Extension Service (CES) headquarters is located on University Avenue in Little Rock, on the right descending (southwestern) bank of Coleman Creek in a bend in the creek where the direction of flow changes from southeasterly to nearly easterly. The right descending bank of the creek (i.e., the outside of the bend) has eroded over time to a point where the CES state office

building is only about 43 feet from the top of the stream bank. If further erosion continues, it may jeopardize the building.

Recommendation: \$200,000 (Category A)

Arkansas Agricultural Research and Extension Centers and Stations. The University of Arkansas System Division of Agriculture delivers its statewide programs through almost 120 locations across the state. There are great needs to upgrade and renovate its primary research facilities so that it can continue to provide cutting edge science to address the relevant problems facing Arkansas agriculture. Agriculture is a key driver of the state's economy.

Recommendation: \$1,000,000 (Category A)

Food Innovation Center. The food processing sector contributes significantly to the Arkansas economy. Approximately \$8 billion of value added are contributed each year from food processing, accounting for roughly 8% of the state's domestic product. This facility will enable research and extension to assist the industry in processing operation optimization, Arkansas product utilization and food safety. The Center would include: 1.) an educational facility capable of hosting training conferences of 150-200 attendees; 2.) a pilot plant dedicated to processing that would have the capacity of assessing processing performance of grains and specialty crops as well as assist food entrepreneurs in Arkansas with product development and initial test production; and 3.) laboratory and office space. The square footage of the facility would be approximately 20,000 square feet.

Recommendation: \$300,000 (Category A)

University of Arkansas – Clinton School

Servers/Production Upgrade. The project would upgrade the servers and production equipment (camera, editing software). The upgrades are needed as part of the distance learning initiative and to continue videoing and recording the guest speakers of the school.

Recommendation: \$20,000 (Category A)

University of Arkansas - Criminal Justice Institute

CJI Forensic Lab and Classroom Equipment. In order to provide "real life" exercises, actual crime scene equipment and materials must be used. To enhance the educational experience and the safety of students participating in FSCTD courses, \$124,500 in additional equipment is requested. These funds will enable CJI to purchase forensic light sources, digital cameras and accessories, digital video and editing systems, digital video cameras and accessories, and down-flow and chemical workstation maintenance. This equipment will enhance the mock exercises and scenes created for the students as well as provide them

with exposure to additional methods and techniques for locating, processing, documenting, and preserving crime scene evidence. The safety of students will be enhanced by maintaining equipment that will allow them to process evidence using a variety of powders, chemicals, and sprays. These items are essential in enhancing the ability of Arkansas law enforcement to maximize the value of forensic/crime scene evidence in criminal investigations. This is the fifth request for this project.

Recommendation: \$124,500 (Category A)

CJI Facility Equipment Upgrades. The Criminal Justice Institute moved to our new location, 26 Corporate Hill Drive, in January 2013. In order to efficiently and effectively utilize this new facility, including classroom and forensic laboratory space, the Criminal Justice Institute is requesting funding for technology and equipment upgrades. This request addresses servers and LAN system back-up, projectors and other instructional equipment needed for classrooms, computers, laptops, and printers. This is the fourth request for this project.

Recommendation: \$240,000 (Category A)

University of Arkansas – Arkansas Archeological Survey

Rescuing Arkansas's Heritage. Recent advances in land management technology, such as precision land leveling, are opening up extensive tracts of Arkansas lands for agricultural production. While the economic gains are undeniably significant, these practices are destroying archeological and historic sites at an unprecedented pace, resulting in a tragic loss of information about our state's heritage. The Arkansas Archeological Survey (ARAS), a unit of the University of Arkansas System, has a network of eleven research stations across the state, and we are fortunate that our archeologists have cultivated cooperative relationships with owners and managers of several large agricultural operations. Through these relationships, we are often given advance notice of land leveling schedules and provided a window of opportunity to conduct archeological investigations in advance of those operations. Unfortunately, the time frames we are generally allowed are too short to permit effective data gathering efforts. Modern near-surface geophysical technologies, such as magnetic gradiometry, provide a means to rapidly document buried cultural features and in doing so preserve valuable information on ancient land use practices and identify extraordinarily important features warranting immediate salvage. ARAS already possesses a complete set of geophysical prospecting equipment, but we lack ancillary means to rapidly deploy that equipment over large land tracts. The combination of a GPS guided, motorized transport system for gradiometry (using an ATV vehicle that we already own) and UAV-supported photogrammetry will permit us to map target areas and collect information on the distribution of buried archeological features across large land tracts within acceptably short time frames, thereby preserving valuable heritage information before it is damaged or destroyed. This information will be curated in the state archeological databases

maintained by ARAS, which are used for a variety of purposes including the production of materials for public education and heritage tourism. We request funds to purchase a towing rig for geophysical equipment, a real-time high accuracy GPS guidance system, and a GPS-guided Unmanned Aerial Vehicle (UAV) with standard digital and infrared thermal camera packages for photogrammetric documentation.

Recommendation: \$59,150 (Category A)

University of Arkansas – ARE-ON

Construction of Fiber Expansion (Ft. Smith - Alma - Fayetteville). The current ARE-ON fiber route between Fayetteville and Fort Smith is provided by an IRU through a commercial provider. The provider may be unable to renew this IRU, or the cost of renewal of the IRU may make construction of a separate IRU viable and a more economical alternative. This fiber route carries network traffic for ASU, ATU, Arkansas eLink, UCA, UAF, UAFS, UAMS, many 2-year schools, and future 100Gig connections. Loss of this path would seriously jeopardize the ability to deliver future 100Gig connection to UAF, and break the required resiliency in the Arkansas eLink network throughout northern Arkansas. The project would construct high-count underground fiber optic cable along a path between Fayetteville to Alma to Fort Smith.

Recommendation: \$1,000,000 (Category A)

University of Arkansas - Arkansas School for Math, Science and Art

Creativity and Innovation Complex. In the time since fine and performing arts were added to ASMSA's legislated mission in 2004, the General Assembly has not allocated funds to construct appropriate spaces in support of this stated mission. In addition, ASMSA remains one of only a handful of schools in Arkansas offering advanced computer science education. The Creativity and Innovation Complex will provide both of these marquee programs with appropriate learning spaces in support of our residential students and outreach programs for talented Arkansas middle and high school students. The facility will also house ASMSA's Information Technology staff and network infrastructure. The CIC will also feature a "maker space" for 3D printing, CNC milling, laser cutting, wood work, and rapid prototyping that could serve as a valuable resource for both the Hot Springs business and manufacturing communities.

Recommendation: \$1,000,000 (Category A)

Multi-Purpose Building (Community Hall). The Community Hall will serve as a multipurpose building that can be used for assemblies, physical education classes, wellness programs, performing arts, science fair, special meetings, dances, as well as a variety of other campus programs and outreach events. Since ASMSA's founding in 1993, the school has had no large, open-space

facility to accommodate the basic needs of our school. As such, ASMSA is required to rent space from other entities to meet the most basic functions of group academic, student life, and outreach programs. The scope of every ASMSA unit is severely limited by not having a multipurpose space large enough to accommodate our full community of learning. Even the most basic of school assemblies for the student body must be held at an off campus location. This is the sixth request for this project.

Recommendation: \$500,000 (Category A)

University of Arkansas – System Office

Cammack Campus. The University of Arkansas System B. Alan Sugg Administration building serves not only as the central administrative facility for all eleven (11) campuses and six (6) divisions of the University of Arkansas System, but also as the gathering place for other institutions of higher education in central Arkansas. As such, the facility is subjected to intensive use. The two primary issues with the building are stopping the ongoing water damage resulting from the failure of the cupola waterproofing system along the perimeter of the roof and replacing damaged exterior doors and the damaged wood windows with energy efficient clad type. These repairs are essential to preventing further damage to the building interiors in addition to providing energy savings. Also, for safety and energy saving purposes the exterior site lighting needs to be upgraded and for energy efficiency the interior lighting needs to be upgraded. This is the second request for this project.

Recommendation: \$570,000 (Category A)

Technology Upgrades. The University of Arkansas System Office provides critical legal, financial and internal audit services to eleven (11) institutions of higher education and six (6) non-formula entities serving state-wide missions. Centrally located in Little Rock, the System Office hosts numerous meetings for UA System institutions, as well as other higher education and state entities. Funding is needed to upgrade computer hardware to allow for faster computer Operating System performance and enhanced internet function for cloud computing and to increase bandwidth. This is the fifth request for this project.

Recommendation: \$100,000 (Category A)

System Office Expansion. Since the University of Arkansas System Office was constructed in 1997, both the number of entities and campuses and the enrollments per campus have expanded. The System Office building is used by all of the UA system campuses, as well as other education and community organizations. The staffing level required to provide critical financial, legal and internal audit services to the eleven (11) institutions of higher education and six (6) non-formula entities serving state-wide missions has also grown. Expansion of the current UA System building will provide some much needed space. This addition project of approximately 3,000 square footage would provide for

additional office space and critical storage space. This is the fourth request for this project.

Recommendation: \$330,000 (Category A)

University of Arkansas for Medical Sciences

Student Information System. UAMS has used a series of different in-house systems to manage its admissions/applicant, student, and student account systems. Financial Aid has been processed using a separate proprietary system (ProSAM since 2010). Student accounts are currently maintained in a system installed in the 1980's (OASIS), which was written in a programming that is no longer being supported by the vendor (Powerhouse 4GL). The OASIS terminal based system is obsolete and static: there is no possibility of upgrading or improving its capacity. Its DOS-based rudimentary reporting capabilities present severe limitations for college, academic and financial accounts staff.

Requests for this project have been made each funding cycle beginning with the 2001-03 biennium.

Recommendation: \$4,635,381 (Category A)

Integrated Clinical Information System Platform On-Campus Expansion.

Management of healthcare costs is tied heavily to the efficiency of care given to each patient in need of medical services of any kind. Emergency care may lead to follow up visits, physical therapy, additional surgeries or even begin an ongoing patient/doctor or patient/healthcare team relationship. The treatment of chronic illness requires coordinating multiple encounters in various settings over extended periods of time. Receiving treatments anywhere across the state or nation is not unusual when seeking the best possible program for a medical problem one is experiencing or in time of an accident or illness while traveling. To have a patient's medical history readily available can provide more timely and accurate diagnoses and avoid unnecessary testing that delays immediate treatment.

Recommendation: \$3,364,619 (Category A)

COLLEGES:

Arkansas Northeastern College

Workforce Training Building. Arkansas Northeastern College requests to construct a Workforce Training Building. The College has experienced increasing student and local industry, which includes Big River Steel. This demands for expanded Occupational and Technical Workforce Training spaces and associated qualified instructors and programs. Currently the only space available are 1) a leased 26,000 square foot metal building originally constructed as a warehouse/distribution center for Pepsi Cola products and 2) a leased

30,000 square foot metal building originally constructed as a manufacturing & assembly facility. Both buildings are located across town in the industrial park and are inconvenient for our students. Roof failure issues persist with both metal buildings, placing at risk the currently owned training equipment. Fifty-year old spaces located at the ANC Burdette Center are being utilized to accommodate the ANC Technical/Secondary Center. To meet the demand and continue to be responsive to our constituents, ANC must provide a state-of-the-art facility near the main campus for workforce training and technical education. Finally, the new facility is a high priority for prospective industries investigating the workforce preparedness of the area population. The prospective industries expect a quality, timely training program with the state-of-the-art facilities for these needs. Significant financial participation by private industry partners is anticipated.

Recommendation: \$2,750,000 (Category A)

Arkansas State University – Beebe

IT Services Data Center. Information Technology Services and the Data Center are currently in State Hall. Space for the department staff and for the data center are horribly inadequate in both space and capability. The Data Center is actually separated in two different rooms without the proper climate control and security. The same is true for the space available for offices, storage and training. Additionally, ITS and Data Center relocation would provide critical space for other departments housed in State Hall.

State Hall is a very old building housing many departments containing student and financial records. It would be beneficial to the University to house the Data Center in a separate building not so susceptible to loss from fire or other natural disasters.

Recommendation: \$2,813,000 (Category A)

State Hall. The State Hall Building was built on the Beebe campus in 1938 and is one of the three original buildings on the campus. State Hall houses senior level administrative offices, Registrar, Financial Aid, Business Office, Institutional Research, Public Information, and Information Technology Services. The building is in bad need of renovation to update the building in appearance and mechanical/electrical systems. This is the third request for this project.

Recommendation: \$437,000 (Category A)

Arkansas State University – Mountain Home

Occupational Technical Center. ASUMH has been approved to offer three new occupational and technical programs, Automotive Repair, Heating, Ventilation, and Air Conditioning, and Mechatronics; in addition to our current Welding program. In order to accommodate the addition of these programs and growth in enrollment, ASUMH has entered into a building lease, with the option to

purchase the property. This request is to purchase the property and make building alterations necessary to operate our occupational and technical offerings.

Recommendation: \$2,000,000 (Category A)

Health and Wellness Center. This new facility will incorporate current physical education courses, along with health and wellness courses, such as weight training, aerobics, and community health education. Potential functions of the facility include a gymnasium, walking track, weight room, fitness instructional area, classrooms, and faculty and staff offices.

Recommendation: \$750,000 (Category A)

Arkansas State University – Newport

Multi-Purpose Building (JB). ASU-Newport plans the construction of a multi-purpose building at its location in Jonesboro. The 35,000-39,000 square foot facility will contain several multi-use spaces to meet the needs of the growing student population and industry partners served in the area. The building will allow for the presence of a one stop area to better serve students, and allow for meeting spaces to facilitate growing partnerships with industry in conjunction with the institution's mission to grow its technical programs. The building will also house classroom and laboratory space to serve the needs of students pursuing technical degree offerings at our Jonesboro location.

Recommendation: \$2,000,000 (Category A)

Academic Building Renovation (JB). ASU-Newport is in need of a renovation project to update the existing main classroom building at its Jonesboro industrial location. With the addition of a multi-purpose building at the location, administrative areas will need to be renovated to maximize instructional space to fit the needs of the growing student population.

Recommendation: \$750,000 (Category A)

Black River Technical College

Energy Efficient Lighting Upgrades. Upgrade all interior lighting Campus wide to an energy efficient product, along with automated light sensors to deactivate lighting when spaces are not in use. Estimated payback is four years.

Recommendation: \$500,000 (Category A)

HVAC Mechanical Upgrade Admin Building. To replace outdated mechanical equipment serving the Administration Building some of which dates from the 1970's with up-to-date energy efficient units.

Recommendation: \$85,000 (Category A)

Paragould Campus Building Expansion. This new facility will serve as additional classroom space for a growing campus along with adding faculty and staff offices that serve to support the students attending this campus.

Recommendation: \$2,165,000 (Category A)

Cossatot Community College, University of Arkansas

Education Center. UA-Cossatot has been the fastest growing two-year college in AR for the past several years. As such, our Howard County campus is out of classroom spaces. Our request is to add a facility to this campus with eight classrooms (including supportive faculty offices), a 200 seat lecture hall, and a multi-functional arena for numerous activities, including P.E. classes, large presentations, and college –wide activities.

Recommendation: \$2,750,000 (Category A)

College of the Ouachitas

Workforce Innovation Center Renovation. In order to meet our service area career and workforce needs, College of the Ouachitas needs to expand our offerings. We have, or will have, purchased an additional building to serve as our Workforce Training Center. Additional renovation and built-in equipment will be needed to fully implement our planned service offerings for business and industry as well as selected Applied Science programs.

Recommendation: \$300,000 (Category A)

Conference and Student Center. This new facility is requested to house our Student Services staff that will support our efforts to provide a complete one-stop service center for all of their student support needs. This new building will also support space for graduations and other large venues that the college currently lacks. With support from our local community, we anticipate these spaces to be made available for conferences and other local business and industry purposes. We plan on soliciting FEMA funds for a portion for the construction of a safe room for the campus and community.

Recommendation: \$2,200,000 (Category A)

East Arkansas Community College

Technology Infrastructure. EACC has conducted evaluations of existing campus technology systems in areas of safety, security, environmental & energy management controls, and general technology operations in support of the academic programs, as well as administrative operations, in order to determine areas where improvements are needed for greater program effectiveness, and significant long-term operational efficiencies and cost savings. The following

capital project will provide the necessary technological infrastructure improvements to address the identified needs:

- Replacement of Campus analog telecommunications system with VOIP Digital telecom system.
- Installation of comprehensive Energy Management System to control environmental HVAC systems in all college facilities.
- Installation of Network-based campus video security and facility access system to replace old and inadequate existing analog system.
- Expand campus wireless network coverage for improved performance in support of academic and student life programs and activities.

Recommendation: \$182,500 (Category A)

Maintenance Building. The renovation of the current Maintenance Building and expansion would include an addition of approximately 1,900 sq. ft. for housing of personnel, equipment, and storage. It would also allow for the current portion of the facility to be covered with brick veneer siding that matches existing buildings on campus and in its general vicinity. At this time, the College does not have adequate storage facilities on campus and this would allow all stored items to be brought back to campus and eliminate the need to rent storage offsite. This is the eighth request for this project.

Recommendation: \$195,000 (Category A)

Student Center. This project would provide needed space for a student lounge and activities area as well as offices to house Student Recruitment and Student Activities personnel along with Student Government representatives. Currently, no space exists that can be dedicated to students for activities, entertainment, presentation, etc. Another issue that should be considered is that a large number of EACC students commute to campus from great distances and therefore spend a majority of time before and after classes on the campus. This is the fifth request for this project.

Recommendation: \$1,844,000(Category A)

Renovation of Classroom Building 3. This project would allow for the renovations of Classroom Building 3 on the EACC campus. This facility was constructed in 1986 and in part has been used as Allied Health classrooms and labs. Since an Allied Health Center is now under construction, a complete renovation is needed to convert this space to general use up-to-date classrooms. This two story building also needs to have an elevator installed to enable easy handicapped access. This is the second request for this project.

Recommendation: \$28,500 (Category A)

Mid-South Community College

Aviation Annex. Mid-South Community College proposes this project that involves the demolition and removal of two existing metal buildings and

related accessories and systems. A new building to be completed in three phases, parking and access pad will be constructed per structural requirements and to facilitate adequate drainage. This is the second request for this project.

Recommendation: \$2,750,000 (Category A)

National Park Community College

Infrastructure Improvements. Infrastructure to support classroom technology requires upgrades in order to serve the needs of students in the areas of testing, on campus classes, and web based classes. This project consists of the following improvements:

- Implement High Availability Disaster Recovery Data & Replication Center.
- Increase the bandwidth of NPCC's LAN by replacing the current network switches with high performance switches throughout the campus.
- Consolidate the network servers with server array technology. Server arrays on each end of the campus will enhance reliability and performance to provide optimal instruction.
- Provide centralizes natural gas backup power units for mission critical data closets.
- New campus wide phone system for the campus, including support and infrastructure. The existing phone system is outdated and replacement parts are no longer available.
- Remodel current Server Room/Data Closet

This is the fifth request for this project.

Recommendation: \$1,409,000(Category A)

Classroom Technology. With increased enrollments and changing program needs, in order to stay current, NPCC needs the latest instructional equipment. This project consists of the following improvements:

- Classroom podium computers (36) attached to overhead digital projects to either replace old equipment or to enhance traditional classrooms.
- Implement 300 Student classroom stations with Thin/Zero clients to improve the manageability of software rollouts to student computers.
- Replace student side network switching components to increase data capacity for many campus computer labs.
- Blade center hardware additions to increase the flexibility of managing student classroom Thin/Zero client stations, and reduce power consumption.

This is the fifth request for this project.

Recommendation: \$667,100 (Category A)

Construction of Post-Secondary Technology Center. A new Post-Secondary Technology Center will be constructed to house the existing Technical and Professional Division. These programs are above capacity. Prospective students currently experience a waiting list to enter the program. The new construction will

consist of classrooms and shops for these expanding programs. This is the second request for this project.

Recommendation: \$923,900 (Category A)

North Arkansas College

Library Renovation. From when the current Library facility was designed and constructed in 1992, many new and different academic reference and instructional support technologies, services, conventions and student learning patterns have evolved. In addition to restoring and upgrading the building exterior, roof design and HVAC climate control systems, this renovation project will transform the outdated “stack” design areas into modern, high-tech educational reference and study areas. Spaces will be redesigned to include quiet individual study areas with a mixture of traditional chair/desks and comfortable upholstered easy chairs, small and medium enclosed areas for student group study, an enclosed computer lab area and individual computer access stations throughout the facility.

Recommendation: \$684,000 (Category A)

Information Technology Upgrade & Relocation. Due to the ever increasing growth and dependency of information technology and the associated equipment and infrastructure required for support, over the course of many years, information technology operations has been located in multiple areas based on available vacant space. The situation now exists where not only IT support is occupying areas that are needed for instructor office space, it has become difficult and inefficient to maintain the security, backup provisions and coordination of staff for all of the multiple IT operation sites. While communications hubs will still be required, the centralization of IT operations and support staff will provide for more reliable, effective and efficient information technology and the data it is responsible for. This is the second request for this project.

Recommendation: \$1,015,000 (Category A)

Learning Commons. As part of the effort to increase student retention, course completion and improve credential attainment, Northark is committed to student success and believes a centralized, all-service student assistance and success center can help. As such, plans call for the renovation of approximately 5,000 GSF of space within the main building and convert a large open area and adjoining offices into a total service learning assistance center. Included in the new plans are quiet person-to-person and group tutorial areas, a dividable learning assistance computer lab, single computer tutorial stations, and a medium sized conference room and office space for learning commons support staff. This is the second request for this project.

Recommendation: \$448,000 (Category A)

Northwest Arkansas Community College

Washington County Center. Northwest Arkansas Community College is requesting to construct a Washington County Center. Since Washington County is part of our service area, plans are underway to establish a center in Washington County. This center would address the requirement for workforce training responding to the needs of the local business community and the state. Funds would be used for startup costs, including planning and architectural services, furniture, and equipment.

Recommendation: \$961,325 (Category A)

Burns Hall Bathroom Renovation. Northwest Arkansas Community College proposes to have selective demolition of current lavatories, wall and floor tiles, and areas of wallboard. Replace tile, partitions, fixtures, towels and soap dispensers. Add gender neutral restroom by renovating space adjacent to one of the restrooms. This is the second request for this project.

Recommendation: \$289,452 (Category A)

Shewmaker Center for Workforce Technologies Roof Replacement.

Northwest Arkansas Community College makes this request due to numerous storms and extreme weather conditions, the existing roof is showing signs of needed replacement. This project would include the removal of current asphalt materials and the installation of metal roofing materials including tile ice and water shields. This is the second request for this project.

Recommendation: \$277,000 (Category A)

Burns Hall Main Entry Concrete Replacement. Northwest Arkansas Community College makes this request to replace 7,000sf standard sidewalk, 1606sf stamped colored and textured apron using 3,500 psi and #3 rebar on 18' center at the main entrance to Burns Hall. Also, drainage away from the building will be improved upon. Includes demolition and removal of existing materials and necessary site preparation.

Recommendation: \$68,632 (Category A)

Library Remodel. Northwest Arkansas Community College makes this request to remodel the library. The library would benefit tremendously with additional floor space. The current location of the library, located off the main lobby of Burns Hall, is ideal for student and community access, so expanding outward and upward would be the ideal solution. Will need to expand upwards for additional seating, open and closed group study spaces, and expanded electrical and technological infrastructure.

Recommendation: \$111,300 (Category A)

Health Professions 3rd Floor. Develop the 3rd floor of the Health Professions Building. Construction of the building was completed in December 2012, and

was funded with bond proceeds. The 3rd floor of the building remains unfinished. Additional state funding would allow full use of this facility.

Recommendation: \$1,506,875 (Category A)

Storm Drainage, Leveling, & Replanting. In 2014, NWACC will purchase a section of the Arkansas-Missouri Railroad Spur that runs through the center of campus. The tracks will be removed once the purchase is complete. After removal of the tracks, the land will have to be leveled and replanted. Additionally, storm drainage will be installed.

Recommendation: \$190,000 (Category A)

Burns Hall Generator. The current generator was installed for Burns Hall during the original construction phase. The generator serves as power back-up to the financial and administrative segment of NWACC.

Recommendation: \$26,750 (Category A)

Storage Area Network (SAN) Upgrade. The Storage Area Network (SAN) is a critical component to the network infrastructure. The SAN is dedicated network that provides access to consolidated, server storage.

This project would replace an aging (in some cases, out of vendor support) SAN infrastructure. The new SAN has been engineered to provide several layers of redundancy, something vital when consolidating storage. The primary system is designed to withstand multiple disk failures or a network switch failure without negative impact to the stability of the SAN. The second layer would allow asynchronous, scheduled replication to a hot secondary data center located on the NWACC campus. The third layer would provide asynchronous, scheduled replication of particular mission critical server components to a warm data center facility located on the North Arkansas College campus.

Recommendation: \$184,369 (Category A)

New Physical Plant Facility. The current structure is too small to operate NWACC efficiently. The facility would accommodate and protect equipment while providing the necessary area needed to perform daily duties.

Recommendation: \$134,297 (Category A)

Ozarka College

Information Technology Center and Student Center. There is an immediate need for additional space to support Ozarka College's Information Technology program and to provide additional space for students to study, interact with study groups, and obtain tutoring and counseling services on the Sharp County campus. This is the second request for this project.

Recommendation: \$1,500,000 (Category A)

Health & Fitness Center. There is a need for additional space to house a health and fitness center on the Stone County campus. At the present time, we do not have the facilities or equipment to offer physical education courses at this location.

Recommendation: \$750,000 (Category A)

Fulton County Education Center. There is a need for additional space to accommodate student enrollment growth of over thirty percent on the Fulton County campus. Additional space is needed to expand the curriculum, provide more classroom and laboratory space, and to have a designated area for students to study, interact with peers, and obtain tutoring and counseling services.

Recommendation: \$500,000 (Category A)

Phillips Community College of the University of Arkansas

Roof Repair & Replacement-6 Bldgs. Stuttgart Campus: The roof on the main building is in need of repair, leakage is occurring that is causing damage to the infrastructure and carpeting.

Helena Campus: Five (5) buildings are in need of roof replacement due to the age of the existing roofs which is at a minimum of 20 years of age per building.

- Technology & Training Building - This building houses technology classrooms, cosmetology, compressed video, drafting, and the Gear-Up grant program.
- Gym- The Gym is used for community service, intramurals, and houses the fitness center for the College.
- Bonner Center- The Bonner Center houses Admissions, the Student Center, the Bookstore, and the Cafeteria.
- Fine Arts Building - The Fine Arts Building houses classrooms, auditorium, community service, and the art gallery.
- Maintenance Shop- The Maintenance Shop is the repair center for all maintenance equipment and the vehicle fleet.

This is the seventh request for this project.

Recommendation: \$655,000 (Category A)

Technology Upgrade. The servers and SAN we employ to host all of the financial applications and student records are rapidly reaching end of life. These devices have been in production for over five (5) years. Having mission critical servers in production for this length of time places our records and day-to-day operations at risk for catastrophic hardware failure. While we have back up procedures and a disaster recovery plan in place, it is imperative for the security of our information and continuity of operations that we replace this hardware as soon as funding is available. In addition, replacing these pieces of equipment will also provide the opportunity to take advantage of newer technologies that will enable PCCUA to provide students with faster access to their student

information. Hardware that is more capable would afford us the ability to implement new reporting tools so that financial and report information to governmental agencies can be managed more efficiently. This is the second request for this project.

Recommendation: \$225,000 (Category A)

Chiller Repair for Stuttgart Campus. This chiller was installed with the construction of the Campus in 1997-98. It is costing more to repair and maintain the chiller in its' present condition than a new chiller with a five (5) year warranty would cost. This is the third request for this project.

Recommendation: \$115,000 (Category A)

Boiler Replacement. The aging boilers in the Fine Arts Center and the Arts and Sciences Building have been repaired many times, and are now at the stage that it is costing more to repair them than the return on investment. A boiler failure in either of these buildings would result in building closure and would disrupt service to our students. The Fine Arts building includes auditorium, community room, classrooms, and art gallery. The Arts and Science Building is used for classroom instruction. This is the second request for this project.

Recommendation: \$89,250 (Category A)

Fine Arts Building Insulation. This is the second request for this project.

Recommendation: \$25,000 (Category A)

Small Business Incubator Elevator. The area served by PCCUA is in an economically distressed location. One of the projects that we have partnered with the community is housing a small business incubator project in one of our off campus buildings. This building contains three floors, and needs an ADA compliant elevator to better serve the community as a whole. This is the second request for this project.

Recommendation: \$135,000 (Category A)

Pulaski Technical College

Technology Infrastructure Upgrade. Pulaski Technical College (PTC) has reached a point in which its entire campus community technology infrastructure requires a major upgrade to facilitate the educational needs of its students and to provide efficient and effective resources to the faculty and administrative staff of the college. In October of 2013, PTC was officially connected to the Arkansas Research and Education Optical Network (ARE-ON). ARE-ON will provide the college high capacity broadband access to advanced networking, technology, and research with other higher education institutions in Arkansas, nationally, and around the world. In order to fully experience the power of ARE-ON, PTC must significantly upgrade its internal networking environment that connects to ARE-ON. The technologies in this proposal are "Best of Breed" components that will

expand access and management of the local area networks at ALL campus sites. This \$5.5 million dollar project will include many of the following items:

- 1,000 Wireless Access Points (based on student and faculty count)
- 10GB Backbone Network
- Redundant Core Network Switches with 40Gig capacity
- Intelligent Resilient Framework to improve overall performance of LAN
- Main Distribution Frames at each building with redundancy
- Intermediate Distribution Frames within each building for expandability
- Intelligent Management Center Enterprise Software to provide comprehensive platform management of all resources
- Building and Workgroup Network Switch upgrades with redundancy
- Installation and Support providing a turn-key solution

Recommendation: \$3,500,000 (Category A)

Automotive Trainers Equipment. The Automotive Technology program has relied on live work projects to meet NATEF task requirements. In order to better meet the tasks and to ensure that each student adequately performs each task the curriculum is evolving into the use of College owned trainers. Trainers will allow faculty to assign lab tasks to students in two person teams greatly decreasing the time requirements for completion of all tasks. The enrollment of 75 students exceeds the number of on-hand trainers. In order to meet the enrollment needs, six additional trainers need to be purchased.

Recommendation: \$75,000 (Category A)

Welding Technology Center. There is a tremendous need for welding technicians in the state of Arkansas. According to industry leaders, approximately 600 technicians will be needed in the state over the next five years in the area of pipe welding alone. Moreover, there is no school in Arkansas with a program in this area.

Currently, Pulaski Technical College has an extremely successful Welding Technology program that focuses on training in basic welding skills. Pulaski Tech requests \$2 million to renovate and expand its Welding Technology Center in order to offer training in pipe and tube welding and to expand the number of students it serves. The renovation project will provide two cutting-edge welding technology labs, as well as equipment, furnishings and tools. A new lab will be equipped with energy-efficient inverter welder technology and a welding ventilation system to meet environmental requirements.

The renovated Welding Technology Center, which will be located on the college's main campus in North Little Rock, will provide welding technology students with greater opportunities for career and salary advancement and will provide existing welding technicians with opportunities to upgrade their skills.

Ultimately, Welding Technology Center will provide a return on investment in the form of a better skilled workforce for businesses and industries that utilize welding technicians. It also will aid in the recruitment of new industries and retention of existing ones. This is the second request for this project.

Recommendation: \$175,000 (Category A)

Rich Mountain Community College

Technology Upgrade of Lecture Hall. The Lecture Hall at RMCC was constructed in 1986 and to-date has not changed during the past 27 years. It is currently the largest room on campus that can be used for a classroom. This project would provide the latest in sound, lights, audio-visual equipment for a classroom of approximately 70-75 students. This project is critical to the institutions ability to provide instruction to large numbers of students through direct and distance learning applications.

Recommendation: \$590,500 (Category A)

Technology Upgrade of Science Labs. The science laboratories at RMCC were constructed in 1986 and to-date have not changed since that time. Work would include new casework, cabinetry, Prep room, computers, high def. screens, projector & screens and Ethernet connections.

Recommendation: \$620,500 (Category A)

Allied Health Equipment. Funds would be used to purchase 5 new SimMan (simulation manikin) for the Allied Health programs at RMCC. The LPN/RN programs have doubled in size over the past 4 years and critical equipment is needed to ensure proper training of the students in these areas. The SimMan includes software and is an interactive program allowing it to talk, cry, sweat, bleed, etc. providing a safe but complete learning environment for students.

Recommendation: \$200,500 (Category A)

Fine Arts Performance Center. Approximately 20,000 square foot building that contains facilities for performances ranging from local plays, concerts to regional and national acts. The center would include banquet facilities and supporting needs as well as dressing and support areas for productions. This is the third request for this project.

Recommendation: \$338,500 (Category A)

South Arkansas Community College

Advanced Manufacturing Center. This request is to construct a 7200 square foot building for manufacturing programs and training to support the existing and expanding chemical, petroleum, hazardous waste, pulp and paper, and manufacturing industries in our area. SouthArk is involved in the training of employees and operators for many of our local manufacturing plants. The facility would be a metal building (with brick facade) with 2 classrooms, a computer laboratory, restrooms, four offices, and a 60x60 reconfigurable, high-bay space. The open, high-bay space would house the Hands-on-Training mini-plant; process, mechatronics, and robotics training models; five welding booths, and other industrial and safety training equipment. The space would provide credit and non-credit manufacturing training opportunities for not only our Process

Technology Operators courses/program but also provide appropriate laboratory space for our Industrial Technology/Mechatronics and Welding programs, workforce safety training, and customized industrial training.

Recommendation: \$450,000 (Category A)

Health Science Center Addition. The proposed addition to the Health and Natural Sciences Building will include offices, classrooms, laboratories, and simulation suites for health science programs, Chemistry/Physical Science, Biology, and Medical Laboratory Science. The space required for these areas total 12,000 square feet. Included in this space will be three laboratories, chemical storage and prep room, faculty/staff offices (six), two general purpose lecture classrooms, mock emergency room with simulation suites and observation/debriefing areas, and exercise room to support health science programs and course offerings. The architects planned for this 12,000, three-story addition to the existing 38,000 sf Health and Natural Sciences building when originally developed in 2009, but funds were not sufficient to build entire 50,000 sf facility. This is the second request for this project

Recommendation: \$2,300,000 (Category A)

Southeast Arkansas College

Security. Southeast Arkansas College submits this request to install cameras and security devices throughout campus. This is the third request for this project.

Recommendation: \$100,000 (Category A)

Technology Center South Transformers. Southeast Arkansas College requests to replace transformers. Due to overheating through use and natural obsolescence, these transformers must be replaced. This is the third request for this project.

Recommendation: \$25,000 (Category A)

ADA Update. Southeast Arkansas College submits this request to improve handicap accessibility. This is the fifth request for this project.

Recommendation: \$50,000 (Category A)

Sewer Repair. Southeast Arkansas College submits this request for replacement of underground water and sewer lines that are approximately 50 years old and has reached life expectancy. This is the fourth request for this project.

Recommendation: \$750,000 (Category A)

Projectors for Classrooms. Southeast Arkansas College submits this request for improvements for instructional and research purposes.

Recommendation: \$105,000 (Category A)

Southern Arkansas University Tech

Career and Workforce Development Center. Southern Arkansas University Tech requests to construct a 40,000 square foot Career and Workforce Development Center. It is of importance to note the key impetus for this proposal. These needs are driven by the expressed desires of businesses and industries that SAU Tech serves in Highland Industrial Park and surrounding area. These needs were expressed through 2011 survey results and on-going communication with industry partners. SAU Tech career education and workforce training has been and continues to be a strong asset to the park in adding value and quality to the products produced as well as keeping jobs in Arkansas and the United States. SAU Tech's sector partners in Defense/Aerospace employment continue to have needs of creating a pool of both qualified entry level and highly skilled workers. The facility would also serve as a much needed facility that the College's industry partners could schedule for their own use with in-house instructors and speakers. This is the 6th request for this project.

Recommendation: \$2,750,000 (Category A)

University of Arkansas Community College at Batesville

Workforce Training Center. The Workforce Training Center will house classrooms, faculty offices, computer laboratories, and meeting rooms needed to support both current and planned academic programs in workforce and business outreach initiatives with community corporations and businesses. Vocational program would be housed in this facility. Currently all such programs reside in the Main classroom /Administration building and intermittently throughout the campus. These resources are insufficient to meet the immediate needs of the growth our campus is experiencing. The continued economic strength and business development of our service area have increased the demands placed on our community and workforce education programs. Workforce Training will be a critical element of UACCB's future training. This is the ninth request for this project.

Recommendation: \$2,000,000 (Category A)

Instructional Equipment. The University of Arkansas Community College at Batesville is experiencing significant demand in technology and the need for increased bandwidth. With the inception of the ARE-ON project in 2013, expenses for UACCB as well as the need for new equipment for classroom usage is critical for the instructional technology need for the campus.

Recommendation: \$600,000 (Category A)

Stabilization for Vehicular bridge. There is a creek that runs near the center of the campus which requires a bridge for ingress and egress to the east side of the campus. The vehicular bridge is the only access to the east side of the campus. Otherwise, students would have to use the state highway for commuting between

classrooms and library. Stabilization of the bridge must occur for safety. There is deterioration along the creek bank which affects the stability of the bridge. The data communication between both sides of the campus is also run along the bridge. Maintenance of this bridge is required for campus safety and communication.

Recommendation: \$150,000 (Category A)

University of Arkansas Community College at Hope

Instructional Technology. UACCH currently has six CIV equipped labs with equipment that is 10 years old. The College can no longer get technical support for these systems because of the age. Currently UACCH averages 32 CIV class sessions per week to 336 students.

Recommendation: \$420,000 (Category A)

Testing Center. The current testing center on campus is inadequate to handle the volume of testing required on a daily basis. This project will allow the College to renovate three existing meeting rooms into a testing center large enough to meet current and future demands. These rooms are no longer needed for meetings since the opening of Hempstead Hall.

Recommendation: \$685,000 (Category A)

Texarkana Classroom Building. This project is a 40,000 square foot facility with classrooms, computer labs, science labs, meeting rooms, testing center, and faculty offices on the Texarkana Campus. This is the second request for this project.

Recommendation: \$1,645,000 (Category A)

University of Arkansas Community College at Morrilton

Workforce Training Center. The Workforce Training Center will house new labs and classrooms for the departments of Auto Collision Repair Technology, Automotive Technology, Air Conditioning, Heating & Refrigeration Technology and general technology. These departments are currently housed in space that is outdated and too small. It would be very expensive to renovate existing facilities because of their age (one building over 30 years old and the other over 50 years old), locations and poor conditions. The programs produce graduates that are quickly employed, but enrollment in the programs is limited by physical space. Enrollment often reaches maximum capacity two months before classes begin. By constructing new space, UACCM will be able to enroll approximately 30% more students in these demand areas. In addition to classroom and lab space, a One-Stop Workforce Center will be included. Unemployed and underemployed workers who visit the Center will be exposed to technical training

opportunities. There will also be a workforce training area. This will provide space for workforce training for current and future businesses. Upon completion of the new space the Technology I Building will be demolished because of the deteriorating condition. Space vacated in Technology II will require minor remodeling to provide needed expansion space for the Petroleum Technology program. The Technology III Building will be renovated and an addition will provide needed space to expand the Welding Department. This is the second request for this project.

Recommendation: \$2,750,000 (Category A)

* Presented to the AHECB as "Table 8-A: Summary of Capital Requests/Recommendations for the 2015-17 Biennium"

PERFORMANCE BASED FUNDING (OUTCOMES-CENTERED) MEASURES AS DIRECTED BY ACT 1203 OF 2011

Background

Act 1203 of 2011 repealed Arkansas Code § 6-61-223 and amended §6-61-224, §6-61-228, §6-61-229, and §6-61-230. The act directs the Department of Higher Education to develop an outcome-centered component of the funding formula for colleges and universities by December 31, 2011. Beginning in 2013-14, the funding recommendations will be based on the need component of student enrollment and the output components of student success and other performance measures. The proportion of the funding recommendation will begin with five percent based on outcome-centered measures, increasing by five percent each year to reach 25 percent in 2017-18. The Director and staff at the Department of Higher Education worked with the presidents, chancellors and key staff at the universities and colleges, along with the Executive Director and key staff at the Arkansas Association of Two-Year Colleges, to develop the university and college performance measures.

Performance Measures

For the implementation of performance funding, institutions are to be held harmless for complying or participating in an initiative promoted by the Arkansas Department of Higher Education (ADHE) that has the potential to adversely affect the outcomes of compliance with performance funding measures. This includes, but is not limited to degree audits, contributions to economic development, and increases in quality of education provided.

The performance-based funding formulas were developed and reviewed with the following principles in mind:

Universities

- **Doubling the number of degrees produced by 2025 without compromising academic rigor.** The universities recognize that to bolster the economic development needs of the State, we must significantly increase the number of degrees, including STEM degrees, awarded to Arkansas students. Significant weighting is placed on increasing the number of bachelor's degrees awarded. All institutions will be measured each year on total credentials awarded, bachelor credentials awarded, STEM production and student progression. Forty percent of all performance funding will be allocated to these four measures.
- **Recognizing the diversity of Arkansas's universities and the varying demographics and economic realities of their locale, as well as the academic unpreparedness of many of the students they serve.** The

optional measures include underrepresented minorities, non-traditional, transfer and low-income graduates, as well as graduates with remedial needs and those electing a course of study in a high demand field or a critical need of a particular region of the state.

- **Recognizing research activities in bolstering the economic development of the state.** Several universities are involved in substantial research efforts through the receipt of external grants and awards, issuance of patents and the development of new companies. While not directly producing graduates, these economic development measures produce jobs, a component that must be present if the state has any hope of retaining a large percentage of its graduates.
- **Holding all institutions accountable for the major state goals outlined in Act 1203 through the combination of mandatory and optional measures.** The measures allow each institution to select optional goals based on mission, role and scope. Each institution will be measured against its own progress and not against an arbitrary standard.
- **Recognizing that the performance record in the early years will almost certainly change over time and that it must be reviewed on an annual basis to assure the overall goal of doubling the number of graduates by 2025 is attainable.**
- **Keeping the measures simple, clear and understandable.**
- **Producing accurate and reliable data will dictate the success of the performance funding measures.**

Colleges

Two-year colleges are open-door institutions that serve four major educational purposes: 1) technical skills education; 2) preparation for transfer to a four-year university; 3) remedial education and; 4) workforce training for business and industry. A two-year college performance funding model must incorporate all four purposes.

Performance Measures

Universities

The following table provides a list of the measures with definitions:

Mandatory Measures	
Measure	Definition
Bachelor Credentials	Number of bachelor's degrees earned by students for an academic year regardless of enrollment status.
Total Credentials	Number of all credentials (technical certificates and above)

	earned by a student for an academic year regardless of enrollment status.
STEM Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in the STEM CIP Codes. The source identifying STEM CIP Codes is the version published by US Immigration and Customs Enforcement (ICE). The list may be found at the following website (www.ice.gov/sevis/stemlist.htm).
Progression: University Version (New Arkansas Measure)	This measure utilizes a cohort of credential-seeking students enrolling in 6 or more hours during a fall semester. The cohort is then tracked through the next academic year to identify how many students in the cohort earned a total 18 or more credit hours through the two academic years (including remedial/developmental courses). The Progression Rate is expressed as a percentage and changes over time are expressed as a difference in percentage points. If a student graduates during the allotted time frame, then that student is counted as progressed.
Optional Measures	
Measure	Definition
Course Completion	This is a Successful Course Completion Rate calculation which compares the number of successful SSCH to all SSCH in all non-remedial courses. The Successful Course Completion Rate is expressed as a percentage and changes over time are expressed as a difference in percentage points.
High Demand Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in the HIGH DEMAND CIP Codes. The 2011 version of the HIGH DEMAND CIP Codes were obtained from ADWS (Arkansas Department of Workforce Services).
Minority Student Credentials	Number of all credentials (technical certificates and above) earned to persons identified as Asian only, Black only, Hispanic any, American Indian/Alaska Native only, Hawaiian/Pacific Islander only or Two or More Races. (Unknowns, Non-Resident Aliens, White and Other graduates are not included.)
Non-Traditional Student Credentials	Number of all credentials (technical certificates and above) earned by a non-traditional student in an academic year. Non-traditional students are defined as age 25 or older at the time of graduation.
Remedial Student Credentials	Number of all credentials (technical certificates and above) earned by a remedial student in an academic year. Remedial students are defined as students who were required to take at least one remedial course for completion.
Regional Economic Needs Programs Credentials	Number of all credentials (technical certificates and above) earned by a student for an academic year regardless of enrollment status in programs identified by the institution and approved by the Arkansas Higher Education Coordinating Board. See Appendix B for detail.
Transfer Student Credentials	Number of all credentials (technical certificates and above) earned by a student transferring from another Arkansas public institution of higher education.

Expenditure of Federal Awards	Increase in restricted federal expenditures excluding transfers and scholarships by fiscal year.
Patents	The number of U.S. patents (utility, plant or design) issued or reissued to an institution within the year. Certificates of plant variety protection issued by the USDA should be included.
New Company Start-ups	The number of new companies started during the years that were dependent on licensing an institution's technology for their formation.
Compensatory Measure	
Percentage of Pell Receiving Undergraduate Population	Percentage of all undergraduate students receiving Pell grants (http://nces.ed.gov/collegenavigator/)

Colleges

The following table provides a list of two-year college measures with definitions:

Mandatory Measures	
Measure	Definition
Remedial Course Success	The rate of remedial courses completed relative to remedial courses attempted.
Non-remedial Course Success	The rate of non-remedial courses completed relative to non-remedial courses attempted.
Progression	The rate of students that complete either 18 hours or a credential.
Certificates of Proficiency	The number of certificates of proficiency awarded.
Technical Certificates	The number of technical certificates awarded.
Associate Degrees	The number of associate degrees awarded.
Total Credentials	The rate of credentials awarded relative to enrollment.
Mandatory Compensatory Measures	
Measure	Definition
Low-Income	The number of low-income students relative to enrollment.
Under-prepared	The number of underprepared students relative to enrollment.
Optional Measures	
Measure	Definition
STEM Credentials	The number of STEM credentials awarded.
High Demand Credentials	The number of high demand credentials awarded.
Workforce Training	The number of workforce training contact hours reported.
Transfer	The number of students that transfer after completing a minimum of 12 hours.
Adult Credentials	The number of credentials awarded to adults.

Minority Credentials	The number of credentials awarded to minorities.
Employment	The number of credential completers that obtain employment.

The following resolution is offered for the Board's consideration:

RESOLVED, That the Arkansas Higher Education Coordinating Board adopts the amendment to the performance measures described in this agenda item for outcome-centered components in implementing the provisions of Act 1203 of 2011.

CERTIFICATION OF INTERCOLLEGIATE ATHLETIC REVENUES AND EXPENDITURES FOR 2014-15

A.C.A. §6-62-805 (Act 366 of 1991) requires each state-supported institution of higher education to annually certify by June 15 to the Arkansas Higher Education Coordinating Board that its intercollegiate athletic program will generate sufficient revenues to meet expenditures or that any athletic deficit will be met by separate institutional board-sanctioned student athletic fees.

Verification of Athletic Budgets and Fee Information

Institutions with intercollegiate athletic programs submitted ADHE Form 21-2, "Certification of Budgeted Athletic Revenues and Expenditures" and proper supporting documentation. ADHE finance staff verified that the athletic data submitted by the institutions matched the overall 2014-15 institutional operating budgets.

A.C.A. §6-62-804 requires that any student athletic fees assessed must be clearly defined in all publications and institutional board minutes, and listed separate and distinct from tuition or other student fees on student tuition and fee statements. All institutions assessing a student athletic fee have certified to the Department compliance with this requirement and have submitted copies of their student fee billing statements illustrating the disclosure of the athletic fee to each student.

Summary of Data

The institutional submissions establish the 2014-15 operating budgets for intercollegiate athletic programs and certify to the Coordinating Board any student athletic fees that will be charged to cover operating deficits. The University of Arkansas, Fayetteville (UAF), Cossatot Community College of the University of Arkansas (CCCUA), Mid-South Community College (MSCC) and North Arkansas College (NAC) do not charge an athletic fee and expect to continue to meet their athletic operating costs without assessing a student athletic fee for the 2014-15 fiscal year. The following institutions have set their athletic fee per student semester credit hour (SSCH) as follows:

<u>Inst.</u>	<u>2013-14 Athletic Fee</u>	<u>2014-15 Athletic Fee</u>
ASUJ	\$17.00	\$17.00
ATU	\$14.00	\$14.00
HSU	\$15.00	\$15.00
SAUM	\$14.00	\$17.00
UAFS	\$16.00	\$16.00
UALR	\$16.66	\$17.25
UAM	\$13.00	\$13.00
UAPB	\$16.00	\$17.00
UCA	\$17.00	\$17.00

A summary chart of 2014-15 athletic certification data from each institution is shown on page 10-3. The summary chart, excluding the University of Arkansas, Fayetteville (UAF), indicates that 42.2 percent of athletic program budgets are being funded from student athletic fees, while 26.1 percent comes from athletic-generated revenues and other athletic income. Transfers from educational and general funds contribute 17.0 percent of the funding. The remaining 14.7 percent is funded from other auxiliary profits.

Other than the educational and general transfer, the use of auxiliary profits is the most sensitive source of income for financing athletic budgets. Other auxiliary profits are included as a revenue source for intercollegiate athletic programs; however, the use of auxiliary funds to support intercollegiate athletic programs should not undermine sound fiscal management of those auxiliary enterprises.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution:

RESOLVED, That the Arkansas Higher Education Coordinating Board accepts the Certification of Intercollegiate Athletic Revenues and Expenditures Budgeted for 2014-15 as prepared in accordance with Arkansas Higher Education Coordinating Board uniform accounting standards and definitions for athletic reporting.

Summary of 2014-15 Athletic Certification Data from Institutional Boards of Trustees

Inst	Athletic Generated Revenues	% of Total Inst Rev	Other Auxiliary Profits	% of Total Inst Rev	E & G Transfer	% of Total Inst Rev	Student Athletic Fee	% of Total Inst Rev	Other Athletic Income	% of Total Inst Rev	Total Expected Inst Rev	Total Budgeted Expenditure	Athletic Fee Per SSCH

26.06%

**ECONOMIC FEASIBILITY OF BOND ISSUE
ARKANSAS TECH UNIVERSITY – OZARK CAMPUS**

Arkansas Tech University – Ozark Campus requests approval of the economic feasibility of plans to issue bonds not to exceed \$6 million with a term of up to thirty (30) years at an annual interest rate not to exceed 5.0 percent. Proceeds from the bond issue will be used for educational & general (E&G) purposes. Arkansas Tech University Board of Trustees approved this financing at its meeting on May 15, 2014.

The E&G issue will not exceed \$6 million with an annual debt service of \$354,875 and a term of up to thirty (30) years. The annual debt service on the bond issue will be supported by net tuition and fee revenue. Proceeds from the bond issue will be used to construct and equip the Allied Health Building and complete the Roofing Project for the Technology and the Academic Support Building. The Allied Health Building will consist of two floors with approximately 20,273 square feet. It will house five academic programs, including six classrooms, four educational labs, and faculty offices; three computer labs; a fitness center; and a conference room. The Technology and Academic Support building will also be completely re-roofed. Coordinating Board policy regarding debt service provides that a maximum of 25 percent of net tuition and fee revenue may be pledged to E&G debt service. Net tuition and fee revenue is the gross tuition and fee revenue less unrestricted educational and general scholarship expenditures.

Relevant data follows:

Projected 2014-15 Net Tuition and Fee Revenue	\$ 4,195,256
Maximum Debt Service (\$4,195,256 x 25%)	1,048,814
Existing Debt Service	172,718
Proposed Debt Service	354,875
Amount Remaining for Additional Debt Service	\$ 521,221

The above data demonstrates that Arkansas Tech University – Ozark Campus has sufficient tuition and fee revenue to support an E&G bond issue of approximately \$6 million with a term of up to thirty (30) years at an estimated annual interest rate not to exceed 5.0 percent.

In accordance with board policy, Arkansas Tech University-Ozark Campus will sustain a building maintenance fund to be supported by tuition and fee revenues. These funds will be held in a separate account for the maintenance of the new facilities by transferring annually to plant funds based on the Association of Physical Plant Administrators (APPA) of Universities and Colleges

recommendation. The current APPA recommendation is \$2.50 per gross square foot for E&G facilities. Based on a total of 20,273 square feet, \$50,683 will be transferred annually.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Arkansas Tech University – Ozark Campus to issue bonds in an amount not to exceed \$6 million with a term of up to thirty (30) years at an estimated interest rate not to exceed 5.0 percent to construct and equip the Allied Health Building and complete the Roofing Project for the Technology and the Academic Support Building.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of Arkansas Tech University of the Coordinating Board's resolution.

**ECONOMIC FEASIBILITY OF BOND ISSUE
NORTHWEST ARKANSAS COMMUNITY COLLEGE**

Northwest Arkansas Community College requests approval of the economic feasibility of plans to issue bonds not to exceed \$3 million with a term of twenty (20) years at an annual interest rate not to exceed 4.0 percent. Proceeds from the bond issue will be used for educational & general (E&G) purposes. The Northwest Arkansas Community College Board of Trustees approved this financing at its meeting on June 9, 2014.

The E&G issue will not exceed \$3 million with an annual debt service of \$181,980 and a term of twenty (20) years. The annual debt service on the bond issue will be supported by net tuition and fee revenue and millage revenue. Proceeds from the bond issue will be used to purchase 20 acres of land in Springdale, Arkansas. Sometime within the next 5 years, Northwest Arkansas Community College will build a center for career and technical training on this property. Current programming (already being delivered in Washington County) includes general education and transfer curricula. New programming will include Workforce Technologies (credit and non-credit formats) with focus on Manufacturing Operations, Mechatronics, and Construction Technologies. Expanded programming (already being offered, but expanded by market demand) includes STEM-related curricula, General Business transfer, Information Management and Applications, and Agriculture Food and Life Sciences.

The 20 acres NWACC plans to purchase are directly west of the Arvest Natural's Ballpark in Springdale with direct access to I-49. A new major interchange, the Don Tyson Interchange scheduled to open during summer of 2014, will provide additional access. The location is in a primary development district for the City of Springdale. The west side location will also greatly increase access to NWACC for students/citizens of western Washington County and Siloam Springs. Coordinating Board policy regarding debt service provides that a maximum of 25 percent of net tuition and fee revenue may be pledged to E&G debt service; in addition, higher education institutions may obligate local tax or millage so long as the annual proceeds equal no less than 120 percent of the annual debt service. Net tuition and fee revenue is the gross tuition and fee revenue less unrestricted educational and general scholarship expenditures.

Relevant data follows:

Projected 2014-15 Net Tuition and Fee Revenue	\$ 15,817,394
Maximum Debt Service (\$15,817,394 x 25%)	3,954,349
Estimated Millage Revenue	2,997,500

Maximum Debt Service (\$2,997,500 / 120%).....	2,497,917
Existing Debt Service	2,555,157
Proposed Debt Service	181,980
Amount Remaining for Additional Debt Service	\$ 3,715,129

The above data demonstrates that Northwest Arkansas Community College has sufficient tuition and fee revenue and millage revenue to support an E&G bond issue of approximately \$3 million with a term of twenty (20) years at an estimated annual interest rate not to exceed 4.0 percent.

ADHE Executive Staff recommend that the Arkansas Higher Education Coordinating Board approve the following resolution.

RESOLVED, That the Arkansas Higher Education Coordinating Board considers economically feasible plans for Northwest Arkansas Community College to issue bonds in an amount not to exceed \$3 million with a term of twenty (20) years at an estimated interest rate of 4.0 percent to purchase 20 acres of land in Springdale, Arkansas.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the President and the Chair of the Board of Trustees of Northwest Arkansas Community College of the Coordinating Board's resolution.

**TECHNICAL CERTIFICATE IN HOSPITALITY MANAGEMENT
ARKANSAS STATE UNIVERSITY - MOUNTAIN HOME**

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Technical Certificate in Hospitality Management (CIP 52.0401, 32 semester credit hours) offered by Arkansas State University - Mountain Home, effective Fall 2014.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of the Arkansas State University System, and the Chancellor of Arkansas State University–Mountain Home of the approval.

Program Justification

The technical certificate in Hospitality Management prepares students for entry-level management positions in the front office, reservations, purchasing, dining rooms and marketing at hotels, resorts, and restaurants. Mountain Home High School began offering courses in hospitality, travel and tourism during the 2013-14 school year. This proposed program will provide an opportunity for these local high school students to continue their education in this field of study.

In 2012, the Mountain Home Area Chamber of Commerce launched a five-year initiative with one of the focus areas being "Retiree Recruitment and Tourism". This area's specific mission is: "To advance the economic vitality of Mountain Home by recruiting retirees to locate in our area and by increasing travel and tourism visitor volume via the establishment of an effective destination marketing plan that concentrates on the unique attributes of our region." The TC in Hospitality Management will play an important role in assuring that the region has a trained workforce that is prepared to propel the region in a direction that encourages tourism growth.

A recent survey of local employers from the hospitality industry indicated a need for a better trained workforce, especially in the areas of customer service, problem solving, and general knowledge of the industry. The curriculum is designed to meet those needs as well as provide management and human resources skills. Employers indicated needing employees with these skills and have positions as Assistant Managers, Housekeeping Supervisors, Marketing Managers, Maintenance Supervisors, Front Desk Managers, and Special Events Workers at salaries that average \$10 per hour.

Existing faculty, equipment, classrooms, computer labs, library are adequate to implement the proposed program.

**DOCTOR OF OCCUPATIONAL THERAPY
ASSOCIATE OF APPLIED SCIENCE IN OCCUPATIONAL THERAPY ASSISTANT
ARKANSAS STATE UNIVERSITY - JONESBORO**

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the Associate of Applied Science in Occupational Therapy Assistant (CIP 51.0803, 63 semester credit hours) and the Doctor of Occupational Therapy (CIP 51.2306, 120 semester credit hours), offered by Arkansas State University – Jonesboro, effective Summer 2015.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of Arkansas State University System, and the Chancellor of Arkansas State University – Jonesboro of the approval. Program continuation is contingent on ASUJ obtaining and maintaining program accreditation with the Accreditation Council for Occupational Therapy Education.

Program Justification

There are no Occupational Therapy (OT) programs in the northeast or eastern regions. The proposed OT and occupational therapy assistant (OTA) programs are designed to meet the occupational health care needs of persons in these regions and beyond. ASUJ has not been in a position to develop the degree until now, and a consultant was hired to help develop the curricula. Additionally, in October 2013, 300 OT/OTAs were invited to ASUJ for an informational meeting to discuss program development. Area healthcare administrators also were surveyed on employer need and clinical placement support. The results were overwhelming that OT/OTA's are needed and jobs are available. St. Bernard's Medical Center, Poplar Bluff Regional Medical Center, Health Management Associates-Twin Rivers Regional Medical Center, Mid-South Health Systems, Harris Hospital, Health South Rehabilitation Hospital of Jonesboro, NEA Baptist Memorial Hospital are some of the employers that have need for OT/OTAs. A report from the Arkansas Center for Rural Health indicated a need for 600 OTs through 2016.

Students who complete the 63 semester credit hours OTA program will assist and work under the direction and supervision of the Occupational Therapist in hospitals, outpatient clinics, and schools. OTAs will be able to provide rehabilitative services to individuals with mental, physical, emotional, or developmental disabilities by assisting them with skills that will enable them to perform daily activities. Graduates of the OTA program are eligible to sit for the national certification examination administered by the National Board of Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a certified occupational therapy assistant (COTA). In addition, Arkansas requires licensure in order to practice. Licensure of the OTA is awarded by the Arkansas State Medical Board based on the results of the NBCOT examination.

The Doctor of Occupational Therapy (OTD) is a 120-semester credit hour program comprised of 108 semester credit hours of professional core, plus 12 semester credit hours in the cognate area. These cognates will become content specialization opportunities to the practice or science of OT which could include, but are not limited to, research, leadership, health care management, program development, policy development, health information management, aging studies, advocacy and health professions education. The OTD is a three-year, nine-semester program that integrates occupational therapy theory, research and practice. Graduates of the program will be able to professionally practice in positions as expert clinicians in specialty or emerging practice areas, as contributors to clinical research teams, as administrative leaders within health care organizations, and as faculty in institutions of higher education. OT is a health care profession aimed at improving performance, preventing illness and disability, and promoting adaptation to life changes.

Two new faculty at the master's level will be required for the OTA program. A minimum of five core faculty will be needed to implement the OTD program who are prepared at the doctoral level: Program Director, Academic Fieldwork Coordinator, and three occupational therapists with experience in pediatrics, adult/aging adults, and population

based and wellness practice. A program director will be hired by Fall 2014 and faculty will be hired by Spring 2015.

Current instructional facilities, including classrooms, instructional equipment and technology, laboratories are sufficient to support these programs. Existing office space in Smith Hall will be configured for the OT office complex, including chair and faculty offices, conference room, work room, and some space for graduate assistants and adjuncts. Space in Smith Hall will also be converted to include at minimum an ADL lab, technology lab and driving and mobility lab. Existing cadaver lab, two basic labs and two therapeutic exercise labs will be shared with the OT program. The CNHP has over 500 contracted sites for clinical placement. Over half of these sites will be utilized for OTA/OTD placement.

Curriculums for both programs have been designed to meet the accreditation requirements from the Accreditation Council for Occupational Therapy Education (ACOTE) and are consistent with college, university, and state requirements. Graduation from an ACOTE-accredited program is required for eligibility to sit for the licensing exam; therefore, ASUJ must obtain and maintain ACOTE accreditation for the OTA/OTD program continuation.

Program Admission Requirements for OTD

1. Acceptance into the ASUJ graduate school;
2. Baccalaureate degree;
3. Transcripts of undergraduate degree with overall GPA to be ranked for competitive admission;
4. Calculation of separate GPA on all pre-requisite courses;
5. 3.0 minimum grade point average;
6. Three letters of recommendation from instructors, work supervisors or community individuals; and,
7. 3-5 page personal statement of intent to become an occupational therapist.

LETTERS OF NOTIFICATION

The Director of the Arkansas Department of Higher Education (ADHE) has approved the following program requests since the April 2014 AHECB meeting. According to AHECB policy 5.11, program actions approved by the ADHE Director must be included on the AHECB meeting agenda prior to initiation and may require further review by the Coordinating Board.

Master of Business Administration (DC 5580; 30 credit hours; Fall 2014; 100% online)

Concentration in Finance in Master of Business Administration (DC 5580; 21 credit hours in concentration; Fall 2014; 80% online)

Concentration in Health Care Administration in Master of Business Administration (DC 5580; 9 credit hours in concentration; Fall 2014; 100% online)

Degree Modification – Credit Hour Reduction (Act 747 of 2011)

Arkansas Northeastern College

Associate of Applied Science in Office Technology (DC 3520; 60 credit hours; Fall 2014)

Arkansas State University – Beebe

Associate of Science in Agriculture (DC 0191; 60 credit hours; Fall 2014)

Arkansas State University – Jonesboro

Associate of Applied Science in Law Enforcement (DC 0600; 62 credit hours; Fall 2014)

Bachelor of Arts in Art (DC 1250; 120 credit hours; Fall 2014)

Black River Technical College

Associate of Applied Science in Aviation Maintenance (DC 0240; 92 credit hours; Fall 2014; credit hours reduced from 101 to 92 credit hours.)

Associate of Applied Science in Respiratory Care (DC 0810; 80 credit hours; Spring 2015; credit hours reduced from 85 to 80 credit hours.)

Cossatot Community College of the University of Arkansas

Associate of Applied Science in Engineering Technology (DC 4487; 60 credit hours; Fall 2014: credit hours reduced from 63-64 to 60 credit hours)

Associate of Applied Science in General Technology (DC 0517; 60 credit hours; Fall 2014: credit hours reduced from 67 to 60 credit hours)

East Arkansas Community College

Associate of Applied Science in Medical Assisting Technology; Emphasis in Coding (DC 1120; 62 credit hours; Fall 2014; credit hours reduced from 71 to 62 credit hours)

North Arkansas College

Associate of Applied Science in Information Technology with Emphasis in Software Development, Digital Media, Network/Systems Administration (DC 0355; 60 credit hours; Fall 2014: credit hours reduced from 64-68 to 60)

Associate of Applied Science in Medical Laboratory Technology (DC 0660; 68-69 credit hours; Fall 2014: credit hours reduced from 72-73 to 68-69)

Associate of Applied Science in Registered Nursing (DC 0710; 68 credit hours; Fall 2014: credit hours reduced from 72-73 to 68)

Associate of Applied Science in Registered Nursing, LPN-RN Bridge Program (DC 0710; 64 credit hours; Fall 2014: credit hours reduced from 68 to 64)

University of Arkansas Community College at Batesville

Associate of Applied Science in Early Childhood Education (DC 0437; Fall 2014; credit hours reduced from 63 to 60)

Associate of Applied Science in Business Services (DC 0300; Fall 2014; credit hours reduced from 63 to 60)

Associate of Applied Science in General Technology (DC 0517; Fall 2014; credit hours reduced from 63 to 60)

Associate of Applied Science in Industrial Technology (DC 0580; Fall 2014; credit hours reduced from 63-64 to 60)

Associate of Applied Science in Criminal Justice (DC 0390; Fall 2014; credit hours reduced from 63 to 60)

Associate of Applied Science in Medical Office Management (DC 0652; Fall 2014; credit hours reduced from 67 to 60)

Associate of Applied Science in Aviation Maintenance (DC 0241; Fall 2014; credit hours reduced from 98 to 90)

Associate of Applied Science in Emergency Medical Technology (DC 0470; Fall 2014; credit hours reduced from 70 to 60)

Associate of Applied Science in Registered Nursing (DC 0710; Fall 2014; credit hours increased from 69 to 70)

University of Arkansas, Fayetteville

Bachelor of Fine Arts in Art (CIP 50.0701; DC 2020; 120 credit hours; Fall 2014; credit hours reduced from 123 to 120-approved by ADE for Art Education)

University of Arkansas – Fort Smith

Bachelor of Science in Imaging Science; Diagnostic Medical Sonography option (DC 1375; 120 credit hours; Summer 2015; credit hours reduced from 135 to 120 credit hours)

Bachelor of Science in Imaging Science; Management option (DC 1375; 120 credit hours; Summer 2015: credit hours reduced from 126 to 120 credit hours)

University of Central Arkansas

Bachelor of Music in Music-includes non-Music Education tracks in Composition; Performance, Instrumental; Performance, Piano; Performance, Vocal (DC 2120; 120 credit hours; Fall 2014: credit hours reduced from 130 to 120 credit hours)

Program Pending Review by Arkansas Department of Education

Arkansas Tech University

Bachelor of Science in Elementary Education (CIP 13.1202; 121 credit hours; Spring 2015)

Bachelor of Science in Middle Level Education (CIP 13.1202; 120 credit hours; Spring 2015)

Southern Arkansas University-Magnolia

Master of Education in School Counseling, K-12 (DC 5640, CIP 13.1101; 42 credit hours; Fall 2014)

COUN 6403	Introduction to the Counseling Profession

Graduate Certificate in Lean Six Sigma Black Belt

IEE 570 Advanced Quality Control

IEE 581 Six Sigma Methodology

IEE 585 Six Sigma Capstone

Choose two from the following:

IEE 530 Enterprise Modeling

IEE 561 Production Systems

IEE 572 Design Engineering Experiments

IEE 573 Reliability Engineering

IEE 578 Regression Analysis

Graduate Certificate in Nuclear Power Generation

EEE 562 Nuclear Reactor Theory and Design

EEE 563 Nuclear Reactor System Dynamics and Diagnostics

EEE 564 Interdisciplinary Nuclear Power Operations

EEE 591 Nuclear Power Engineering

MSE 565 Structural Materials in Nuclear Power Systems

Graduate Certificate in Social Entrepreneurship and Community

NLM 520 Financial Management in Nonprofit Organizations

NLM 562 Social Entrepreneurship

NLM 572 Community and Social Innovations

NLM 593 Applied Project

Choose one from the following:

NLM 530 Program Evaluation and Information Management

NLM 540 HR in Nonprofit Organizations

NLM 565 Grant Writing for Nonprofit Organizations

Graduate Certificate in Statistics

Choose one from the following:

ECN 525 – Applied Regression Models

IEE 578 – Regression Analysis

STP 530 – Applied Regression

Choose one from the following:

ECN 530 Experimental Design

IEE 572 Design of Engineering Experiments

STP 531 Applied Analysis of Variance

Choose three from the following:

ECN 527 Categorical Data Analysis

ECN 535 Multivariate Methods

ECN 540 Forecasting STP 421 – Probability

IEE 520 Statistical Learning for Data Mining

IEE 545 Simulating Stochastic Systems

IEE 570 Advanced Quality Control

IEE 571 Quality Management

IEE 573 Reliability Engineering

IEE 575 Applied Stochastic Operations Research Methods

IEE 579 Times Series Analysis and Forecasting

IEE 585 Response Surfaces and Process Optimization

IEE 672 Advanced Topics in Experimental Design

IEE 677 Regression and Linear Models

IEE 679 Time Series Analysis and Control

STP 425 Stochastic Processes

STP 427 Mathematical Statistics

STP 501 Theory of Statistics I

STP 502 Theory of Statistics II

STP 525 Advanced Probability

STP 526 Theory of Statistical Linear Models

STP 532 Applied Nonparametric Statistics

STP 533 Applied Multivariate Analysis

STP 534 Applied Discrete Data Analysis

STP 535 Applied Sampling Methodology

Graduate Certificate in Supply Chain Management
SCM 502 Operations and Supply Management
SCM 520 Strategic Procurement
SCM 521 Supplier Management and Negotiations
SCM 532 Supply Chain Cost and Design Issues
SCM 541 Logistics in Supply Chain

Graduate Certificate in Sustainable Technology and Management
SOS 515 Industrial Ecology and Design for Sustainability
SOS 550 Introduction to Sustainability and Organizational Strategies
SOS 559 Sustainable Technology and Management Capstone

Choose two from the following:

SOS 510 Perspectives on Sustainability
SOS 511 Methodology of Sustainability Research and Problem Solving
SOS 512 Sustainable Resource Allocation
SOS 513 Science of Sustainability
SOS 514 Human Dimensions of Sustainability
SOS 516 Science, Technology, and Public Affairs
SOS 517 Sustainability and Enterprise
SOS 518 Uncertainty and Decision Making
SOS 534 Sustainable Energy and Material Use
SOS 535 Sustainable Ecosystems

Software Architecture Specialization Changed to System Development: Mobile Minor and System Development: Web Application Minor

System Development: Mobile Minor

- IT 4711 Software Requirements
- IT 4731 Database Development
- IT 4733 Advanced Database Development
- IT 4772 Software Design and Modeling
- IT 4781 Introduction to iPhone/iPad App Development
- IT 4783 Advanced iPhone/iPad App Development
- IT 4785 Application Development for Modern Devices 1
- IT 4787 Application Development for Modern Devices 2

System Development: Web Application Minor

- IT 4711 Software Requirements
- IT 4731 Database Development
- IT 4733 Advanced Database Development
- IT 4772 Software Design and Modeling
- IT 4791 Fundamentals of Website Design
- IT 4793 Advanced Website Design
- IT 2795 Web Application Development
- IT 4797 Advanced Web Application Development

Master of Business Administration

Courses Added:

- MBA 6004 Foundational Skills for Business Leaders
- MBA 6006 Leading Innovation in the Global Organization
- MBA 6008 Global Economic Environment
- MBA 6012 Integrated Global Marketing
- MBA 6014 Financial Accounting
- MBA 6016 Finance and Value Creation
- MBA 6018 Data Analysis for Business Decisions
- MBA 6022 Strategic Operations Management
- MBA 6024 Organizational Strategy
- MBA 6026 The Global Leader
- MBA 6028 Business Integration Skills

Courses Deleted:

- MBA 6010 Professional Effectiveness: Stretch, Impact, Reposition
- MBA 6020 Leading for Results
- MBA 6110 Marketing and Brand Management
- MBA 6130 Operations and Process Management
- MBA 6140 Applied Managerial Statistics
- MBA 6150 Accounting
- MBA 6160 Financial Management
- MBA 6180 Managing Information Assets and Technology
- MBA 6190 Strategy

New Concentrations

Business Intelligence

MBA 6131 Statistical Methods

MBA 6133 Management Decision Methods

MBA 6135 Data Mining and Reporting

MBA 6137 Primary Data Collection

Entrepreneurship

MBA 6141 Entrepreneurial Ventures

MBA 6143 Entrepreneurial Leadership

MBA 6145 Venture Financing

MBA 6147 Entrepreneurial Strategy

Global Operations and Supply Chain Management

MBA 6121 Foundations of Supply Chain Management

MBA 6123 Supply Chain Design and Management

MBA 6125 Logistics

MBA 6127 Effective Global Strategic Sourcing

Master of Science in Information Technology changed to Master of Science in Information Systems and Technology Management

Courses Added:

ISTM 5004 Fundamentals of Information Systems

ISTM 5006 Databases and Programming

ISTM 5008 Networking Fundamentals

ISTM 5002 Communication Skills for Today's Information Technology Leader

ISTM 5010 Integration of Information Technology and Business

ISTM 5015 Complex Information Technology Global Enterprise Systems: Planning and Management

ISTM 5020 Leading a Global Information Technology Enterprise: Systems and Security

ISTM 5025 Analytics, Data Management, and Knowledge Management

ISTM 5030 Innovation, Leadership, and Ethics

Courses Deleted

TS 5004 Technical Communications

CYAF 863 Youth Professionals as Consumers of Research
CYAF 869 Administration and Program Management
CYAF 873 Program Design, Implementation and Evaluation
CYAF 878 Youth Policy
CYAF 894 Contemporary Youth Issues

Graduate Certificate in Educational Administration and Supervision, Superintendent Endorsement

EDAD 801 Cross-Cultural Leadership Studies
EDAD 906 Issues in System Level Administration
EDAD 835 Business Management of Schools
EDAD 905 Issues in Governance of Educational Institutions
EDAD 901 System-Level School Improvement
EDAD 966 Leadership in Educational Organizations
EDAD 998 Internship in Educational Administration

Graduate Certificate in Supply Chain Management

GRBA 815 Supply Chain Management Systems
SCMS 831 Advanced Enterprise Systems
SCMS 832 Planning and Controlling Supply Chain Systems
SCMS 834 Advanced Topics in Lean Supply Chain Management
SCMS 844 Managing Logistics in the Supply Chain

Master of Arts in German Education changed to Master of Arts in German Language Education

Master of Education in Educational Administration changed to Master of Arts in Educational Administration

University of Phoenix, Phoenix, Arizona

Distance Technology, Little Rock and Rogers Campus
Bachelor of Science in Business
MGT 307 Organizational Behavior and Group Dynamics changed to MGT 311 Organizational Development

MGT 350 Critical Thinking: Strategies in Decision Making and COM 285 Business Communications combined to BCOM 275 Business Communications and Critical Thinking
ACC 280 Principles of Accounting changed to ACC 290 Principles of Accounting I and ACC 291 Principles of Accounting II
ECO 212 Principles of Economics changed to ECO 365 Principles of Microeconomics and ECO 372 Principles of Macroeconomics

Accounting Concentration

Course Added:

ACC 497 Advanced Topics in Accounting Research

Courses Deleted:

ACC 281 Accounting Transaction Analysis

ACC 490 Auditing

Administration Concentration

Courses Added:

Choose three from the following

ACC 340 Accounting Information Systems

BSA 375 Fundamentals of Business Systems Development

EBUS 405 eBusiness Technologies

ISCOM 472 Lean Enterprise

MKT 441 Marketing Research

Courses Deleted from Elective Choices:

ECO 415 Applied Economics in Business

FIN 419 Finance for Decision Making

MGT 437 Project Management

ISCOM 305 Systems Operations Management

Finance Concentration

Courses Deleted from Elective Choices:

FIN 380 Financial Management of Non-Profit Organizations

FIN 385 Government Finance

FIN 403 Global Finance

Global Management Concentration

Courses Deleted from Elective Choices:

MKT 450 International Marketing

FIN 403 Global Finance

OI 312 Global Innovation

GBM 376 Geopolitical Issues in Global Business

BUS 430 International Business Law

Human Resource Management Concentration

Courses Deleted from Elective Choices:

HRM 319 Human Resource Information Systems

HRM 322 Workforce Planning and Employment

ERM 323 Employee Relations

HRM 350 International Human Resource Management

HRM 360 Sustainable Human Resource Practices
HRM 445 Legal Environment of Human Resource Management

Management Concentration

Course Added:

PHL 458 Creative Minds and Critical Thinking
HRM 300 Fundamentals of Human Resource Management
HRM 326 Employee Development
LDR 300 Innovative Leadership
MGT 426 Managing Change in the Workplace
MGT 411 Innovative and Creative Business Thinking

Courses Deleted:

MGT 431 Human Resources Management
MGT 445 Organizational Negotiations
MGT 448 Global Business Strategies
MGT 449 Quality Management and Productivity
MGT 308 Managing Diversity
MGT 309 Organizational Development
MGT 317 Critical Skills in Management
MGT 380 Organizational Change Management

Marketing Concentration

Courses Added:

MKT 435 Consumer Behavior
COM 340 Mass Communication
COM 400 Media and Society
Courses Deleted from Elective Choices:
BCOM 426 Media and Advertising
MKT 411 Green Marketing
MKT 431 Small Business Marketing
MKT 435 Consumer Behavior
MKT 445 Sales, Tools, and Strategies,
MKT 447 Advertising and Creativity Strategy
MKT 450 International Marketing
MKT 453 Product Development
MKT 455 Internet Marketing

Project Management Concentration

Course Deleted:

CPMGT 304 Leading Projects in Organizations

Public Sector Concentration

Courses Added:

ACC 460 Government and Non-Profit Accounting
FIN 380 Financial Management of Non-Profit Organizations
MKT 438 Public Relations

Courses Deleted:

BPA 302 Politics and Citizenship: The Public Policy Environment

MGT 434 Employment Law

FIN 390 Public Finance: Sources, Management, and Reports

Service Sector Concentration

Courses Added:

OI 365 Knowledge Management and Intellectual Capital

OI 466 Organizational Innovation Integrated Project

HM 370 Hospitality Management

HM 486 Trends and Emerging Issues in Hospitality

MGT 371 Lodging Management

MGT 372 Food and Beverage Management

MGT 373 Events and Recreation Management

HM 322 Gaming Management

Course Deleted:

BRM 451 Strategic Retail Management

BIS 318 Technology in Retail Management

BRM 440 Online Retailing

BUS 418 Retail Pricing Strategies

ISCOM 355 Retail Operations: Technology and Finance

MGT 387 Retail Management for Small Business

MGT 425 Employment Law in Retail Management

MKT 435 Consumer Behavior

MKT 438 Public Relations

MKT 452 Retail Marketing

MKT 455 Internet Marketing

Small Business Management and Entrepreneurship Concentration

Courses Deleted:

MGT 300 Survey of Small Business Management and Entrepreneurship

LDR 301 Small Business Leadership

MGT 306 Family Business Management

BUS 401 Business Law for Entrepreneurs

ISCOM 422 Operations Management for Small Business

Sustainable Enterprise Management

Courses Deleted:

BUS 360 Corporate and Social Responsibility

HRM 360 Sustainable Human Resource Practices

University of Phoenix, Phoenix, Arizona

Distance Technology

Associate of Arts

New Concentration

Retail Management

COM 295 Business Communications

BRM 226 Customer Service Management

BRM 236 Sales, Tools, and Strategies

BRM 246 Retail Marketing: Merchandising

BRM 256 Retail Personnel Management
BRM 266 Retail Operations: Supply Management

New Certificates

Advanced Cloud Computing Certificate
NTC/300 Cloud Technologies
NTC/302 Network Web Services
WEB/407 Advanced Web Development
WEB/436 Mobile Commerce
WEB/437 Website Commercialization
VCT/340 Web Design with Dreamweaver

Advanced Mobile Development Certificate
CIS 207 Information Systems Fundamentals
MBL 400 Mobile Fundamentals
Choose four from the following:
MBL 402 Android Mobile Development
MBL 404 Android Mobile Implementation
MBL 406 iOS Mobile Development
MBL 408 iOS Mobile Implementation
MBL 410 Windows Mobile Development
MBL 412 Windows Mobile Implementation

Advanced Virtualization Certificate
NTC/362 Fundamentals of Networking
NTC/340 Desktop Virtualization
NTC/345 Cloud Virtualization
NTC/350 Data Center Virtualization
NTC/412 Data Center Virtualization Administration
NTC/414 Data Center Virtualization Design

Cisco Networking Certificate
CIS 207 Information Systems Fundamentals
CMGT 245 IS Security Concepts
CIT 245 Local Area Networking Fundamentals
CIT 249 Wide Area Network Environment
CIT 274 Routing and Switching Implementations
CIT 276 Routing and Switching Management

Communication and Technology Certificate
BSCOM/330 Computer Mediated Communication
BSCOM/435 Creativity and Communication
VCT/300 Image Editing
VCT/305 Digital Design
VCT/320 Electronic Publishing
VCT/420 Multimedia Development

Cultural Studies and Communication Certificate
CSC/390 Culture and Communication
CSC/391 Geography, Culture, and Communication
CSC/392 Ethnic and Cultural Diversity
CSC/475 Contemporary Communication in a Diverse Society
CSC/476 Gender Communication
CSC/477 Race and Class in the Media

Desktop Support Certificate
CIS 207 Information Systems Fundamentals
CIS 211 Office Software Support Fundamentals
CIS 290 Personal Computer Hardware Support
CIS 292 Personal Computer OS Support
CIS 294 Personal Computer Customer Support
CIS 296 Computer Systems Maintenance

Graduate Business Analytics Certificate
BSA/530 IT Architecture
BSA/540 Data Relationship Management
BSA/550 Customer Relationship Management
BSA/570 Analytic Programming
BSA/580 Statistical Business Analytics
CIS/568 Information Systems Concepts
DBM/502 Database Management
MTH/540 Statistics

Graduate Information Systems Audit and Control Certificate
ACC/537 Financial Accounting
BSA/505 IS Auditing Processes
BSA/510 IT Governance and Management
BSA/515 Acquisition, Development and Implementation of IS
BSA/520 Operations, Maintenance, and Support of IS
BSA/525 Information Assets Protection
CIS/568 Information Systems Concepts

Graduate Information Systems Management Certificate
BSA/500 Business Systems I
BSA/502 Business Systems II
CIS/532 Information Systems Leadership
CIS/568 Information Systems Concepts
CSS/562 Programming Concepts
DBM/502 Database Management

Human Resource Management Certificate
HRM 300 Fundamentals of Human Resource Management
MGT 434 Employment Law
HRM 324 Total Compensation
HRM 420 Human Resource Risk Management

HRM 326 Employee Development
HRM 498 Strategic Human Resource Management and Emerging Issues

Journalism Certificate

JRN/310 Introduction to Journalism
JRN/320 Research for Journalism
JRN/330 Journalistic Writing I
JRN/340 Journalistic Writing II
JRN/350 Controversial Issues in Journalism
JRN/360 Storytelling: A Multimedia Approach

Leadership Communication in Organizations Certificate

LCO/360 Leadership Communication
LCO/336 Organizational Communication Theory
LCO/372 Leadership Communication Ethics
LCO/348 Advanced Group Communication and Leadership
LCO/465 Conflict Management
LCO/480 Social Media and the Organization

Marketing and Sales Communication Certificate

BSCOM/384 Marketing Communications
PSY/322 Consumer Psychology and Research
BSCOM/300 Advertising and the Media
BSCOM/385 Public Relations and Message Management
BSCOM/386 Sales Communications
BSCOM/470 Marketing and Sales Message Management

Network Support Certificate

CIS 207 Information Systems Fundamentals
NTC 245 Foundation of Local Area Networks
NTC 247 Wireless Networking Concepts
NTC 249 Wide Area Networking Concepts
CMGT 245 IS Security Concepts
POS 221 Windows Server Configurations

Web Administration Certificate

CIS 207 Information Systems Fundamentals
VCT 236 Introduction to Image Editing and Formatting
CMGT 245 IS Security Concepts
CIT 277 Website Development Foundations
CIT 278 Internet Business Concepts
CIT 279 Network Technology Foundations

ARKANSAS COLLEGES AND UNIVERSITIES**PROGRAM/DEGREE CURRICULA (New Programs, Program Modifications, Name Changes)**Arkansas State University – Beebe

Certificate of Proficiency in Multi-Skills Technology (CIP 47.0101; 12 credit hours; Fall 2014)

MUL	1003	Workplace Electricity I
MUL	1013	Processes & Quality Control I
MUL	1023	Fluid & Mechanical Power I
MUL	1033	Metalworking I

Technical Certificate in Multi-Skills Technology (CIP 47.0101; 30 credit hours; Fall 2014)

MUL	1003	Workplace Electricity I
MUL	2003	Workplace Electricity II
MUL	1013	Processes & Quality Control I
MUL	2013	Processes & Quality Control II
MUL	1023	Fluid & Mechanical Power I
MUL	2023	Fluid & Mechanical Power II
MUL	1033	Metalworking I
MUL	2033	Metalworking II
COM	1003	Career Communications
MATHA	1013	Technical Mathematics A

(No new courses; meet needs of industry; service area has employers with need of employees with these basic skills to go to work.)

Arkansas State University – Jonesboro

Master of Science in Molecular Biosciences (CIP 26.0204; 30 credit hours; Fall 2014)

MBS	6213	Advanced Cell Biology
MBS	6233	Specialized Biochemistry
MBS	6243	Molecular Genetics and Genomics
MBS	6251-3	Techniques in Molecular Biosciences
MBS	7111	Seminar in Molecular Biosciences
MBS	7251	Responsible Conduct in Research
MBS	689V1-6	Thesis
MBS	6001	Fundamentals of Entrepreneurship for Scientists
MBS	7121-3	Topics in Molecular Biosciences
MBS	6/7131-9	Independent Research in Molecular Biosciences

Arkansas State University – Newport

Associate of General Studies (CIP 24.0102; 60 credit hours; Fall 2014)

General Education Core – 29 credit hours

ENG	1003	Freshman English I
ENG	1013	Freshman English II
ENG	2003	Introduction to Literature of the Western World I (or)
ENG	2013	Introduction to Literature of the Western World II
HIST	1013	World Civilization to 1660 (or)
HIST	1023	World Civilization since 1660
POSC	2103	Introduction to U.S. Government

MATH 1023	College Algebra (or)
MATH 1113	Quantitative Literacy
ART 2503	Fine Arts Visual (or)
MUS 2503	Fine Arts Musical (or)
THEA 2503	Fine Arts Theatre
XXX8	Lab Science

Institutional Requirements – 10 credit hours

MIS 1033	Introduction to Computers
PE 1623	Concepts of Fitness (Advisor Approved)
SPCH 1203	Oral Communication
UNIV 1001	Freshman Seminar

Major Discipline – 21 credit hours

Certificate of Proficiency in Basic Welding (CIP 48.0508; 13 credit hours; Fall 2014)

WELD 1304	Introduction to SMAW
WELD 1002	Welding Fundamentals
WELD 1404	Introduction to TIG Welding
WELD 2513	Blueprints Reading

(No new courses; meet needs of industry; service area has employers with need of employees with basic welding skills.)

Black River Technical College

Certificate of Proficiency in Aircraft General (CIP 47.0608; 16 credit hours; Fall 2014)

AVA 1016	Aircraft General
----------	------------------

College of the Ouachitas

Certificate of Proficiency in Industrial Robotics (CIP 15.0405; 13 credit hours; Spring 2015)

IEMT 1303	Fundamentals of Electricity
IEMT 1213	Mechanical Devices and Systems
DATA 1123	Fundamentals of Information Technology
MECH 1104	Industrial Robotics

Certificate of Proficiency in CNC Machining and Fabrication (CIP 48.0501; 14 credit hours; Spring 2015)

ELCT 1203	Motors and Motor Controls
IEMT 1303	Fundamentals of Electricity
DATA 1123	Fundamentals of Information Technology
MECH 1013	Introduction to Computer Numerically Controlled (CNC) Machining and Fabrication
MACH 1102	Basic Blueprint Reading

Technical Certificate in Industrial Maintenance Technology (CIP 47.0399; 36-37 credit hours; Spring 2015)

ENGL 1113	Composition I
MATH 1113	Math for the Workplace (or)
MATH 1143	College Algebra
IEMT 1303	Fundamentals of Electricity

ELCT	1203	Motors and Motor Controls
IEMT	1213	Mechanical Devices and Systems
IEMT	1203	Fluid Power
DATA	1123	Fundamentals of Information Technology
MECH	1103	Principles of Mechatronics
IEMT	2313	Industrial Safety
ELCT	2324	PLC and PLC Applications

Choose one from below:

IEMT	1103	Wiring Methods (or)
CISS	1103	Network Essentials (or)
MECH	1104	Industrial Robotics (or)
MECH	1013	Introduction to Computer Numerically Controlled (CNC) Machining and Fabrication

(Certificates part of SWACCC; 2 new courses)

Cossatot Community College of the University of Arkansas

Certificate of Proficiency in Hydraulics/Pneumatics (CIP 47.0106, 8 semester credit hours, Fall 2014)

MAIN	1001	Safety for Industry
MAIN	1003	Construction Fundamentals
MAIN	1104	Hydraulics/Pneumatics

Certificate of Proficiency in Lubrication (CIP 47.0301, 7 semester credit hours, Fall 2014)

MAIN	1003	Construction Fundamentals
MAIN	1604	Lubrication

Certificate of Proficiency in Industrial Motors and Controls (47.0105, 8 semester credit hours, Fall 2014)

MAIN	1304	Basic Electricity
MAIN	1404	Industrial Motors and Controls

Certificate of Proficiency in Heating, Ventilation, and Air Conditioning (47.0201, 16 semester credit hours, Fall 2014)

MAIN	1304	Basic Electricity
HVAC	1504	Gas and Electric Heat Service and Installation
HVAC	1514	Air Conditioning and Heat Pump Service and Installation
HVAC	1524	Air Distribution and Indoor Air Quality

Certificate of Proficiency in Mechanical Devices (47.0104, 8 semester credit hours, Fall 2014)

MAIN	1001	Safety for Industry
MAIN	1003	Construction Fundamentals
MAIN	1004	Mechanical Devices

Certificate of Proficiency in Programmable Controls (47.0302, 8 semester credit hours, Fall 2014)

MAIN	1304	Basic Electricity
MAIN	1304	Programmable Controls

National Park Community College

Technical Certificate in Industrial Technology (CIP 47.0303; 28 credit hours; Fall 2014)

TECH	1101	Computer Technology
TECH	1102	Technical Communications
TECM	1103	Technical Math
INDT	1012	<i>Industrial Safety</i>
INDT	1022	<i>Blueprint Reading</i>
INDT	1013	<i>Mechanical Devices & Systems</i>

AHIM	1051	<i>Legal Aspects of Healthcare (New)</i>
AHIM	1013	<i>Medical Coding (New)</i>
AHIM	1023	<i>Medical Billing and Reimbursement (New)</i>
AHUM	1042	<i>Electronic Health Information Management (New)</i>

Certificate of Proficiency in Health Information Billing and Coding (51.0707, 8 semester credit hours, Fall 2014)

AHIM	1003	Medical Terminology
AHIM	1033	Basic Human Anatomy and Physiology
AHIM	1042	Electronic Health Information Management

Southern Arkansas University –Tech

Technical Certificate in Supply Chain Management (CIP 52.0203; 30 credit hours; Fall 2014)

MIS	1003	Introduction to Computers
MO	1003	Principles of Inventory Control
MO	1013	Principles of Planning
MO	1023	Principles of Manufacturing Control
MO	1033	Principles of Operations Management
MO	1043	Principles of Material Handling & Warehousing
MD	2603	Industrial Safety
SCM	1003	Supply Chain Management
SCM	2013	Logistics in Manufacturing
	XXX3	Technical Elective

University of Arkansas, Fayetteville

Graduate Certificate in Criminal Law (CIP 22.0101, 15-18 credit hours; Fall 2014)

Choose four from below (at least three must be non-externships)

LAWW	6633	Criminal Procedure II
LAWW	500V	Advanced Criminal Law Clinic
LAWW	500V	Capital Punishment

LAWW	406V	Crime and the Supreme Court
LAWW	500V	Federal Criminal Law
LAWW	500V	International Criminal Law
LAWW	7012	Juvenile Justice
LAWW	406V	Police Discretion Seminar
LAWW	500V	Prisoners' Rights Seminar
LAWW	6733	Criminal Defense Externship
LAWW	6833	Criminal Prosecution Externship

(This certificate is designed to provide essential training and skills to students with a general background in law or legal studies who wish to pursue careers in the practice of criminal law or in criminal law policy. No new courses.)

University of Arkansas – Fort Smith

Certificate of Proficiency in Professional Sales (CIP 52.1804, 9 credit hours; Fall 2014)

<i>MKTG</i>	<i>3003</i>	<i>Introduction to Professional Selling</i>
<i>MKTG</i>	<i>3103</i>	<i>Advanced Professional Selling</i>
<i>MKTG</i>	<i>3173</i>	<i>Sales Management</i>

(CP developed to help students gain professional selling skills and competencies. 3 new courses)

Bachelor of General Studies (CIP 24.0102; 120 credit hours; Fall 2014)

ENGL	1203	Composition I (and)
ENGL	1213	Composition II (or)
ENGL	1233	Honors Composition (and)
RHET	2863	Advanced Composition
SPCH	1203	Introduction to Speech
MATH	1303	College Math (or)
MATH	1403	College Algebra

Select two lab courses from the following

BIOL	1153	Biological Science
BIOL	1151	Biological Science Lab
BIOL	1523	Anatomy and Physiology I
BIOL	1521	Anatomy and Physiology I Lab
BIOL	1533	Anatomy and Physiology II
BOL	1531	Anatomy and Physiology II Lab
BIOL	2303	General Botany
BIOL	2301	General Botany Lab
BIOL	2503	General Microbiology
BIOL	2501	General Microbiology Lab
BIOL	2703	General Zoology
BIOL	2701	General Zoology Lab
CHEM	1303	Chemical Principles
CHEM	1301	Chemical Principles Lab
CHEM	1403	College Chemistry I
CHEM	1401	College Chemistry I Lab
GEOL	1253	Physical Geology
GEOL	1251	Physical Geology Lab
PHSC	2653	Earth Science

PHSC	2651	Earth Science Lab
PHYS	2784	Physics Concepts & Applications
PHYS	2803	College Physics I
PHYS	2811	College Physics I Lab
PHYS	2823	College Physics II
PHYS	2831	College Physics II Lab
PHYS	2903	University Physics
PHYS	2931	University Physics Lab

Select one course from the following

ART	2863	Survey of Art History I
ART	2873	Survey of Art History II
HUMN	2563	Humanities through the Arts
MUSI	2763	Music Appreciation

Select one course from the following

ENGL	2783	American Literature to 1865
ENGL	2793	American Literature 1865 to present
ENGL	2803	World Literature to 1750
ENGL	2813	World Literature 1750 to present
PHIL	2753	Introduction to Philosophy

Select one course from the following

HIST	2753	U.S. History I
HIST	2763	U.S. History II
POLS	2753	American National Government

Select two courses from different areas from the following

ANTH	2803	Cultural Anthropology
ECON	2803	Principles of Macroeconomics
ECON	2813	Principles of Microeconomics
GEOG	2753	World Regional Geography
HIST	1123	Civilizations of the World to 1500
HIST	1133	Civilizations of the World since 1500
HIST	2753	U.S. History I (if not used above)
HIST	2763	U.S. History II (if not used above)
POLS	2753	American National Government (if not used above)
PSYC	1163	General Psychology
SOCI	2753	Introduction to Sociology

Select one course from the following (additional General Education Requirement)

PHIL	3103	Reasoning Across the Disciplines
PHIL	3203	Ethics Across the Disciplines
	XXX6	Electives

Emphasis Requirements 52 credit hours:

Primary Emphasis – 33 credit hours

Select a primary emphasis from **one** of the groups listed below. Select 18 credit hours from courses within the emphasis group & 15 credit hours of upper level hours (3000-4000) within the group.

Group I **Humanities and the Arts** (Courses from Art, Communication, English, World Languages, Graphic Design, History, Humanities*, Music, Philosophy, Speech, Religion*, Rhetoric and Writing, Theatre)

- Group II National Sciences & Mathematics** (Courses from Biology, Chemistry, Geology, Mathematics, Physical Science*, Physics, Statistics*, Information Technology)
- Group III Social Sciences** (Courses from Anthropology, Criminal Justice, Geography, Political Science, Psychology, Sociology)
- Group IV Business** (Courses from Accounting, COBI*, Economics, Finance, Management, Marketing, Law)

*Disciplines may not be used for the 18 credit hour requirement, but will count in the group requirement.

Secondary Emphasis – 18 credit hours

Select 18 credit hours from a different emphasis area above.

IDS 3001 Career Readiness

XX24 Electives – must select courses to ensure a minimum of 45 credit hours at the upper level to meet university graduation requirements.

(Flexible program allows students who have accumulated hours in several areas to receive a degree while studying several disciplines. No new courses.)

Bachelor of Business Administration with a major in Finance (DC 2320; 120 credit hours; Fall 2014)

Business Core Requirements – 42 credit hours

ACCT	2803	Principles of Financial Accounting
ACCT	2813	Principles of Managerial Accounting
LAW	2003	Legal Environment of Business
MGMT	1203	Foundation of Business
MGMT	2203	Introduction to International Business
MGMT	2863	Business Communications
MGMT	2963	Business Statistics
FIN	3713	Business Finance
MKTG	3013	Principles of Marketing Management
MGMT	3133	Social Responsibility and Ethics in Business
MGMT	3153	Organizational Behavior
MGMT	3523	Operations Management
MGMT	3913	Decision Support Systems
MGMT	4813	Strategic Management

Finance Major Requirements – 24 credit hours

FIN	3723	Investments
FIN	3813	Money, Banking, and Financial Markets
FIN	4203	International Finance
FIN	4743	Advanced Financial Management
FIN	XXX6	Upper level FIN electives
	XXX6	Upper level College of Business electives outside of FIN

(Prepares students for careers in financial management and analysis. No new resources, equipment, supplies, or facilities needed to offer the BBA in Finance. COB has 2 FT Finance and 1 FT Economics faculty who are academically qualified by UAFS and AACSB standards for the program.)

Bachelor of Business Administration with a major in International Business (DC 2320; 120 credit hours; Fall 2014)

Business Core Requirements – 42 credit hours

ACCT	2803	Principles of Financial Accounting
ACCT	2813	Principles of Managerial Accounting
LAW	2003	Legal Environment of Business
MGMT	1203	Foundation of Business
MGMT	2203	Introduction to International Business
MGMT	2863	Business Communications
MGMT	2963	Business Statistics
FIN	3713	Business Finance
MKTG	3013	Principles of Marketing Management
MGMT	3133	Social Responsibility and Ethics in Business
MGMT	3153	Organizational Behavior
MGMT	3523	Operations Management
MGMT	3913	Decision Support Systems
MGMT	4813	Strategic Management

International Business Major Requirements – 24 credit hours

MGMT	3533	<i>Cross Cultural Relations</i>
MGMT	4203	International Management
MKTG	4203	International Marketing
ECON	4203	International Economics
FIN	4203	International Finance
FORL	3503	<i>Languages of the World</i>
COMM	4203	Culture and Communication
	XXX3	Upper level College of Business electives and/or relevant University electives

(Prepares graduates for careers in organizations having a global perspective. The program will enable graduate to take positions with companies where an understanding of international business issues are relevant. 3 new courses added to the COB. No new resources, equipment, supplies, or facilities needed to offer the BBA in Int'l Business. COB has 3 FT faculty members who will have the primary responsibility for delivering the core courses required for the major. All are considered academically qualified by UAFS and AACSB standards for the program.)

University of Arkansas at Little Rock

Bachelor of Applied Science (CIP 30.9999; 120 credit hours; Fall 2014)

General Education (35 credit hours)

RHET	1311	Composition I
RHET	1312	Composition II
SPCH	1300	Speech Communication
MATH	1302	College Algebra (or)
MATH	1321	Quantitative and Mathematical Reasoning
	XXX8	Science with Lab
	XXX6	Fine Arts/Humanities
	XXX9	Social Sciences

Technical Area (45 AAS hours or 40 hours military credit)

Concentration (36 hours related to the managerial, social, and behavioral aspects of organizational leadership.)

Required Organizational Leadership Courses – 18 credit hours (choose six courses)

MGMT	3300	Principles of Management
MGMT	3340	Applied Organizational Behavior
MGMT	3320	Human Resources Management
MKTG	3350	Principles of Marketing
SPCH	3330	Professional Communication
RHET	3316	Writing for the Workplace
Professional Course Electives – 18 credit hours (choose six courses)		
BINS	3352	Data Analysis and Visualization
ERSC	4421	Introduction to Geographic Information Systems (GIS)
ITEC	3610	Introduction to Information Technology and Applications
MGMT	3362	Small Business Management
MGMT	4377	International Management
MKTG	3385	Consumer Analysis and Behavior
MKTG	4370	Business-to-Business Marketing
PSYC	3370	Industrial Psychology
PSYC	4325	Personal Psychology
PSYC	4363	Organizational Psychology
RHET	3301	Editing for Use and Style
RHET	3315	Persuasive Writing
SPCH	3340	Communication Ethics for the Professional
SPCH	3320	Advanced Public Speaking
SOCI	3334	Social Problems
SOCI	3330	Racial and Minority Groups
SOCI	4365	Sociology of Organizations

Unrestricted General Electives

XXXX Remaining hours to reach 120 total credit hours (45 hours of upper-level courses and/or 30 hours in residence)

(Bachelor of Applied Science is an interdisciplinary degree completion program designed for students with an earned AAS or its equivalent who want to move into leadership/management-related positions. Degree also will be offered at UACCH/Texarkana)

Bachelor of Professional Studies with Concentration in Information Assurance (CIP 30.9999; 120 credit hours; Fall 2014)

General Education (35 credit hours)

RHET	1311	Composition I
RHET	1312	Composition II
SPCH	1300	Speech Communication
MATH	1302	College Algebra (or)
MATH	1321	Quantitative and Mathematical Reasoning
	XXX8	Science with Lab
	XXX6	Fine Arts/Humanities
	XXX9	Social Sciences

Professional Core – 15 credit hours

MGMT	3300	Principles of Management
MGMT	3340	Applied Organizational Behavior
MGMT	3320	Human Resources Management
SPCH	3320	Advanced Public Speaking
RHET	3316	Writing for the Workplace

Professional Core Electives (Select 6 hours)

ITEC	3610	Introduction to Information Technology and Applications
PSYC	3370	Industrial Psychology
PSYC	4325	Personal Psychology
PSYC	4363	Organizational Psychology
RHET	3301	Editing for Use and Style
RHET	3315	Persuasive Writing
SPCH	3340	Communication Ethics for the Professional
SPCH	3330	Professional Communication
SOCI	3334	Social Problems
SOCI	3330	Racial and Minority Groups
SOCI	4365	Sociology of Organizations

Concentration (Select 18 credit hours)

CPSC	1175	Introduction to Computer Science
CPSC	1375	Programming I
IFAS	2300	Introduction to Information Assurance
IFAS	3300	Computer Forensics
CPSC	2376	Programming II (or)
CPSC	2377	Introduction to Game Programming
CPSC	2380	Data Structures and Algorithms
CPSC	2382	Introduction to Computer Systems and Assembly Language
CPSC	3370	Net-Centric Computing: Systems Concepts
CPSC	4360	Computer Security
CRJU	3309	Cyber Crime and the Law

Concentration/Electives

MATH	1311	Applied Calculus I (or)
MATH	1451	Calculus I (or the equivalent)
IFSC	2200	Ethics in the Profession
STAT	3352	Applied Statistics I
CPSC	4376	Applied Cryptography

Unrestricted General Electives (Remaining hours to reach 120 SCH, 45 SCH must be upper-level courses and/or 30 hours in residence)

(Bachelor of Professional Studies with Concentration in Information Assurance will allow students to acquire fundamental knowledge and skills associated with the field of Information Assurance within a team environment. No new courses.)

Bachelor of Science in Environmental Engineering (CIP 14.1401; 128 credit hours; Fall 2014)

General Education (35 credit hours)

Certificate of Proficiency in User Experience Design and Web/Mobile Development (CIP 11.0401; 18 credit hours; Fall 2014)

IFSC	1310	Internet Technologies
------	------	-----------------------

ARST 2318 Computer Applications in Art
 REHT 4372 Usability Testing and Design
 MGMT 4361 New Venture Creation
 IFSC 4396 Capstone Project I

Choose 3 credit hours from below:

IFSC 4399 Mobile Web Design
 CPSC 4399 Mobile Applications
 ARST 4348 Web Design
 RHET 4305 Document Design
 RHET 4307 Writing Software Documentation
 RHET 4371 Writing for the Web

(Addresses strong employer and student demand for a multi-disciplinary teams of students to learn to design, build, test and launch responsive websites and mobile apps. Students will be taught in a team- and project-based format, and will develop an actual portfolio of working products during the course of their academic career.)

University of Central Arkansas

Bachelor of Science in Religious Studies (CIP 38.0201; 120 credit hours; Fall 2014)

Added courses

Choose two courses in Mathematics

MATH 1392 Plane Trigonometry
 MATH 1395 Business Calculus
 MATH 1491 Calculus for Life Sciences
 MATH 1580 Algebra & Trigonometry
 MATH 1496 Calculus I

(Or) two courses in Lab Science from below

PHYS 1401 Descriptive Astronomy
 CHEM 1450 College Chemistry I
 PHYS 1405 Applied Physics
 PHYS 1410 College Physics I
 PHYS 1441 University Physics
 BIOL 1440 Principles of Biology I

Deleted courses

XXX6 2000-level foreign language

(BS in Religious Studies is a reconfiguration of the BA in Religious Studies. UCA BS requirements: delete 6 SCH of foreign language; add 6 SCH in Mathematics or 8 SCH in Lab Science; additionally electives may need to be adjusted to keep SCH at 120 for degree.)

 BUSS 2223 Database Management
 ECON 2003 Macroeconomics

Italics-new courses

(The Supply Chain Management is designed to provide students with skills in the concepts of transportation, logistics, and inventory management. Graduates will have a thorough understanding of inventory management and be able to manage materials from the raw stage to the consumer. Due to the managerial nature of the program, the proposed programs will be housed in the Business, Technology, and Education Division. The proposed certificates afford students stop out options for those who do not wish to complete the 60 semester credit hour AAS program. Four new courses in supply chain management have been developed for implementation of the proposed programs. A survey of employers in the transportation, manufacturing, and food services industry indicated a need and have positions as production managers, receiving/shipping supervisors/managers, inventory control coordinators, parts managers, purchasing agents, import/export managers, director of logistics, warehouse supervisors, and general managers. Salaries for these positions average \$35-40,000 annually. Some employers indicated they would offer tuition incentives for their employees who enroll in the programs.)

Program – New - Minor

Arkansas State University – Jonesboro

Writing Studies Minor-General (CIP 23.1301; 18 credit hours; Fall 2014); Creative Writing Minor (CIP 23.1302; 18 credit hours; Fall 2014); Professional Writing Minor (CIP 23.1303; 18 credit hours; Fall 2014)

Writing Studies Minor-General:

ENG	3033	<i>Introduction to Writing Studies</i>
ENG	4711	<i>Preceptorship in Writing Studies</i>
ENG	4722	<i>Internship in Writing Studies</i>
ENG	XXX3	Elective from Professional Writing Track
	XXX3	Elective from Creative Writing Track
	XXX6	Electives from Writing Studies

Creative Writing Minor:

ENG	3033	<i>Introduction to Writing Studies</i>
ENG	3023	Creative Writing
ENG	4023-3	Advanced Creative Writing
THEA	4313	Fundamentals of Playwriting or
CMP	3403	Screenwriting for Narrative Motion Pictures

(BSE in Special Ed, K-12; Approved by ADE as an initial licensure area; Curriculum satisfies the requirements for the new Special Education license.)

Deleted Programs

Arkansas State University – Jonesboro

Advanced Certificate in Cardiac Sonography (DC 4511; Spring 2014)

Master of Science in Education in Business Technology (DC 6660; Fall 2014)

Arkansas Tech University

Bachelor of Arts in Art (DC 1250; Spring 2014)

Master of Education in Physical Education (DC 5820; Fall 2015)

Henderson State University

Master of Science in Education in Early Childhood, Special Education (DC 6720, Fall 2015)

Master of Science in Education in Instructional Specialist, Special Education (DC 7000; Fall 2015)

North Arkansas College

Certificate of Proficiency in Wood Manufacturing Technology (DC 1460; Fall 2014)

University of Arkansas at Pine Bluff (Summer 2014)

Bachelor of Arts in Political Science (DC 1690)

Bachelor of Arts in History (DC 1500)

Bachelor of Arts in Sociology (DC 1780)

Bachelor of Arts in Gerontology (DC 1490)

Bachelor of Science in Social Studies Education (DC 3180)

Bachelor of Science in Physics (DC 3030)

(Degree programs in history, sociology, gerontology, and social studies education combined with political science for program viability purposes to create one degree in Social Sciences.

Degree in physics combined with degree in chemistry to create one degree in Chemistry/Physics.)

Deleted Minor

University of Arkansas, Fayetteville

Minor in Agricultural, Food and Life Sciences in Master of Science in Agricultural, Food and Life Sciences (DC 6240; Fall 2014)

Deleted Emphasis/Concentration

University of Arkansas at Little Rock

Track in Computer Engineering in PhD in Integrated Computing (DC 1702; Fall 2014)

University of Central Arkansas

P-4 Early Childhood Education track in the Master of Arts in Teaching (MAT) (DC 5543; Spring 2014)

Program – Inactive Status

Mid-South Community College

Certificate of Proficiency in Non-Destructive Testing Specialist-Eddy Current (DC 1414; Fall 2014)

Certificate of Proficiency in Non-Destructive Testing Specialist-Eddy Current II (DC 1415; Fall 2014)

Certificate of Proficiency in Non-Destructive Testing Specialist-Ultrasonic (DC 1412; Fall 2014)

Certificate of Proficiency in Non-Destructive Testing Specialist-Ultrasonic II (DC 1413; Fall 2014)

Certificate of Proficiency in Non-Destructive Testing Specialist-Penetrant I and II (DC 1410; Fall 2014)

Certificate of Proficiency in Non-Destructive Testing Specialist-Magnetic Particle I and II (DC 1411; Fall 2014)

Certificate of Proficiency in Chemical Plant Operations and processes (DC 3116; Fall 2014)

Certificate of Proficiency in Web Design (DC 4325; Fall 2014)

Certificate of Proficiency in Advanced Manufacturing Technology (DC 4719; Fall 2014)

Technical Certificate in Advanced Manufacturing Technology (DC 5719; Fall 2014)

(No students in above programs)

University of Arkansas at Little Rock

Graduate Certificate in Marriage and Family Therapy (DC 5195; Spring 2014)

(Courses will be offered as electives in the School of Social Work. Program is no longer viable due to low enrollment. This is probably due to students not being able to receive FA for the GC.)

Program – Reactivation

Bachelor of Science in Nursing-RN to BSN (CIP 51.3801; DC 2940; 124 credit hours; Spring 2015)

General Education - 35 semester credit hours

ENGL 1311	English Composition I
ENGL 1321	English Composition II
ENGL 2300	World Literature I or higher
MCOM 2390	Speech or Oral Communication
MATH 1330	College Algebra

MUSI 2330	Music History Appreciation

Liberal Arts & Sciences Pre-requisite Courses – 23 credit hours

PSYC 2301	Developmental Psychology
BIOL 2451	Anatomy and Physiology I
BIOL 2452	Anatomy and Physiology II
MATH 2370	Statistics
HUMN 2301	Humanities
HUMN 2340	Effective Thinking and Logic
HUSC 1311	Nutrition

University Requirements – 3 credit hours

PE 1110-1125 Physical Education

SOCI 1210 Personal and Social Development

Nursing Core – 33 credit hours

NURS 3201 Professional Development I: Introduction to Professional Nursing

NURS 3312 Nursing Informatics

NURS 3301 Health Assessment

NURS 4XXX Professional Development II: Role and Ethics

NURS 4311 Nursing Care of Older Adults Theory

NURS 4213 Nursing Care of Older Adults Practicum

NURS 4301 Professional Development III: Leadership and Management Theory

NURS 4XXX Professional Development III: Leadership and Management Practicum

NURS 4XXX Evidence-Based Practice and Nursing Research

NURS 4306 Nursing Care of Communities and Populations Theory

NURS 4XXX Nursing Care of Communities and Populations Practicum

NURS 4312 Professional Development IV: Role Integration Theory

NURS 4212 Professional Development IV: Role Integration Practicum

Nursing credit for RN license – 30 credit hours

(Reactivation of RN to BSN program only. Initially, only RNs with an Arkansas license will be admitted.)

Program/Unit Name Changes

Arkansas Northeastern College

Option in Business Management in the Associate of Applied Science in Business Technology (DC 0307; 60 credit hours; Fall 2014)

(Option in Business Administration in the AAS in Business Tech changed to Option in Business Management in AAS in Business Tech)

Black River Technical College

Technical Certificate in Auto Body Repair changed to Technical Certificate in Auto Collision Repair Technology (DC 4330; Fall 2014)

The name change better reflects the curriculum taught and with the industry standards in Auto Collision Technology.

Southern Arkansas University – Magnolia

College of Science & Engineering (Fall 2014)

(College of Science & Technology being changed to College of Science & Engineering. The name change will better reflect the programs and emphases within the college. The present name omits several areas of importance within the college.)

Department of Biochemistry & Chemistry (Fall 2014)

(Department of Biochemistry, Chemistry & Physics being changed to Department of Biochemistry and Chemistry)

Department of Engineering & Engineering Physics (Fall 2014)

(Department of Biochemistry, Chemistry & Physics being changed to Department of Engineering and Engineering Physics.)

University of Arkansas, Fayetteville

Crop Science minor (Fall 2014)

(Name change of minor from Crop Management Minor to Crop Science Minor. The minor name change will be consistent with the associated major which was changed to Crop Science in 2013.)

Master of Science in Food Safety (DC 6240; Fall 2014)

(MS in Agricultural, Food, and Life Sciences is being changed to MS in Food Safety to better reflect the more focused curriculum content of the program.)

Bachelor of Science in Human Environmental Sciences (BSHES) in Apparel Merchandising and Program Development (DC 4150; Fall 2014)

(BSHE in Apparel Studies is being changed to BSHES in Apparel Merchandising and Product Development. This change will better reflect what the program focuses on and is in direct alignment with apparel industry terms and channels. Also was a recommendation by the Apparel Studies Advisory Board.)

Bachelor of Science in Human Environmental Sciences (BSHES) in Human Nutrition and Hospitality Innovation with concentrations in Nutrition and Hospitality Innovation (DC 4160; Fall 2014)

(BS in Food, Human Nutrition, and Hospitality will change name to BS in Human Nutrition and Hospitality Innovation. The name change better reflects the program's focus and is in direct alignment with hospitality and human nutrition industry terms and channels. Both the Nutrition and Hospitality Advisory Boards recommended the changes.)

Master of Science in Statistics and Analytics (DC 6530; Fall 2014)

(Name changed from MS in Statistics to MS in Statistics and Analytics and will be moved from Fulbright College of Arts and Sciences to an interdisciplinary program housed in the Graduate School and International Education as are all other interdisciplinary programs.)

University of Arkansas – Fort Smith

College of Student Success (Fall 2014)

(Deleting the College of Student Success. Remediation at UAFS has declined. Remediation can be addressed at the discipline level, e.g., reading & writing will be referred to faculty in the College of Languages & Communication; math to faculty in the College of Science, Technology, Engineering and Mathematics.)

College of Science, Technology, Engineering, and Mathematics (Fall 2014)

(Education will not be part of the name for the College of STEM. College of Education will become the School of Education within the College of STEM.)

School of Education (Fall 2014)

(College of Education becomes the School of Education and will become part of the College of STEM.)

University of Arkansas at Little Rock

Master of Science in Computer Science (DC 6170; Fall 2014)

(Master of Science in Computer and Information Science is being changed to Master of Science in Computer Science. The name change will better reflect the nature of the curriculum and focus of the program.)

College of Arts, Letters, and Sciences (Fall 2014)

College of Education and Health Professions (Fall 2014)

College of Social Sciences and Communication (Fall 2014)

(College of Arts, Humanities, and Social Sciences (CAHSS); College of Education; College of Professional Studies (CPS); and the College of Science are being reorganized to form: College of Arts, Letters, and Sciences; College of Education and Health Professions; and the College of Social Sciences and Communication. The College of Science is being combined with Arts and Humanities. The college of Professional Studies is being divided between the College of Education and Health Professions; and the College of Social Sciences and Communication. The College of Education is being combined with some departments in College of Professional Studies to create the College of Education and Health Professions. Social Sciences, formerly housed in CAHSS is being combined with Communication, former department in CPS, to create the College of Social Sciences and Communication.)

Associate Degrees for Transfer and Bachelor's Degree CompletionNorth Arkansas College

Associate of Science in Criminal Justice (CIP 45.0401; 60 credit hours; Fall 2014) transfer to Arkansas State University – Jonesboro (Bachelor of Arts in Criminology - DC 1370)

NAC/ASUJ Transfer Agreement

- Students completing the Associate of Science (AS) in Criminal Justice at North Arkansas College will be accepted as transfer students into the Arkansas State University-Jonesboro Bachelor of Arts (BA) in Criminology.
- Sixty (60) credit hours of course work from NAC, not including technical, duplicate/repeat, or remedial/developmental hours, will be accepted toward the 120 credit hours required at ASUJ for the BA in Criminology.
- All courses taken to satisfy the AS in Criminal Justice degree at NAC must have a grade of "D" or higher for credits to count toward the ASUJ BA in Criminology program.

- Both institutions will notify the corresponding institution in a timely manner of substantial changes in their curricula.
- NAC will make every effort to inform students of the transferability of the AS in Criminal Justice degree to ASUJ. Statements about this partnership agreement will also appear in the NAC catalog and the NAC website.

Associate of Science in Pre-Engineering (CIP 14.0101; 62 credit hours; Fall 2014) transfer to the University of Arkansas, Fayetteville (Bachelor of Science in Biological Engineering - DC 3505; or Bachelor of Science in Biomedical Engineering – DC 6501)

NAC/UAF Transfer Agreement

- Students completing the Associate of Science (AS) in Pre-Engineering at North Arkansas College will be accepted as transfer students into the University of Arkansas, Fayetteville Bachelor of Science in Biological Engineering or Bachelor of Science in Biomedical Engineering.
- Sixty-two to sixty-three (62-63) credit hours of course work from NAC, provided they are a "C" or higher, will be accepted toward the 128 credit hours required at UAF for the BS in Biological Engineering or BS in Biomedical Engineering.
- The UAF operates under a selective admissions policy. Transferring students are subject to all procedures relative to this policy. These procedures are available on the UAF Admissions website.
- The UAF College of Engineering will provide NAC with current copies of catalogs/curricular requirements as they are available.
- Both institutions will notify the corresponding institution in a timely manner of substantial changes in their curricula.
- Information regarding transfer scholarships will be made available to students while attending NAC.
- This Agreement is governed by the laws of the State of Arkansas and is subject to applicable policies of the respective institutions.

EDAS 6183	Educational Leadership Seminar
EDAS 6303	Superintendency Internship and Portfolio

(ADE approved for program to be offered by distance on 6/25/2014)

University of Arkansas, Fayetteville

Graduate Certificate in Enterprise Systems (DC 6930; 12 credit hours; Fall 2014; 100% online)

ISYS 5833	Data Management (or)
WCOB 5213	ERP Fundamentals

Choose 9 credit hours from below:

ISYS 5113	IT Toolkit
ISYS 5503	Decision Support Analytics
ISYS 5843	Business Intelligence & Knowledge Management
ISYS 5423	Seminar in Systems Development
WCOB 5223	Configuration and Implementation
WCOB 5233	ERP Development

(The proposed online offering of this GC will provide opportunities to develop knowledge and skills in Enterprise Information Systems, Enterprise Analytics, or Enterprise Resource Planning Systems through hands-on experience with large-scale enterprise systems and real-world data sets. An online certificate will afford access to students who wish to enhance their skills in preparation for the workplace. No new courses.)

University of Central Arkansas

Concentration in Finance in Master of Business Administration (DC 5580; 21 credit hours in concentration; Fall 2014; 80% online)

Courses not offered online

MBA 5331	Bank Management
MBA 5333	International Finance
MBA 5334	Financial Derivatives
MBA 5376	Entrepreneurial and Small Business Finance

Concentration in Health Care Administration in Master of Business Administration (DC 5580; 9 credit hours in concentration; Fall 2014; 100% online)

Degree Modification – Credit Hour Reduction (Act 747 of 2011)

Arkansas Northeastern College

Associate of Applied Science in Office Technology (DC 3520; 60 credit hours; Fall 2014)

Courses Added

PY	13002	Academic & Career Enrichment
CE	21041	Career Management
EC	21023	Survey of Economics

Courses Deleted

SP	22063	Human Relations
BU	11003	Introduction to Business

(Credit hours reduced from 63 to 60)

Arkansas State University – Beebe

Associate of Science in Agriculture (DC 0191; 60 credit hours; Fall 2014)

Courses Deleted

XXX1-3 Electives

(Credit hours reduced from 61-63 to 60)

Arkansas State University – Jonesboro

Associate of Applied Science in Law Enforcement (DC 0600; 62 credit hours; Fall 2014)

(Credit hours reduced from 62-64 to 62)

Bachelor of Arts in Art (DC 1250; 120 credit hours; Fall 2014)

(Credit hours reduced from 124 to 120)

Black River Technical College

Associate of Applied Science in Aviation Maintenance (DC 0240; 92 credit hours; Fall 2014)

Courses added

AVA	1013	Airframe I
AVA	1017	Airframe II
AVA	2014	Powerplant I
AVA	2017	Powerplant II

Courses deleted

AVA	1005	Airframe Structures I-A
AVA	1105	Airframe Systems & Components I-A
AVA	1106	Airframe Systems & Components II
AVA	1108	Airframe Systems & Components I-B
AVA	1110	Airframe Structures I-B-I
AVA	2103	Powerplant Systems & Components I-A
AVA	2108	Powerplant Systems & Components I-B
AVA	2208	Powerplant Systems & Components II
AVA	2214	Powerplant Theory & Maintenance

Credit Hours were reduced from 101 to 92. Amount exceeds 60 SCH, but with FAA requirements regarding components, this is the lowest amount that can be achieved and meet

the requirement number of clock hours required by FAA. The revision puts BRTC closer to other AR 2-yr colleges who offer this degree (90-98 SCH). Many of the deleted courses were combined to form the new added courses.

Associate of Applied Science in Respiratory Care (DC 0810; 80 credit hours; Spring 2015)

Course added

COLL 1002	Student Success for Health Professionals
-----------	--

Courses deleted

GSP 1004	Physical Science with Lab
NRS 2203	Basic Human Nutrition

Credit hours were reduced from 85 to 80. Amount exceeds 60 SCH, but with accreditation standards regarding contact hours in didactic and clinical practicum components, this is the lowest amount that can be achieved without compromising the academic integrity of the program and continuing to meet the requirements of the CARC. The revision puts BRTC closer to other AR 2-year colleges who offer this degree (81-86 SCH). The new Student Success for Health Professionals course was designed specifically for students entering the health professions to enable them to be successful. The course was recommended by the advisory committee, program director, and faculty members.

East Arkansas Community College

Associate of Applied Science in Medical Assisting Technology; Emphasis in Coding (DC 1120; 62 credit hours; Fall 2014: credit hours reduced from 71 to 62 credit hours)

Courses added

HSC 2012	Introduction to Pathophysiology
HSC 2022	Introduction to Pharmacotherapy
MAT 2043	Reimbursement Methodologies
PSY 1003	General Psychology

Courses deleted

HSC 1023	Pharmacology
BUS 2423	Machine Transcription
MAT 2062	Professional Concepts
PSY 2003	Developmental Psychology

University of Arkansas – Fort Smith

Bachelor of Science in Imaging Science; Diagnostic Medical Sonography option (DC 1375; 120 credit hours; Summer 2015: credit hours reduced from 135 to 120 credit hours)

Diagnostic Medical Sonography Option

Deleted courses

BIOL 1523	Anatomy and Physiology I
BIOL 1521	Anatomy and Physiology I Lab
BIOL 1533	Anatomy and Physiology II
BIOL 1531	Anatomy and Physiology II Lab
XXX3	Social Sciences
HLTH 3103	Pathophysiology
ISS 4402	Special Applications and Pathological Considerations
XX40	Credit for having American Registry of Radiologic Technologists certification

Added courses

BIOL	2203	Human Anatomy
BIOL	2201	Human Anatomy Lab
BIOL	2213	Human Physiology
BIOL	2211	Human Physiology Lab
ISS	4403	Pathophysiology and Special Applications
	XX30	Credit for having American Registry of Radiologic Technologists certification

Management option**Deleted courses**

BIOL	1523	Anatomy and Physiology I
BIOL	1521	Anatomy and Physiology I Lab
BIOL	1533	Anatomy and Physiology II
BIOL	1531	Anatomy and Physiology II Lab
RHET	3603	Writing for the Workplace
RHET	4603	Technical Reports
ISM	4303	Quality Management in Diagnostic Imaging

Added courses

BIOL	1153	Biological Science
BIOL	1151	Biological Science Lab
BIOL	2203	Human Anatomy
BIOL	2201	Human Anatomy Lab
BIOL	2213	Human Physiology
BIOL	2211	Human Physiology Lab
ISL	4223	Contemporary and Critical Topics in Healthcare: A Global perspective
ISL	4303	Technological Advancements in Medical Imaging

Certificates and Degrees offered through Institutional Partnerships**Arkansas Delta Training and Education Consortium (ADTEC)**

Certificate of Proficiency in Construction Technology (CIP 46.0000, 16-17 semester credit hours, August 2014)

Participating Institutions:**Arkansas Northeastern College**

CT 17003	Construction Craft Skills	3 credits
CT 17014	Construction Technology I	4 credits
CT 17024	Construction Technology II	4 credits
WE 17001	Oxygen/Acetylene Safety & Orientation	3 credits
WE 17094	SMAW Structural Welding (Partial Joint Penetration	<u>3 credits</u>
		17 credits

East Arkansas Community College

CON 1003	Construction Craft Skills	3 credits
CON 1014	Construction Technology I	4 credits
CON 1024	Construction Technology II	4 credits
MCH 1061	Welding Principles	1 credit
MCH 1071	Welding Operations	1 credit
MCH 2213	Maintenance Welding	<u>3 credits</u>
		16 credits

Mid-South Community College

CONS 1003 Construction Craft Skills	3 credits
CONS 10044 Construction Technology I	4 credits
CONS 1024 Construction Technology II	4 credits
WELD 1103 Introduction to Welding	3 credits
WELD 1123 Shielded Metal Arc Welding: SMAW	<u>3 credits</u>
	17 credits

Italics – new courses

(Four of the five ADTEC institutions are providing construction technology skill training to individuals applying for construction and construction related jobs building the Big River Steel facility. It is anticipated that over 2,000 construction jobs will be needed over the next several years. PCCCUA is not offering the construction technology program due to the institution's distance from the proposed company site.)

Southwest Arkansas Community College Consortium (SWACCC)

South Arkansas Community College – SWACC Lead Institution (\$3,904,256)

College of the Ouachitas (\$1,801,912.80)

Cossatot Community College of the University of Arkansas (\$450,000)

National Park Community College (\$1,003,800)

Rich Mountain Community College (\$300,000)

Southern Arkansas University – Tech (\$417,800)

University of Arkansas Community College at Hope (\$541,622)

SWACCC Agreement

The U.S. Department of Labor (DOL) Employment and Training Administration (ETA) awarded an \$8,419,390.80 Trade Adjustment Assistance Community College and Career (TAACCCT) grant to the colleges above to provide instruction and other educational services to students seeking credentials that lead to employment in the manufacturing industries.

- Grant awarded October 1, 2013; terminates September 30, 2017.
- SACC, lead college, assumes certain fiscal reporting and management responsibilities on behalf of the SWACCC.
- Each institution will target an area in the advanced manufacturing occupations industry.
- Each institution will have its own faculty.
- Institutions who have Industrial Technology agreed to an 18 credit hour common core curricula. New programs will use the 18 credit hour common core curricula; those with existing programs will redesign their TC curriculums to the 18 credit hour common core.
- All 7 institutions agree that the TC in Industrial Technology will transfer to any of their AAS in General Technology or AAS in Industrial Technology or related field.

General Education Core:

Math (Technical or College Algebra)	3 SCH
Comp I	3 SCH
Computer Course	<u>3 SCH</u>
Subtotal	9 SCH
Industrial Technology/Mechatronics Common Core	
Safety for Industry	3 SCH

Basic Electricity	3 SCH
Fluid Power (Pneumatics/Hydraulics)	3 SCH
Blueprint Reading	2 SCH
Electrical Motor Control	3 SCH
Programmable Logic Controls (PLC)	<u>4 SCH</u>
Subtotal	18 SCH
Mechanical Devices	3 SCH
Industrial Related Elective	<u>3 SCH</u> (welding, quality, network essentials, etc.)
Subtotal	6 SCH
Total for TC	33 SCH

- All 7 institutions agree that if a student starts TC in Industrial Technology and does not complete at their institution that passing credits will transfer to another of the 7 institutions. Students will not take courses at multiple institutions at same time.
- Consortium members agree to communicate regularly and will share information and technical assistance provided by the DOL/ETA.
- A Consortium member can terminate the MOU for material cause 90 days after written notice is given.
- The MOU shall be governed by and construed in accordance with the laws of the State of Arkansas.

LETTERS OF INTENT

The following notifications were received through July 11, 2014.

College of the Ouachitas

Certificate of Proficiency in Digital Media
Certificate of Proficiency in Film and Theatre Arts
Technical Certificate in Film and Theatre Arts
Technical Certificate in Entrepreneurial Design
Associate of Applied Science in Innovation and Entrepreneurial Design

Cossatot Community College of the University of Arkansas

Technical Certificate in Digital Media

Henderson State University

Associate of Arts (for reverse transfer and degree completion purposes only)

University of Arkansas at Little Rock

New Off-Campus Instruction Center – Texarkana, Arkansas

University of Arkansas at Pine Bluff

Bachelor of Science in Elementary Education, K-6
Bachelor of Science in Health and Physical Education, K-12
Bachelor of Science in Middle Childhood Education
Bachelor of Science in Secondary Science Education
Bachelor of Science in Special Education: Mildly Disabled, K-12
Master of Education in Elementary Education
Master of Education in Special Education: Mildly Disabled, K-12

**GRANT COUNTY OFF-CAMPUS EDUCATION CENTER
COLLEGE OF THE OUACHITAS**

The administration and Board of Trustees of the College of the Ouachitas (COTO) request Arkansas Higher Education Coordinating Board recognition of an off-campus institutional site in Sheridan, Arkansas, to be called the College of the Ouachitas-Grant County Center and commonly referenced as COTO-Sheridan, and Coordinating Board approval to offer remedial/developmental education courses and a limited number of general education core courses and business courses leading to associate degree programs. Since 2009, COTO has offered an Adult Education program in Sheridan that allows Grant County residents to complete the GED. This adult education program will be relocated to the proposed prime location for COTO on Rock Street (directly across from Walmart) which will allow adults completing the GED to enroll in college courses at the same site. There will be modest costs for the renovation of the Sheridan facility. One administrative staff person will be housed at the Sheridan site, and adjunct faculty will be employed. Annual enrollment for the first year is projected to be 50-100 students and increase to 500 students in 10 years. Tuition will cover the cost of instruction.

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board (AHECB) approves the establishment of the College of the Ouachitas, Grant County Center in Sheridan, Arkansas (COTO-Sheridan), and the offering of selected courses leading to associate degree completion along with the offering of remedial/developmental education courses effective immediately; contingent on off-campus center accreditation or recognition by the Higher Learning Commission.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education (ADHE) to inform the President and the Chair of the Board of Trustees of the College of the Ouachitas of the approval.

FURTHER RESOLVED, That the Coordinating Board instructs the ADHE Director to notify the administrations of the College of the Ouachitas and Southeast Arkansas College that the unnecessary duplication of courses is to be avoided; and that the ADHE Director must inform the AHECB of disputes that arise between any Arkansas public colleges and universities regarding off-campus course offerings.

**ROLE AND SCOPE CHANGE
DOCTOR OF EDUCATION IN SCHOOL LEADERSHIP
ARKANSAS TECH UNIVERSITY**

Role and Scope Review Process

Arkansas Higher Education Coordinating Board (AHECB) Policy 5.20 outlines the process institutions must follow in order to request a change in the degree level approved by the AHECB, and the process to be followed during the review and consideration of that request. The process for AHECB consideration and action was amended by the Coordinating Board at its meeting on April 25, 2014. The new process follows:

- a. After the role and scope/program proposal review has been completed, Arkansas Department of Higher Education (ADHE) staff will present the recommendation on the institutional role and scope designation and the proposed degree program to the Coordinating Board for information and discussion purposes only at its next regularly scheduled quarterly meeting.
- b. AHECB members will vote on the recommended role and scope designation and proposed degree program that required the role and scope change at the following regularly scheduled meeting.

Role and Scope Change Review

In March 2012, a review team visited the ATU campus to evaluate the institution's request for a change in role and scope from an institution offering degrees up to the specialist degree to one that also offers doctoral degrees. The reviewers' requested additional information from ATU related to institutional readiness and identified topics for further consideration by the ATU faculty and administrators. Over an 18-month period, ATU addressed the areas identified by the reviewers and the reviewers' final report was favorable to the ATU request. Two Arkansas universities questioned the need for another doctoral degree program in educational leadership.

ATU Review Team Members

Dr. Jay Gatrell
Dean of the College of Graduate and Professional Studies
Professor of Geography
Indiana State University

Dr. William Person
Dean of the Graduate School
Professor of Curriculum and Instruction
Alabama State University

Dr. Judith Walker de Felix
Vice Provost for Academic Affairs
and Dean of the Graduate School
Professor of Education
University of Missouri-St. Louis

A recommendation to approve the ATU role and scope change request was presented for information and discussion only at April 2014 Coordinating Board meeting. No further concerns or objections were expressed about the ATU role and scope request or proposed doctoral degree during this Board meeting.

Following the discussion, the Board considered and approved an amendment to AHECB Policy 5.20 to allow one external review panel to consider the role and scope change request and the new program proposal that prompted the change request during a single on-campus visit which allows the ADHE staff to present a recommendation on both the role and scope change and new program proposal in one agenda item. This policy amendment allows the role and scope review process to be completed in two rather than three Board meetings.

Doctoral Proposal Review

Based on the policy change, ADHE employed Dr. Judith Walker de Felix to review the ATU program proposal for a doctoral degree in school leadership. Dr. Walker de Felix was a member of the ATU Role and Scope Review Panel that met with ATU administrators, faculty, and students during the March 2012 on-campus visit. After reading the program proposal and updated information provided by ATU, the reviewer 1) agreed that moving the existing courses in the Education Specialist (EdS) degree to an online format with optional seminars and the delivery of the remaining 33 hours for the proposed doctoral degree in a weekend-college format would provide flexibility for working professionals; 2) acknowledged that the appointment of a new Education Dean with a strong research record is commendable; and 3) concluded that prior to implementation of the Doctor of Education (EdD) in School Leadership, ATU must develop the policies governing research requirements for doctoral faculty with a status report submitted to ADHE on how the campus has addressed the basic standards and practices required for doctoral programs that are outlined in the reviewers' reports.

Program Justification

ATU states that the Doctor of Education (EdD) in School Leadership is needed for educator professionals to expand their opportunities for leadership roles as superintendents, deputy superintendents, central office leaders, principals, educational consultants and administrators in education-related organizations and government agencies. The proposed EdD program is intended for scholar/practitioners who will be involved in field-based action research in partnership with schools, or other education-related entities, and apply new knowledge and skills at work, thus learning in the

context of school. The scholar/practitioner will examine real problems and issues in their schools to learn about creating more effective schooling.

Doctoral students will focus on understanding change; how to shape and align what people in the schools value in order to promote the learning of all students; the obstacles that have stopped reform efforts in schools; and how to work together to create positive lasting change for effective schooling. They will learn how instructional leaders make creative use of all resources.

The proposed EdD builds upon the existing master's and specialist degrees in educational leadership. The specialist degree consists of 30 semester credit hours above the master's degree and will serve as the pre-doctoral cognitive core with the addition of 33 additional semester credit course hours that culminates with the EdD. The proposed doctoral degree will include an emphasis on cultural and ethical study, scholarly writing, quantitative and qualitative research, synthesis and dissertation hours can be completed in a nine semester weekend college format and all course work for the EdD must be completed within eight years.

Students will enter the program in a cohort of 15 students. The delivery format will include a limited amount of distance learning options that will not exceed 50 percent of the doctoral course requirements. There will be no more than three cohorts of students served at any given time by this model.

Program Viability

Required Graduates by Summer 2022–6 students total, based on AHECB viability standard

ADHE Executive Staff Recommendation

RESOLVED, That the Arkansas Higher Education Coordinating Board approves the role and scope change for Arkansas Tech University to offer the Doctor of Education in School Leadership (CIP 13.0401, 33 semester credit hours beyond the Educational Specialist) effective August 2014. Program continuation contingent on Higher Learning Commission accreditation/recognition of doctoral degrees at ATU.

FURTHER RESOLVED, That the Coordinating Board instructs the Director of the Arkansas Department of Higher Education to inform the President and Chair of the Board of Trustees of Arkansas Tech University of the conditions of the role and scope approval for the offering of doctoral degree programs.

***Dissertation III, IV – Defend by March 15 for May graduation

Doctoral Program Admission Requirements

Students should be currently or previously involved in an education-related field. Educational leadership experience is preferred. Admission recommendations will be made by the EdD Executive Advisory Council to the Graduate Dean. The following factors will be considered:

1. Completion of official Graduate College application and submission of \$50 application fee.
2. Official transcripts providing evidence of a completed master's degree from an accredited university with a minimum grade point average of 3.00 on a 4.00 scale.
3. Official reports from either the Miller's Analogies Test or the Graduate Record Exam.
4. Successful completion of writing requirements such as research papers, term papers, studies, or articles.
5. An essay of approximately 500 words on the applicant's background, professional career goal, and reason for pursuing a doctorate degree.
6. Three letters of recommendations addressing the applicants' professional and academic background along with assessment of the candidates' potential for scholarly work.
7. Interview with EdD program faculty.

**ROLE AND SCOPE CHANGE
MASTER OF SCIENCE IN HEALTHCARE ADMINISTRATION
UNIVERSITY OF ARKANSAS – FORT SMITH**

In April 2014, the Arkansas Higher Education Coordinating Board (AHECB) approved an amendment to AHECB Policy 5.20 to allow one external review panel to consider the role and scope change request and the new program proposal that required the change request during a single on-campus visit which allows the Arkansas Department of Higher Education (ADHE) staff to present a recommendation on both the role and scope change and new program proposal in one agenda item. In accordance with AHECB policy, the ADHE Executive Staff recommendation on the role and scope designation and initial master's degree for the University of Arkansas-Fort Smith is presented at this Coordinating Board meeting for information and discussion purposes only. AHECB members will vote on the recommended role and scope designation and proposed master's degree program at the next regularly scheduled meeting.

Role and Scope Change/Program Proposal Review

In June 2014, a review team visited the UAFS campus to evaluate the institution's request for a change in role and scope from an institution offering certificates, associate and bachelor's degrees to one that also offers master's degrees. After meeting with administrators at the two Fort Smith hospitals and with UAFS administrators, faculty and students, the external review panel concluded that the University of Arkansas-Fort Smith is well-positioned to offer the master's degree in healthcare administration and other master's degrees when the need and demand have been documented. The reviewers noted that UAFS must 1) develop the policies governing graduate faculty status that include the increased expectations for faculty research and faculty workload; 2) develop a marketing and recruiting plan for the proposed program; and 3) designate a coordinator for the master's degree program.

UAFS Review Team Members

Dr. Bill McHenry
Dean of Graduate Studies and Research
Texas A&M University, Texarkana

Dr. Mary Carol Pomatto, Director
Irene Ransom Bradley School of Nursing
Pittsburg State University, Kansas

Dr. Tia Strait
Dean of Health Sciences
Missouri Southern State University

Dr. John Vassar
Interim Provost and Vice Chancellor for Academic Affairs
Louisiana State University-Shreveport

Program Justification

The proposed Master of Science in Healthcare Administration degree is needed to address the shortage of health managers in Arkansas and nationally. Healthcare administrators are responsible for the business and financial aspects of hospitals, clinics, and other health services organizations. They are partners with other healthcare providers in providing care and serving the needs of patients, their families, and communities. Employment of medical and health services managers is expected to grow faster than the average for all occupations. As people remain active later in life, the healthcare industry as a whole will see an increase in the demand for medical services. Managers will be needed to organize and manage medical information and healthcare staffs in all areas of the industry.

Desiring to have a positive impact on UAFS students and on healthcare in the community, the Benefit Bank and an anonymous donor have funded three endowed professorships in nursing. These endowed professorships will help the College of Health Sciences recruit superior new faculty and/or retain faculty whose research, teaching and or practice uniquely contributes to the mission of the University. These professorships will also create stronger economic development ties between the private sector and UAFS. Two new faculty will be employed for the proposed master's degree in healthcare administration.

According to the Harvard Business School, healthcare administrators must understand science, medicine, information technology, economics, and finance to be innovative in how they approach outcomes of care and maintain financial viability.

During the development of the healthcare administration degree program, UAFS discussed issues related to course content with a variety of industry leaders. UAFS will appoint an advisory committee to engage in ongoing discussions related to content of the curriculum along with other critical topics and meet at least bi-annually. Institutional representatives will include the Provost/Senior Vice Chancellor, Associate Provost, and Dean of the College of Health Sciences.

Credit Hours	Courses		
3	MHCA 6053 Graduate Project in Healthcare Administration		
Total Hours: 33			

A comprehensive examination will be administered at the completion of MHCA 6053 Graduate Project in Healthcare Administration. Three faculty members must read the examination and score the examination against a rubric. Students must achieve at least 90 percent (averaging the scores from each faculty member) on the comprehensive examination to graduate from the program.

Program Admission Requirements

Students seeking admission to the online Master of Science in Healthcare Administration program must adhere to the following requirements:

1. Submit a completed application with official transcripts. The application must include a 500-word statement outlining reasons for seeking the degree, any previous work experience in the healthcare field, and educational goals and objectives.
2. Possess an earned bachelor's degree in nursing, healthcare administration, or other related healthcare field from an accredited regional institution with at least a 3.0 GPA. Students with an earned Bachelor of Business Administration degree from a regionally accredited institution will be considered as well.
3. Complete the Graduate Record Examination (GRE). Students must have a total score of 1000 on the verbal and quantitative sections of the GRE, or a combined score of 1500 on all three portions, or a score of 410 on the Miller Analogies Test (MAT). The test score must not be more than five years old. The GRE requirement is waived for applicants who have earned an advanced degree from a regionally accredited university.
4. Achieve a minimum score of 550 on the written Test of English as a Foreign Language (TOEFL) or 213 on the computer based TOEFL if an international applicant whose native language is not English. The TOEFL may be waived for any applicant who has graduated from an accredited college or university in the United States.
5. Submit three letters of reference which comments on the student's potential for success in a graduate program.
6. Provisional Admission: A student failing to meet one or more of the standards required for admission as a regular student may be eligible for provisional admission if space in the program is available. Students who fail to make progress under provisional admission will be withdrawn from the program.

**INSTITUTIONAL CERTIFICATION ADVISORY COMMITTEE
RESOLUTIONS**

ADHE Executive Staff Recommendation

Initial Program Certification-Distance Technology

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board grants initial program certification to the institutions listed on pages 2-7 to offer the specified degree programs to Arkansas residents for a period of three years through December 31, 2017.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of said institutions that the certification of the degree programs requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; or (3) changes in the method of operation of the institution's programs in Arkansas.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of said institutions that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

Initial Program Certification at Off-Campus Location in Arkansas

New York Institute of Technology, Old Westbury, New York

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board (AHECB) grants initial certification for the offering of the Master of Science in Medical/Health Care Simulation, Master of Science in Neuromusculoskeletal Sciences, and the Doctor of Osteopathic Medicine by the New York Institute of Technology at an off-campus facility leased on the campus of Arkansas State University-Jonesboro. This certification is for a period of three years through December 31, 2017; contingent on New York Institute of Technology obtaining and maintaining institutional accreditation for an off-campus location in Arkansas, and the New York Institute of Technology-College of Osteopathic Medicine obtaining and maintaining programmatic accreditation and hospital approval by the American Osteopathic Association-Commission on Osteopathic College Accreditation to meet professional licensing requirements by the Arkansas State Medical Board under Arkansas Code 17-91-101. New York Institute of Technology must provide an update on institutional and program accreditation to the Arkansas Department of Higher Education prior to enrolling students in any degree programs. The projected initial enrollment date is August 2016.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the administration of New York Institute of Technology, Old Westbury, New York, that the certification to offer degree programs to Arkansas residents requires the institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the institution; (3) changes in the method of operation of the institution's programs in Arkansas; (4) change in home state authorization; (5) a change in institutional accreditation status; or (6) a change in program accreditation or hospital approval status.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of New York Institute of Technology, Old Westbury, New York, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

(Approval of Arkansas Location – Pending)

Program Accreditation/Approval: American Osteopathic Association-Commission on Osteopathic College Accreditation
(Approval of Program at Arkansas Location – Pending)

Master of Science in Medical/Health Care Simulation
Master of Science in Neuromusculoskeletal Sciences
Doctor of Osteopathic Medicine

State Authorization for a New Arkansas Independent Institution of Higher Education Institutional Planning and Development to Establish an Arkansas Independent College to Offer Medical and Health Education Degrees

Proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine, Fort Smith, Arkansas

RESOLVED, That pursuant to ACA §6-61-301, the Arkansas Higher Education Coordinating Board (AHECB) grants certification for institutional planning and development for the establishment of a new Arkansas independent college to be chartered as the Arkansas Colleges of Health Education in Fort Smith, Arkansas, and doing business as the Arkansas College of Osteopathic Medicine, to offer initially the Doctor of Osteopathic Medicine. This certification for institutional planning and development is for a period of three years through December 31, 2017; which requires the Arkansas Colleges of Health Education, d/b/a Arkansas College of Osteopathic Medicine, to obtain pre-accreditation status for the doctoral program in osteopathic medicine prior to the submission of an application for certification to the Arkansas Department of Higher Education (ADHE) to obtain AHECB authorization/recognition of the proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine as an Arkansas independent institution of higher education offering the Doctor of Osteopathic Medicine and other health education degrees.

The application for institutional authorization/program certification must be submitted to ADHE no later than October 1, 2015, for a projected enrollment date of August 2016; or by October 1, 2016, for an enrollment date of August 2017. Prior to admitting or enrolling students in any degree programs, the proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine must obtain institutional authorization/recognition as an Arkansas institution of higher education and initial program certification for the Doctor of Osteopathic Medicine from the Arkansas Higher Education Coordinating Board; and must provide written documentation from the Higher Learning Commission of the North Central Association of Colleges and Schools of the status/timeline of institutional accreditation review/approval.

AHECB authorization/recognition is contingent on the proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine, Fort Smith, Arkansas, obtaining and maintaining institutional accreditation from a regional accrediting agency recognized by the United States Department of Education such as the Higher Learning Commission of the North Central Association of Colleges and Schools, and the proposed Arkansas College of Osteopathic Medicine obtaining and maintaining program accreditation and hospital approval by the American Osteopathic Association-Commission on Osteopathic College Accreditation to meet the

professional licensing requirements of the Arkansas State Medical Board under Arkansas Code 17-91-101.

FURTHER RESOLVED, That the Director of the Arkansas Department of Higher Education is authorized to notify the Board of Directors and administration of the proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine, Fort Smith, Arkansas, that the certification for institutional planning and development to establish an Arkansas independent institution of higher education to offer medical and health education degree programs requires the proposed institution to notify the Arkansas Department of Higher Education whenever any of the following occurs: (1) major reorganization of the controlling body; (2) changes in the charter or incorporation documents of the proposed institution; (3) changes in the proposed method of operation of the institution and the proposed programs; (4) status of the institution's application and approval for program accreditation by the American Osteopathic Association and other appropriate program accrediting agencies; or (5) status of the institution's application and approval for institutional accreditation from the Higher Learning Commission or other recognized regional accrediting agency.

FURTHER RESOLVED, That the Coordinating Board instructs the Director to notify the administration of the proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine, Fort Smith, Arkansas, that any advertisement or published materials using the name of the Arkansas Higher Education Coordinating Board or the Arkansas Department of Higher Education must contain the following statement:

Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine is certified by the Arkansas Higher Education Coordinating Board for the purposes of institutional planning and development only, and state authorization for institutional operations is pending under the rules and regulations implementing Arkansas Code §6-61-301. Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria as defined in Arkansas Higher Education Coordinating Board policy have been met as required under Arkansas law.

Proposed Arkansas Colleges of Health Education-Arkansas College of Osteopathic Medicine, Fort Smith, Arkansas

Institutional Planning and Development for State Authorization to Establish a New Arkansas Independent Institution of Higher Education to offer Medical and Health Education Degrees, including initial program certification for the Doctor of Osteopathic Medicine
